WHITE DISCUSSES MUNICIPAL AFFAIRS

CHICAGO MAN SPEAKS AT PASADENA LUNCHEON

Board of Trade at Monthly Function Hears Report on Prospects of Government Aeronautic Station

[Special to The Herald.]

PASADENA, Feb. 25.—Over 150 members of the board of trade attended the monthly luncheon at Hotel La Pintoresca today, with President Ed T. Off presiding. Col. W. G. Hogan of the newly formed polo club spoke on the advantages of Pasadena as a polo center and asked the co-operation of the board of trade in furthering that sport in this city.

Prof. T. S. C. Lowe explained the plans of constructing air ships in Pasadena by a company of which he is the head and held out encouragement in the matter of acquiring a government aeronautic station here. He was followed by Prof. George Wharton James, who described the advantages to be gained by harboring the government station, and who stated that Prof. Lowe's craft has been proved practical beyond a doubt and will be capable of enclosing the globe.

John Z. White of Chicago delivered the principal address on "Municipal Ownership." His opening remarks he said: "I may possibly offer you some advice on public ownership. It is something which has not met with public favor in the past, having been often mistaken for Socialism. The distinguishing feature of public ownership is the unlimited public control it affords."

Mr. White referred to the federal courts as the masters of the people, and he gave the lawyers a gentle rub. He explained conditions in Australia under government ownership and drew comparisons between municipal water and privately produced gas in Chicago, with the odds in favor of the public. He advised the board of trade to support the municipal light plant in Pasadena and not be tempted by a private company.

VICTIM OF AUTO ACCIDENT AT AZUSA TO BE BURIED

Funeral Services to Take Place Sunday at Family Residence. Other News Notes

PASADENA, Feb. 25.—Funeral services over the remains of Miss Flora McCowan, who was killed in an auto accident at Azusa February 20, will be held Sunday afternoon at 2 o'clock from the family residence, 157 Glorieta street. Rev. Malcolm James McLeod of the Pasadena Presbyterian church will conduct the services and interment will be in Mountain View cemetery.

The Pacific Electric will run a through car to the Throop elementary school each morning, leaving the ticket office at 8:30 o'clock, and the same car will leave the school in the evening at 3:10 returning. These cars will be taken from the Lake avenue end of the south loop for the trips, and the service will be made up by the Oak Knoll cars.

Beginning Sunday, the 4 o'clock vesper service in the University of Throop Institute will be discontinued and regular evening services at 7:30 o'clock will be instituted.

All boys in Pasadena between the ages of 10 and 15 years are invited to a meeting in the Y. M. C. A. rooms Saturday morning at 9 o'clock, to hear Rev. Marshall Hayes tell of his experiences in Japan. The Lake Avenue Congregational team defeated the All Saints' Episcopalians in the Sunday school basketball league tonight on the Y. M. C. A. court, by a score of 27 to 7. The game between the First Christian team and the Y. M. C. A. was postponed.

Dr. James A. B. Scherer of Throop Institute delivered an address to the students this morning on the life of George Washington. He drew comparisons which showed that many people today lack the spirit of George Washington, and when he finished the students rose in a body and cheered for ten minutes.

COLONIAL PARTY IN HONOR OF GEORGE WASHINGTON

Brilliant Social Event in Crown City by Women of Shakespeares Club

PASADENA, Feb. 25.—Over 350 members and guests attended the colonial party given by the Shakespeares club tonight in the club house. The affair was the event of the club year and is given in accordance with the custom to observe Washington's birthday each year on the meeting night nearest February 22. The auditorium was decorated in the national colors, and the reception room was arranged in yellow, scarlet, green vines and ferns. In the receiving line in colonial costume were Mrs. G. G. Guyer, Mrs. R. Meredith, Mrs. Arthur Bandini, Mrs. Ira C. Goodridge, Mrs. W. S. Herbert and Mrs. Emily Webb.

Mrs. William Douglas Turner had charge of the entertainment, and was assisted by seven members of the Maskers' club, who presented a colonial play written by Miss Alice Alden of Pasadena. Miss Josephine Endelin.

SAN BERNARDINO TO OBSERVE CENTENNIAL

COMMITTEES NAMED TO ARRANGE CELEBRATION

Native Sons and Daughters and Various Civic Organizations Represented in Preliminary Meeting of Plans

[Special to The Herald.]

SAN BERNARDINO, Feb. 25.—Chairman R. E. Swing of the centennial celebration committee today named the committees that are to take charge of arranging for the preliminary details. The committee on scope and character of the celebration is composed of Mayor S. W. McNabb, Judge B. F. Biedson, J. E. Rich, John Poppert and P. Stuart and W. Wilcox of Colton. The finance department will be in charge of George M. Cooley, S. H. Carson, E. D. Roberts, Al McRae, J. B. Gill, James H. Boyd and C. M. Grov.

The meeting of the committees from the Native Sons and Daughters and various civic organizations, held last night at the Stewart hotel, was marked with enthusiasm. Speeches were made by several prominent citizens and the joint committee was temporarily organized. R. E. Swing, chairman of the Native Sons committee meeting, was chosen temporary chairman, and M. C. McKenney temporary secretary.

It was decided last night that the celebration shall be opened on May 20, to continue as many days as is later thought advisable by the committee in charge of scope and character.

ORANGE BELT ELKS PLAN FINE FEATURE FOR DETROIT

Supervisors of Two Counties May Assist in Carrying Out Advertising Purpose

SAN BERNARDINO, Feb. 25.—To advertise the cities from which they come the Elks of San Bernardino, Riverside, Redlands, Pomona and Santa Ana are planning to unite as the "Orange Belt Elks" and go to the Detroit grand lodge session in a special train.

The committee of the local Elks is already organized with F. A. Howe and W. C. McNeil as chairman and secretary, and with the representatives of the four other lodges will arrange for the trip. It is planned to ship two or three carloads of oranges with large quantities of orange and lemon juice for use in making punch to Detroit for distribution at headquarters that are to be established. The supervisors of both San Bernardino and Riverside counties, it is said, favor the voting of money to the advertising feature of the expedition.

During the reunion at Los Angeles last July the Orange Belt Elks maintained headquarters.

BOY CRUSHED BY ROLLER

SAN BERNARDINO, Feb. 25.—Jesus Lusere, 10 years old, narrowly escaped death under a massive steam roller employed in rolling the recently constructed macadam. The lad was playing about the machine and was struck and knocked to the ground. The roller passed over his hand and arm, crushing it to a pulp.

GOOD GOVERNMENT FORCES ARE ACTIVE

Women Enthusiastically Join in the Movement for Removal of Partisan Politics from Municipal Affairs

[Special to The Herald.]

REDONDO BEACH, Feb. 25.—Supporters of the present city administration are holding their political breath pending the report of the Good Government league's nominating committee. This committee, appointed at the mass meeting of the league last night at the city hall, is to name three candidates for city trustee who are to receive the support of the league at the approaching election.

The nominating committee, which was appointed for the purpose of conducting a campaign platform by the organization, is composed of Rev. W. P. Hardy, George H. Anderson, George Cate, O. C. Hinman, J. H. Cavanah, John Steward and C. G. Mansford. The men upon whom the committee decide will be made known at the next meeting of the Good Government league.

The keynote of the platform was the decrying of the present system of mixing partisan politics with municipal affairs. The platform pledges the Good Government league to the equitable arrangement of official salaries, the election of trustees who will represent the people in the truest sense of the word and the amendment of the present building and plumbing ordinance, which has met with considerable opposition on the part of local contractors and builders.

The meeting of the league was attended by practically every voter in the city. It was presided over by O. C. Hinman, one of the most active members of the Citizens' protective league before it became a part of the Good Government league a few weeks ago. Noticeable among the crowd were many women who are taking great interest in the present campaign.

Women of the city are to hold a meeting at the city hall next Tuesday night, when it is hoped to form an auxiliary to the Good Government league to assist in the election of the league ticket.

SCHOOL TEACHER INJURED

LONG BEACH, Feb. 25.—Miss Reida Denney, a school teacher in the east who is visiting here for her health, stepped off a moving Willows car last evening at Third street and American avenue and was rendered unconscious by her hard fall upon the pavement. Today she was reported as improving, and the attending physician said she has sustained only a slight concussion of the brain.

LONG BEACH DRYDOCK WORKS IS PROGRESSING

Craig Shipbuilding Officials Pleased with Prospects for Future Business

LONG BEACH, Feb. 25.—As the work of constructing the drydock at the Craig shipyard progresses officials of the company are enthusiastic over the amount of repairing work which is expected to come to the plant in the near future. Three ship captains inquired from San Pedro yesterday as to whether their vessels could go on drydock at the Craig plant.

Two sections of the floating dock have been completed, two more were started last Monday, and four more are to be built also. The cost of each section, or pontoon, is about \$10,000. Nearly 200 men are now working at the shipyard, and many more may be employed within a short time.

The Los Angeles Dock and Terminal company, developers of the harbor here, have instructed their engineer to contract at once for the extension of the east jetty 300 feet further into the ocean, making it the same length as the jetty on the west side of the channel. The west jetty is being reinforced by hundreds of carloads of rock, and when that work is finished, which will be in about thirty days, the east jetty will be reinforced in a similar manner, and the final dredging of the harbor entrance, to admit the coming and going of big vessels, will be started. Not more than sixty days, it is said, will be required in that.

CONGRESS TO BE SUPPLIED WITH LONG BEACH FACTS

Postoffice Figures Tell Story of City's Growth During Ten Years

LONG BEACH, Feb. 25.—Postmaster G. F. Hirsch has received from the congressional committee on buildings and grounds at Washington a request for an estimate of the growth of the city and postoffice here during the last ten years. This information is desired in consideration of the bill pending for the appropriation of \$300,000 for a postoffice building and site for Long Beach.

The replying letter will state that the population of this city in 1900 was 2252, while now it is 20,000 or more; that in 1900 the postoffice receipts were \$4200, while last year they were \$47,000; and that there are now 75,000 inhabitants and that the postoffice receipts will be \$150,000.

In the letter the committee stated that a site at least 120x120 feet in size would be desired, not more than eighty rods preferably from the depot. There must be an open space of at least forty feet between the building and alleys on each side of the building.

AUTO BALKS ON HILL; COLLIDES WITH PALM TREE

Dr. M. A. Schutz and Family Have Exciting Period on Grade

LONG BEACH, Feb. 25.—Dr. M. A. Schutz, who has achieved a degree of fame for his ideas in regard to the development together of children of various nationalities, in the hope of establishing a perfect race, came near being injured seriously last night, as did members of his family, when the chain on his automobile broke as the car was climbing a steep grade on Signal hill. The car rolled backward down the hill fifty yards, colliding with a palm tree.

The car was not damaged seriously, nor was any of the occupants injured beyond suffering considerably from the terrible jar of the collision. Dr. Schutz endeavored to guide the car along the roadway to the base of the incline, but it struck a rut while going at high speed and soon was out of the road.

CITY ATTORNEY TO DEMAND

LONG BEACH, Feb. 25.—City Attorney G. Long expects to make a demand upon the county supervisors for about \$3000, said to be due this city from the road tax collected by the county here. Part of the tax, which has been annexed to Long Beach. The tax was 60 cents and the property taxed had an assessed valuation of \$9000. Part of the tax had been collected by the county before the districts were annexed, and the city claims none of that portion.

GUILTY ON THREE COUNTS

LONG BEACH, Feb. 25.—Having pleaded guilty to three charges of carrying on an insanitary dairy, selling without a license and not having a business license, Henry J. Kessler, a dairyman living at Anaheim street and being indicted today was fined \$50 by Police Judge Hart.

BALLOTS CAST OUT DEFEAT RIVERSIDE BOND ISSUE

RIVERSIDE, Feb. 25.—The city attorney submitted an opinion to the city council this morning declaring that the city hall bonds voted last October failed to carry for the reason that the requisite two-thirds majority was not assured. There were 552 votes for the \$275,000 bonds, exactly two to one. Nine ballots were thrown out, however, scaling down the requisite two-thirds.

As no action calling another election may be called within a year for the same purpose, it is likely that a petition will be circulated among the taxpayers requesting another election. A majority of the signatures of the taxpayers from the last assessment roll will make it possible for the council to call another election upon the presentation of such a petition. The bonds called for \$110,000 for city hall and furnishings.

ABSENCE OF SCHOOL GIRLS MYSTIFYING

NOT ONE MAIDEN REGISTERED AT WESTGATE

Santa Monica Authorities Puzzled, While Parents of Boys See Improvement in Their Education

[Special to The Herald.]

SANTA MONICA, Feb. 25.—A question that is puzzling local school authorities is the total absence of girls at Westgate school. Out of an enrollment of eighteen young pupils there is not a single girl to add a touch of femininity to the class. Miss Whitehead, the teacher, is at loss to assign a reason for this unusual state of affairs.

When the present term opened early in the year, one little girl attended for a few days, but her parents moved away and since that time the boys have had things all their own way. This condition is the more mystifying when it is known to be a matter of statistics that girls usually predominate in the public schools.

According to the parents of several of the boys, great improvement is noted in the result of their studies since the Westgate school became a strictly boys' institution. This is accounted for, it is thought, by the absence of girls, who frequently create inattention to study on the part of the boys, such as pretty blue eyes, yellow curls and mischievous smiles, which are not furnished by school girls of tender age.

STEEPLEJACK AT WORK

OCEAN PARK, Feb. 25.—F. S. Sutherland, known the world over as King of Steeplejacks, is engaged in painting the big tank of the local gas company. Sutherland is one of the most famous of men in his trade, and during many years of work he has suffered only one serious fall. He makes use of no ladders, but crawls up and down the sides of the tank by the use of suction gloves, and his actions are remarkably similar to those of the ordinary house fly.

POMONA NEWS NOTES

POMONA, Feb. 25.—At the meeting of the Fourth Ward Child Study Circle at the Tenth street kindergarten, Mrs. Clarence H. Lee read a practical and interesting paper on the subject, "Shall We Answer Our Children Truthfully?" There was a large attendance of mothers and much interest was manifested in the session. Musical numbers were rendered and refreshments served. The men of Calvary Baptist Church Brotherhood enjoyed a banquet served in Co-operative hall this evening. The report of the subject, "Shall We Answer Our Children Truthfully?" There was a large attendance of mothers and much interest was manifested in the session. Musical numbers were rendered and refreshments served.

A fancy dress ball was given at the Pomona Tavern this evening by the management to the guests and their escorts. The room was elaborately decorated and many unique costumes were worn.
