AGENT VALUES WIFE'S AFFECTIONS AT \$50,000

D. B. Schenck of Covina Brings Suit Against Landowner of Whittier

The \$50,000 alienation of affections suit of D. B. Schenck, agent for the Southern Pacific Railway company at Covina, against Edward J. Guirado, a land owner of Whittier, was begun yesterday before a jury in Judge McCormick's department of the superior court.

COUNTY AUDITOR-ELECT ANNOUNCES APPOINTMENTS

Walter A. Lewis, county auditor-elect, yesterday announced nine more of his appointees to deputyships in his office.

In the auditing department there will be Frank E. Lopez, Frank A. Nance and Van Vilet LeRoy.

Those in the redemption department will be Frank P. Stedman, Harry A. Cord and James A. Slater.

The warrant department will have the services of Harry B. Bonnell, Jesse Jones and Frank E. Cotter.

Of these only three are men new to the offices. They are Jones, LeRoy and Nance.

Mr. Lewis last week announced that Clarence Mallard, who has been in the county auditor's office for eight years, will be chief deputy. There still is another appointment to be made, thus giving Mr. Lewis eleven deputies.

SIX WIVES GET DIVORCE

Judge Conroy of the superior court yesterday granted six decrees of divorce. They were to Hanna Mathews from Cornelius Mathews, on grounds of drunkenness; Maud Bennett from Nelson D. Bennett, desertion; Alice A. Louck from Charles M. Louck, cruelty; Dona Zelah Jones from David W. Jones, desertion and failure to provide; Edith L. Gardner from William F. Gardner, desertion and failure to provide; and Kate K. Breck from George M. Breck, drunkenness.

CHILD DESERTION CHARGED

The only woman in Los Angeles county to be charged with deserting a minor child since that offense was made a felony in this state is Martha Young, who was arraigned on this charge yesterday before Judge Willis of the criminal department of the superior court. The time for her to enter her plea was set for December 22.

MARTINEZ TRIAL SET

Francisco Martinez, charged with murdering Gregorio Garcia, pleaded not guilty yesterday before Judge Davis of the superior court. His trial was set for January 30. He will plead that he killed Garcia in self-defense.

CONSOLIDATION COPPER MINES COMPANY IS BUSY

Fifty Miners Engaged to Renew Active Operations

I. J. Carrigan of Los Angeles, president of the Consolidation Copper Mines company, announces that work on a large scale will be resumed on the property without delay. Fifty men will be put on to start with and operations will be continuous.

The larger portion of the force has already been arranged for, but from twelve to twenty more miners are required.

The property of the Consolidation Copper Mines extends over about ten miles and is located approximately 20 miles east of Parker, Ariz. At the east end are the Revenue group and Echo groups, the latter adjoining the property of the Clara Consolidated near Swansea, and at the west end the Mineral Zone and Copper Dome groups.

A great deal of scattered work has been prosecuted on these properties, some of which was done prior to consolidation under the present company. The deepest working is on the Revenue group, where an incline shaft reaches a depth of 200 feet. A 250-foot tunnel, with some drifting, also has been done on this group.

On the other groups are numerous other shafts, tunnels and cuts of lesser depth. This work, together with many other shallow shafts and cuts, has exposed a large amount of good grade oxidized copper ores.

The work about to be started will include the sinking of several shafts to greater depth and continuing the Revenue and other tunnels. Churn drilling is planned for the Echo, El Molino and Copper Dome groups.

THREE CASES CONTINUED IN U. S. DISTRICT COURT

On motion of the attorneys in the case, Valentine & Newby, the hearing of Hiram W. Bradsell in the United States district court, was continued to March 14. Bradsell is charged with perjury. The case was set for yesterday morning at 10 o'clock.

The cases of Kathryn Grace Palmer and Julian MacRae, both charged with using the mails illegally, were also continued from yesterday to March 14. The change was made on motion of Assistant United States Attorney Stewart.

SURGEON RESUMES DUTIES

After traveling nearly a month in the east inspecting hospitals, sanitariums and laboratories, Chief Police Surgeon C. E. Zerfing returned to the city yesterday and resumed his regular duties. Incidentally, Dr. Zerfing visited friends in Chicago and New York. Among other institutions Dr. Zerfing passed two or three days at Mayo Bros' hospital in Rochester, Minn.

DIVORCE SUITS FILED

Divorce suits filed yesterday in the superior court were those of Ellen Means against Harry Means, Florence L. Lewellen against John E. Lewellen, Lila Durkee against Daniel Durke, Corlie F. Wilkinson against Clarke G. Wilkinson, Isabelle Winchell against C. J. Winchell, Clotilda Ybarra against Hilo Ybarra and Alma E. Martin against Percy L. Martin.

NEW INCORPORATIONS

Fresno Valley Irrigation company—M. M. Ritterband, C. E. Davenport, S. P. Steinberg, H. M. Lindsey and Emil Firth, directors. Capital stock, \$6000; subscribed, \$6000.

More contests involving property valued at about \$85,000 and deeds and the will of Mrs. Annie M. Shinkwin, who died October 25, 1909, were filed yesterday in the superior court.

After the death of Mrs. Shinkwin a will was found by which she devised to a board of trustees composed of Harry Chandler, Lyman J. Stewart and others all of the property of which she was possessed, her object being that it should be used to found a home for young men.

Before her death, however, Mrs. Shinkwin has decided to the same board of trustees the major portion of her property, the object being the same as that expressed in her last testament.

The actions filed yesterday, one in the probate department and the other in the regular channel of civil cases, ask that the probate of the will be revoked and that the deeds be set aside. W. H. Gibbs, a brother of the dead woman, and others of her relatives are the petitioners, alleging that she was of unsound mind when she made her will and executed the deeds, having been a user of drugs.

Another and similar contest has been pending against the deeds and the will for a considerable period. It is that of Mrs. Clara H. Moore and Frank K. Amie, sister and brother, who allege that they are both the natural and adopted children of the dead woman. They assert that when they were quite small she placed them in an orphan's home and later was required by law to adopt them when she wanted them with her again.

MORE CONTESTS FILED AGAINST SHINKWIN ESTATE

Brother Attacks \$80,000 Bequest to Found Home

Two contests involving property valued at about \$85,000 and deeds and the will of Mrs. Annie M. Shinkwin, who died October 25, 1909, were filed yesterday in the superior court.

After the death of Mrs. Shinkwin a will was found by which she devised to a board of trustees composed of Harry Chandler, Lyman J. Stewart and others all of the property of which she was possessed, her object being that it should be used to found a home for young men.

Before her death, however, Mrs. Shinkwin has decided to the same board of trustees the major portion of her property, the object being the same as that expressed in her last testament.

Gibbs, a brother of the dead woman, and others of her relatives are the petitioners, alleging that she was of unsound mind when she made her will and executed the deeds, having been a user of drugs.

Another and similar contest has been pending against the deeds and the will for a considerable period. It is that of Mrs. Clara H. Moore and Frank K. Amie, sister and brother, who allege that they are both the natural and adopted children of the dead woman. They assert that when they were quite small she placed them in an orphan's home and later was required by law to adopt them when she wanted them with her again.

AGRICULTURAL PARK STRIP CALLS FORTH A PROTEST

Petition Bearing the Signatures of 6000 Property Owners is Filed.

One of the largest petitions ever presented to the city clerk's office was filed yesterday. It is a protest against the condemnation of a strip of land on the south side of Agricultural park to be added to the park and bears 6000 signatures of property owners in the assessment district.

The protestants claim they have a major vote in the assessment district fronting on their protest, although the time allowed them by law to file it has not expired.

Objects of the protest are the condemnation of the south side strip, the Santa Barbara avenue right of way, Hoover street for four miles south of Santa Anita avenue, and Hoover street from Santa Barbara to the park. They say they are already heavily assessed for the condemnation of land on three sides of the park and the payment of terms of bonds and do not propose to assume any more liabilities.

In a letter attached to the protest, R. E. Field, who heads the petition, declares that if the council refuses to consider the protest sufficient the whole matter will be taken into court.

The ordinance will also be as drastic as the state law will permit.

That left the city without any billboard ordinance at all, and the billboard men have taken advantage of that fact to make their boards just twice as high as they were before.

"We should go ahead and pass an ordinance without reference to the billboard people. Every time we have anything to do with them we are beaten," said Councilman Washburn.

The next ordinance probably will not give the billboard men more than twenty-four hours to comply with it, for the council feels that faith has been broken and it does not intend to be lenient.

The ordinance will also be as drastic as the state law will permit.

ALLESANDRO STREET TANGLE IS ADJUSTED

Edendale People Come to Terms with Pacific Electric

All is peace and joy in Edendale because the Allesandro street tangle is finally settled. Paul B. Shoop, vice president of the Pacific Electric yesterday signed a contract, which is filed with the company, whereby the Edendale people get about everything they have asked and the railroad in return will receive a franchise on Allesandro street for a nominal sum.

So pleased are the Edendale people over the outcome that they will hold a ratification meeting in a few days and S. M. Haskins, attorney for the Pacific Electric, will make a speech.

By the terms of the contract the railroad agrees to dedicate enough of its private right of way for street purposes, make cuts where needed and build retaining walls, construct an ornamental bridge over Baxter street and give transfers to the Pacific Electric and Los Angeles-Pacific lines.

INSPECTOR PUBLIC WORKS OPPOSES P. E. FRANCHISE

W. M. Humphreys Favors Municipal Line on San Pedro St.

If the Pacific Electric secures a franchise on San Pedro street, from Fifth to Aliso, as it expects to do, it will be over the protest of W. M. Humphreys, inspector of public works. Mr. Humphreys told the council yesterday that he would fight any project to put a railroad on that street except a municipal railroad.

"That is our only outlet to the south," said Mr. Humphreys, "and the time will come when we will need it for our municipal harbor railroad."

Councilman Andrews told the council yesterday that, anticipating a franchise, the Pacific Electric had laid a lot of trolley poles on the street. He offered a motion, which the council passed, calling on the city attorney to bring injunction proceedings, if necessary, to stop the railroad from putting up the poles.

PLAN POLICE STATION

The building of the sub-police station on Boyle Heights was put under way yesterday when the council voted to employ Architects Dennis and Parwell to draw the plans for the building.

TO ASPHALT STREETS OF WEST ADAMS DISTRICT

Council Adopts Ordinance of Intention to Improve Two Miles of Roadway

One of the biggest street improvement projects that has ever been authorized by a Los Angeles city council is contained in an ordinance of intention adopted by the council yesterday.

The engineer estimates that the cost per front foot will be \$6.03. An assessment district has been fixed to pay for the work, as it is considered of more than local value.

This project was begun by A. J. Wallace, lieutenant governor-elect, when he was a member of the city council and represented the Fifth ward. This was about a year ago, but there was so much preliminary work to the blanket improvement, such as the establishment of curb lines and arrangements for sewers, that it has been impossible for the engineering department to whip it into ordinance shape before.

DRASTIC BILLBOARD LAW CONTEMPLATED BY COUNCIL

New Ordinance Will Not Be Distinguished by Leniency

Several members of the council, especially those who compose the legislation committee, presented the spectacle yesterday of men who would like to kick themselves but were physically unable to do so. This committee reported an ordinance making drastic regulations of billboards last spring, but out of pity for the billboard men the provisions of the ordinance, which limits a bill board to six feet high, were not to go into effect for eighteen months, or September 1, 1911.

This ordinance also carried a clause repealing the previous ordinance that had had some effect in regulating billboards.

That left the city without any billboard ordinance at all, and the billboard men have taken advantage of that fact to make their boards just twice as high as they were before.

"We should go ahead and pass an ordinance without reference to the billboard people. Every time we have anything to do with them we are beaten," said Councilman Washburn.

The next ordinance probably will not give the billboard men more than twenty-four hours to comply with it, for the council feels that faith has been broken and it does not intend to be lenient.

The ordinance will also be as drastic as the state law will permit.

BRICKYARDS MUST LOCATE IN INDUSTRIAL DISTRICT

Concerns Given Two Years to Conform with Ordinance

Amending its own report the legislation committee yesterday recommended that brickyards outside the industrial district be given two years in which to close out their business, but in the meantime they must equip their plants with modern devices to make them as unobjectionable as possible. This report was adopted by the council, which balked at the committee's first report that only one year be allowed.

Brickyards that are in the industrial district are to be subjected to strict regulations and must be equipped with smoke consumers and other devices to be specified in an ordinance the city attorney will draw.

Three of the four brickyards in Boyle Heights are in the industrial district, but the southern California Brick company is outside. Morris Marks, president of the Southern California concern, objected vigorously yesterday to being asked what he considered "the scapegoat" for all the brickyards, as he must close out his business, but he is permitted to find a new location in the industrial district and continue the making of brick under the same terms and regulations as those that are now established.

The petition of the Los Angeles Realty board that tract owners be permitted to employ engineers at their own expense to make preliminary surveys for street improvements so that work in the engineer's office might be done more quickly, was denied by the council yesterday.

Service in the engineering department is to be improved so that work can be done more rapidly and already the engineer has begun to catch up with the enormous backlog of work that passes through his department.

PETITION REALTY BOARD DENIED BY CITY COUNCIL

The petition of the Los Angeles Realty board that tract owners be permitted to employ engineers at their own expense to make preliminary surveys for street improvements so that work in the engineer's office might be done more quickly, was denied by the council yesterday.

Service in the engineering department is to be improved so that work can be done more rapidly and already the engineer has begun to catch up with the enormous backlog of work that passes through his department.

POLICE SURGEON GETS INCREASE IN SALARY

A salary ordinance adopted by the city council yesterday increases the salary of the police surgeon to \$200 a month, his three assistants to \$110 each, and five nurses to \$75 a month.

This ordinance is in accordance with the recommendations of the budget committee, made in August, which met vigorous opposition on the floor of the council, especially from members of the supply committee. The supply committee, which is the official fiscal officer of the council, wanted the police surgeon's salary to be \$150 and his assistants \$100.

TOURISTS CROWD TRAINS BOUND FOR CALIFORNIA

Increase in Los Angeles' Population Attracts Visitors

As a result of the enormous increase in population of Los Angeles and Southern California, as shown by the recent census, these sections are about as popular as the world over. It is well known, according to J. J. Byrne, assistant passenger traffic manager of the Santa Fe, in charge of traffic west of Albuquerque, that the world over makes people like to be going where the crowd is going and for that reason the fact that Los Angeles has grown 21 per cent in the past ten years will attract many to this city.

In bearing out his statement Mr. Byrne cites the fact that the first limited train to leave Los Angeles was so heavy that it had to be run in two sections last Chicago last evening, bringing winter visitors to Southern California. The road did not intend putting two sections on its trains until after Christmas, but the traffic demanded it earlier.

INFLAMMATION MADE HER ALMOST CRAZY

With Pain, Itching Settled from Knee to Toes. Physicians Gave a Fortune. No Relief. Went to Hospital 3 Years. Unable to Help. Finally Used Cuticura and Was Completely Cured.

"I began to have an itching over my whole body about seven years ago and this settled on my limbs, from the knee to the toes. I went to see a great many physicians, a matter which cost me a fortune, and after I noticed that I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would say 'I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would say 'I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would say 'I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would say 'I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain.
