### Dr. Burdette Expected to Return to Angel City from Abroad Next Week

Bishop von Scheele, bishop of Gotland, Sweden and a senator as well as one of the leading literary men, will arrive in Los Angeles Sunday morning, bringing a message from King Oscar of Sweden to the Swedish people of America. The bishop will be accompanied by Dr. L. G. Abrahamson, prominent in Swedish affairs.

The bishop will preside at a public meeting and reception by the Swedish people of Los Angeles Sunday afternoon at 2 o'clock at the Temple auditorium, for which the following program has been arranged: Organ solo, Prof. N. L. Ridderhof; anthem, Lutheran church choir; devotional exercises, Rev. A. F. Segenhammer; address of welcome, Dr. E. Nelander; reading of the credentials given by King Gustav V of Sweden to Bishop von Scheele to give greetings to the Swedish-American people; Dr. L. G. Abrahamson; response by Bishop von Scheele; Swedish national hymn, congregation; oration, Bishop von Scheele; singing of "America," congregation; benediction.

Rev. Hugh K. Walker, pastor of the Immanuel Presbyterian church, is expected to return next week from a tour around the world. He will be accompanied by Mrs. Walker. Dr. Walker was to have preached last Sunday at the Brick Presbyterian church of New York, one of the largest churches of the denomination in the country, but was delayed off New York two days by a heavy fog. Dr. and Mrs. Walker are now visiting their former homes in Georgia and Tennessee.

### WILL GO TO CONSTANTINOPLE

Rev. Clarence A. Vincent, pastor of the Immanuel Walnut Avenue Congregational church of Boston, again will occupy the pulpit of the First Congregational church Sunday. At the morning service he will take for his text, "The Idealism of Faith," and in the evening, "The Size of a Man's World." Dr. and Mrs. Vincent will be in Los Angeles today and Sunday in Athens, Greece, preparatory to going to Constantinople.

Dr. J. Whitcomb Brougher will speak on two unusually interesting topics Sunday at the Temple Baptist auditorium. In the morning at 11 o'clock he will discuss "The Gospel of Health" and will endeavor to answer the question, "How to Keep Well and Happy." Dr. Brougher believes that Christian Science is not the only advocate of health and happiness. He has given considerable study to healing and will speak from experience.

At night he will continue his series of sermons on "How to Be Happy Through Marriage," with the special topic, "The Boy of the Home—A Chip Off the Old Block." The music will be exceptionally fine at both services. At night, in addition to the usual music by the big chorus and quartet, Jackson Gregg will sing the familiar gospel solo "Where is My Wandering Boy Tonight?" and the quartet will respond with the gospel chorus, "Tell Mother I'll Be There." This arrangement of the two hymns has never before been given in Los Angeles. He has given baptism at the opening of the service, and the great organ and chimes will be heard.

### TO TENDER RECEPTION

Temple Baptist church will tender a reception to the new associate pastor, Rev. John Bentzien, at the church in Beran hall, Auditorium building, next Tuesday night. Members of the church and congregation and the public are invited.

Dr. Robert J. Burdette and wife are expected to reach Los Angeles next week. A committee has been appointed to tender a reception for them. Dr. Burdette is expected to fill the pulpit of Temple Baptist church the last two weeks in August, during Dr. Brougher's vacation.

A memorial service in remembrance of Leslie W. Gray and Dr. Paul A. Adams will be held in Beran hall, Auditorium building, at the home of Mrs. Gray was one of the charter members of Temple Baptist church and had been very active in its affairs. He recently died in Los Angeles after an illness of several months. Dr. Paul A. Adams was one of the prominent members of the church and went as an army surgeon to the Philippines. Geographic dispatches bring the news that he died in the islands and that his body is being brought to Los Angeles for burial. It is expected Dr. Burdette will conduct this service.

Rev. John Bentzien, assistant pastor of Temple Baptist church, will speak at the men's meeting at the Young Men's Christian association Sunday afternoon at 8:30 to men only, on the subject: "Wanted, a Man." Master Lonnie McGowan, the boy soloist of the Y. M. C. A., will sing "The Golden Bell." Other attractions of the afternoon will be the social hour at 2:30, the personal workers' prayer and conference at 2:55, and the men's meeting at 4:45, to all of which men, especially strangers, are invited.

Rev. Father Duente, O. P., will open the diocesan retreat for the priests of the diocese of Monterey and Los Angeles Monday afternoon at St. Vincent's college. Father Duente is a well known member of the Dominican order and has given a large number of retreats in various parts of the country.

### WELL KNOWN EDUCATOR AND PRIEST ON VISIT

### Rev. John A. Linn, Former Head of St. Vincent's College, Comes from New Orleans

Very Rev. John A. Linn, C. M., former president of St. Vincent's college and the immediate predecessor of Very Rev. Dr. Glass, C. M., the present head of the college, arrived in Los Angeles yesterday afternoon on a short visit. Father Linn is well known in Los Angeles, where he served several years.

Father Linn came to Los Angeles in 1855 as prefect of studies for the college, which was then located at Sixth and Hill streets. In 1896 he was made president of St. Vincent's college of Cape Girardeau, Mo., and later was returned to Los Angeles to become vice president of St. Vincent's. On the death of Father Meyer, in 1888, he was made president of the local institution, which he served until 1901, when Dr. Glass was appointed to the office. Father Linn was appointed rector of St. Stephen's church in New Orleans and completed the then unfinished church at a cost of \$300,000. Last week he celebrated his silver jubilee as a member of the priesthood and the event was marked with a three-days' celebration in which the archbishop of New Orleans took part.

Father Linn has kept in close touch with the advancement of Los Angeles, and on his arrival yesterday was greatly surprised at the growth of the city, for when he left the college was considered quite a distance from the

### Rev. John A. Linn, Former Head of St. Vincent's College, Comes from New Orleans

day clearly shows it in the work he has produced. My claim for Joaquin Miller, that he is the greatest poet America has produced is not based on mere local pride or personal liking. If I had never seen California, or met Joaquin Miller, a careful study of his work would have produced the same conclusion. And in this I am confirmed by the decision of the greatest critics of Europe of two or three generations. The sooner we Californians wake up to recognize this fact the better. Miller struck a newer, a truer, more natural and national note in poetry than any American before or since. It is natural, spontaneous, genuine, simple. He dared to treat original themes in an original way. He dared to be natural and he dared to be simple. Two things almost unknown to English poetry in 300 years.

Dr. James then read several of Miller's poems, giving spiritual and illustrative comment upon them, to justify his remarks. Continuing, he said:

Edwin Markham, too, won high places with one poem, "The Man with the Hoe," because in that he dared all conventional methods of looking at the subject. He spoke as only a western man, free from eastern standards, could have spoken, and thus he has become a power for good in the world.

Who can read the works of Charles Warren Stoddard and not feel the spontaneity, their perfect saturation with the spirit of the west and its environment. His prose was all poetry. Read for instance his "Apostrophe to a Skylark" and compare it with Shelley's ode. The one is not more poetic than the other, and yet the latter is a piece of pure and literal description. In his "Bells of San Gabriel," Stoddard rises to a power and vigor he seldom shows. This was the personality of a live teacher fully equipped to do the school room work. The teaching office demands an aptitude for the teacher's work and an equipment with which to do it efficiently. The teacher is something more than one hired to do a certain class of work. He is one who feels himself called to that special work and fits himself that he may give proper values for the responsibility placed upon him. Vocation and equipment are two essentials in the life of a conscientious teacher. There is an element of honesty also which enters into the matter, because the teacher undertakes to do a certain work, and he is bound in conscience to do that work to the best of his ability. The results expected from him are the results which proper teaching is warranted in producing, and if

### Bishop Conaty Declares Sixth Annual Institute Most Successful Since Organization

SANTA MONICA, July 8.—The sixth annual institute of the teaching sisters of the diocese of Los Angeles and Monterey closed this afternoon after a four days' session at Columbia hall attended by nearly 100 teachers and a number of priests. Throughout the institute the deliberations were presided over by Bishop Conaty, who interspersed the various lectures with instructive comments. The bishop declared this to have been the most successful meeting of the teachers since the organization of the institute.

The speakers this morning were Mrs. Edith Ingersoll, who discussed drawing and color work in the grades at Throop polytechnic school, where she is superintendent; and Prof. H. Kirk brought out the necessity of a number of pupils taking a course in general history and declared that with this preparation those who studied United States history could not readily grasp it because of the missing relationships. Prof. Kirk made a special point of the fact that only dates marking great events should be memorized and suggested that note books should not be too voluminous, but exact. He said oral and written reviews should be given repeatedly.

DISCUSSES CALIFORNIA POETS

Dr. George Wharton James gave an interesting discourse on "Some California Poets," making special reference to Joaquin Miller and Edwin Markham. He attempted to show that Miller is the premier California poet and gave pleasing illustrations of his poetry. Continuing, Dr. James said: "Whatever philosophers may say as to environment influencing the true poet no one can deny that every true poet who has lived within the reach of California's environment and the spirit spoken of in my lecture yesterday—"

### LAUDS EDUCATORS

"Among all the professions of men none has received greater respect and that of the teacher. Human intelligence owes to the teaching force its development along the lines of civilization and knowledge. The greatest teacher in all the history of men was Christ, and one of the greatest teaching influences which came from him was the establishment of his church as a successful teacher in religious matters. The speaker declared that much enthusiasm is necessary in the teacher's work to bring forth the best results, and intimated that a teacher with a gentle, even temperament, shedding sunshine, tends to make the hours spent in the school room much happier for all concerned. He pronounced the calling of the teacher a most honorable one, saying:

### LAUDS EDUCATORS

"The effect of education can be defined as the art of living completely," declared Rev. Joseph McLaughlin of St. Vincent's college in speaking of the methods of teaching religion. He confined his remarks to practical methods and said that one of the very important duties of the teacher is to encourage pupils to ask questions concerning the subject at hand. In this way, he said, a much better insight into the deep questions of religion may be obtained.

Bishop Conaty followed Rev. McLaughlin with remarks concerning many units in New Testament studies, and also dealt with teaching the catechism. He made several valuable suggestions regarding methods of catechism teaching.

### GOPHER TRAPS FAIL TO CATCH RATS IN JAIL

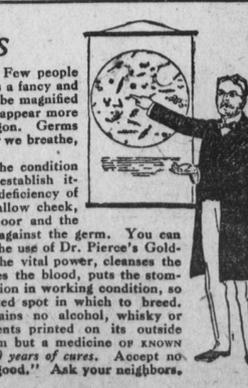

The head trustee at the county jail rushed up to Deputy Sheriff Browne yesterday and informed him that the rats which make their domicile in Sheriff Hammett's lockup have absolutely refused to be decoyed to their death in the new traps furnished for that purpose.

Failler Gallagher requested to be shown one of the traps, and then a general laugh followed, for through some misunderstanding, gopher traps had been sent to the jail, and the unknown trustee expected them to do execution among the rodent invaders.

### Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whiskey or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
