D. C. Collier to Try to Interest Mexico in Panama-California Exhibition

D. C. Collier, director-general of the Panama-California exposition to be held in San Diego, was in this city yesterday, interviewed regarding the exposition he said: "We are going to have a Latin-American exposition that will be unique in history, and we are going ahead with our plans, certain of even greater success than we at first expected. The latest news we have received is that the governor of Arizona, and the governor of New Mexico have been appointed chairmen of the general committees of those territories, and every city in Arizona, New Mexico, Utah, Nevada and Western Texas will have a committee for suitable representation at the San Diego exposition. "I expect to interest Mexico in a similar way, and our plans are being formulated for a representation from every Central and South American republic. The San Diego show will run the entire year, something no exposition has ever before attempted to do."

Blossom Seeley, Clever Soubrette Who Will Return to the Olympic

Soubrette to Return to Olympic Theater

Cast for 'The Sky Pilot' Large and Will Include All Members of Company

Blossom Seeley, the coon-shouting soubrette, who is well known to Los Angeles audiences, will return to the Olympic theater Monday to assume her old place in the Alphin-Fargo stock company. Miss Seeley, with Jules Mendel, the comedian, and other former Olympic favorites, have been appearing in another city for the past several weeks. The cast for "The Sky Pilot," Charles Alphin's latest burlesque, is large. Besides Miss Seeley and Mendel, others who will have principal roles are Walter Brisbane, Monte Carter, Al Franks, Dave Morris, Walter Spencer and Mabel Dunne. The cast is a double set of principals, with an augmented chorus. As "The Sky Pilot" requires a large cast, every person connected with the company will have a congenial role.

James K. Hackett will give an afterpiece to "Monsieur Beaucaire" at the Olympic next week. "The Bishop's Candlesticks," a one-act play taken from Victor Hugo's "Les Miserables" Francis White, the singer, who, with her clever songs, captivated the audience at the Los Angeles theater some weeks ago and was booked for the Sullivan and Considine circuit, will next week be one of the attractive features of the bill opening Monday afternoon. "Little Hipp," the smallest performing elephant in the world, will also have a prominent place on the new program. Martin Beck has bought a piece of property in Brooklyn, just below Fifty-seventh street, New York, and it is reported that on it he will build an Orpheum building just to house the eastern offices of the circuit.

Princess Rajah, who in the palmy days of the Midway at Venice, used to ride a camel and do the forbidden dance, is in Europe, making a great hit. She went via New York, where she was a burlesque queen after her stay here. "The Call of the North" will be the offering of Lewis S. Stone and his associates at the Belasco theater beginning Monday night.

Club News

Mrs. Rebecca Spring, whose ninety-ninth birthday anniversary was celebrated Wednesday, will be the special guest of honor today at the Friday Morning club. She will be toasted at the club luncheon, where she will have a seat at the president's table, and her ability as raconteur, which seems never failing, will undoubtedly serve to augment the brilliancy of the gathering. James Willard Schultz, whose residence for twenty-nine years among the Blackfoot Indians has been related in a vivid and interesting book, will address the women of the club upon his life as an Indian.

Music Notes

Henry Ohlmeyer and his Coronado band will arrive in the city next Thursday morning, and will play four concerts in the Auditorium before going to Coronado. The four weeks spent at Idora park, Oakland, have been most successful, and the contract is signed for their reappearance there next year. We Use No Club We Give No Coupons We Run No Fake

There's no room for misrepresentation. There's room for neither picture puzzles nor prize riddles in our PIANO BUSINESS. We treat all alike. We think you are too intelligent to believe that you are entitled to \$150 for pasting together President Roosevelt's face. We think you are too intelligent to believe that some piano manufacturer from the East is going to send you a check that is worth anything because you can find an old man up a tree. We think you are too intelligent to believe that we or anyone else would sell you a piano at a certain price because you are the member of some club, no matter how many or how few others join the club.

The Piano Business Is an Honest Business When it ceases to be an honest business we are going to get out of it. We have just this plain fact to put before you and ask you in all fairness if it doesn't deserve investigation.

Buys As Good a Piano Here as Has Been Sold Right Along at \$425 in This City

This piano has the tone, the case, the keys, the tuning pins, the wires, the patent pedal action and all the other improvements of its \$425 double. It is made by the same makers, with the same care, and of the same materials. In fact, it is made and entirely finished by that factory and after completion the names are stenciled on the pianos. The one lot is put out under a name that is fairly well known, and sells at \$425. By contracting for a certain number of these pianos at a time when the factory needed such an order we have placed ourselves in position to sell this identical piano under an unadvertised name at \$248.
