

### CHIEF OF POLICE THREATENED WITH CRIMINAL CHARGE

#### Mayor Alexander Challenges District Attorney to Proceed Against Galloway

#### COMMISSION TO INVESTIGATE

#### Head of Department Says He Dislikes to Yield \$2 a Month for the Pension Fund

District Attorney Fredericks issued a statement yesterday to the effect that if the police commission did not make some investigation of the charges against Alexander Galloway, chief of police, made by H. E. Dean, until recently executive secretary to the chief, he would issue a complaint and initiate a criminal procedure. Mayor Alexander answered the district attorney at the meeting of the commission last night, challenging him to start an investigation. He said:

"I want to make a public statement. The press and certain citizens have made serious charges against the chief of police and a member of this commission. After conferring with the other members of the commission, including the chief of police, I will say that this commission and the chief invite a most thorough investigation by the legal authorities. We have nothing to hide, gentlemen. We want this thing hunted to the very bottom.

"The commission proposes to make this investigation for itself and it also invites an investigation in a legal way."

The commission decided last night that Chief Galloway has been receiving \$2 more a month than he is entitled to and ordered his secretary to dock his salary \$2 every month hereafter as long as he is head of the department and to take \$18 out of his next month's pay.

The city attorney has decided that the chief is a member of the police department, according to the charter, and the charter requires that all members of the department must pay the \$2 a month into the police pension fund. All policemen pay this amount, and to cover the pension fund the council increased the chief's salary from a three-year service patrolman to \$102 a month.

The chief has escaped the payment of this pension fee for the nine months he has been at the head of the department and now he must pay the \$2 a month he owes the pension fund.

"We hate to take the money," said Commissioner Wellborn, "but under the law I suppose we must."

"You don't hate to take it half as much as I hate to give it up," the chief responded.

The chief now has to pay \$2 a month into the pension fund he is entitled to the pension benefits. For instance, if he serves as chief for twenty years he can be retired on half the pay that he now receives. Also if he is injured in the discharge of his duty he draws full pay. There are also death benefits.

### RUBS RHEUMATISM WITH GASOLINE IN FRONT OF FIRE: BING! HELP! HELP!

PITTSBURGH, Nov. 28.—James Falgiver, 47 years old, sat before an open fire tonight rubbing a rheumatic ankle with what he supposed was turpentine. It proved to be gasoline, and when it caught fire he rushed to the door, set fire to the house and seriously burned him. Firemen extinguished the blaze as Falgiver was taken to the hospital.

### PAULINE WAYNE'S SON DEAD; GLOOM SHROUDS CAPITAL

WASHINGTON, Nov. 28.—The perplexities of the tariff, the forthcoming message to congress, the mixed condition of affairs in the Republican party, all were lost and forgotten in the gloom that overspread administration circles today.

"Big Bill," Pauline Wayne's aristocratic young calf, is dead. The end came Sunday last night at the White House stables. Brain fever caused death.

### U. S. RECEIVERSHIP FOR \$230,000,000 SUGAR TRUST ASKED

#### Combine's Dissolution Is Sought in Federal Action Under the Sherman Law

#### TWO YEARS' FIGHT PREDICTED

#### Uncle Sam Asserts Monopoly Is Built on Customs Frauds and Grinding Out Rivals

NEW YORK, Nov. 28.—The federal government began today one of its most important actions against corporations which are said to have violated the Sherman anti-trust law. Henry A. Wise, United States district attorney, filed in the United States district court for the southern district of New York a petition asking for the dissolution of the American Sugar Refining company and twenty-nine other corporations which compose the so-called sugar trust.

The petition charges an illegal combination in restraint of trade, and asks for court relief in whatever form may be necessary, including a receivership, if deemed advisable.

The thirty companies composing the trust have an aggregate capitalization of \$230,000,000 and control a large percentage of the output of sugar in this country. This combine is also, the government alleged, able to fix prices arbitrarily.

The petition charges that for years the companies have violated the law and suppressed and ground out rivals out of existence. Railroad rebates and customs frauds are mentioned as devices which were employed to raise the combine to its commanding position which it occupies today.

It is estimated that the suit will be in the courts two years before a final adjudication is reached.

James M. Beck, general counsel of the American Sugar Refining company, made this statement:

**SAYS IT'S NO MONOPOLY**

"The company's reply to the various charges will be seen when its formal answer is filed in court. For the present it is sufficient to remind the public and the company's stockholders that the sugar trade, and it requires a similar proceeding by the government, to hold that this company was an illegal monopoly under the Sherman law, and the court has deprecated 'the challenging of the justice of their well considered and solemn judgments.'"

"The company has no monopoly in the sugar industry; it produces no raw sugar and does not and cannot control the price of the raw material; it has no agreements, direct or implied, with other sugar companies, and is subject daily to competition of the keenest character.

"It has, including its beet sugar interests, about 51 per cent of the country's sugar trade, and it requires a liberal stretch of the imagination to call this a monopoly. It does not seek to stifle competition or oppress the consumer by advancing the cost of a necessity of life. Its refinery profits last year averaged less than 1-5 of a cent a pound. During the last decade, when the price of sugar advanced, it has made a life materially advanced and when the cost of this company's labor and supplies very largely increased, it has continued to sell sugar at a lower margin of profit than formerly."

### Property Owners in Line, Waiting to Pay Taxes to County Collector and Avoid Penalty Effective Today

### ILLINOIS IS THIRD IN STATE CENSUS

#### New York and Pennsylvania Lead While Ohio Falls Million Below Rating

WASHINGTON, Nov. 28.—With a population of 5,638,591 and a gain in the last ten years of 317,041, almost 17 per cent, as shown by the announcement today of the result of the recent census, Illinois is assured continuance as the third state of the Union. Only New York, Massachusetts, Connecticut and Rhode Island.

The announcement for Illinois emphasizes the fact that the greatest gains are in the cities. Of the 317,041 additions to the population of that state, 488,708 were in Chicago alone, and a study of the map of the state shows that the principal counties in which the population was increased were those containing cities of 10,000 and upward. Chicago is shown to have about two-fifths of the state's population.

Forty-nine of the 102 counties of the state showed decreases in population. The state should gain at least four congressmen if the proposed new apportionment law should be based as at present.

### CHICAGO SENIORS MUST CULTIVATE MUSTACHES IN ORDER TO GET DIPLOMAS

#### Only One Bogus Coin Passed During Grand Rush at County Treasurer's

CHICAGO, Nov. 28.—Seniors who shave will not be graduated at the University of Chicago. Diplomas will be given only to upper classmen who wear mustaches. A proclamation to this effect was issued yesterday by senior leaders, and the result will be noted in the morning's classes.

According to the new scholastic requirements, the sixty senior men of the university must refrain from shaving their upper lip for the rest of the college year, which ends next June. All students who disobey the order will be ducked in the swimming pool at the gymnasium in full costume. The student who raises the finest mustache by December 16 will receive a "valuable" prize at the class dance.

### \$426,474.34 PAID IN TAXES IN DAY

#### Only One Bogus Coin Passed During Grand Rush at County Treasurer's

Tax collectors of the city and county did a good business yesterday, the last day on which property owners could pay their taxes without adding a sum to cover the penalty fixed by law for delinquency. Here are some statistics:

County collections yesterday... \$296,555.86  
County collections to date... 2,976,133.92  
City collections yesterday... 129,918.48  
City collections to date... 1,474,816.94

When the office of the county tax collector closed at 6 o'clock last night \$2,976,133.92 of the first installment of the levy of 1910-1911 had been paid, an amount highly satisfactory to W. O. Welch, county tax collector.

That sum, however, does not represent all of the taxes to be credited to the first installment, as there yet are to be reckoned with large amounts sent by mail from corporations which want the use of the large sums of money they must pay the county as long as possible.

The amount received yesterday was \$296,555.86. The payment was made through the city treasurer's office, and the office was a mass of breathless taxpayers and their representatives from morning till night, while some of the clerks could not find the even to eat a sandwich as they took in the gold, silver, currency and checks.

Next to the amount paid in Saturday, \$200,388.38, yesterday represented the largest day's work since the time for paying the first installment, October 11, arrived. Although it did not reach the high mark, from the point of view yesterday was a record breaking day in a way. That was in the number of eleven-hour payers and in the number of pages—eighty-seven on the cash book alone—required to make official note of their payments.

From one viewpoint the payment of the first installment of taxes was really remarkable. That was the bogus money viewpoint, for in all the speed of receiving payments only one 50-cent piece was found not to be genuine. The rest of the 50-cent piece—a Canadian one—was received in a roll of United States half dollars, so nobody is credited with wrongdoing. No clerk is blamed for not spotting it and no taxpayer is accused of committing a breach of honesty.

According to law, the second installment of the tax levy is due and payable January 1, but it is the custom of those desiring to do so to pay it at any time after the first installment is due. Those who fail to pay when the time for responding to the first call is ended are taxed 15 per cent extra and those who are delinquent at the expiration of the period of payment of the second demand—in this case, the last Monday in April—will be taxed another 5 per cent. So those failing to do their duty both times will be forced to pay 20 per cent extra.

Mr. Taggart, city tax and license collector, at the close of business yesterday show that the amount collected for the same period last year had been paid in. But these figures are deceptive, for the taxes of the big corporations are in the mails, and the payment of these will bring the total well above that of last year. The total sum collected to date is \$1,474,816.94. Yesterday the collections totaled \$129,918.48.

Mr. Taggart's figures show that although apparently less money was collected, much more work was done. This was due to the fact that much territory was annexed previously to the assessment, and many of the tax bills are for small amounts in these annexed districts. But it takes as much time to collect 15 cents as it does \$100.00, when only one taxpayer is involved.

#### Redmond Charged with Control of Asquith Through American Dollars

### AMERICAN DOLLARS ARE SENT TO AID HOME RULE

BOSTON, Nov. 28.—The United States Irish league of America determined to meet squarely the issue of "American Dollars" raised by the unionists in the campaign just begun for the election of a new parliament today issued an appeal for funds to be sent to Ireland to assist the home rule party.

This action was taken at a meeting here today of the Boston members of the national executive committee of the league.

[Associated Press]

LONDON, Nov. 28.—With the dissolution of parliament today all formalities preliminary to the election of a new parliament were completed.

The proclamation of dissolution summoned the new parliament to assemble January 31, 1911.

Among the first of its members to be elected unopposed, will be Arthur J. Balfour, the opposition leader, the Liberals having decided not to contest his seat for London.

On the stock exchange, where regular dealings have been instituted in more obedience to the law, today seemed to anticipate a reduction in the Liberal majority.

In Ireland the struggle is growing more bitter. A meeting of delegates representing the Ulster constituency was held in Belfast today, at which a resolution was adopted on motion of a Presbyterian minister to draw up a solemn declaration refusing to pay rates or taxes imposed by a Dublin parliament or obey its decrees, while \$50,000 was subscribed on the spot to organize the Ulster volunteers into regiments and purchase arms.

**MONSTER MEETING HELD**

At night a monster union demonstration was held at Ulster hall, Belfast, an overflow meeting of 20,000 persons being held in the open air.

Both aroused the greatest enthusiasm.

Lord Londonderry declared that American dollars enabled John Redmond to buy Asquith in the hollow of his hand. If a home rule parliament were established, he said, it might be found that Ulster would utterly decline obedience to the law.

Sir Edward Carson, formerly solicitor general and Conservative member of parliament for Dublin university, said they never would consent to their country being sold for American dollars.

Walter Hume Long, unionist M. P. for Strand, spoke in the same strain, and other speakers refused to show any resistance to the law if home rule were forced upon Ulster.

She traveled its length and breadth with a chosen band, but when she reached California she met and fell in love with Thomas, who was at that time an inmate of the soldiers' home at Saywell. Her marriage banished her colonization plan, and they settled in California. A new queen, it is said, will be chosen by the gypsy band, when the news of her death is flashed over the seas.

BOISE, Idaho, Nov. 28.—Hope of finding B. E. A heavy snow has fallen since Corbin disappeared, and the search, however, has not been abandoned, and today United States troops stationed in Yellowstone park were ordered to join in the apparently vain hunt.

Corbin became separated from the party November 18. The party was hunting big game.

### NEBRASKA GIRL FOUND IN MEXICO WAITING TO WED

MEXICO CITY, Nov. 28.—Grace Rolph of Pender, Neb., who for a time was believed to have been kidnaped from a hacienda in Tamaulipas by Segundo Severo, a Mexican cowboy employed on the place, was found alone in a small town near Tampico, several days ago, according to advices which reached this city today.

She declared she had not been kidnaped, but went of her own accord and that she had not been deserted, but that Severo had gone to make peace with the authorities. The capture was accomplished, she said, they intended to be married.

The American ambassador was appealed to by relatives of the girl for aid in effecting the capture of the alleged kidnaper, and the assistance of the Mexican authorities has been enlisted.

#### Supreme Court Renders Decisions in 25 Cases

WASHINGTON, Nov. 28.—Cases from nearly all sections of the United States were passed upon in twenty-five decisions announced today by the supreme court of the United States.

The decision held the court could not review the power of a legislature to "gerrymander" a state for congressional purposes, because the question had been raised in connection with the election of 1908, long since past. The court gave a decision that no constitutional rights of widows in California had been violated by the assessment of an inheritance tax on the wife's share of "community" property owned by wife and husband before the latter's death.

### BEAVERS BUILD DAM AND BEAT MEN AT THE WORK

#### Jersey Reports Tale of Revenge Wreaked by Animals

NEWARK, N. J., Nov. 28.—A tale of how a colony of beavers was able to heap coals of fire on the heads of those who had harmed them comes from Stanhope, N. J. A land company there decided to build an artificial pond in a section being developed, and in shutting off the water the engineers ruthlessly tore out the dam the beavers had built and let the water in.

One day last week there appeared another and a larger dam of beavers below the masonry dam, and before the men awoke to what was going on their new masonry dam was out of sight.

Inasmuch as the beavers have made a larger pond than the engineers had planned, their man enemies are inclined to accept the gift.

Such, in effect, was the holding today of the United States supreme court in the dispute between the Cincinnati, St. Louis & Western railroad and Connersville, Ind., over the construction of a street.

### MAINE BANK CLOSED BY STATE OFFICIAL

BATH, Me., Nov. 28.—Inability to complete profitably with other financial institutions is the principal reason advanced by State Bank Examiner Skelton for the closing today of the People's Safe Depository and Savings bank after a career of forty-two years. The bank had liabilities of \$870,418, including deposits of \$342,786, when the last official statement was made in April. The estimated market value of the resources was \$871,910.
