T. D. TROTT KEEPS OUT OF COWING FIGHT

Colonel Feels He Might Be Accused of Assuming the Party Dictatorship

STANDS BY KNOWN POLICIES

Former President Is Noncommittal as to Supporting Progressive Republicans

(Associated Press)

OYSTER BAY, N. Y., July 27.—Those who heard Theodore Roosevelt talk at Sagamore Hill this afternoon came away with a sharply etched shadow picture of what his attitude will be in state and national politics.

He wishes to keep in the background in the approaching campaign, for he feels that by taking too prominent a part in it he may be accused of assuming a dictatorship.

Broadly speaking he will, as he has said on several occasions, do all in his power to help the men who stood by him and his policies, but was noncommittal as to whether he expects to carry this to the point of coming out openly in favor of the Republicans.

He is tired of belonging to a party which is known as the liquor party, declared Mr. Wade.

G. W. P. PLATEFORM AS COMPROMISE

Taft, Tariff and Conservation Are Indorsed by Ohio Republicans

DOCUMENT SOUNDS KEYNOTE

Regulars Call Planks Fine, and Insurgents Say 99 Per Cent Good

(Continued from Page One)

with the administration, congress and the tariff are in part as follows: "We, the Republicans of Ohio, in state convention assembled, commend in highest terms the splendid administration of William H. Taft, are proud of the results achieved in his seventeen months in office, and pledge him our hearty and united support in further efforts as chief executive of the nation.

"The tariff has been revised in accordance with the Republican doctrine of protecting home industries and American labor. It did not raise the rate of duty on a single common food product. The increase made were on luxuries and articles not of ordinary use. It affords no more than adequate protection to the industries of the nation, and is fair alike to consumers, laborers and producers.

"The Republican party, through congress and the president, has given free trade with the Philippines, with such limitations as to sugar and tobacco as will afford protection to domestic industries, and has established a customs court."

"We favor legislation which shall revive our merchant marine; the equal enforcement of all laws; an adequate national police force; the maintenance and protection of all our interests at home and abroad, while favoring arbitration in the settlement of international disputes, systematic, and businesslike improvement of our rivers, harbors and waterways, and such amendments of the anti-trust law as final judicial interpretation may prove to be proper for the proper regulation of monopolies."

"We indorse the principle of conservation of our national resources and cordially indorse the action of the present congress in enacting, and of President Taft in approving, legislation along this line.

"We demand that enforcement of existing laws and the enactment of new laws for the protection, wise use and conservation of the natural resources under the control of federal government. These resources, such as coal deposits of Alaska, water power and reservoir sites, should be developed under a system by which no abuse of monopoly can be avoided and just compensation to the public obtained."

"Other planks are for: Limiting the rate for all purposes to ten mills; supervision and regulation of all public utilities by a commission; giving to municipalities the right of home rule and to the people the right to vote on the granting of public franchises; legislation for establishing good roads; protection of labor; a state law requiring the public utility companies to file their rates with the public utility commission; individual punishment for corporate offenses and the calling of a constitutional convention to draft a new state constitution."

SKETCH OF HARDING COLUMBUS, Ohio, July 27.—Warren G. Harding, the Republican nominee for governor of Ohio, is 45 years old, and is proprietor of the Marion Evening Star of Marion, Ohio, where he is also lieutenant governor of Ohio under Myron T. Herrick and is a campaign orator of note.

THIRD TICKET ENLIVEN PENNSYLVANIA POLITICS PHILADELPHIA, July 27.—Political affairs in Pennsylvania began to liven up today with the assembling of delegates for the independent state convention which will be held tomorrow. NICARAGUAN BOARD TO ASK ADVICE OF U. S. Central American Republic's Representatives to Request Peace Suggestions

NEW YORK, July 27.—With instructions to ask the United States government for suggestions as to the best methods of restoring peace in their country, Dr. Modesto Barrios and Dr. Sebastina Salinas, of Nicaragua, are in New York en route to Washington.

They are a commission appointed by President Madrid and as a part of their work they aim to restore friendly relations between the two countries. The commissioners will do some preliminary work in Washington before trying to see President Taft.

Both are vehement in denunciation of stories circulated in this country to the effect that Americans are being treated harshly in their country, and that American who are prisoners of war have been subjected to indignities. They also deny that Zelaya, although far from his native land, really is the head of the Nicaraguan government.

Dr. Madrid and others carrying out his orders. They declare that Madrid is not friendly to Zelaya and will take no orders from him as to the manner of conducting the government.

"General Zelaya," said Dr. Barrios, "is no favorite with the people of the country and has no standing with the government."

Regarding anti-American sentiment in Nicaragua, Dr. Barrios said there was none, but the prisoners of war thought, had tried to stir up demonstrations of this kind with the idea of getting the Madrid government in bad favor with the government of the United States.

MONTANA MILITIA TO FIGHT FOREST FIRES Governor Norris May Excuse Co. from Attending Maneuvers

HELENA, Mont., July 27.—In response to a request from Libby, Governor Norris yesterday had company L, Montana national guard, detailed to assist in fighting forest fires at the place. The company was under orders for American Lake to attend the general northwestern army maneuvers, but unless the forest fire is extinguished in the next forty-eight hours the company will be excused from attending the encampment.

SHOOTING CONDUCTOR AND JUMPS OFF MOVING TRAIN

Allege Death of Railroad Man Result of Trouble of Long Standing

CLIFTON, Ariz., July 27.—John Veltou, an old-time resident of Clifton and Morenci, shot and killed E. E. Cook, conductor on the Morenci Southern railroad, at 10 o'clock this morning.
