

### CHILDREN STAGE PLAY OF SANTA CLAUS' LIFE

German-American School Pupils  
Give Production Dealing  
with Kris Kringle

A story of the origin of Santa Claus told in songs, poems and choruses was given last night in the new Turnhalle, Germania building, 1345 South Figueroa street. The play, "The Hamburger Santa Claus," was written by Fraulein Malvina Lampadius, who recently has returned from Germany, where she has been lecturing about California for the past two years. The play was produced by about thirty pupils in the German-American school of the Deutsch-Verband of Los Angeles.

The story of the play tells of an American born young girl who has obtained permission to invite her classmates for a celebration of the German Santa Claus night, taking place, according to the German custom in the old fatherland, December 6. Rose, the daughter, receives her friends in her home. All of them appear in the costumes of the fairies of the old German fairy tales. After all of them have arrived Rose calls her mother to greet her friends.

Fraulein Lampadius played the part of the mother, dressed as Frau California, in a costume of orange colored velvet, made with a front panel of white, heavily decorated with hand-painted California poppies.

The children were dressed to represent fairies of German folk tales and the groupings and tableaux of the little play were effective.

Characters in the play were as follows: Frau California and Santa Claus, Fraulein Lampadius; Rose, her daughter, Rosa Koehler; Holy Elizabeth of Teuringen; Altered Lacey; German Cupid, Pearl Cornelius; Undine, Rosine Thomson; Thornrose, Margaret Carstensen; Gretel, Clara Trueb; Lorely, Elizabeth Weber; Little Red Ridinghood, Mathilde Ross; Cinderella, Louise Willimtzig; Goldfish, Edna Willimtzig; German Grandmother, Margaretha Nemethl; Germanina, Nina Bayley; German Milkmaid, Marie Kiesling; Tyrolean child, Henriette Schulz; German peasant girl, Viola Herrman; Bavarian peasant girl, Ottilie Nemethl; German nurse, Bessie Chapman; American girl, Miss Eastman; German Swiss girl, Janette Ettinger; Hansel, Admet Trueb; old German nightwatchman, Karl Ross; dwarf, Louis Kiesling; Schweizerbua, Otto Schmidbauer; fisher of the Rhine, Louis Ettinger; grandfather, Raymond Stuetz; German soldier of the German emperor, Herbert Stuetz; the girl who wanted to learn German, Louise Label; German horn, Leona Butler; the Goddess of Liberty, Miss Whitehead.

WE always try to keep one ear pretty close to the ground on this question of color in men's clothes. And we're well prepared for the tremendous popularity of brown mixtures among the discriminating men of this city.

All the Chanticleer colorings are here, of course, beautiful browns of bronze, purplish and reddish tinges with distinction in every thread of their weaving.

And they will be tailored here for men-who-know, by other men-who-know, and the result will be real, lasting satisfaction to the wearers. See them at once. Order them in time for the Holidays.

### ADMIRAL SEBREE GUEST AT LOYAL LEGION DINNER

Resolution Asking Better Pay for  
Veterans Voted Down

Members of the Loyal Legion and a few invited guests indulged in a banquet and informal social affair at the Alexandria last evening, about fifty being present. Admiral Sebree of the United States navy, who is on a visit to Los Angeles, was the principal guest of the evening.

The only business of importance was in regard to a resolution condemning the federal government for not taking better care of the veteran soldiers. The resolution pointed out that during the war volunteers were not paid

as much as regular soldiers, and set forth that it should make up for that deficiency in pay now.

The local members of the Loyal Legion voted down the resolution, the sentiment prevailing that the government had done and is doing a great deal for the civil war veterans and that local members of the Grand Army are perfectly satisfied.

Following the banquet those present united in singing several old, familiar songs, following which informal talks were made.

Gen. Adna Chaffee presided.

Mr. and Mrs. Thomas Scott Brook are prominent Portland society people who are guests at the Alexandria.

### 1000 FED AT CELEBRATION OF CITY RESCUE MISSION

Nearly 600 conversions in four years; work provided for 10,000 men and women; 15,000 homeless men and women supplied with food, and 300 homes re-established, is the record claimed by the City Rescue mission, which celebrated its fourth anniversary at 606 East Fifth street yesterday.

The mission was established by E. E. Leary, the present superintendent. He had been rescued eight years ago at the Union Rescue Mission, and after a course of study at the Moody institute in Chicago, established the City Rescue mission.

At one side of the mission hall tables were arranged to seat 100 persons at a time, and on the other side chairs were placed to seat those waiting their turn at the tables.

Shortly before noon the tables began to be surrounded by the hungry persons who had been invited to partake of free meals. When the tables were cleared those waiting eagerly took their turn at the well laden tables. Before night more than 600 had appeased their hunger.

During the entire day, while the meals were being served, all were entertained with special speaking and singing.

Last night, following a short speaking and song service, about 400 persons were served at the tables.
