VOTERS TO NAME CANDIDATES TODAY

Four Men to Make Race for Two Council Vacancies Will Be Chosen

THIRTEEN SEEK NOMINATION
 Five Good Government Men in Contest—Leaders Favor Stewart and Whiffen

Government organization, the following statement was issued:

"The importance of the primary election to be held tomorrow consists of the relation of its results to the present city administration. We appeal strongly to each qualified voter of Los Angeles who believes in the principles of the Good Government organization to put that belief on record in form of a vote tomorrow for men whom he feels certain will support the present administration in its sincere desire and determination to obtain good government in all the various departments of the city's business.

"The business of the governing body of a great city like ours is difficult and complex, even where the contestants are all united in their main purpose to legislate with absolute fairness to all interests which may be affected by their action; it is rendered doubly difficult if there be at all times an opposing minority which is governed by a less worthy purpose.

"Several of the thirteen candidates who are seeking nomination have expressed themselves as distinctly opposed to the present administration and several have publicly pledged themselves to do in their power to assist the present mayor and council in their active efforts to obtain a thorough, business-like economical and independent administration of the affairs of this city.

"The public press has made it clear as to who these men are and we urge that no man fail to make the necessary effort to go promptly to his proper polling place and with all the information that he can obtain cast his vote for the men whose judgment and integrity will best serve the interests of our great city."

fers they are nevertheless of considerable concern to shippers in Western trunk line territory. The increase in freight rates on wool from St. Paul points to New York and Boston particularly is of immense interest to consignor, as it means a flat increase of 10 cents a 100 pounds. This increase applies to all western wool passing through Minneapolis or St. Paul destined to Atlantic tidewater destinations.

"The bill finally was agreed on at a four-hours' caucus, lasting until midnight, at which the following resolution, submitted by Mr. Tawney of Minnesota, was adopted:

"Resolved, that the postal savings bank bill, agreed on by this caucus, be, and the same is hereby adopted, that the same be reported by the committee on post offices and post roads, and that it is the sense of this caucus that a rule be reported from the committee on rules for its consideration in the house."

The caucus fixed at 65 per cent the amount of the funds placed in the postal savings bank, but must remain on deposit in banks in each state and territory, and 30 per cent of funds that the trustees may withdraw for investment in United States bonds. The other 5 per cent must remain on deposit in the postal banks.

POMONA EXTENDS HEARTY GREETINGS TO JOHNSON

L.-R. League Candidate Speaks Before Large Audience

POMONA, June 1.—Hiram Johnson, candidate for the Lincoln-Roosevelt nomination for governor, was accorded a hearty welcome by citizens of Pomona last evening in the Fraternal Aid theater, where he addressed an audience of 200 on the issues of the coming campaign.

Mr. Johnson, accompanied by William D. Stephens of Los Angeles, candidate for congress, and Florence C. J. Dreher, secretary of the Lincoln-Roosevelt party, arrived here in automobiles late this afternoon. They were met by a committee of local citizens, and a parade was formed which traversed the principal streets of the city.

In his speech Mr. Johnson's principal point was the people of California should take back the government of the state from the Southern Pacific machine, where it has so long remained, a mere chattel for the use of this great corporation.

Both Mr. Stephens and Mr. O'Brien made short addresses and they, too, received the approval of the audience. C. J. Dreher, secretary of the San Antonio fruit exchange, acted as chairman of the meeting.

BENEDICT'S CANDIDACY IS APPROVED BY L.-R. LEAGUE

The Los Angeles Lincoln-Roosevelt Republican league has approved the candidacy of U. Stanley S. Benedict for assemblyman from the seventy-second district. Mr. Benedict is a young man, favorably known throughout the city, and a prominent reform worker, both in the league and in the Good Government organization. Before the formation of the Good Government organization Mr. Benedict took an active part in the non-partisan movement which resulted in the election of Gatos for mayor. He is considered one of the strongest men that could be put into the race in that district.

It contains the names of petitioners from nearly every precinct of the city, and the necessary 3 per cent in 175 of the 231 precincts of the township, and a total of 177 petitions, or about 7 per cent of the total party vote at the last election.

Washington Governor Hopes for Drastic Legislation in State

SPOKANE, June 1.—In an address before the Republican county central committee today Governor M. E. Hay said:

"I am very much in hope that the coming session of the legislature will pass the daylight saloon law; that is, liquor will be sold wherever not prohibited only between sunrise and sunset.

"A man who will beat his wife is so far better than the man who does not. We should do something to enlighten him, and bring him down to the whipping post age at least. I hope to see the next legislature pass a bill establishing a whipping post for wife beaters.

"I hope to see the next legislature pass a bill eliminating the professional lobbyist."

SUGAR TRUST 'TAKING CARE OF THE BOYS'

Has Been Paying Salaries of Convicted Weighers, Testimony Shows

NEW YORK, June 1.—That the late H. O. Havemeyer, former president of the American Sugar Refining company, gave directions two weeks before his death in 1907 to "take care of the boys" was part of the testimony heard today in the trial of three officials of the company, charged with complicity in a conspiracy to defraud the government of customs duties.

Ernest W. Gerbracht, refinery superintendent; James F. Bendemagel, former cashier of the refinery; and Charles P. Heike, secretary-treasurer of the company, are the three on trial.

"Take care of those boys; get counsel for them; see them through it," were the orders Gerbracht said he received from Havemeyer when he informed him after the first arrest of checkers that the men insisted on their innocence.

"Take care of the boys," Gerbracht later testified, had extended to the paying of their wages from the day they left the company's service until the present time. The salary of Oliver Spitzer, former dock superintendent, who was pardoned from the Atlanta prison by President Taft, Gerbracht said, was paid to Mrs. Spitzer while her husband was in prison, and he believed she was still getting it. Spitzer when on the stand for the prosecution testified that his salary ceased when he was locked up.

Gerbracht was the chief witness today in his own defense. Theodore Havemeyer, he said, had absolute charge of the refinery until his death in 1897, and H. O. Havemeyer later personally directed all the routine.

The resolution then went back to the privileges and elections committee, of which Senator Burrhead is chairman. This committee all the committee has before it, though the accused senator has asked for only an investigation into the newspaper stories. If the grand jury investigation charges were filed with the committee they would be considered sufficient on which to base immediate action. What the committee would prefer to do would be to wait until one of the cases in the Illinois court against members of the legislature had been concluded.
