JONES CALLS BLUFF OF HESTER IN NELSON-WOLGAST NEGOTIATIONS

SIGNS ARTICLES PREPARED BY NORTHERN PROMOTER WITH ONLY CHANGE IN NAME OF STAKEHOLDER

Puts Issue Squarely Up to Him by Agreeing to Everything Except That Club Forfeit Must Be Deposited in Cash with John Clarke—Writes Letter Fully Explaining Demands and Requires Boy Operator to Show Good Faith or Lose Fight—Milwaukee Dutchman Disgusted and Is in Favor of Calling Off All Further Negotiations

BY JAY DAVIDSON

SID HESTER, promoter of the mythical fight club somewhere above the Tehachapi, responded yesterday to the ultimatum of Tom Jones, manager for Ad Wolgast, with a sixty-five word telegram, sent collect, in which he avoided the main issue and maintained his procrastinating tactics as to the deposit of the club guarantee of \$2500 in cash that he will pull off the Nelson-Wolgast championship scrap according to agreement. These sixty-five words were so unsatisfactory that Wolgast advised Jones to reply in effect that negotiations are called off, but the more patient manager compromised by writing to Hester, enclosing the articles of agreement, properly signed, and giving the promoter one other chance to make good. Forty-eight hours will tell the tale—whether Hester is four-fifths, as now seems to be the case, or whether he simply is a green country boy with no idea of business methods.

Hester wired as follows: "If you mean business, sign and return articles. Then, as long as Dillon don't suit, I will deposit with Anglo-California Trust and Banking company \$2500 cash. You deposit like amount with your bank and have same transferred. Sure, they are more responsible than Clarke. You want cash forfeits, now get busy. I have waited upon you for a long time. This message was sent collect \$2.00." Jones promptly read the telegram and declined to pay the charges, so Mr. Hester got another lesson in advanced and down-to-date methods in vogue among real fight promoters who know their business.

Jones laughed when he read the telegram. Wolgast snickered, and then the crowd that was standing by made up the supreme nerve of the man who has earned an unenviable reputation as an intermeddling match buster and, seemingly, insincere when it comes to a showdown for him to make good.

In order to fully test the sincerity of Hester, and at the same time show beyond all question that he is dealing with a man who has shown all the indignantly declining to deal further with a man who has shown all the plain, ordinary business methods and signed the articles of agreement, changing them in one particular only, that of substituting the name of John Clarke for Tom Dillon as stakeholder, and forwarded them to Hester. Accompanying the articles is a letter clearly setting forth to Hester in terms plain enough just what the alleged promoter must do in order to close negotiations successfully. Upon receipt of the letter Hester is required to telegraph his reply.

WINTER BASEBALL

ALTHOUGH Bakersfield will not be represented by a baseball team in the State league, San Jose having received the vacant berth in that organization, the oil metropolis of the San Joaquin valley will play in the field one of the strongest independent baseball clubs in the state of California the coming season. At a recent meeting of the directors of the Bakersfield Baseball association it was decided to incorporate the association, with a capital of \$10,000, and at an enthusiastic meeting a great portion of the amount was subscribed. Brick Beveridge was elected the playing manager, while J. P. Carroll was chosen to succeed himself as the business manager of the organization. That Bakersfield is a good ball town was shown by a statement presented at the meeting, which showed the gross receipts of last season's games played on the home grounds to total over \$10,000. When Brick leaves to take his new position it is expected that several of the local crack players now playing winter ball will go with the veteran.

Following is the schedule of the McCormicks for several Sundays to come: McCormicks vs. Ventura at Ventura, January 16; McCormicks vs. Pasadena at Pasadena, January 23; McCormicks vs. San Diego at San Diego, January 29 and 30; McCormicks vs. Occidentals at Chutes park, February 5 and 6.

Tom Ornelas wants to meet Sims, pitcher of the Palms club, and Pico, pitcher of the Huntington Park team, in front of the W. H. Hoeger company at 7:30 tonight.

The Teddy Bears, since their recent defeat by the Ventura team by the score of 5 to 4, have been hankering for a return game, and now they have a chance to get it, for a side bet of fifty boxes, too. The contest will take place at Ventura next Sunday.

Pitcher Joe Seaton of the Maier's team is requested to call up Manager Save of the Teddy Bears, Boyle 143.

The Salt Lake Juniors, one of the fastest miscellaneous clubs now playing in the Sunday ranks, will look up with the Lamanda Park nine Sunday afternoon and a fast game is looked for as both teams are evenly matched. Red Perkins has taken charge of the Salt Lake team and would be pleased to hear from any club in regard to a game next Sunday week. Answer this deft through The Herald.

Herman Whitlow, the fast little southpaw and outfielder, would be pleased to get on with some team through The Herald. Answer this application through The Herald.

Outfielder Coy of the Vernon club will be back at his post with that team the coming season.

The Boynton baseball team wants a game for tomorrow afternoon, Alhambra preferred. Answer through The Herald, or telephone 1012, or Main 5199.

W. H. Palmer, manager of the San Diego club, is passing a few days in the city.

The continuation of last Sunday's 0 to 0 twelve-inning struggle between Newton's All-Stars and the Occidentals will be staged Sunday at Chutes park. Since this last hard contest the rivalry between the two teams is keener than ever, and Sunday's exhibition should

LAWYERS TOO FAST FOR THISTLES AT BASKETBALL

Win by 34 to 31 Score After Being Easily Outplayed in First Half of Exciting Match Game

The law school basketball team defeated the Y. M. C. A. Thursday night by a score of 24 to 31. To say that the game was fast would be expressing it mildly, as the players were in constant motion throughout the contest. With a score of 21 to 14 against them, the lawyers played the Thistles completely off their feet in the second half. Their team work was wonderful and it completely mystified the Thistles. There was no particular star for the barristers, all the players claiming an equal share in the glory of the victory. The Thistles' lineup: Roberts (Capt.), Forward.....Crock (Capt.) Miller.....Forward.....Roth Smith.....Center.....Shore Howard.....Guard.....Hentschel Referee, Williams.

RIALTO GOSSIP

By Jay Davidson

AVIATION seems to be interesting a lot of people among the Rialto, as well as those who visit the aerial exhibitions south of town, if one is to judge from the strange scenes along the promenade way every afternoon. The aviation fever was more pronounced yesterday than at several times since the airships began to fly. All one has to do nowadays along the Rialto to collect a crowd of one or two thousand persons is to stand out in the street or on the curb with another conspirator and point to the skies, look in the same direction and shake the fingers as if tracing the flight of an airship. About 4000 persons between Second and Fourth streets on Spruce yesterday afternoon fell for the old trick and gazed for long periods of time at the skies in an effort at seeing an airship that was not in sight. So intently did they look that all of them were able to distinctly see the evening star directly overhead at broad noon, despite the glare of brilliant sunshine. Tom Jones, Jack Klipper and Hen Berry had heads turned by the multitude of multitudes the airship that was not there.

Tom Jones is to be highly commended by fair-minded sportsmen for his stand on the negotiations with Sid Hester for the Nelson-Wolgast fight. It begins to look like Hester was engaged only in the task of breaking up the match, instead of in earnestly endeavoring to get the match for his unnamed and unlocated club that may never exist. Jones is looking after the interests of Wolgast and is showing rare business acumen and a high regard for his own honor in having conducted the negotiations.

Hen Berry and his three brothers, Frank, Clarence and Fred, left last night for Bakersfield to look over the extensive oil interests there. Those oil fields have made multimillionaires of the Berries and inasmuch as they all ways have been high class sportsmen, their good fortune is received with much pleasure by their friends and associates in the business and sporting world. Hen will be gone until Monday and may go on to Frisco to see how Danny Long is getting along before he returns.

Contracts for 1911 will be mailed to all Angel players today and as they must report to Cap Dillon the last day of February, it is expected that all contracts will be signed and on file in the club offices within a fortnight. Fortunately, there are no grievances or salary questions to adjust this season. The Angel players are expected to sign the rag for next season will be captured and brought back south without much trouble.

Gray is of the opinion that major league players should not engage in winter baseball games, owing to the unreasonable risk taken thereby. A player who engages in winter baseball takes the risk of being injured and put out of the game indefinitely, accompanied by loss of salary and possible reduction of his monthly stipend as the case of Jack Bliss proved. Dolly is in excellent condition for spring practice and will be one of the mainstays of the Washington club next season if given a chance to work out.

Mexican Pete Everett may be a man-killer in the ring, but it seems that he is making an unusual risk of losing his prestige in failing to train properly for his scrap with Jim Cameron next Tuesday night. Cameron is no bear in the ring, but he is long enough and has long legs to make a big fat overgrown boy hustle to get him, as he proved when he twice stopped the

OAKLAND, Cal., Jan. 13.—Madman, one of the stars of the Bedwell sprint, won the Mendota handicap at Emeryville today in a heavy shower of rain. The Oakwood stock ranch won two races with Minnedocia and Velma C. BUICK AGENT SATISFIED

SAN FRANCISCO, Jan. 13.—Charles S. Howard, head of the Howard Automobile company of San Francisco, who are Pacific coast distributors of Buicks and Oldsmobiles, has returned from Los Angeles with the most encouraging reports of conditions in the south. "It is not a question of prophesying what we believe will come to pass when the busy season begins," said Howard, "but it is already a fact, and our Los Angeles branch has been kept hard at work to its fullest capacity through the entire winter season, and our demonstrators are hardly given a moment's rest. The recent success of the Buick '40' in the fifty-mile race at Ascot park, following closely upon the heels of winning that grilling race across the desert from Los Angeles to Phoenix, has materially added to the popularity of the Buick in those sections."

AUTO MAKING ON PAR WITH OTHER LINES

Fully 200,000 Cars Scheduled for 1910 and They Will Be Made in Twenty-One States

Motor car making now is a national industry and on a par with any other line of manufacturing in America. This is best evidenced by the show which opened at Grand Central station, New York, New Year's eve, when 325 exhibitors showed products from every nook and corner of the United States. That the industry is national is proved, too, by the statistics showing the millions of dollars of capital involved, the thousands of cars made and sold and the thousands of employees in the motor car and motor car parts factories.

Figures that are conservative in every way made it appear certain that 200,000 motor cars are scheduled for 1910. They will be made in twenty-one different states by 263 makers, located as follows: Michigan 49, Illinois 39, Indiana 30, Ohio 30, Massachusetts 23, Pennsylvania 18, Massachusetts 14, Missouri 12, Connecticut 10, Iowa 7, Wisconsin 6, Wisconsin 5, New Jersey 4, California 4, Rhode Island 3, Nebraska 2, Maryland 2, Colorado 1, Nevada 1, Texas 1, Kansas 1.
