

FRIDAY MORNING, AUGUST 5, 1910.

TO REVEAL FIGHT ON DIAZ' REGIME

Villareal, Magon and Rivera Return After Three Years in Arizona Prison

WELCOMED HOME BY CROWDS

Liberals Will Begin Again Their Campaign to Overthrow President of Mexico

Three hundred persons assembled at the Arcade station yesterday afternoon and welcomed Ricardo Flores Magon, Antonio Villareal and Liberado Rivera, the Mexican liberals who were released from the Arizona state prison Tuesday after serving a three years' sentence due to their desire to bring about a revolution in Mexico against the Diaz regime.

When they stepped from the train men and women began to clap and cheer, and on seeing that the demonstration was for them the three men, with tears in their eyes, doffed their hats.

Women embraced the men. There were cheers and cries of "Magon!" "Villareal!" "Rivera!" could be heard above the noise of the moving trains.

Foremost among the welcome were L. G. De Lara, Mrs. De Lara and F. H. Arismendez, both men having been arrested at the same time the returning liberals were first taken into custody.

De Lara and Arismendez secured their release and have carried on their work against Diaz.

RIVERA HAPPY De Lara fondly placed his arms around each one of the liberals and bade each a fervent welcome. Rivera seemed exceedingly happy, for at his side walked his wife, while their two children, Cuca, a girl aged 11, and Antonio, aged 7, clung to him and repeatedly caressed him.

The mother and children took up residence in Florence, Ariz., so that they may be near him. Villareal bore an air of sadness, for two days prior to his release word came to him in his prison cell that his brother had died in San Antonio, Tex.

At each step the trio took toward the doorway of the station Mexicans and Americans, men and women, grasped their hands and many informed them that they, too, would work for the cause of Mexican liberty.

WILL RENEW WORK Some in the crowd were apprehensive that the liberals would be re-arrested, and at the approach of newspaper men they eagerly sought information. They said that they expect agents of the Mexican president will try to again have the men imprisoned, for Magon, Villareal and Rivera are firm in the resolve to take up the revolutionary work where they left off.

It was nearly an hour after their arrival in Los Angeles before the men were enabled to leave the depot. Villareal was taken to the De Lara home, while Magon and the Rivera family went to the Chippendale. Many people called on them throughout the afternoon.

Sunday evening in the auditorium of Labor temple a mass meeting will be held. L. G. De Lara, Mrs. B. W. Starkweather, Mrs. De Lara and others, Job Harriman and C. K. Broecker are in charge of arrangements. At this meeting speeches will be delivered by Magon, A. R. Holston, J. Harriman, L. G. De Lara and J. K. Turner.

Villareal and Rivera do not speak English fluently, therefore Magon will address the assemblage and formally thank their friends and sympathizers in behalf of himself and companions. The other speakers are representatives of labor unions and of the Socialist party.

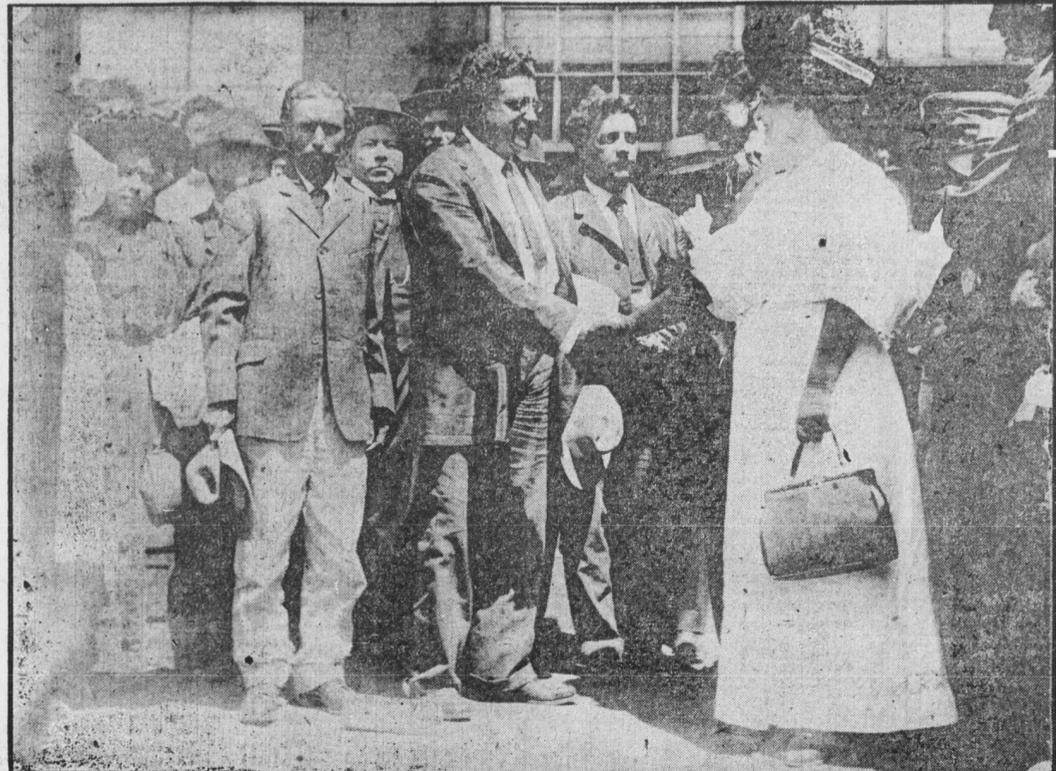

MAGON SATISFIED While listening to the shouts of the people Magon said: "I am very much satisfied and encouraged with the outlook for our work in Los Angeles. The fact that these people makes things look all the brighter."

With his hand resting on the shoulder of De Lara, Magon said: "We are thankful to our friends in Los Angeles for this welcome and will repay their kindness by continuing to fight for our good and just cause."

Rivera, the little man of the three, through an interpreter spoke as follows: "I know not what to say, for I am overjoyed at being released from the children. I was kept from them for nearly four years."

The men show the signs of their imprisonment, for their faces are pale and their hair is graying, but they are determined to resume their work.

Mexican Liberals at Arcade Station on Their Return from Prison and View of Crowd Which Gathered There to Extend Them a Welcome

LOS ANGELES MAY GET WORLD'S PEACE CONGRESS

Convention League Is Asked to Make Attempt to Secure 1915 Session

It is possible that the 1915 convention of the World's Peace congress will be held in this city. Robert C. Root, local representative of the American Peace society, has asked the Convention league to use its influence in presenting the claims of Los Angeles to the delegates. The congress is now in session at Stockholm, Sweden. Before it is concluded a message probably will be sent from here asking the delegates to favorably consider Los Angeles in making future plans for a convention city.

Next year the peace advocates of the world undoubtedly will meet in some other European capital. Root, who has recently come here to represent the American Peace society on the Pacific coast, says the meetings of the peace congress bring together a lot of learned men, including jurists, scientists, college presidents and governors of states and territories.

The society has much to do with increasing the commerce of the world, according to Root. He explains this by saying that if there is peace commerce multiplies; if there is war shipping suffers and commerce depreciates. Root will appear before the executive committee of the Convention league Wednesday evening next to outline his ideas in reference to getting the peace delegates here.

WOMAN RUN DOWN AND KILLED BY A TRAIN

Mrs. Mortana Dies as Result of Her Injuries

Confused by the sight of an approaching switch engine, which bore down upon her at high speed, Mrs. Christina Mortana, 89 years old, ran in front of an inbound valley train of the Southern Pacific at Alameda and North Main streets early yesterday morning and received injuries which resulted in her death an hour later.

She was thrown twenty feet and high into the air, alighting on the top of her head. She was picked up unconscious and taken to the receiving hospital, where an effort was made to save her life, but she died without regaining consciousness.

According to eye witnesses, Mrs. Mortana was crossing the tracks at the intersection of the streets. The switch engine, outbound, approached her and it was when she attempted to get out of its path that she became confused and ran in front of the other train. She received a fracture of the skull and right leg and suffered internal hemorrhages.

The body was removed to the undertaking parlors of J. D. Button, where an inquest will be held this morning. She is survived by two granddaughters. One is Miss Julia Foster of 2521 Michigan ave., and the other a child living at Santa Barbara.

MINISTER ASKS HEART TROUBLE TREATMENT

The Rev. Joseph David, who recently arrived in Los Angeles from Riverside, called at the receiving hospital, suffering from chronic heart trouble, and applied for medical treatment. After a superficial examination by Assistant Police Surgeon Carter, he was referred to the county hospital, where he went later in the afternoon. Mr. David has been engaged in collecting subscriptions for the Christian church school at Cahida, in Asia Minor, which was destroyed by fire July 10, 1909. He has credentials from several foreign consuls in the United States, showing his connection with the missionary school.

Above (standing bareheaded, left to right)—LIBERADO RIVERA, ANTONIO VILLAREAL, RICARDO FLORES MAGON, L. G. DE LARA, and at his side shaking hands with Villareal MRS. DE LARA.

ARIZONANS WILL MEET AT BEACH AND BANQUET

Members of Local Hassayampa Club Prepare for Three Days' Celebration

The Hassayampa club of Los Angeles, composed of present and former residents of Arizona, will celebrate with a picnic and banquet August 16, 17 and 18. The opening day will be given over to speeches at the chamber of commerce, the president of the chamber of commerce, has been requested to make an address welcoming all Arizonans to Los Angeles.

Calvert Wilson, president of the chamber of commerce, and the other half former Arizonans who have become citizens of Los Angeles, will attend.

On the evening of August 18 a banquet at the Hollenbeck hotel will conclude the merrymaking. Water from the Hassayampa river will be served the guests. According to the Indian legend, anyone drinking this water while lying face downward and gazing down stream becomes a falsifier beyond redemption. It is understood, however, that the water at a banquet will not have this effect.

The celebration will be unusually interesting because of the promised stardom for the territory. Governor Richard E. Sloan of the territory will be present and others of prominence in territory affairs will take part. Citizens of New Mexico are invited to participate.

INTOXICATED MEXICAN TERRIFIES PEDESTRIANS

Magil Moreno, while intoxicated last evening, terrified pedestrians in the vicinity of the Los Angeles high school by displaying a revolver which he flourished in all directions and boasted of his ability to shoot.

A report reached the central station that the Mexican was momentarily expected to run amuck. Officer Moreno was sent to the scene and Moreno meekly submitted to arrest.

TEACH CHILDREN LOCAL HISTORY, SAYS MISS FOY

Pioneer Days Inspiring to Pupils. Declares Educator

"We should keep constantly before the children the principal local historical events of the past and to instill into their minds the great value of imagination pertaining to them," said Miss Mary C. Foy in an address given before the North, Northeast and Northwest Improvement association yesterday afternoon on the subject of "Los Angeles, Yesterday, Today and Tomorrow," at the assembly room at the chamber of commerce.

"We should act on the basis," continued Miss Foy, "of keeping the record of proceedings bearing on the past historical events to be cherished in this and future epochs of human existence."

TWO WORKINGMEN SUFFER LOSS OF HOMES BY FIRE

Two fires, within an hour, completely destroyed the homes of two workingmen early yesterday morning, robbing the families of their shelter. The first alarm was from 1501 East Forty-second street, when the one-story frame building occupied by Joe Kautera caught fire. The cause of the fire is unknown, but it is thought to have been caused by crossed wires. The loss is estimated at \$300.

A few minutes after the firemen had returned to the engine house another call was received from 527 Phillo street, where the home of F. L. Armstrong caught fire by the explosion of a gasoline stove while breakfast was being prepared. Damage to the building is estimated at \$400, and the loss to the contents at \$300. Neither of the losses is covered by insurance. Both families were given shelter by neighbors.

GALBRAITH BROUGHT BACK

James Galbraith, wanted in Los Angeles on a charge of obtaining money by false pretenses, was brought back from Bellingham, Wash., yesterday morning by Deputy Sheriff Crowley.

WAR ON CORPORATION MUST STOP, SAYS COURT

Justice Summerfield Releases Men Accused by Water Co. of Mischief

After calling several witnesses yesterday in the preliminary examination of Mat Angell, A. G. Miller and George L. Adams, who are charged with having committed malicious mischief on the property of the Longview Land and Water company, Justice Summerfield allowed the men to go on their own recognizance until September 21, first warning them that should they engage in any controversy pending the outcome of their case he would issue bench warrants for their rearrest and would place them in the county jail.

The complaint against the men was sworn to by A. W. Brode, secretary of the water company, who claims that the defendants, in company with Frank Angell, Albert Martin and George Angell, trespassed on the land of the company, and after battering several of the employees, tore down dams constructed in Big Rock creek. Warrants are out for the arrest of Frank Angell, Albert Martin and George Angell, but they have not been located.

The defendants contend that by virtue of their holding government land they had permission to clean out any obstruction in Big Bear creek. Assistant District Attorney Newmire, who is handling the case against the men, stated in court yesterday that the law only gives them the right to start injunction proceedings in order to have the dams removed. The defendants live in the northern part of the county on desert land.

RELEASED ON BAIL IN STOCK SALE CASE

George W. Maxwell, recently arrested on complaint of George Gordon, who accused him of obtaining money by false pretenses, was arraigned before Justice Pierce yesterday and was given his release, friends having deposited a \$3000 bond. Gordon alleges that Campbell sold him \$500 worth of stock in the Sanitary Liquid Proof-Paper company, claiming that the firm was free of debt. The complainant avers that at the time of the stock sale the company was heavily in debt and that by purchasing the stock he became partly liable for the settlement of the debts. Maxwell will be given a preliminary examination September 3.
