

REVOLT IN SPAIN ALARMS MINISTRY

Troops Dispatched to Basque Provinces to Suppress Insurrection

APPEAL WILL BE SENT KING

Clericals to Hold Great Demonstration Despite Government's Prohibition

(Associated Press)
SAN SEBASTIAN, Aug. 4.—An insurrectionary movement, it is reported, has started in the Basque provinces of Biscaya and Guipuzcoa, and in the adjoining province of Navarra. The government is dispatching troops to the scene.

In spite of the prohibition placed by the government on the proposed manifestation of the clerical next Sunday the organizers are actively pushing their preparations. They assert the manifestation will take place even if the people are forced to proceed to San Sebastian on foot from the various outlying districts.

The leaders in the movement warmly criticize the government for its attitude and have decided to telegraph the king in protest. This message will be sent to England, where the king now is, by way of Bayonne, France, for fear it might be stopped in Spain. The Carlist party, which has issued a proclamation to the Carlists urging them to send a delegation to take part in the manifestation to show their adhesion to the Vatican and crush the attempts at de-Christianization.

ISSUES PROHIBITION OF CLERICAL MANIFESTATION

Spanish Minister Renews Order Against Demonstration

MADRID, Aug. 4.—A renewed and formal prohibition of the proposed manifestation of the clerical forces at San Sebastian, the summer capital, next Sunday was today issued by the minister of the interior.

The organizers of the demonstration nevertheless persist in their plans and as the Republican leaders are arranging an anti-clerical demonstration at San Sebastian on the same day, great apprehension prevails.

The clerical press publishes today further articles of extreme vehemence against the government. The organizers of the anti-governmental demonstration have, in circular letters to the clergy, urged them to incite their congregations to refuse obedience to the prohibition of the demonstration.

Troops are being held in readiness.

ORDER PAPAL NUNCIO TO BE READY TO LEAVE MADRID

ROME, Aug. 4.—Monsignor Vico, the papal nuncio to the Spanish court, was given instructions from the Vatican to be ready to leave Madrid at a moment's notice in case of an unfavorable issue to the negotiations. This points to a complete disruption of relations between Spain and the Vatican, and indicates that little is hoped for the answer that Cardinal Merry del Val is now drafting. The note will be made public until after its delivery.

PROTEST AGAINST CATHOLICS

VENEZUELAN REGULATIONS HAMPER AMERICAN TRADE

Certificates of Purity Required from Exporters

NEW YORK, Aug. 4.—New York commission merchants and exporters who do business with Venezuela, have filed protests against a regulation recently imposed by Venezuela on exports to that country. They assert the regulations, like others imposed from time to time, apparently have no other aim than to harass American shippers.

The new rule has to do with all food products shipped from the United States to Venezuela. It requires shippers to file with the Venezuelan consulate chemists' certificates guaranteeing purity. If an exporter buys goods from fifty different sources, he must file that number of certificates, and the chemists must swear to the certificates, which must remain on file at the consulate and must be renewed annually.

The exporters protest that the purity of food products is sufficiently guaranteed by registration with the department of agriculture under the pure food and drug act.

DECLARES ESTRADA BACKED BY ZELAYA

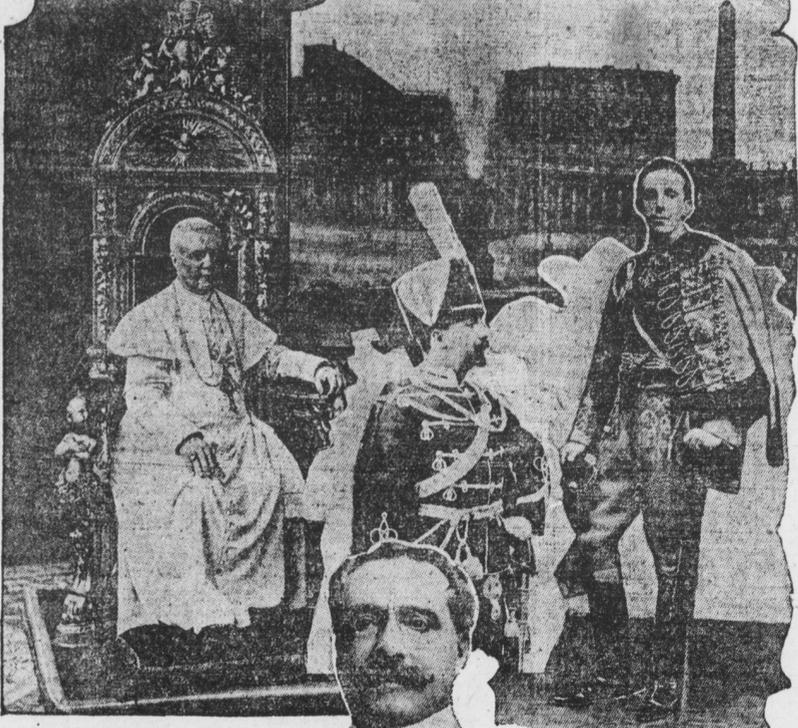

WASHINGTON, Aug. 4.—Again charging that the Zelaya faction through the manipulations of the son-in-law of the former Nicaraguan president, was being poured into the Estrada coffers to defray the expenses of the warfare against the Madriz government in Nicaragua, and reiterating his stories of the unpopularity of the former president, a statement was made here today by Dr. Sebastian Salinas, who with Modesto Barrios, came to this country to try and establish friendly relations between Madriz and the United States.

Barrios still is in New York and the mission of Salinas to this city is non-political. He came here to place his young daughter in school and expects to return to New York tomorrow. He made no effort to see officials of the state department.

TWO DIE IN AVALANCHE

RED BLUFF, Cal., Aug. 4.—Christus Legros and P. Munoz, Spaniards, engaged in digging a ditch on a mountain side near Mantos, were killed by an avalanche which buried them under a great mass of earth and rocks.

Prominent Figures in Church and State Struggle Which Has Reached Crisis and Threatens Revolution

BELIEVE WENDLING WILL BREAK DOWN AND CONFESS

Officers Expect Accused Man to Tell All When Confronted by Evidence

DENVER, Aug. 4.—Joseph Wendling, alleged murderer of 8-year-old Alma Kellner at Louisville, Ky., who is being brought from California by Detective Carney of Louisville, is expected to break down and confess when confronted by the evidence against him, according to Col. John H. Whallen of the Louisville police, who, with Chief of Police Lindsey, arrived here last night to meet Carney and his prisoner.

"Once Wendling is in a cell at Louisville and realizes the case that Carney has worked up against him," said Col. Whallen today, "I think he will break down."

In addition to the telltale clothes, Col. Whallen said the police are in possession of other articles that will help to convict the murderer, including a piece of carpet in which the body of the child was wrapped.

After the murder, the body was carried to the church basement and thrown into the furnace, Whallen declared. Later it was buried in the furnace room, but for some reason dug up again, and, with some articles belonging to the child, wrapped in a piece of carpet and thrown in the sub-basement. Then a water pipe was broken in the sub-basement, flooded. "The evidence we have collected," said Col. Whallen, "makes a perfect case."

GRAPE CROP AT RHEIMS FAILS: CHAMPAGNE SCARCE

Mildew Causes Big Loss in District of French Wineries

WASHINGTON, Aug. 4.—Champagne may become a greater luxury this year on account of the ravages of mildew among the grape vines of the Rheims district of France than it was made by the imposition of a higher duty in the recent tariff law.

United States Consul Bardell of Rheims says the champagne vintners are greatly concerned over the discouraging outlook for the present year's crop in that district, which last year exported to the United States \$42,216 bottles of champagne and in the previous year \$36,812 bottles.

While the vine growers are worrying about the poor prospects for a poor crop, says Mr. Bardell, the champagne manufacturers and exporters are much exercised over the sudden increase in the German tariff on champagne, which places the duty at 83½ cents a bottle, or 3 cents higher than that imposed by the United States.

NEW FIRM WILL TAKE OVER WHALER'S SHIPS

VICTORIA, B. C., Aug. 4.

Mackenzie & Mann, builders of the Canadian Pacific railroad, have taken an option on the Pacific Whaling company property and business and will pay about \$1,000,000 for the concern. A new company will be organized in London with a capital of several million dollars, and a fleet of schooners will be built to engage in shark and halibut fishing, in addition to whaling, the shark fishing enterprise being the first established in the waters of this continent.

Several new whaling steamers have been ordered in Norway and a schooner fleet will be built here.

CARS IN CHICAGO HURT 326 PERSONS IN MONTH

CHICAGO, Aug. 4.—Three hundred and twenty-six persons were injured and five killed in 308 street car accidents in Chicago during July, according to a report made by City Attorney Caverly yesterday. Following were the causes of the accidents: Crossing streets, 57; getting on or off cars, 110; riding on steps or platforms, 41; vehicle collisions, 45; car collisions, 16; other causes, 47.

CHINA ORDERS CRUISERS FOR TRAINING VESSELS

Celestial Kingdom to Revive Foo Chow and Tien Tsin Naval Colleges

SEATTLE, Aug. 4.—C. D. Tenney, secretary of the American legation at Peking, who arrived from the Orient last night, reports that China has ordered two cruisers of over 10,000 tons constructed in England for training vessels and will revive the Foo Chow and Tien Tsin naval colleges.

Prince Tsai Hau, who will sail for the United States August 24, as alleged cable, is commissioned to gather information that will enable him to formulate a naval policy for China.

Similarly the prince's brother, Prince Tsai Tao, who has just returned from Europe, has been investigating with regard to military plans.

Professor Tenney said he has been many years in China and was formerly head of the Pei Wang university, said the new army organization was nearly effected. There was a standing force of 60,000 efficient, well armed troops, a nucleus of a paper strength of 150,000 troops, for which equipment was ready. He stated that progress was now more rapid than at any time in China's history, though the advance was by no means being made as fast as Japan had progressed.

"Not in the days since China entered the progressive era have affairs of the United States, its trade and its people been regarded with the favor that now prevails," said Professor Tenney. "American enterprises in the empire are flourishing. The number of resident United States citizens is steadily growing. The opening of several large manufacturing plants recently has added a large number of young Americans."

"Protests from Canton merchants against alleged unfair treatment by government officials in San Francisco of Chinese arrivals at that port, have recently been made. None of these protests assailed prevailing laws regulating Chinese exclusion, but the fairness due the Chinese is not being given. It does not appear that the matter is attracting wide attention, although press reports indicate an effort at establishing a boycott is being made."

TARPEY TO REPRESENT CALIFORNIA IN MEXICO

Well Known Vinyardist Accepts Appointment

FRESNO, Aug. 4.—M. F. Tarpey, the local vinyardist, announced today that he would accept an invitation to represent the city of San Francisco and the state of California at the exposition to be held in Puebla, Mex., next September.

Tarpey was selected for the position by a unanimous vote by the exploitation and publicity committee of the Panama-Pacific International exposition held in San Francisco recently. He was notified of the selection today and promptly signified his intention of accepting. Tarpey formerly lived in Mexico and knows the country thoroughly. His appointment is expected to aid in securing the 1915 exposition for San Francisco. Credentials will be forwarded within a few days to Tarpey by Governor McCall, and Mayor McCaskey of San Francisco.

EMIGRANTS TO CANADA EXCEED THE IMMIGRANTS

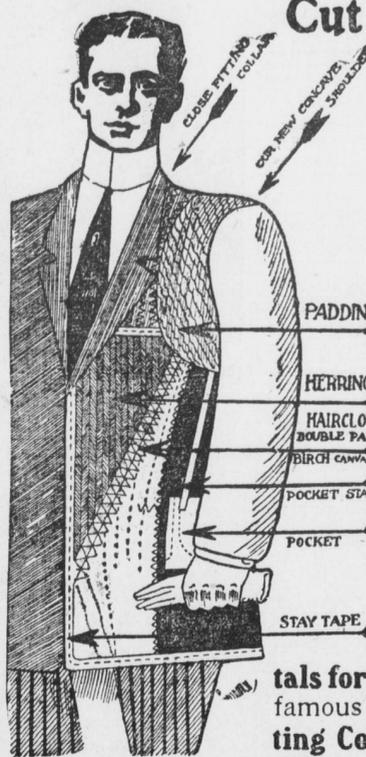

WASHINGTON, Aug. 4.—Immigration from and emigration to Canada is the subject of a statement issued today by the immigration bureau. During the twelve months ending March 31 there were 74,212 arrivals of aliens and citizens from Canada for permanent residence in the United States against 61,517 during the previous twelve months.

In the same period there were 103,789 departures of aliens and citizens from the United States into Canada for permanent residence against 59,842 the previous twelve months. Citizens arriving were not counted during the whole of 1909, and it is estimated that 15,000 arrived during the year. That number has been included in making up the total of 61,517 arrivals.

L. C. SMITH & BROS. WIN WORLD'S RECORD

NEW YORK, Aug. 4.—L. C. Smith & Bros., typewriter company, Syracuse, N. Y., have received an order for 621 typewriters of their manufacture from the Dupont Powder company of Wilmington, Delaware. This order for more than 621 machines is the largest order ever given by any firm or corporation for typewriters for their own use. The Dupont company standardized with L. C. Smith & Bros. on unanimous recommendation from five of their mechanical engineers, discarding all typewriters of other manufacture.

"Pay Less" Dress Better

Cut Out Middle Profits

Our system of selling Woolens and Tailoring them from "Mills Direct to Man," has struck the popular idea both in Europe and America. The result is we make to measure over 5000 suits daily in North America alone—at

A Single Price
No More \$16 No Less

It is the one study of our high salaried Cutters and Tailors to continue to perfection the "Vitals for Correct Fitting Coats"—our now famous **Concave Shoulders—Close Fitting Collars—Never Break Front**.

MAN ATTACKED BY A FOX KILLS ANIMAL
 DEREK, Pa., Aug. 4.—John W. Aurora, a painter who lives in the mountains, a few miles from here, was returning to his home last night when an animal he thought was a wildcat sprang from the bushes and closed its jaws on his leg. He kicked the animal free and grabbing it by the hind legs dashed it to death against a rock. He carried the carcass home, where he discovered he had killed a female gray fox. The pelt measured forty-two inches from the tip of the nose to the tail.
