TRACK TEAM IS SHOWING FORM

U. S. C. ATHLETES WORKING HARD FOR FIRST MEET

INTERCLASS STRUGGLES WILL TAKE PLACE FRIDAY

Old Timers Doing Well, Says Coach Cromwell, and Several Surprises Promised in the New Material

Despite the unfavorable weather conditions, work by the track team has been going rapidly on at the University of Southern California and the men are getting well rounded in shape. Whenever possible during the rains the members of the squad were out in suits doing stunts on the cinder path and in general keeping themselves up to standard by the hand mount of training that is to come. Nothing in the line of specialization on any one event has been done, however, Coach Cromwell is making all comers, good, indifferent, go through the same program on the track so far, developing their wind and in general getting into shape. After the holidays the work on particular events will begin.

According to the athletic authorities of the Methodist school all the old timers from last year's team are doing well this season and among the new material several surprises have been uncovered. Lennox, captain and hurdler, is continually on the job, and it is a pleasure to watch this speedy man working out. He goes over the high hurdles as if they were the low and the latter he sails across in such an easy manner that one would not realize that he was jumping a two-foot obstacle. In a pinch Lennox can work a very good account of himself in the sprints, but it is not likely that he will be used in these, as there is plenty of other material in school.

Gower Shows Up Well

Another man who is showing up well is Gower, the crack half-mile runner. He was in the crack of last year, and promises to show up as well this year.

Trotter, holder of the shotput record of Southern California (43 feet 7-3/4 inches), another old man, is doing well in his particular stunt and it is possible that he may add another plum to those he already has gathered by throwing the discus this year. Discus throwing will be added to the contest of the field events this season, and for a while it looked as if this event would undoubtedly go to Occidental, Thompson of the Tigers being an expert.

However, after a couple of days' work with the discus, Trotter is hurling it something over 100 feet, so Thompson may have to work some before he takes the discus throw. McAlister, a sophomore, is also showing up in the contest, having thrown it beyond the century mark, and the newest event on the track calendar bids fair to become popular at U. S. C.

First Meet Comes Friday

The first meet of any description to be held this season takes place next Friday evening when the four university graduate classes of the university will hold the annual interclass meet. While very little hard training has been done for this affair it is being looked upon with great interest by the students, and for each class will put out its best men and it is thought that possibly some new material for the big team will be uncovered in this way. At any rate, it will give the students the opportunity to see some of the athletes before under fire and hence the university's chances may be figured a little more closely. Thursday afternoon the preparatory school will hold its interclass meet.

None of the classes will have a man in every event in the coming meet. The seniors have only entered three men so far. Wirsching in the pole vault and 40-yard dash, Blackley in the sprints and Crocker in the mile. It is possible, however, that other members of the graduating class may come out and enter other of the events.

The Juniors will be represented a little better. In the sprints they will have Richardson and Corbin, and also these two in the 40-yard dash. Scott and Hall will enter the 100-yard dash, Richardson and W. Hall will enter the 200-yard dash, and Corbin and Richardson between them will look after the broad and high jumps and pole vault.

The sophomores will enter a few more men. The sprints will be handled for them by Martin and Jones, who will also enter the 40-yard dash. Trotter will, of course, handle the weights, Gower the mile, and Gower, Barlow and Murray the mile. Goodall will jump for them, and Lennox, captain of the varsity squad, will enter the hurdles, while McAlister will throw the discus.

This assembly of team past performances, in the strongest of the class teams, but the freshmen entrants have never been seen to work out and may spring a surprise on the older classes. They will enter the following: Sprints, Thompson and McLaughlin; 40, Hill; half mile, Walton and Messer; mile, Taft; two-mile, Grass; jumps, Short and Gander; pole vault, Manning.

With this interclass meet off his hands, Cromwell will start immediately after Christmas to train the men, and hopes, with the advantages of this early start, to bring out a winning team this season.

MITCHELL CLAIMS RECORD TIME FOR MARATHON COURSE

Tom Mitchell, the 16-year-old boy sprinter hailed from St. Louis, and who has entered the Marathon race to be held on Washington's birthday under the auspices of the Los Angeles Athletic club, claims that he has covered the distance Sunday in a hour 37 1/2 minutes.

The course is 16 miles, starting from the club on Spring street to the Venice plunge. If Mitchell's record is established a record. The winner's time in 1908 was 2 hours 1 minute, and in 1909, 1 hour 44 minutes.

ATTORNEY APPEL MAKES HIGH RUN OF 97 1/2

Horne H. Appel, the well known Los Angeles attorney, yesterday ran 97 1/2 at straight rail hillside in a friendly game with Peter Albert, the old timer, at the Oaks billiard hall.

While not an extraordinary feat, this is the highest run ever made at this establishment.

JAPS NOW READY FOR GAME WITH NEGROES

Fast Contest is Looked for When Baseball Nines Clash Next Sunday at Chutes Park

Both Japs and negroes are practicing daily for Sunday's game of baseball which will decide a much disputed question of race supremacy. The Orientals have a dark horse in the pitcher, against whom, it is believed, the Occidental Salt Lakes will be able to do little or nothing. The twirler, whose name reads like catch-as-catch-can backwards, is a recent arrival from Mikado's isle.

Already the contest has caused much speculation and while the negroes are slight favorites, the game promises to be one of the fastest ever played in the city. This will be the first opportunity ever afforded an Angel city public to see two really first class negro and Japanese nines in action. The contest will be held at Chutes park.

LOS ANGELES REVOLVER CLUB HOLDS PRACTICE

C. B. Hubbs is Organizing 22-Caliber Rifle Club, Which Will Use Range One Night Each Week

Although the weather was ideal for shooting on the outdoor range yesterday, the members of the Los Angeles Revolver club preferred to practice on the indoor 20-yard targets, and fair scores were made.

C. B. Hubbs, the executive officer of the Southern California Rifle association, has lately become a member of the club, and is organizing a 22-caliber rifle club, which will use the range one night during the week.

AMERICAN JOCKEYS RETURN FROM RUSSIAN CONQUESTS

NEW YORK, Dec. 13.—J. Richards of Detroit and James Wingfield of Lexington, Ky., two American jockeys who have been riding in Russia, are back in New York for the winter. Wingfield, who is said to have made nearly \$100,000 by his work in the saddle, will ride next year at Warsaw for Prince Lobonitski.

WITHERINGTON NOW PRESIDENT-ELECT OF HARVARD TEAM

CAMBRIDGE, Mass., Dec. 12.—Lathrop Witherington of Honolulu tonight was elected captain of the Harvard football team.

To Hold Pool Tournament

Entries are being received at the Los Angeles Athletic club for a handicap pool tournament, to begin December 20. The committee in charge is composed of Jack Brudner, Cliff Reuman and W. D. Whelan.

The following entries have been received: Billy Cox, Charles Brown, Stein, T. G. Goodwin, Coy Snyder, Cliff Reuman, Harry Metcaver, Lou G. Guernsey, P. G. Heimer, C. W. Brasher, George Herrmann and Ulysses Pentz.

MARINE TOURNAMENT PROVES INTERESTING

Handball Matches Are Now Absorbing Topic at L. A. A. C. and All Contests Are Well Attended

Nowadays the lobby of the Los Angeles Athletic club is completely deserted during the afternoons, but if investigation is carried to the floor above, from which uproarious sounds penetrate to the streets below, a stranger to the present conditions existing at the club will find club members a plenty. Here they will be occupying all the seats and even the rafters.

And as for rooting, why that bunch of athletes would make an army of Comanche Indians on the war path or a seething mass of yelling college students loathe green with envy. "Come on you Barnacles, break loose and rip 'em up the back," or "You Henderson! Whoever named you and Witt 'the Chams' certainly will be sorry in the line of a depositor," were some of the encouraging remarks hurled at the striving contestants in a recent terrific battle in the handball court. But above the din of battle and the shouts of the spectators Dick Dunigan's roaring laugh can be heard always.

Following is the present standing of the teams in the Marine tournament:

BASEBALL WAR IS IMMINENT

AMERICAN LEAGUE OPPOSES ELECTION OF WARD

PRESIDENT JOHNSON STRONG IN FAVOR OF HEYDLER

Letter, Written by Johnson to Gary Herrmann, is Made Public. The Session Convenes Today

NEW YORK, Dec. 13.—The American league simply will not tolerate John M. Ward being elected president of the National league to succeed John A. Heydler, according to Ban B. Johnson, American league president, who arrived in New York today.

If he is elected, said Johnson, it means war. As outlining his position in the matter on the eve of the National league meeting, Johnson gave out a letter which was sent to August Herrmann, chairman of the national commission, who was instrumental in ending the war between the two big leagues in 1903.

The letter, written to Herrmann at Cincinnati, says: "When information was brought to me from an authentic source that John M. Ward was seriously being thought for the presidency of the National league it occasioned me much surprise and raised the question as to the sincerity of purpose of your organization. Since the signing of the peace pact and the creation of the national agreement, organized baseball has moved along in a broad, straight channel, with moderate friction."

The chief snag encountered was our effort to recover Player George Davis, after he had been awarded to the Chicago American league club at the Cincinnati peace conference. Mr. Ward, acting as attorney for Player Davis, drew up the original contract with the Chicago club. It was a three-year agreement, ironbound and riveted.

But above the din of battle and the shouts of the spectators Dick Dunigan's roaring laugh can be heard always. Following is the present standing of the teams in the Marine tournament:

PADDOCK AND KINGSIDE DIAMOND. By CHARLES JERNEGAN.

JIM JEFFRIES HAS PUT A PREPARATION ON THE MARKET GUARANTEED TO MAKE THE WEAK STRONG, A RABBIT SPIT IN A BULLDOG'S FACE, AND ALSO WILL GROW HAIR ON THE KITCHEN STOVE.

World's best horse, the best James B. Haggin's Elmendorf farm produced, and which were sent to the English sales with heavy reserve prices on them, are Charles Littlefield. They arrived this week from abroad, and unless they are sold in private here will be raced in Mr. Haggin's own season.

One is a full brother of De Mund, by Goldcrest-Graciously, but there is a filly that is said to show even more phenomena of the hand of twice as many youngsters are engaged heavily in next year's 2-year-old stakes and would form the basis for a successful racing campaign. It is some time since Haggin's colors have been seen on the American turf, the last most notable example being Bouquet, a filly he sold afterward to J. E. Scarran, the Canadian turfman.

Though Haggin is the largest breeder of thoroughbreds in this country, he is fast disposing of his vast stud material. Repeatedly he has sold to the Argentine and to England have reduced the numbers at Elmendorf to only a small fraction of the grand total of previous years, and the redistribution of the hand of twice as many as all are of the finest equine blood lines. Even with his depleted stud, Haggin bears the distinction of having nominated more youngsters for next year's 2-year-old events than any other one breeder.

Ward and Heydler appear to be the odds on choice in the American league handicap today at New York. It is a cinch that they will not be coupled in the betting.

All the lads who were to appear tonight in the preliminaries for the Weigast-Picote affair have agreed to do their little stunts on the evening of December 21.

Wonder if they can't beat Boggs today with this money-losing furlong route? Come on you Bubbling Water!

Comstock of Lawrence and Comstock probably will back Velma C. in the first race Wednesday at Emeryville. It's pretty near time this bird showed something and with the course drying out to the queen's taste she may have a chance.

So far it has been a Silver Line of dollars for the books, but watch out. Hereafter—we think so.

Early Tide will perform today at Juarez. It is exceedingly doubtful if the same soft place can be found for this one which featured his first appearance at Oakland.

Harry Thomas, the English ex-bantamweight champion, who has been in this country for some time looking for a match, has signed articles to meet little Phil McGovern at Emeryville on December 20. This will be a good tryout for Thomas, for if he is good enough to beat McGovern he will have no trouble in getting a fight with Johnny Colton.

MAT ARTISTS SIGN FOR COMING BOUT

FUKUDA AND YOUNG JOHNSON TO MEET AT JIU-JITSU

Opportunity Will Be Afforded Los Angeles Fans to Witness High-Class Wrestling Match

When Promoter Orendorf yesterday afternoon signed Young Johnson and Fukuda as the main event of a wrestling card to be held in the near future, probably at McCarey's Naud junction pavilion, he clinched what promises to be one of the best exhibitions ever seen in Los Angeles. In coming to Los Angeles he thought that he had secured the champion of the world, but all of the local Japanese aspirants for mat honors appear to be afraid of the crack customer.

More Heydlers are needed in the baseball business. He is thoroughly honest, looks into the future and knows conditions of the past. We have not said that the National league should re-elect Heydler, but we think that great harm will come to the national game if the club owners do not.

Concerning the case of the attempted bribery of the umpires in the play off game between the Chicago and New York Nationals on October 8, 1908, Johnson said tonight that new evidence was sent to him last summer. He will present this to his colleagues on the National commission for review. Johnson is not altogether satisfied that the National league turned over affidavits in the bribery case to the national commission, all papers in the case were sent along at that time a New York physician was accused and was made the scapegoat. Johnson thinks that the physician was the representative of "the man higher up" in the league who had evidence that would enable the national commission to go after this individual.

The national commission held two short informal sessions Friday. Meetings will be held tomorrow and Thursday, at which the new testimony concerning the umpire's bribery is to be gone over.

The political end of the National league meeting has absolutely overwhelmed the trading side. Managers of the American National, Eastern and Tri-State leagues are here, ready to make deals, but on account of the possible rupture of friendly relations between the two big organizations, swapping players is a secondary consideration.

The National league meeting is slated to start at 2 o'clock tomorrow afternoon, but the general impression is that the gathering will be late in getting under way, as the board of directors will meet first. All National and American club owners are here except Thomas J. Noyes of Washington. He is expected in the morning. John T. Brush of New York, on account of ill health, will not be able to attend the National league meet-

BISBEE DEFEATS L. A. MARKSMEN

ANDREWS TIES WINNERS FOR HIGH SCORE

CAPTAIN HAGUE SHOOTS INTO SECOND PLACE

Local Club Will Hold Duck and Chicken Shoot Christmas—Fight for Off-Hand Medal Will Also Take Place

The crack Bisbee Rifle club of Bisbee, Ariz., took the local rifle men of the Los Angeles Rifle and Revolver club into camp Sunday by the score of 515 to 497.

The match was to have been shot on the Sunday preceding, but rain prevented the locals from shooting, while the Apache chasers shot their end of the match and let their scores stand.

Conditions called for six-man teams, ten shots per man, at 200 and 300 yards. For the local club, Andrews was high with the good score of 88, tying the high man of the Bisbee aggregation. Conditions on the local range were very good, but the lack of practice showed in most of the scores.

G. F. Nichols distinguished himself by a fine score of 45 offhand, while Capt. L. F. Hague of the Harvard school, returning to the game after being out for years, shot into second place with 86.

Kellogg, Miles and Crossman shot below form, but even with them shooting up to the average the results would have been about the same, as the Bisbee scores were about unbeatable, averaging 43 points per man over the two hardest ranges on the list. The locals scored an average of 41 1/2.

Sunday a Christmas chicken and duck shoot will be held at the club range at Glendale, the shoot to be open to any one. Schuetzen rifles barred. The club will conduct the shoot at cost, the prizes being chickens and ducks, and the events being held on the same plan, a certain number of entries per bird and the bird taken by the highest score in the event.

The range will include 200 and 300 yards. Three shots in each event. Different events to be held at the different ranges.

The fight for the offhand medal will take place on the same day, and the future possession of a trophy for all time is likely to be settled. Three wins takes the medal. E. C. Crossman and C. F. Nichols have two wins each. The credit, while Kellogg and Miles have one each, Andrews of Glendale would have landed the trophy at the last shoot had his ammunition not failed him. Sunday's scores were:

L. A. HIGH BASKETBALL TEAM DEFEATS RIVALS

The Los Angeles high school basketball team scored a decisive victory over their old rivals, the Polytechnic high, in a basket ball game played on the former school's court yesterday. Although going down to defeat by the score of 39 to 18 the Poly team continued trying on to the very last minute of play, but the superior teamwork of their opponents was too great an obstacle to overcome. Record playing star game for the losers, while Kallmeyer, the Calaver star heavyweight, and Mahout, the powerful Bulgarian. Arrangements were made yesterday with Dr. B. F. Roller to come to Los Angeles on January 12 and meet the winner of this contest at the coliseum. Both men have consented to this arrangement.

ROLLER WILL WRESTLE AMERICUS-MAHMOUT WINNER

CHICAGO, Dec. 13.—Something more than the large end of the purse and the honors that go with victory will be the reward of the winner of the wrestling match tomorrow night between Americus, the Calaver star heavyweight, and Mahout, the powerful Bulgarian. Arrangements were made yesterday with Dr. B. F. Roller to come to Los Angeles on January 12 and meet the winner of this contest at the coliseum. Both men have consented to this arrangement.

MUSGRAVE PILOTS TWO WINNERS THROUGH MUD

JACKSONVILLE, Fla., Dec. 13.—The mud horses today had their first innings of the season. This morning a heavy rain fell and the track was muddy. O. K. Herndon was the prize of the day, winning the second race from a strong field, Musgrave giving him a fine ride.

FORMER CHAMPION MAY TRAIN JEFFRIES FOR FIGHT WITH JOHNSON

MEMPHIS, Tenn., Dec. 13.—Tommy Ryan, the former middleweight champion, may take an important hand in training James J. Jeffries for his meeting with Jack Johnson. Ryan is at his home in Benton Harbor, Mich. In a letter to a local promoter, he states that he will confer with Jeffries this week and Jeffries has summoned Ryan for a talk. Ryan is accredited with having "crushed" the famous "Couch" position used by the champion.

M. A. Hebbord Dies

COLTON, Dec. 13.—M. A. Hebbord, twenty-six years a resident, prominent in business, public and social life of Colton, and president of the wholesale grocery firm of the same name, died today after ten days' illness of pneumonia.
