LEADERS DECLARE DIX SURE WINNER

Empire State Democrats Hope to Oust Three Republican Congressmen

BOOK HENRY GEORGE TO WIN Dix Passes Last Campaign Day at Home—Stimson Remains on Stump

NEW YORK Nov. 7.—The New York gubernatorial campaign passed into history today with Henry L. Stimson, the Republican candidate, and Theodore Roosevelt, his leading backer, making last appeals for votes.

The final word on the Democratic side was spoken Sunday night when John A. Dix, head of the ticket, sent Mr. Stimson his answers to the twelve questions telegraphed by Stimson to Dix.

Mr. Dix spent the last day of the campaign at home. Mr. Stimson opened the morning preparing an answer to his rival's letter of Sunday, and the rest of the day on the stump or in an automobile hurrying between political rallies.

The Dix leaders declare the quiet that prevailed today on their side of the campaign was itself evidence of confidence.

Chairman Prentice of the Republican state committee, said: "I am absolutely confident we'll carry the whole ticket and I don't think the vote will be close."

The Democrats have hopes of ousting three Republican congressmen. In the Thirteenth district Herbert Parsons, former Republican county chairman, is opposed by Jefferson M. Levy, who once represented the district, and who has attacked Mr. Parsons for alleged sugar trust affiliations.

In the Seventh district William S. Bennett, who was mentioned for the Republican gubernatorial nomination, is opposed by Henry George, Jr., son of the single tax advocate.

Tammany Hall hopes the defeat William M. Bennett, who won the Republican nomination from Congressman Van Vechten Olcott. On account of his fight against the Tammany machine, the Democratic candidate, expects to overcome the normal Republican plurality.

BOTH SIDES CONFIDENT OF CALIFORNIA RESULT

Democratic Chairman Says Bell Will Sweep the State

SAN FRANCISCO, Nov. 7.—With Hiram W. Johnson delivering the last speech of his long campaign in his home precinct tonight, and his opponent for the governorship, Theodore A. Bell, talking to his supporters in his home, the thirteenth day of campaign oratory died away after nearly nine months of continuous bombardment.

On the eve of election there was little change in the betting on the outcome. Johnson ruled a 2 to 1 favorite to win tonight, and even money that he would win by 20,000 was offered.

A change in wagers as to the result in San Francisco was noted, several even money bets that Bell would carry the city by 6,000 being recorded.

Julius Kahn, in the fourth congressional district, was a 10 to 8 favorite over the Democrat, Walter MacArthur.

Chairman Meyer Lissner of the state Republican committee expresses equal confidence. He also claims the state for his party by 60,000. His statement, given out tonight, follows:

"The last few days have wonderfully clarified the issues in this campaign. The alignment of selfish forces supporting the Democratic candidate, has gradually developed until it has become clear as day to the most casual observer.

"Under the circumstances, to doubt what the people of California will do this day, would be to doubt their desire for political freedom.

"I confidently expect that Hiram W. Johnson will be elected governor of California by at least 60,000 plurality."

SAYS WOMAN IS FLEEING WITH \$1,000,000 IN AUTO

Widow of San Mateo Millionaire and Children Are Cited for Contempt of Court

SALT LAKE CITY, Nov. 7.—According to an affidavit filed in the federal court here today there is \$1,000,000 worth of securities in an automobile on route from here to Seattle.

In the automobile are Mrs. Althea Walker, widow of David F. Walker; her two children, Clarence and Margaret Simons Walker, and a chauffeur, Mrs. Sarah A. Paul, daughter of the late San Mateo millionaire, is the defendant. After her father's death she contested the will, which left most of the estate to the widow, on the ground of undue influence exercised through pretended powers of clairvoyance.

The court was asked to enjoin Mrs. Walker and her children from removing the Walker wealth from this jurisdiction. An order to this effect was issued and served on two of the defendants. Clarence Walker could not be found. Later it was reported that the automobile party passed through Pocatello, Idaho, en route to Seattle. On Mrs. Paul's affidavit, Judge Marshall cited the widow and children to appear within ten days and show cause why they should not be punished for contempt.

FIRE DESTROYS BUSINESS SECTION OF SHASTA TOWN

REDDING, Cal., Nov. 7.—The business portion of Harrison Gulch, a mining town in the southwestern part of Shasta county, was practically destroyed by fire last night. The Pioneer hotel and all the buildings east of Mill street and south of Main street were burned.

The large store of Kauffman Bros. was saved. The loss will aggregate \$20,000, with light insurance.

THROWN FROM FAST TRAIN, GIRL BEATS IT TO NEXT STATION

SAN FRANCISCO, Nov. 7.—Edna Plaislatt of Kings City walked off a train running thirty-five miles an hour Saturday night, picked herself up, ran to the depot and awaited the arrival of the train while railroad men and passengers with lanterns hunted for what they thought would be her mangled body.

As the Los Angeles Express was tearing along a mile south of Salinas Miss Plaislatt and a friend were seated in a parlor car. The brakeman shouted: "Next stop Salinas."

Miss Plaislatt, drowsy, walked to the door. The vestibule was open. She stepped off, thinking the station was already reached. She was whirled ten feet into a pile of sand, and except for a few bruises escaped injury.

CHARGES ARTIST DESERTED FAMILY

Police Claim Cartoonist Abandoned Wife and Three Minor Children in Pittsburgh

C. M. Payne, a magazine artist and cartoonist, who is alleged to have left his wife and three children in Pittsburgh in 1903, and to have fled with another woman to California, was arrested by Detectives Zeigler and Hosick at the Hotel Inda, 912 West Sixth street, last night, while in the company of a pretty 18-year-old girl.

Payne is charged with the abandonment of his wife and three minor children. He will be held in the city jail here pending the arrival of an officer from Pittsburgh, where he is wanted to answer to the charge.

According to the detectives, a young woman with whom Payne is said to have eloped believed that he was a single man. Payne, according to the police, promised her he would marry her when they reached the Pacific coast. When the woman reminded him of his promise Payne is alleged to have declared that he recently had consulted a physician and was informed that he was afflicted with tuberculosis.

The couple live at 1233 Sunset boulevard until Payne met the woman that he did not want to be a burden to her and would not marry her until he was cured of the disease.

The couple live at 1233 Sunset boulevard until Payne met the woman that he did not want to be a burden to her and would not marry her until he was cured of the disease.

Payne is declared by the police to have explained to the first woman that his physician ordered him to live alone and that he was compelled to leave her for a short time in hopes of effecting a permanent cure.

In the meantime, it is understood, the first woman became suspicious and wrote to a friend in Pittsburgh, asking for information concerning the artist. As the result of an investigation made there a warrant was sent to Los Angeles.

SUCCESS OF BEVERIDGE IN INDIANA DOUBTFUL

INDIANAPOLIS, Nov. 7.—Chairman Lee of the Republican state committee expressed confidence tonight that on joint ballot the next legislature would return Albert J. Beveridge to the United States senate.

Chairman Jackson of the Democratic committee was equally certain that John W. Kern would succeed Mr. Beveridge.

Non-partisan forecasters predicted the election would be one of the closest in Indiana's history, and the betting board in Indianapolis tonight showed only even odds.

The Herald has made unusually complete arrangements for being the first to secure returns, and election figures from county, state and nation will be flashed on a big screen in front of the Herald office at the earliest possible moment. Moreover, The Herald will follow its usual custom of telling the truth.

The full returns will be bulletined as they are received—fairly, impartially and accurately.

JOHNSON LEADERS ADMIT BIG BOLT

A Prominent Democrat Predicts That Bell Will Carry Los Angeles City

EXPECT WOOLWINE TO WIN Hope Rife That Entire County Reform Ticket Will Be Victorious in Stampede

(Continued from Page One) certain also that Dr. Pratt will defeat Calvin Hartwell, the machine candidate for coroner, and that Albert Lee Stephens, Frank Finlayson and Perry Wood will be elected to the superior court bench.

As a matter of fact, the county fight is considered by many as of greater importance than that in the state, outside of the judiciary. In the county the issue is clearly drawn between good government and domination by the corrupt Southern Pacific machine.

Voters of Los Angeles have not been slow to realize this fact, and there is in evidence all over the county a stern determination to retire every machine henchman on the Republican ticket to private life. A hard fight in the county will be that between Walter J. Desmond, Democratic and Good Government candidate, against W. O. Welch, machine Republican, for tax collector.

Democratic leaders claim the entire county ticket will be elected. George Baker Anderson of the Good Government organization said last night:

"If all Good Government voters follow the advice of the Good Government organization and utterly disregard the party circle there is little doubt that the ballots they cast will be counted properly and that the entire Good Government ticket will be elected.

"Considerable confusion has arisen in the minds of voters regarding the use of the party circle. The safe thing for voters to do is to shut it, using the stamp opposite the name of each candidate for whom they desire to vote, regardless of whether the name of such candidate be found in the Republican, Democratic or Good Government circle.

FEARS LOSS OF VOTES "I believe that the use of the party circle by those intending to vote for the candidates we have endorsed, and whose names will be found in the 'independent' column, will result in such a confusion of marks as to cost our candidates thousands of votes.

"It will require not more than a minute or two to mark the ballot as we have advised—UNDER NO CIRCUMSTANCES STAMPING THE CROSS WITHIN ANY PARTY CIRCLE—and voters who want to insure the counting of the ballots they cast should take the time to do this.

"I am satisfied that with intelligent voting and an honest count, Tom Woolwine will carry Los Angeles city by 7000 plurality, and that he will at least break even in the precincts outside the city.

Polls will open at 6 o'clock this morning and will remain open until 6 o'clock tonight. At one minute past six the work of tabulating the vote will begin. All public buildings, city and county, will be closed throughout the day.

The Herald has made unusually complete arrangements for being the first to secure returns, and election figures from county, state and nation will be flashed on a big screen in front of the Herald office at the earliest possible moment. Moreover, The Herald will follow its usual custom of telling the truth.

The full returns will be bulletined as they are received—fairly, impartially and accurately.

To the Voters of Los Angeles County

Tom Woolwine says if you employ him as your district attorney he and his deputies will devote all their time to YOUR business and accept no private employment.

John D. Fredericks makes you no such offer, and he and his deputies during his term HAVE taken private employment.

Would any sensible business man employ a man to attend to his business, which required all of the employee's time, AS THIS BUSINESS OF YOURS ADMITTEDLY DOES, knowing that the employee would spend part of the time for which you pay him working for other people, WHOSE INTERESTS MIGHT CONFLICT WITH YOUR OWN, when another man would give his whole time for the same price?
