

ARREST SUSPECT IN STAGE HOLDUP

Charge William Day with Being Partner in Mogollon-Silver City Robbery

PRISONER SAYS IS INNOCENT

Accused Bandit Will Resist Extradition by Officials of New Mexico

GLOBE, Ariz., Aug. 20.—Accused of being a partner in the holdup of the Mogollon-Silver City stage two weeks ago in which Jose Dominguez, the stage driver, was killed and a large quantity of silver bullion was stolen, William Day was arrested at Miami, near this city, today by Under Sheriff Frank Haynes.

Day, aged 30, of medium build, dark complexioned and marked with small-pox, admits that he is the man for whom the authorities of New Mexico are looking, but protests his innocence of the crime. He even admits, so officers claim, to have been at Mogollon at the time of the holdup.

Arrest was consummated after telegraphic advices were received from Fred Fornoff, captain of mounted police of New Mexico, telling of Day's presence here. He was arrested while playing cards in a saloon and offered no resistance.

According to the authorities, a Mexican woman formerly employed in a resort at Mogollon identified Day as having been at that place at the time of the holdup. The woman, who was aboard the stage when held up a few days before the robbery which resulted in the murder of Dominguez, claims the perpetrator of the first holdup resembled Day as to height and build, but as he was masked at the time she is unable to identify him positively.

As the same bandits are thought to have perpetrated both holdups, today's capture is regarded as important and Day will be taken to New Mexico at once. He has stated that the authorities will agree to give him a hearing before a magistrate in the district where the robbery was committed he will make no defense, but if the hearing is to be held elsewhere he will fight extradition with every dollar he possesses.

When arrested Day had a small amount of money and was wearing a heavy gold ring with "Alaska" engraved on it. He claims to have plenty of funds at his command.

Lieutenant Collier of the New Mexico mounted police arrived tonight to take charge of Day.

According to Collier, a woman in El Paso whom Day intended to marry has made statements strongly implicating him in the robbery and murder.

NEW BATTLESHIP ORION LAUNCHED IN ENGLAND

Latest Vessel Most Powerful in British Navy

PORTSMOUTH, Eng., Aug. 20.—The Orion, Great Britain's newest and greatest battleship, was launched here today in the presence of King Alfonso and Queen Victoria of Spain. Compared with the armored cruiser Lion, of 26,300 tons, just launched, the Orion will displace only 22,500 tons, but her ten 13.5-inch guns and her new deadly equipment of torpedoes render her by far the most powerful battleship afloat.

AUGUST COTTON SHOWS SENSATIONAL ADVANCE

Bull Campaign in Progress Since Last Winter Develops New Phase

NEW YORK, Aug. 20.—The cotton market had another phase today of the big bull campaign which has been in progress here since last winter, under the leadership of the southern bull operators, and there was a sensational advance in the price of August cotton. The speculative shorts, who, in spite of the big prices reached in May and July, had been waiting until the last moment, hoping that the new crop movement in the southwest would lead to the liquidation of the bull holdings, became active buyers.

Offerings were small, and after opening at \$15.90, August deliveries quickly went up to \$16.43, about \$2.50 per bale above the closing price of yesterday and at a new high record for the season.

It was estimated that the shorts were not able to buy over 2000 or 3000 bales on this big advance, and rumors that the total interest remaining to be covered was in excess of 50,000 bales, rendered the whole market very nervous and excited.

The new crop months followed the August advance rather slowly, but gradually sold up to a net gain of between 10 and 15 points.

KNOCKOUT DROPS PROVE FATAL TO TWO TAILORS

Police Believe Men Victims of Holdups

NEW YORK, Aug. 20.—Two tailors are dying in a Harlem hospital here today from the effects of knockout drops. They were found lying unconscious and apparently dead on the platform of an uptown "L" station. The police believe that they were the victims of holdup men, who, after rifling their victims' pockets, dragged them to the elevated station with the intention of placing their supposedly dead bodies on the tracks.

It is the opinion of the police that the assailants were frightened away before accomplishing their purpose. The hospital surgeons have been unable to revive either of the victims sufficiently to get a coherent story as to where they had been or what happened.

CRIPPEN AND GIRL SAIL FOR ENGLAND

Detective Dew Is Ridiculous in Effort to Show His Smartness

(Continued from Page One) the bridge. There they will be effectively screened from observation. PRISONERS SURPRISED Neither learned they would sail today until 5 this morning, when they were awakened. Crippen hastily packed the little satchel Jailer Morin had brought him with clothing and several novels. Miss Lenoze carried her scant effects in a paper parcel. She wore a neat blue suit bought her with her own money and a large hat that sat jauntily atop of the light brown wig the matron had granted to hide her short hair.

Both prisoners seemed glad to go. They thanked the jailer for his kindness and Crippen made him a present of one of the second-hand novels he had bought to read in his cell. On the fly leaf he wrote with a pencil: "A. M. L. Morin, governor Quebec prison: 'I trust you will do me the great honor to accept this as a small appreciation of the gratitude and many kindnesses you have shown during my sojourn here in Quebec.' (Signed) 'DR. H. H. CRIPPEN.' The parentheses are Crippen's own.

CURRENCY ASSOCIATION FORMED IN LOUISIANA

National Banks Organize Under Provisions of Aldrich-Vreeland Act

WASHINGTON, Aug. 20.—National banks in Louisiana have formed a currency association, such as authorized by the Aldrich-Vreeland act of 1908, and yesterday reported its organization to the secretary of the treasury. Currency associations have been reported previously from six other cities, and banks in twenty more are in correspondence with the treasury, preparing for organization.

Current associations have authorized national banks to issue additional currency on certain securities. Such issues are highly taxed with a view of forcing early retirement. Although authorized in 1908, it is only within the last few weeks that the banks of the country have begun to take advantage of the law.

Some bankers in reserve cities have opposed the organization of the association because they thought it might increase the difficulty and hoarding of money. Others have thought that the law provides no way for a bank to get out of a currency association after it has entered.

Secretary MacVeagh, however, in the last few weeks has interested himself in the formation of the associations. The operation of the law has been somewhat simplified and whatever objection may have been felt in financial circles seems to have disappeared.

PRINCELY SLAYER IS FREE FROM CUSTODY

Titled Prussian Criminal Will Become a Farmer

HANOVER, Prussia, Aug. 20.—Prince Prosper of Arenberg, who was condemned to death by a court martial in German Southwest Africa in 1899 for murder and other crimes committed against the natives, but whose sentence was subsequently commuted, was discharged today as cured from the sanitarium at Oberode, where he had been confined since he was pronounced insane in 1904.

The prince will go to Argentina in charge of a guardian appointed by the court, where he will become a farmer. His title has been dropped, the court giving him the name of Roland, the name of his father.

Newspapers charged that the prince was not treated as other prisoners, but was addressed as "your highness" and given an easy time.

BOY FATALLY BURNED BY FLAMING OIL IN SEWER

NEWARK, N. J., Aug. 20.—Harold Koss, an 18-year-old school boy, is dying at his home here and two of his young companions are under the care of hospital surgeons as the result of burns received last night when one of them threw a lighted paper into a sewer basin in which a quantity of oil had been dropped by board of health inspectors to check the breeding of mosquitoes.

The lads were enveloped in flames a moment later, Koss' clothing being burned from his body before help could reach him.

ARREST FUGITIVE AFTER CHASE OF FIVE YEARS

MEXICO CITY, Aug. 20.—After a pursuit covering five years, John Joseph Flay, a Syrian, is about to be returned to Seattle to stand trial for the murder in the city of Los Angeles of a 17-year-old girl of his own race. He will leave Mexico Monday in custody of a deputy sheriff.

Flay fled to Mexico after the crime was committed in 1905. He was recognized recently in Tulancingo, state of Hidalgo, by a Greek dealer in Syrian goods, who notified the Seattle authorities.

DOCTORS AGREE GAYNOR WILL RECOVER SHORTLY

NEW YORK, Aug. 20.—Mayor Gaynor's condition was excellent today, his physicians said, and the period of danger has now passed. The doctors agree that he will be completely recovered within a short time.

The physicians have practically decided not to operate to remove the bullet, as they think the mayor will suffer no inconvenience from it.

STORY OF ULTIMATUM DENIED BY ROOSEVELT

Former President Says He Did Not Command Taft

OYSTER BAY, N. Y., Aug. 20.—Theodore Roosevelt denied emphatically today that he had sent an ultimatum to President Taft demanding that the president break with Vice President Sherman.

Colonel Roosevelt's attention was called to a report that Lloyd C. Griscom, chairman of the New York Republican committee, was to go to the summer White House next week "to carry the terms of peace between Beverly and Sagamore hill."

The report he said that Mr. Sherman was chiefly responsible for the action of the state committee in refusing to select Colonel Roosevelt as temporary chairman of the New York state Republican convention and in recommending the vice president instead.

"I have sent no ultimatum to President Taft," Colonel Roosevelt said. "The report is a tissue of falsehood from beginning to end."

The colonel added that he had not sent Mr. Griscom or any one else to Beverly on any mission. He made it clear that he had no intention of doing so, and recognized no situation which could call for such a step.

SHERMAN MAY ATTEMPT RESTORATION OF HARMONY

NEW YORK, Aug. 20.—Republican leaders here heard today the report that Vice President Sherman might announce, in the interest of harmony, that he did not fully understand the position in which he was placed when he let his name go before the New York state committee for temporary chairman of the state convention, and that he would retire in order that Col. Roosevelt might have the unanimous vote of the convention for the temporary chairmanship.

RADICAL DEMOCRATS CONTROL IN COCHISE

Platform Says Statehood Bill's Form Humiliating

DOUGLAS, Ariz., Aug. 20.—The Democratic convention of Cochise county was controlled by the radicals after a hot fight, the steam roller being effective. The platform declares in part: "The enabling act forces upon us the humiliating condition of submitting to the present and congress the constitution of our state for approval. This is slander upon our intelligence, uncalculated for unjust and intended to destroy our county."

The platform declares for the initiative, referendum, recall, direct primary, direct election of senators, income tax, regulation of the rights of capital, prohibition of exclusive franchises, a corrupt practices act and employers' liability law. Ten delegates to the constitutional convention were nominated, as follows:

E. E. Ellwood, Thomas Finney and John Bolin of Bisbee; F. Parsons, R. B. Sims and P. F. Conley of Douglas; D. L. Cunningham of Tombstone; Dr. Frederick T. Wright of Douglas; Lowell and S. B. Bradner of Naco.

WILL ASK STATE TO BUY LANDS FOR REFORESTATION

Commission to Purchase of Deforested Areas

SEATTLE, Aug. 20.—The legislature of this state at its next session will be asked by the Washington commission on forest legislation to place upon the statute books a law which will enable the state to purchase outright at a maximum price of \$3 per acre, logged off lands for the purpose of reforestation. The commission held here today.

This recommendation was made by George S. Long of Tacoma, on behalf of the sub-committee on reforestation, of which he is chairman. The report carried a specific plan whereby the state can acquire title to deforested areas. One plan suggested by the committee provided that the legislature furnish a sufficient sum of money to enable the state to take over from the county non-agricultural lands that have reverted to the various counties as a result of delinquent taxes, at a price not to exceed \$3 per acre.

The commission also recommended another proposition to secure legislation by passing a law which will exempt timber land owners from taxation for a definite number of years, on condition that at the end of that period the cut-over land be deeded to the state by the timber owners.

COCHISE REPUBLICANS NAME THEIR CANDIDATES

BENSON, A. T., Aug. 20.—The Cochise Republican county convention named today the following ten delegates to be voted for by members of the constitutional convention at Phoenix: H. M. Wood, Sam Verran and J. D. Taylor, Bisbee; W. E. Mickle, Lowell; Charles O. Ellis, James Baker and Jacob Sherrer, Douglas; Charles Bowman, Tombstone; John F. Crowley, Wilcox; Milton Fairies, Benson. Dr. Frederick T. Wright of Douglas was chairman and George Jay of Naco secretary of the convention. The platform declares for the initiative and referendum and indorses President Taft, Delegate Cameron and Governor Sloan.

TO CALL SPECIAL SESSION

SACRAMENTO, Aug. 20.—It was unofficially stated today that Governor Gilliet plans on Monday to call a special session of the legislature to meet September 7 to consider the proposition to have the state bonded for \$5,000,000, the money to be used in securing the Panama-Pacific exposition in 1915 at San Francisco.

HILL'S SON-IN-LAW IS PUZZLED BY LAW SUIT

Declares There Has Been No Controversy on Education of Daughter

SEATTLE, Wash., Aug. 20.—Samuel Hill, son-in-law of James J. Hill, declared last night that he had no knowledge of legal proceedings begun by Mrs. James J. Hill in the courts of New York to secure the custody of his eldest daughter, Miss Mary Hill. He also said that the dispatch which gave the purpose of the proceeding as a desire on the part of Mrs. James J. Hill to educate Miss Mary Hill in the Catholic church was clearly an error, as he was most friendly with the representatives of that faith.

When Mr. Hill was interviewed he was at dinner at his home and one of his guests was the Rev. Emil Kauten, Catholic chaplain of Providence hospital. Father Kauten also stated that the dispatch was in error so far as the attitude of Mr. Hill toward the Catholic church was concerned.

"I do not know what the dispatch means," said Mr. Hill. "I have been served with no legal papers and I can say that my daughter Mary has not been served with any summons."

"There cannot be anything in that," said Father Kauten. "Mary has already been educated. Mr. Hill could not be opposing any proceedings in his pockets when in the Catholic church because he is very friendly to us."

Mr. Hill pointed out that Miss Mary Hill was of legal age and that she was her own mistress.

Mrs. Samuel Hill, who is the daughter of Mr. and Mrs. J. J. Hill, has been residing in Washington, D. C., for a year or more.

ACCUSE LAND COLONIZER OF PASSING BAD CHECKS

EL PASO, Tex., Aug. 20.—Fred D. Hill, alleged by the police to be a swindler, was arrested here today, charged with passing fraudulent checks. Hill is said to be engaged in colonizing a tract of land in Mexico and to have received scores of checks from persons living in the middle west. In his pockets when arrested were many alleged bogus and rejected checks, among them being one sent to a priest at Columbus, Ohio, in payment for prayers.

PUEBLO, Colo., Aug. 20.—Mrs. Susan A. Treador dropped dead yesterday when she was informed that her 5-year-old boy had sustained injuries which might cost him his eyesight. The woman had been in ill health recently.

The boy was watching men at work on a building when a piece of mortar fell and struck him in the face.

NEW YORK, Aug. 20.—The statement of clearing house banks for the week shows that the banks hold \$52,838,000 more than the requirements of the 25 per cent reserve rule. This is a decrease of \$427,000 in the proportionate cash reserve as compared with last week.
