MASS MEETING CALLED TO PLAN NIGHT PAGEANT

Tournament of Roses to Be Followed by Grotesque Parade and Vaudeville Acts

PASADENA, Nov. 21.—A "portable" vaudeville performance at night following the Tournament of Roses activities on January 2 seems to be assured. The plan is to have a grotesque parade with at least a score of floats, each of which will carry a separate vaudeville act. The parade will halt at intervals and the performers will go through their various stunts while the masked paraders in line will furnish additional amusement for the onlookers.

At least that is practically the unanimous sentiment expressed by promoters of the night performance plan, and it is thought the idea will be indorsed at the mass meeting tonight at 7:30 o'clock in the board of trade rooms. In addition to the parade feature, it is proposed to have at least three bands, while private parties are arranging for public masquerade balls and special theatrical performances.

The proposed new organization to have charge of the affair is assuming definite shape according to the promoters. Committees from the Merchants' association and the board of trade, as well as the board of trade, have indorsed the plan of organizing a new society, to have no connection with existing organizations except to receive their moral support.

A blanket invitation has been issued to all citizens to attend the mass meeting tonight to listen to the plans for a permanent organization whether they wish to join or not. It has been tentatively agreed that the initiation fee shall be small enough to bar none, the idea being to make the new order popular with the masses.

At tonight's meeting a name will be selected for the society and officers elected. Committees of entertainment and public relations probably will be appointed. It is proposed to select some name appropriate to the organization and at the same time distinctive. Pasadena. It is said that once the organization is established permanent committees will be maintained to devise ways and means of entertaining the public throughout the year with theatrical performances, burlesque circuses, annual dinners and other affairs.

It is announced that the meeting tonight in the board of trade rooms will be called promptly at 7:30 o'clock.

CHRISTIAN SCIENTISTS DEDICATE \$164,500 CHURCH

PASADENA, Nov. 21.—The local First Church of Christ, Scientist, dedicated yesterday morning when the new auditorium was used for the first time. A telegram from the local congregation to Mrs. Mary Baker Eddy, rejoicing over the fact that it was possible to hold dedication exercises in connection with the opening exercises, was read at yesterday's services.

The dedicatory service was read by Henry Van Arsdale, chairman of the building committee, who explained "the spiritual meaning of the true church." Aside from the dedicatory address, the services yesterday were as usual. The auditorium, seating 1400 persons, was filled at the morning and evening services, and nearly filled at the extra service held at 3 o'clock in the afternoon.

The building as it stands cost \$164,500, all of which came in, it is said, by voluntary contributions. The auditorium was contributed by Friday and Saturday, in order to make the dedication yesterday possible. The building, both interior and exterior, is of pure white, and the auditorium is of the same color. The auditorium is said to afford the largest single floor space in the city.

PASADENA PARAGRAPHS

PASADENA, Nov. 21.—Rehearsals for the comic opera, "Pinafore," which will be staged at the Norton theater November 28 and 29 by local society people for the benefit of the Edward C. Temple, which is being held, each evening except Sunday at Hotel Maryland. Edgar Temple, who has directed two previous benefit operas here, will personally take part in the performance. The injunction case of Philip Oates et al. against the city is scheduled to come up today in department four of the superior court. Oates claims that enforcing of the ordinance prohibiting private citizens from gathering garbage interferes with a previous contract which he had with local restaurants for having their refuse to his poultry ranch.

Building permits for November to date have reached a total of \$181,505. Fifteen permits were issued last week totaling \$25,905.

The second indoor baseball game of the season between the clerks and carriers of the city was played yesterday afternoon at the artificially lighted outdoor field at Carmelita playgrounds.

Funeral services for Mrs. Olive Niles who died Saturday at her home, 197 South Catalina avenue, after a residence of eleven years in Pasadena, will be held this afternoon at 2:30 o'clock from the chapel of J. W. Voren & Salisbury. The services will be public, but interment will be private. Besides her husband, C. S. Niles, she leaves two sons, Herman and Porter Niles.

NOT A LOVE STORY

"Dear heart!" murmured she. "Only 2 cents a pound increase," protested the butcher.

FEARS HUSBAND DROWNED; 1000-MILE FOOT RACE

Missing Bather Emerges from a Dressing Room and Finds Wife Unconscious

LONG BEACH, Nov. 20.—Mrs. R. E. Moore, who came to the beach this morning from Los Angeles with her husband to pass the day, became so excited this afternoon over the fear that Moore had been drowned that she fainted on the beach. The woman had watched her husband go out into the surf wearing a bath house suit and she did not see him return.

While he was in his dressing room resuming his street clothes Mrs. Moore began to look for him among the bathers. Finally everyone who had been in the surf had come ashore. She called out to the people on the beach, but her husband was not there. Then she became hysterical and a little later swooned. She was carried into the bath house where a physician was summoned. While the doctor was reviving her Moore came from his dressing room and when Mrs. Moore opened her eyes she looked into those of her surprised husband.

ANAHEIM AND LONG BEACH HIGH SCHOOLS TO DEBATE

LONG BEACH, Nov. 20.—This will be a busy week for the high school teachers and students. Monday afternoon Prof. Cole of Pasadena is to lecture in the assembly room. At night the teachers will be entertained at a reception given at the home of Mayor Windham by the Parent-Teacher association. Tuesday afternoon the high school of Anaheim and Long Beach high schools, Thursday afternoon the local team's last game in the football league will be played here against the U. S. C. "preps."

Preparations are already being made for a splendid musical concert to be given December 16 by the high school of Anaheim and Long Beach high schools. The high school chorus this year has 500 members, the orchestra 30 and the glee clubs 52.

LIFEGUARD SAVES BATHER

LONG BEACH, Nov. 20.—A bather in the surf was saved with a cram this afternoon and might have perished but for the assistance of young Ernest Scott, a lifeguard, who swam out and brought him ashore. The man had kept afloat and was beyond the breaker line drifting toward the pier. Upon reaching the shore the rescued man recovered from his cramp and at once left the beach. He declined to give his name or to accept further attention at the bath house.

KNOCKS WOMAN FROM BICYCLE

LONG BEACH, Nov. 20.—Mrs. M. K. Miller of East Third street was knocked from her bicycle at First and Locust avenue by a Japanese, also on a wheel. Two bones of her left arm were broken near the wrist, and she suffered a number of cuts on the face as well as numerous bruises. The attending physician said her skull might have been fractured but for the force of her fall on the Pacific Electric track but for her heavy head of hair.

ORANGE GROWERS PREPARE TO RECLAIM DESERT LAND

SAN BERNARDINO, Nov. 20.—Capital of this city has been interested in a reclamation project which has for its purpose the irrigation of a large acreage in the Palo Verde and Chukawalla valleys, along the Colorado river where it claims that the water can be raised earlier for the market than in the favored sections of Southern California. Should the claim that the Colorado river water is being used by the state and Riverside county along the Colorado river will become a new orange.

ACCUSE MEN OF HAVING CRAWFISH OUT OF SEASON

SAN PEDRO, Nov. 20.—Ed Lindsoy, Vincente G. Morley and George Thompson were arrested early this morning by Officers Crow and Conley on a charge of having crawfish in their possession contrary to the season provisions of the state fish and game laws. The prisoners were taken to Los Angeles this afternoon by Deputy Game Warden F. A. Bordner.

HOLDUP MEN ROB CHINESE

SAN PEDRO, Nov. 20.—Charles Hing, a Chinese vegetable vendor, was held up by two men in Happy valley last night and robbed of \$50. The holdup occurred about dusk on Third street, between Mesa and Pacific avenues. Hing was driving along the street when the men hailed him. Thinking they wanted to buy vegetables, he jumped down from his wagon and found himself looking into the muzzle of a six-shooter.

TO CLOSE POSTOFFICE SUNDAY

PASADENA, Nov. 21.—The campaign for Sunday closing of the local postoffice was taken up by local ministers yesterday morning. The latter services and it is said petitions which were presented to the congregations were liberally signed. Postal employees report that many familiar faces were missing yesterday from the delivery windows, probably as a result of the appeal from ministers for citizens to refrain from calling for their mail on the Sabbath. On the other hand, it is said, many new faces were there, and it is estimated that more than the usual number of persons called for their mail yesterday. The latter condition is attributed to curiosity on the part of citizens who carries declare never called at the office before to their knowledge.

PRE-EMPTING THE PUFFS

"Are your daughters early risers?" "Yes, the first one up gets the pick of the hair."

First Ten Laps in Notable Sporting Event at Venice Is Run by Estoppey

VENICE, Nov. 20.—Eugene Estoppey started on his run of 1000 miles in 1000 hours at 9 o'clock today. Tonight he had accomplished his one mile an hour according to schedule, and appeared to be as fresh as at the start. After he had finished his tenth mile Estoppey declared that he felt no fatigue at all, and expressed confidence in his ability to complete the freak race on the night of December 31.

Prof. M. Carter, president of the Venice chamber of commerce, started Estoppey on his long run. Previous to the start a number of citizens shook hands with the runner and wished him good luck, including Abbot Kinney, founder of Venice, whose company is standing sponsor for the race. The course leads from the Venice pier at a point near the ship canal north to Park avenue and return, making one mile by actual measurement. Estoppey makes one mile a hour, resting the remainder of the time until the hour hand indicates another start.

ROBERTS WILL SELECT SITE

SAN BERNARDINO, Nov. 20.—J. W. Roberts, special agent of the treasury department of the United States government, will reach San Bernardino probably on Saturday of next week to make the selection of the site for the proposed federal building. In all, seven sites have been offered by various property owners. Roberts will carefully consider the proposals and forward his selection to Washington.

W. C. T. U.

BY JULIA A. GARRISON

"The department of peace and arbitration has not been considered in previous contributions to The Herald column, not because it was not of sufficient importance, but because so many of the things more within our reach and closely related to the daily lives of the people seemed to crowd for a hearing."

The great peace movements of the world show the trend of progress—the abolition of war. The day is rapidly approaching when "The nations shall learn war no more." It is true they go on building great battlefields and vying with each other to maintain the largest and most powerfully equipped armies and navies, but underneath all the outward display of numbers, show and daring runs a current of feeling that prophesies of peace.

The present peace movement is clear-sighted. Frances Willard understood this when she uttered the following words on the subject of war: "The world is not at peace with the wage workers that it is late in the day to begin arming and drilling boys in our public schools; we have got to begin with the children. The reason of this is that the inextinguishable purpose of the majority to realize the good of life. The present peace movement is clear-sighted. Frances Willard understood this when she uttered the following words on the subject of war: "The world is not at peace with the wage workers that it is late in the day to begin arming and drilling boys in our public schools; we have got to begin with the children. The reason of this is that the inextinguishable purpose of the majority to realize the good of life. The present peace movement is clear-sighted.
