These tires are now manufactured in the new Goodyear plant completed at Bowmanville, Canada, all of which goes to show that in Canada the success of the Goodyear tires is to duplicate that attained in the United States, and although the factory on the Canadian side of the line has but recently been completed, the company is already doubling its capacity for output for the coming season.

WRESTLERS WILL PERFORM AT NAUD JUNCTION SHED

Los Angeles will be given a good taste of the mat game September 16, when four bouts between wrestlers of ability will be staged at the Naud Junction pavilion by Joe Levy, all arrangements have been completed, and if the patronage is sufficient to warrant it wrestling shows will be staged at regular intervals. Since there is no boxing, the fans may take to the mat sport for their fun, and if such proves to be the case well-known wrestlers will be brought here.

As the windup on his initial card, Levy has matched Young Sandow and Fred Johnson, 145-pounders. They will grapple for best two falls in three, and an interesting bout is looked for. Jack Lee, a local motorman, and Bunde Barnhard will furnish the heavyweight part of the card, and Young Muldoon and the Terrible Greek will be called on to supply the fun in the 150-pound division. The other part of the program will see a couple of Japs showing how jiu-jitsu is handled.

The Pacific jockey club has granted dates for the meeting at Ogden from Friday, September 23, to Saturday, October 15. The same officials who served at Salt Lake City will be on hand. Dates were also granted for a seven days' meeting at Reno from September 23 to September 30. W. E. Phillips is secretary.
