Full particulars in tomorrow's papers.

PAN-AMERICAN CONGRESS WILL TRY FOR PEACE

UNITY OF INTERESTS IS AIM OF BUENOS AIRES MEET

UP-TO-DATE PROBLEMS WILL BE PLACED BEFORE DIPLOMATS

Even Wireless Telegraphy and Aerial Navigation Will Be Discussed at the Fourth Conference

WASHINGTON, Nov. 12.—The fourth of a series of great conferences that are strengthening the bonds between the republics of the western hemisphere is to be held in Buenos Aires, Argentine Republic, between next July 15 and 20, and already the Argentine government, which is to be the host in this case, has been doing much to prepare for the meeting.

The date originally fixed for the fourth international conference of American states was May 20, 1910, but the fact that a great exposition was to be held in the same capital in that month, which might overshadow the importance of the international conference, led to the postponement of the latter. Moreover the month of July, being in the middle of the Argentine winter, is certain to make the visit to Buenos Aires more agreeable to the delegates from the north.

The governing board of the bureau of American republics already has dispatched to every South and Central American capital an invitation to the subject to be considered by the conference, and the various foreign offices have been at work upon this with the purpose of submitting objections or suggesting amendments. Much progress has been made and it is hoped that it soon will be possible to promulgate the final program, which, according to present indications, will not vary essentially from that prepared by the board of governors.

Will Discuss Arbitration

The subject of compulsory arbitration will come up again at the coming conference. While The Hague conference accepted this in principle, it declined to recommend a general treaty of arbitration, although strongly urging to the states represented the making of special treaties among themselves to carry out the idea. The United States already has done this with eleven of the other American republics, and the subject will come before the fourth conference and receive further encouragement at the beginning of the proceedings, when each delegate will be required to report what action has been taken by its respective government to carry out the wish of the third conference.

Another project broached at a preceding meeting which will be again threshed out will be the establishment of steam navigation lines connecting the principal ports of the American continent on the basis of a uniform system of contract.

Bureau to Be Continued

The bureau of American republics is to be strengthened and continued for another ten-year term of life at the least, and it is hoped that the various nations represented will be able to report something in the nature of a code of international law that will be adopted for the government of the American republics in general, and the regular exchange of the American states with the Argentine national centenary commemoration of independence. Most of the centenaries fall in or around 1910.

The success of the interchange of professors and students between American and European universities has resulted in the projection of a plan for a similar exchange between the American republics, and finally arrangements will be made for a general participation of the republics in the ceremonies attending the opening of the Panama canal.

Peace Prospects Bright

The prospects for a successful conference are bright, in the opinion of the officials of the bureau of American republics. One cloud that threatened was the breach of relations between Argentina and Bolivia.

It is believed that even if the efforts now making to re-establish these relations should prove abortive, yet, as the host, Argentina, on this occasion would regard herself as the representative of all the American republics, and, waiving all personal considerations, gracefully extend to Bolivia the invitation which would secure the attendance of her delegates at the conference.

PERILS OF NATION ARE POINTED OUT TO GREAT AUDIENCE BY ARCHBISHOP

KANSAS CITY, Mo., Nov. 12.—In an address to 5000 people in Convention hall here last night Archbishop John J. Glennon of St. Louis declared that divorce, socialism and apartment houses were the great perils that beset the American nation.

"The modern city dweller has become something like the cliff dweller in the pueblos of the west," said the Rev. Mr. Glennon. "The apartment house, whatever its advantage, is not and cannot become a home. A wife is admitted to them and possibly a parrot, but a wife and a parrot do not constitute a home more than an apartment constitutes a home."

Speaking of divorce, the archbishop said that "every divorce granted and every divorce law written is a challenge to Almighty God—that men can make better laws than he."

TAFT IS GIVEN DOCTOR'S DEGREE

PRESIDENT IS HONORED BY WESLEYAN UNIVERSITY

SAYS COLLEGE HEADS SHOULD NOT BE "DOLLAR MEN"

"First of All He Should Be a Teacher," Declares Man Whose Home is in the White House

MIDDLETOWN, Conn., Nov. 12.—President Taft arrived here from New Haven today to attend the installation of Dr. William Arnold Shanklin as president of Wesleyan university.

At the installation President Taft's address, which he delivered extemporaneously, came next to last on the long program. International educators and professors and university presidents from all parts of the country attended.

The degree of doctor of laws was conferred on President Taft, Vice President Sherman, Senator Root, Elmer Brown, United States commissioner of education, Bishop William Burt of the Methodist Episcopal church, and Dean Samuel Hart of Berkeley divinity school.

President Taft in his address praised the small colleges. The presidents of these institutions, he said, had the greater advantage of closer personal touch with the student body and closer observation of the growth of young men.

"I deprecate the desire to increase every class in a university," said the president. "The desire to say that this year's freshman class is larger than last year's, while it may give pride for the moment, seriously increases the burden of college administration and brings about the necessity for a search for money to meet the added expenses."

"It has fallen to me at times to have a share in selecting a college president, and there always has been at such time the suggestion that what we needed was a business man, a man who knew the value of a dollar, and how to get it—a man who put the institution on a business basis. I am glad to say that I always dissented from such an idea. I am not attacking business men, but I believe such men have their limitations, and that these limitations are such as to exclude them as college presidents."

"The college president, first of all, is a teacher; that is his profession, and the university is a teaching institution. If he is to do his duty by the institution he must understand how teaching should be done, he must be a pedagogue."

"The college president must be a man of executive ability; he must have the power of selecting men for the work they are to do."

BATTLESHIP NORTH DAKOTA IS IN CLASS BY HERSELF

QUINCY, Mass., Nov. 12.—Official figures made public today indicate that the new battleship North Dakota is in a class by herself so far as steaming radius is concerned.

The figures compiled on her official endurance trials show that the North Dakota is able to steam at an average speed of twelve nautical miles an hour, is able to travel 9000 knots without re-coaling.

At a nineteen-knot speed the big ship will be able to steam 9000 knots without replenishing her bunkers, while she will also be able to cover 3000 knots without re-coaling when steaming at her maximum speed of 21.50 knots an hour.

WILL ASCERTAIN WHETHER SQUIRRELS ARE INFECTED

VISALIA, Nov. 12.—In order to ascertain whether the squirrels in San Joaquin valley are affected with bubonic plague from infected squirrels of the bay counties, L. K. Marshall, representing the government here, will catch a few of the rodents and ship them to San Francisco, where a test for the plague germs will be made. If the squirrels sent to San Francisco are found to be infected with the plague the government will take immediate action looking toward the extermination of the pests throughout the valley.

Launch Tank Explodes; No One Hurt

BELLINGHAM, Wash., Nov. 12.—The mystery surrounding the explosion on board a launch or other vessel several miles off the water front last night and the probable death of the crew was solved today when three huffers returned here from a launch on the peninsula, where they landed early this morning. While crossing the bay last night their launch caught fire and they were obliged to abandon it. The sportsmen took to a dingy just before the gasoline tank exploded.

Man Who Ran Away Will Return

TACOMA, Nov. 12.—Joseph L. Gawley, a well known foundryman, who disappeared from Tacoma nineteen days ago, cabled from Yokohama today that he was coming home. His business affairs here were in a tangle and a receiver was appointed who estimated the liabilities at \$175,000 and assets at \$50,000. It is understood arrangements have been made whereby relatives will come to his aid and a satisfactory adjustment will be made.

John D. Jr. Given More Property

NEW YORK, Nov. 12.—John D. Rockefeller has transferred more of his property to his son, John D. Rockefeller, Jr. The property now transferred comprises the west side neighborhood house, Armitage chapel, and a model flat house at Tenth avenue and Fifteenth street. The settlement house has been run by young Rockefeller's Sunday school.

Noted Japanese Visit Kansas City

KANSAS CITY, Mo., Nov. 12.—The honorary commercial commission from Japan passed today in Kansas City. Following a drive through the city as guests of the Commercial club, the visitors inspected a packing house and several factories in the West Bottoms. They also visited the Westport high school, where Baron Kanza delivered a short address.

Found Guilty of Manslaughter

RED BLUFF, Cal., Nov. 12.—After being out all night the case of John Lowry, charged with the killing of "Scotty" McIntosh by kicking him to death in the jail here, where both were confined for minor offenses, returned a verdict of manslaughter today.

Only One "BROMO QUININE" that is Laxative Bromo Quinine & Wilson on every box 25c

Two special band concerts at Long Beach. The Mammoth Hot Salt Water Plunge.

Great Fish Dinner at the Pompeian Cafe, Naples.

The Seashore Ride to Balboa, skirting the surf line for miles. All cars from Sixth and Main streets.

Pacific Electric Railway Company

BOY BANDIT TAUGHT ROBBERY IN NOVELS

President of Bank Shot by Youth Who Held Him Up and Negro Chauffeur, Also Wounded, in Critical Condition

LOUISVILLE, Ky., Nov. 12.—The condition of John K. Woodward, president of the Merchants National bank of New Albany, Ind., and James Tucker, the negro chauffeur, who were wounded yesterday by Thomas Jefferson Hall, the boy bandit, was virtually unchanged today.

President Woodward is in serious condition. The negro is not expected to live.

Hall, who will have to answer later for the murder of Cashier J. Hanbury Fawcett, takes his arrest coolly. His stepmother, who visited him early today, was asked what sort of novels the boy read.

"Oh, I don't know their names," was the reply, "but he always kept three or four new ones in the house."

The boy's father says the lad is not insane. "He is just mean."

Henry Alexander, the janitor of the bank, was arrested last night on the charge of complicity in the robbery.

The young robber, in discussing his crime, said he had read the accounts of the robbery of a bank in Chicago about ten days ago by a man who escaped in an automobile, and had planned his deed as nearly in duplicate as he could.

Says He Had No Accomplishes

NEW ALBANY, Ind., Nov. 12.—Thomas Jefferson Hall, 17-year-old Louisville boy who yesterday killed J. W. Fawcett, cashier, and severely wounded John K. Woodward, president of the Merchants National bank of New Albany, declared today that Harry Alexander, porter of the bank, and James W. Tucker, chauffeur, held for complicity in the affair, are guiltless.

Young Hall, who is held in the Indiana reformatory at Jeffersonville, admitted he had conceived the idea of robbing the bank from the reading of sensational novels during the last five or six years.

SENATE COMMITTEE DELAYED FOUR HOURS AT BAKERSFIELD

BAKERSFIELD, Nov. 12.—The United States senate committee on irrigation was delayed four hours en route to Bakersfield this morning by reason of a washout.

The party was met by H. A. Jastro, W. S. Tevis and Captain McKittick, and the members of the committee were shown the irrigation system of the county, visiting the intakes of some of the big canals.

Later they were the guests at luncheon of Mr. and Mrs. W. S. Tevis at their Stockdale home.

A public reception was held during the afternoon.

Cripples Charged with Burglary

SAN FRANCISCO, Nov. 12.—Joseph Lane and Harry Boyle, crippled beggars recently arrested on suspicion of having killed Lee Majors on the night of October 12, were formally charged today with the crime of murder.

Majors was seen engaged in an altercation with four men, and later he was found with his throat cut. At first it was supposed he had committed suicide, but an investigation resulted in the arrest of the two beggars.

Steamer Returns with Body

SAN FRANCISCO, Nov. 12.—The steamer St. Croix arrived today from Port Los Angeles with the body of Chief Engineer Harry Doe, who was killed on Wednesday night when a bonnet of the boiler blew out. Death was caused by inhalation of steam.

Autopiano Club

If you own a piano you may join the club. No initiation fee. Membership limited to 50. Call, write or telephone quick.

BARTLETT MUSIC CO., 231 S. Broadway, opposite City Hall.

OFFICERS ELECTED BY FEDERATION OF CLUBS

Mrs. A. P. Black of San Francisco Is Made President of Woman's Allied Organization—Convention Finishes Its Work

SAN JOSE, Nov. 12.—The district federation of Woman's clubs this morning elected the following officers for the ensuing year:

President—Mrs. A. P. Black, California club, San Francisco; vice president, Mrs. J. H. Doane, Woman's club, San Mateo; Recording secretary, Mrs. Clinton Folger, Outdoor Art league, Mill valley; corresponding secretary, Mrs. F. H. Jones, Woman's club, San Francisco; Treasurer, Mrs. Richmond Wheeler, Woman's club, Salinas; Auditor, Mrs. George Reardon, Woman's club, Burlingame; Representative San Francisco district on nominating committee, at state convention, Mrs. H. L. Seger, Corona club, San Francisco; representative on credential committee, Mrs. W. C. Kennedy, Woman's club, San Jose.

SUGGESTION FOR WOMEN MINISTERS NOT ACTED ON

CHICAGO, Nov. 12.—A solution of the problem "How to Get More Ministers" was submitted to the eighteenth triennial convention of Congregational churches yesterday by Mrs. Hanna M. Mullineux, who in an address before 200 ministers and laymen, declared the time has come when women must be admitted to the pulpit in large numbers.

Mrs. Mullineux, who said she had held several pastorates, declared it is providential that there is a dearth of men entering the ministry, and the congregations would now have to consider women for their spiritual leaders.

The convention listened in silence to her address, but no action was taken.

SCHOONER LOADED WITH WHEAT CAPSIZES AT WHARF

SAN FRANCISCO, Nov. 12.—The schooner Montezuma, lying at the sea wharf, capsized today, and the cargo of 2500 sacks of wheat is a total loss. There was no one aboard the vessel at the time of the accident. It is believed that a sudden squall caused the heavy cargo to shift and overturn the schooner.

Farm Manager Shot by Servant

DETROIT, Nov. 12.—Samuel F. Marley, farm manager of a large estate on Bloomfield hills near here, died today from being shot, according to his dying story, by Miss Bertha Lietzky. The woman wanted to marry him, Marley said, and shot him because he refused her. Miss Lietzky, who was the cook at the farm, is in jail.

Blockade of Shasta Route Raised

REDDING, Cal., Nov. 12.—The blockade of the Shasta route of the Southern Pacific which has prevailed ever since the tunnel near Coram caved in on a freight train, November 1, has been raised. The southbound Oregon express went through the tunnel today, but the passengers were transferred.

Mrs. A. F. Read Improved

DEYER, Nov. 12.—Mrs. Allen F. Read, who is being tried for attempted extortion of \$100,000 from Mrs. Genevieve Phipps, and whose physical condition yesterday compelled an abrupt postponement of the trial, was somewhat better today and the cross-examination of Mrs. Phipps was resumed.

Launch Tank Explodes; No One Hurt

BELLINGHAM, Wash., Nov. 12.—The mystery surrounding the explosion on board a launch or other vessel several miles off the water front last night and the probable death of the crew was solved today when three huffers returned here from a launch on the peninsula, where they landed early this morning. While crossing the bay last night their launch caught fire and they were obliged to abandon it. The sportsmen took to a dingy just before the gasoline tank exploded.
