

### FIVE MORE DAYS, THEN FIVE PRIZES

First Special Prize Period Closes on Saturday at 10 P. M.

ARE YOU GOING TO WIN?

Two \$350 Scholarships and One \$180; Another for \$150 and \$50 Watch Go!

Five days! Just five days more remain of the special prize period in The Herald's \$25,000 voting contest. Just five more days and five splendid prizes will be distributed among the five candidates with the five greatest vote totals at 10 o'clock next Saturday evening, April 9. These special prizes are:

- First—\$350 scholarship in the Page Military Academy.
- Second—\$350 scholarship in the Page Military Academy.
- Third—\$180 scholarship in the Cumrock School of Expression.
- Fourth—\$150 scholarship in the New York School of Acting.
- Fifth—\$50 solid gold watch to be selected by the winner at S. B. Bailey's.

It will be seen that five candidates are going to be richly rewarded for

tegrity and fair dealing. The instruments which they handle are in all respects just what is claimed for them, and for this reason it is no small thing when The Herald says that the two pianos which it will give to the fortunate winners in their \$25,000 voting contest are guaranteed by the Fitzgerald Music company. These two pianos—a Henry and S. G. Lindeman baby grand in the handsomest of dark mahogany and a Steger & Sons' upright, also with mahogany case and of the most massive construction that is turned out by the Steger & Sons' Piano Manufacturing company—were chosen with the greatest of care from a large number of beautiful instruments of various standard makes.

The Lindeman baby grand is a magnificent instrument, as is also the Steger & Sons' upright. The two pianos may be seen at any time at the store of the Fitzgerald Music company, 123 South Broadway, where they are being inspected daily by numbers of interested persons. The Fitzgerald Music company is glad to extend every courtesy to those wishing to make a thorough inspection of the instruments.

### CONSTRUCTION TIME EXTENDED

An extension of thirty days' time within which to complete the Hunt's bridge over the old San Gabriel river and the concrete culvert over the Los Angeles Virgenes creek on the Los Angeles and Ventura road was granted to the Mercereau Bridge and Construction company yesterday by the board of supervisors, following a communication asking for such extension. The delayed arrival of material to be used in the extension of time. The company also was granted a thirty-day extension of time for the completion of the construction of a four-pile trestle bridge across the Tujunga wash on the San Fernando road.

STUDENTS' ROOM, PAGE SEMINARY

their efforts so soon. Anyone of the five prizes would be handsome rewards, but in addition to the intrinsic value of each prize is the incalculable benefit and advantages to be derived from winning a special prize, especially at this early time in the contest. These benefits and advantages are too many to be given here, but, briefly, all candidates will see the advantage of showing their friends that they are in the race to win. You cannot expect your friends to become interested in your candidacy unless you yourself show interest and enthusiasm. The only way you can do this is to have a handsome vote total after your name.

Page 6 in this issue contains the third publication of vote standing of candidates. Is your name among those given on page 6? If it is, has it a handsome vote total after it? If your name is among the others without any vote total outside of the nomination 1000 (given all candidates upon being nominated) you certainly cannot expect your friends to rally to your support. Without votes over the nomination prize you give every indication of not being an active participant.

The next publication of vote standing will be in Thursday's Herald. Do everything you can between now and then toward running up a good sized total. Let your name come out next Thursday with a handsome total after it. The sooner you do this the sooner will your friends rally to your support, and the sooner you have your friends organized into a campaigning army the sooner will you get a vote total that will spell success.

Remember, too, that the vote schedule takes its first drop at 10 o'clock next Saturday evening. Every dollar that you turn in now on new subscription payments will count you 200 votes (this at the rate of two votes for each cent paid on new subscriptions). After that hour next Saturday evening a dollar will get you 100 votes only, ten votes less than at present, and a reduction of five votes per dollar will occur on old subscription payments.

The present voting power of a dollar on old subscriptions is 100 votes. This is a point which should be carefully considered and every effort should be made to do as much as possible before the reduction occurs. As long as your friends will vote for you, and inasmuch as it costs them no more to vote now than it will a little later, why not get their votes now and enjoy the highest voting power of every dollar? Turn to page 6. Look over the list of names, and if yours is among them, get votes after it. If it is not, and you feel you would like to participate in this contest, send in your name. Names that are always in order. All respectable people are eligible as candidates. The contest is just beginning to commence, so now is the time to enter if you have not already entered.

### COURT LAUDS MAN WHO REGAINS CITIZEN RIGHTS

Homer Valentine Complies with Probation Requirements

Homer Valentine, given two years' probation by Judge Wilbur at the time he was on the bench in the criminal court, was formally declared once more an honorable citizen of the United States yesterday by Judge Wilbur as presiding judge of the superior court. Valentine was found guilty of burglary in April, 1908, and on April 8 he was granted probation instead of being sent to prison. He was ordered to secure work, to save money and to report once a month to the probation officer. He complied with all requirements, and for two years has not missed a day's work. He has saved \$200 in that time, and when he came before Judge Wilbur yesterday the latter congratulated him on his good conduct, saying he had done well. He was allowed to change his plea of guilty to not guilty, and was discharged as innocent of any misconduct and eligible to rights under the law that any other citizen is entitled to.

### CAPITOLA DELEGATION IS HOME FROM CONFERENCE

Y. W. C. A. Members Enthusiastic Over Santa Cruz Gathering

The Capitola delegation of the Young Women's Christian association returned yesterday morning. Indoor and outdoor classes, trips to the big trees, a vesper service on the cliffs, picnics and even baseball refreshed the delegates in body and mind. Placing the recreation under the management of a trained physical director was a new feature of the conference. Miss Stover of the Los Angeles association filled the position. Those who were unable to attend the conference may have their share in it personally, for the Capitola echo meeting will be held in the auditorium of the association building Sunday afternoon, April 10, at 8 o'clock, when the delegates will have something to tell. Among the speakers for the afternoon will be the Rev. William H. Gray Boyle, pastor of the Lake Forest Presbyterian church, Lake Forest, Ill., who gave a series of addresses at the conference. Miss Caroline Macdonald, national secretary for Japan, another of the Capitola speakers, will visit the Los Angeles association Thursday evening, April 14.

### GLOBE SEEKS HONOR OF BEING ARIZONA CAPITAL

Chamber of Commerce Secretary Here to Secure Attractions

Globe wants to be the capital of Arizona when that territory is admitted to the Union, according to the statement of R. C. Rohrabacher, secretary of the Globe chamber of commerce, who is in Los Angeles for a few days looking up attractions for a fair which will be held there July 4. "If the statehood bill admitting Arizona is passed in time, we will make our Fourth of July celebration a celebration of statehood," said Mr. Rohrabacher yesterday.

"We believe in Globe that we are the most favorably situated to be the state capital, and will make a hard fight to that honor as soon as the territory is admitted. When railroad projects now in course of construction are finished Globe will be easier of access from all portions of Arizona than any other city. There is the Durango road, from Denver and Durango, Colo., to Globe, which when completed will be the principal north and south line in the territory. Then there is a trans-continental road already constructing a line into Globe, which will put us into direct touch with the east and west traffic."

Mr. Rohrabacher is trying to get at least one aviator for the celebration at Globe, and is also going to book several automobile racers and as many other high-class attractions as he can find.

### USE CLIPPERS TO STEAL HORSES' MANES AND TAILS

Thieves Visit Livery Stables and Secure Novel Plunder

The police records show thefts of many different articles and varieties of merchandise, but the most extraordinary case was reported to the detective bureau yesterday when Patrolman Greely turned in a report to the effect that hair from the tails and manes of eighteen horses was stolen from stables on Lyons street early yesterday morning.

According to the report the men, who evidently were experts at the business of freeing a horse from its hair, entered the Los Angeles Sales stables at 731 Lyons street and clipped six horses. The men then went to the stables of Max Maxman at 745 Lyons street and took off the hair of a half a dozen animals. They then entered the barns of the Hanna Horse market at 747 Lyons street and deprived six horses of their tails.

The detectives who were detailed on the case are at a loss whether to search for the offenders in hair dressing establishments, where rats for women are made, or to look for the thieves in the alleyways of Chinatown, where false queues are greatly in demand by high-binders, who pass as Americanized Chinese in the daytime and do deeds of violence at night in the attire of Chinese merchants.

The officers have decided to search harness stores and other such places in hopes of finding a place where the men likely would sell the hair for use in making belts, hat bands and watch fobs.

### GUN PLAY COSTS \$20

P. R. Fredericks, who was arrested by Patrolman McAuliffe on South Main street Sunday night and who is alleged to have attempted to shoot the officer, pleaded guilty in Police Judge Fredericks' court yesterday to a charge of carrying concealed weapons and was sentenced to pay a fine of \$20 or serve twenty days in the city jail. Fredericks stated that he came to this city from Arizona and said he was in the habit of carrying a revolver in the territory and forgot all about the matter when he was approached by the policeman.

### JAPANESE LABORER KILLED

While attempting to ride his bicycle across the tracks in front of an out-bound Santa Monica car, O. Kikuchi, 28 years old, a gardener employed by the Japanese-Tokio Nursery Day Work company of 1105 South Vermont avenue, was struck at Sixteenth and Cimarron streets yesterday afternoon and incurred injuries that resulted in his death several hours later. Both legs were severed below the knees and he was cut and bruised on the face and body.
