BELL WILL LEAVE TO END CAMPAIGN

Democratic Candidate Scheduled to Speak in Four Southern Towns Today

TOUR DISPELS ALL DOUBT

Enthusiasm Throughout Citrus Section Satisfies Standard Bearer of Party Strength

Theodore A. Bell, Democratic candidate for governor, will close his campaign in Southern California today when he addresses the voters of Sawelle, Burbank, Lankershim and San Fernando.

"Northern California never has been in doubt," Bell said yesterday, "but up until recently Southern California, the stronghold of the Republican insurgents, was doubtful."

"I have been agreeably surprised by the hearty reception tendered me wherever I appeared in Southern California during this last trip. In the citrus fruit belt, supposed to be the strongest districts for the opposition, Mr. Spallacy and myself have been received so heartily, our meetings attended by such crowds and our stated principles given such hearty support, that I cannot believe but that the citrus growers have come to the conclusion that the Democratic nominees are the best fitted to look after their interests and the best fitted to protect them from the gigantic special interests."

TRIP TO SAN FERNANDO Mr. Bell spent yesterday at his hotel, resting from the hard trips of last week and getting into condition for the harder ones to come during the next few days. Last evening he spent with friends at the beach. He will start out early this morning and visit the San Francisco graft cases.

WHITTIER, Oct. 30.—Disgusted with the organization because it endorsed District Attorney Fredericks for reelection, many Lincoln-Roosevelt Republicans have joined the Democrats in Whittier and last night the allied forces strung a Bell banner across the main street. The banner, 200 feet long, is the largest ever seen in Whittier.

LAWLOR IN SAN DIEGO Judge Lawlor left last night for San Diego and is visiting in that city today. On his present trip he will take in Southern California, visiting San Bernardino, Redlands, Pasadena and other southern towns. He will close his campaign in the bay counties, spending the last two days in the city of San Francisco.

On his last trip to Los Angeles Judge Lawlor delivered an address to the people at Long Beach which was one of the most able appeals for a judiciary unhampered by politics that has been heard in the present campaign. Following this speech the judge was surrounded by a number of Republicans, who pledged him their active support. He has found conditions similar to this throughout the state. Party lines have been eliminated in many contests and the voters have shown a determination to disregard party affiliations and support candidates not controlled by the Southern Pacific machine.

Judge Lawlor expects to make another visit in this city on his way north from San Diego.

BRIAND UPHELD IN DRAMATIC SCENE

Tumult in French Chamber of Deputies Dies Out in a Vote of Confidence

PARIS, Oct. 30.—Amidst an impressive hush, which contrasted strangely with yesterday's unprecedented passion and tumult in the chamber of deputies, Premier Briand today, in cool, incisive phrases and accomplished oratory, flayed the Socialists for their violence.

The premier asserted the chamber that he was no dictator, but a man of law and order, and at the end of the session his frank appeal for Republican support resulted in a vote of confidence, 319 to 173.

Since the days of the Boulanger and Dreyfus affairs no such interest has been displayed in session of the French parliament. Vast crowds besieged the doors at an early hour, in the square, the streets and on the Pont de la Concorde, and waited for hours in the rain to learn the outcome.

Yesterday the premier, in upholding the government for suppressing the railroad strike, had exclaimed: "Had the actual laws of the country not been sufficient, I would not have hesitated to resort to illegal measures for the purpose of preserving the fatherland."

JUSTIFIERS PREMIER'S WORDS Today M. Pinaud justified the premier's words by the axiom that a national crisis would justify the neglect of legal forms. Then M. Briand rebuked the tribune. He declared his remarks of yesterday had been entirely misunderstood, because the Socialist fury and disorder had not permitted him to complete his statements.

What he had tried to say was that in grave hours of national peril exceptional measures were necessary. He was proud that it had kept within the limits of legality.

Then, with a dramatic gesture, he flung out his hands, crying: "Look at these hands—not a drop of blood!" An outburst of cheers greeted the premier as he called upon all good Frenchmen to rally to the flag of peace and support the government's efforts to maintain law and order.

A resolution introduced by the Socialists, impeaching M. Briand for his "dictatorial crushing down of wage earners" was rejected by an overwhelming majority, after which the chamber voted confidence in the government. A hundred radicals, who ordinarily support the government, voted with the Socialists.

LONG BEACH MAN PLANS A WHALE HUNTING EXPEDITION

LONG BEACH, Oct. 30.—Despite the belief of some that the proposition is merely a good natured "josh," Capt. J. D. He has received prices for all necessary equipment and says he will place his order in the near future.

Several whales have been reported off this coast in the past year.
