

EMBARGO OFF ON DUCK AND QUAIL

Season Which Opens This Morning Promises Well for Scattergun Brigade

TIMELY TIPS FOR NIMRODS

Open season for ducks, black sea brant, mall, curlew, this, plover or other shore birds, October 1 to February 15. Duck limit, twenty-five in one day; others, twenty in one day.

Get out the old family blunderbuss and try out the triggers for today's day. After months of inactivity, save for dove shooting, the scattergun fraternity of Southern California will again have a chance to indulge in their favorite sport, and with quail, ducks and other game birds as their quarry, the Nimrods should have a busy time of it.

The season will be ushered in this morning and will last until February 1. For over a week preparations have been going on, and the downtown sporting goods stores report a big business in shells and equipment. All the nearby gun clubs announce a full attendance for opening day, and in every accessible spot where quail are apt to be found there also will be a hunter—perhaps many.

According to the law, shooting is permissible from half an hour before sunrise to half an hour after Old Sol takes his departure. This means that at 5:18 this morning the bombardment will begin, and according to all indications shooting will be incessant until the legal time has passed. The day following, being Sunday, will probably see even a greater number afield, and if the dope is right all should enjoy good sport.

Close to home shooting for quail will be something of a task this season, for reports indicate that the birds are not as thick as in other years. The San Bernardino valley will still give up its quota, however, and will undoubtedly be the Mecca for those who have not sufficient pull to locate on posted places. The entire country up toward La Canada, Crescenta and most of the San Gabriel river saguaro patches are plastered with signs which read, "No shooting, no game, will be little doing in that direction.

There are plenty of birds along between Oceanside and San Diego, and, in fact, all throughout the state. Reports augur well for the Nimrods who visit Temescal, Corona and farther along in Riverside county, Chatsworth Park and the surrounding territory is also expected to provide plenty of sport, and Ventura and Santa Barbara counties will be the scene of some lively splatting. From the duck clubs nothing but good news is heard. Many of the local ponds, into which water had not been run up to a few weeks ago, are rapidly occupied by the invaders from northern bird fields, and those fortunate enough to hold membership in any one of the high class local organizations are sure to get their money's worth of scattergun work—in the early season, at least.

Game wardens will be out in force, and it behooves those who have not secured their state hunting licenses to stay at home until they do. An active campaign will be waged all season against those trying to evade the tax, and the eagle-eyed man hunters will be found in all directions. "Sooner" shooting has also been reported, and the wardens will make every effort to grab a few of this class of offenders and make it interesting for them.

HARBIN, Manchuria, Sept. 30.—Jacob M. Dickinson, the American secretary of war; Gen. Clarence R. Edwards, chief of the bureau of Indian affairs, and their party passed through here today, en route from Peking to Moscow and St. Petersburg.

Babies of all sizes, colors and nationalities will compete for the many beautiful prizes

PECULIAR DAY CAUSES RUSH FOR UMBRELLAS

Prospects of a dismal sky brought forth a showing of umbrellas on the down town streets yesterday, but the water shedders were not called upon to protect the bearers from any deluge, as the weather happened to be playing only a bluffing game.

Weatherman Wollaber, who sized up the situation from his stronghold in the Central building, concluded that it was purely a local disturbance that was very much out of the usual trend

EXPLAINS INDUCEMENT FOR ASSISTING LORIMER

Representative Sheppard of Illinois Testifies Before Committee of State Legislators

CHICAGO, Sept. 30.—Representative Henry A. Sheppard of Jerseyville, Ill., a Democrat, testified before the Lorimer committee today that he was induced to vote for senator Lorimer on a promise of Lorimer that he would do all in his power to prevent the appointment of two Jerseyville men to the postmastership of that town.

Six witnesses were heard by the committee, of whom four were members of the legislature that elected Lorimer, George W. Myers, the only legislator of the four who did not vote for Lorimer, testified he had refused to vote for Lorimer after being informed by the Democratic leader, Lee O'Neil Browne, that there were good state jobs and "plenty of ready necessary" in prospect if he voted that way.

The postoffice promise Sheppard declared, was made in person by Senator Lorimer.

Representative Michael Link testified that he had received \$1000 from Browne and \$900 from Representative Wilson in St. Louis, but insisted the money was not in payment for his vote, which he declared he cast for Lorimer because of his attitude in favor of federal aid in the Illinois deep waterway project.

Representative John E. DeWolf of Fulton county declared he voted for Lorimer "to break the deadlock," and that he was not promised anything for his vote, nor did he receive anything for it. The other two witnesses corroborated some of the statements of Representative White.

GAZETTE REGULATIONS FOR GOVERNMENT OF KOREA

TOKIO Sept. 30.—The regulations adopted for the government of Korea were gazetted today. They provide for a governor general, invested with authority to make ordinances subject to the approval of the emperor of Japan. A premier and a privy council to administer affairs will be appointed.

The governor general will be Lieut. Gen. Viscount Terauchi, heretofore the resident general of Korea, and the deputy resident general, Isaburo Yamagata, will be the president of the privy council.

The regulations are lengthy and detailed, but will not change the general situation.

NEW YORK YOUTH DENIED FOOTBALL

Playgrounds Director Decides Complicated Rules Make Game Too Difficult

NEW YORK, Sept. 30.—Is football losing its interest for the American schoolboy? Howard Bradstreet, director of New York city's fifty public playgrounds, thinks that continual tinkering with the rules has made the game so complicated that the average boy of grammar school age would rather have a simpler game for his hours of recreation.

As a result of Mr. Bradstreet's investigation of the subject football will be turned down altogether at the New York playgrounds this year. Its place will be taken by soccer.

For boys of high school age and for the youth of the colleges Mr. Bradstreet thinks that the game still holds its fascination. The youths whom he looks after are for the most part of an age below that of first year high school pupils.

Says Mr. Bradstreet: "I find a prejudice against the game on the part of both boys and parents, and accordingly I am going to organize a soccer tournament to take the place of the American game."

"It will be a easy matter to cut out football, for, in the first place, most boys do not care for it. The changes in the rules mean nothing to the youngsters at the playgrounds, because they use pretty much their own rules."

"The principal difficulty in starting soccer will be to teach the game. When the boys learn it I am confident they will like soccer."

FREIGHT RATES ON CITRUS FRUITS ARE LOWERED

The freight rate on citrus fruits as far east as Fargo, N. D., was voluntarily lowered yesterday by the Southern Pacific and Salt Lake railroads, an action taken, undoubtedly, to keep the interstate commerce commission from stepping in and ordering such a change in the rate made. Citrus fruits of all descriptions may now be shipped to the point mentioned at the rate of \$1.15 per hundred pounds, the same as oranges. The fruit shipped at this rate will be sent up the coast and east over the Northern Pacific railroad.

COLUMBUS KNIGHTS ARE HOSTS AT LADIES' NIGHT

The "ladies' night," given by Los Angeles council, Knights of Columbus, at their clubhouse, last evening, was attended by more than 800 people. The clubhouse was gaily decorated with cut flowers and potted plants. The first part of the evening was devoted to a musicale, the program being in charge of Miss Johanna Molony. Those who took part were Miss Sadie Stanton, Miss Mercedes Criselska, Miss Helen Threshley, Miss Mabel Marse and Miss Johanna Molony. Following the program dancing was enjoyed and refreshments served.
