WOULD-BE GOVERNORS TO EAT AND SPEECHIFY

Five Candidates Are Expected to Air Their Views Before College Clubs

An unusually interesting and novel event has been planned by the Federation of College clubs of Southern California, which announced yesterday that it has arranged for a big banquet to be held at Hamburger's cafe May 17, at which all of the various candidates for governor in California are to be present and make 30-minute speeches. Phil A. Stanton, "regular" Republican candidate for governor, will sit face to face with Secretary of State Curry, his Republican rival for the same honor, where they can look lovingly into each other's eyes and form mutual opinions of each other's political chances and qualifications. If the present plans carry, and there seems to be every assurance the various candidates will be present, it will be arranged for Alden Anderson, state bank examiner, who also is a Republican candidate for governor, to sit beside Mr. Stanton or Mr. Curry, where he, too, can form conclusions. Neither is Nat Ellery to be slighted. He, likewise, is to sit conveniently close to Brother Anderson—for Mr. Ellery still is in the race for the Republican nomination, and his friends say he will get it. The presence of these four men is especially interesting, for they are all considered "machine" Republicans, and are bitterly opposing one another in the campaign for the Republican nomination. Last, but not least, Theodore A. Bell, Democratic candidate for governor, is to have a seat at the banquet board, seated at a safe distance from the Republican phalanx, where he will be expected to respond to the various toasts and incidentally to reply to the four 30-minute speeches to be made by Stanton, Curry, Ellery and Anderson. Similar banquets have been given by the Federation of College Clubs in past years, but this is the first time, it is said, that such a remarkable array of gubernatorial timber has ever been arranged for one gathering. What the effect will be can only be surmised, but it is expected there will be some interesting speeches. The situation in which the various rivals will find themselves should no doubt afford much comment, if not genuine amusement.

NO JOB; DESPONDENT CLERK SEEKS DEATH

Unable to Find Employment, Fails Also in Attempt to Kill Himself

After lying for sixteen hours with a deep gash on each side of his throat and on each arm, which he inflicted in an attempt to commit suicide, E. C. Layson, 37 years old, was found yesterday afternoon in his room at 604 1/2 South Hope street slowly dying from loss of blood. Layson was discovered by the proprietor of the rooming house, with his head in a pool of blood. He was on the bed unconscious. Beside him was a pen knife covered with blood with which it is supposed he inflicted the cuts. Layson had been in the habit of calling for his mail early in the morning. When he failed to appear yesterday, the proprietor became suspicious and made an investigation. The man entered his room Thursday night about 12 o'clock. He had been drinking heavily of late and appeared to be despondent over his failure to secure employment. It is thought that this is the cause for his attempt to take his life. He was taken to the relieving hospital where the injuries were attended. To the police Layson said that he was formerly a hotel man in Kentucky and had been in Los Angeles only a short time. He was later employed at Bullock's department store as clerk.

OLD GENERAL EXPENSE FUND WALLOPED AGAIN

\$12,000 Taken for Election Fund and \$8000 for Advertising

The already depleted general expense fund was handed a couple more jolts yesterday when the finance committee transferred \$12,000 to the election fund and \$8000 to the advertising fund from the general expense fund. The simple little fact that there isn't that much money in the general expense fund to transfer didn't figure in the case a minute. The money will get there in a few weeks when at the end of the fiscal year all surplus money from the various funds is turned back into the general fund.

INJURED AUTOISTS ON ROAD TO RECOVERY

Funeral of Man Killed Will Be Held This Afternoon at 2 o'clock

A certificate of accidental death was signed by Coroner Hartwell yesterday in the case of Henry I. Fenimore of the automobile firm of Nash & Fenimore, who was killed Thursday night on West Adams street, near Crenshaw boulevard, when the automobile he was driving turned turtle, pinning him under the wrecked car. An inquest was waived by his father, Dr. Henry D. Fenimore, who said he was satisfied that death was accidental. The funeral services of young Fenimore will be held this afternoon at 2 o'clock from the residence, 2416 West Seventh street. Burial will be in Rose-dale cemetery. Hugo Goldschmidt, proprietor of the Southern California Wine company, who was with Fenimore at the time of the accident and who was taken to the California hospital, was reported yesterday as being much improved. He sustained a dislocation of the right hip, a severe laceration of the forehead and internal injuries. J. L. Eligholz, salesman in the employ of Fenimore and who was with him at the time of the accident, was removed from the California hospital, where he had been taken, to his home at 1232 Crenshaw boulevard yesterday afternoon. Eligholz sustained several cuts about his body, a fractured wrist and a fractured left rib. His condition is reported as being much improved. It is said that the car which caused Fenimore to turn from the road was owned by Dr. John R. Haynes, 945 South Figueroa street, and was being driven by his chauffeur, A. G. Sharkey. The doctor was in it at the time and was accompanied by Mrs. Haynes and two friends with whom he was returning to Los Angeles from the beach. Sharkey emphatically denies having blocked the road, but instead says that Fenimore passed him, and that his car then started to skid and turned turtle. At Arrowhead Hot Springs you will get rest, comfort, good water and mountain air, with a first-class table, American plan. Summer rates now on. Write for information.

ARRESTED ON CHARGE OF HITTING MAN WITH BOTTLE

Victim of Assault in Serious Condition, Says Doctor

Charged with assault with a deadly weapon, F. O. Hubbell was arrested at Redondo yesterday morning by Detectives Murray and McCann, brought to Los Angeles and later arraigned before Police Judge Frederickson. His trial was set for 9:30 o'clock, May 11, and his bail fixed at \$5000, which he was unable to furnish. Hubbell is charged with having struck A. B. McDonald, president of the Arrowhead Springs Water company, on the head with a bottle Thursday morning, causing a severe laceration and concussion. The assault allegedly took place after an argument over the business of the company. Hubbell is a minor stockholder. McDonald is 65 years old and lives at 2704 West Eighth street, where he is attended by Dr. G. S. Eddie, who stated yesterday he thought McDonald has suffered a basal fracture of the skull. His condition is serious.
