Encourage Southern Enterprise! SUPERIOR COTTON AND WOOLEN GOODS. COLUMBIA MILLS.

THE Subscribers, in view of the GREATLY INCREASING demand for goods of Southern manufacture, have added very largely to the machinery in their extensive COTTON and WOOLEN MILL, and are now prepared to furnish COTTON OSNABURGS, STRIPED OSNABURGS, COTTON YARN, WOOLEN PLAINS, WOOLEN KERSEYS or JEANS—all of which they WARRANT to be of SUPERIOR quality.

We also continue to manufacture Wool into Cloth, and 16 cents per yard for except the wool, and charging but 12 1/2 cents per yard for Rain Cloth, and 16 cents per yard for Twills; or we will work it up for one half of the cloth it makes. This arrangement enables planters raising wool to obtain a SUPERIOR ARTICLE of Negro Cloth, at a very small cost.

Planters of other sections who wish to work up, can send it either clean or dirty; if sent dirty, one half cent per pound extra will be charged for expense of washing it. We would prefer the wool however, to be sent clean, as the price will be more satisfactory—dirty wool loses from 25 to 60 per cent in cleaning. Barrels not objectionable as they are removed by machinery. THE NAME OF THE OWNER SHOULD BE MARKED DISTINCTLY ON EVERY PACKAGE. BERTY. The undersigned is respectfully invited to call on him, and will give a fair CASH PRICE for any wool sent to him, and will also receive orders for the South, and please to give satisfaction to all our customers.

DOCT. M. J. JONES, Under the Augusta Hotel, AUGUSTA, GEORGIA, Wholesale and Retail Dealer in DRUGS, MEDICINES AND CHEMICALS,

Dye Woods and Dye Stuffs, Oils, Paints and Painters' Articles, Varnishes, Window Glass and Putty, Glassware, Perfumery, Fine Soap, Fine Hair and Tooth Brushes, Paint Brushes, Talc, Blisters, Surgical and Dental Instruments, Trusses and Supporters of all kinds, Spices, Stuffs, Manufactured Tobacco, all the Patent or Proprietary Medicines of the Day, Superior Inks, Pure Wines and Brandy for Medicinal Purposes.

We make our purchases for Cash, and offer goods equally as low as they can be obtained from any similar establishment in this section. We warrant to be Fresh, Pure and Genuine. Orders from the Country promptly filled and satisfaction guaranteed with regard both to price and quality. [Dec. 9, 1859, 32]

KAUFFER, BAUM & CO., WHOLESALE DRY GOODS ESTABLISHMENT, 175. BROAD STREET. 175. UNDER THE AUGUSTA HOTEL, AUGUSTA, GA.

THE Underigned would respectfully inform Merchants and Dealers that they have just completed their arrangements for the coming Fall and Winter Season. Our Store has been enlarged to double its former size, thereby making it the largest Store in the State of Georgia. Our stock, which for variety of the most desirable Goods, is unsurpassed in this State, will in every respect compare favorably with any house either in Charleston or any other Southern city. It is our intention to establish a regular Wholesale Jobbing House, selling exclusively for cash. Which, as an old fact is the only way to buy Goods cheap.

Having a similar establishment in New York city, of which our Mr. I. KAUFFER, it is easy to be perceived that we have superior facilities in obtaining latest Novelties as they appear in market. We would only ask the favor of an examination of our Stock and Prices before going elsewhere, and we will prove to the Trade that we can sell Goods fully as cheap as any other Wholesale House, besides saving your time for further travelling, and many other expenses.

MANIPULATED GUANO. No. 83 SECOND STREET, BALTIMORE, January 28, 1859. REPORT OF ANALYSIS OF ROBINSON'S MANIPULATED GUANO FOR FRANCIS ROBINSON, ESQ., BALTIMORE CITY.

A SAMPLE of the above which was taken at your Mills, and analyzed, upon analysis, is capable of producing: Ammonia, - - - 8.31 per cent. And to contain of Bone Phosphate of Lime 45.82 " " The above proportion of Ammonia and Bone Phosphate of Lime is known to be most proper for concentrated manures. Both theoretical reasoning and the results of numerous practical experiments have approved of it. An application of 200 lbs. of this article article per acre, will supply more of Bone Phosphate of Lime than is required by any crop—thus leaving a considerable surplus of this valuable element incorporated with the soil after cropping, and will furnish a sufficient quantity of ammonia to act as a nutrient and stimulant.

CHAS. BICKELL, Ph. D.

REPORT ON MANIPULATED GUANO, FOR FRANCIS ROBINSON. THE sample analyzed was taken by myself from the bags in the mill where the guano was manipulated. It contained: Ammonia, - - - 8.24 per cent. Phosphoric Acid, - - 21.98 " " Equivalent to Bone Phosphate of Lime 47.59 " " It is therefore an excellent manipulated guano, containing enough ammonia to produce a rapid and vigorous growth, and sufficient quantity of phosphates to prevent exhaustion of the soil.

RHODES' SUPER-PHOSPHATE! PLANTERS seeking Manure, will recollect that RHODES' SUPER-PHOSPHATE is the only Manure the late eminent analytical Chemist, Professor Bickell, of Maryland, pronounced Standard! and which has been confirmed by every section into which this Manure has been introduced. This Manure is sold under a legal guarantee of Purity and Freedom FROM ALL ADULTERATION!

From the eminent manufacturing chemists, Messrs Potts & Kirtland, whose personal supervision RHODES' SUPER-PHOSPHATE is manufactured. This Manure has been used in South Carolina for several years past, with great success in the culture of Cotton and Corn, and is very extensively obtained for the most important staples. Do not let the present season pass without the experiment. Read the annexed letters from gentlemen who have tried it the past season.

J. A. ANSLEY & CO., NO. 300 BROAD ST., AUGUSTA, GA.

ATHENS, GA., Nov. 22, 1859. Dear Sir: Rhodes' Super-Phosphate has been applied to me this year, on a small scale, to both Corn and Cotton. The result exceeded my expectation, although the experiments, for many reasons, were not so conducted as to be entirely satisfactory. Yet I am entirely satisfied, that the growth of weed, in both instances, the fruit in corn, and the number of bolls of cotton, were fully double the yield in the portions unmanured, and this when only a table spoonful of the Super-Phosphate was applied as a top-dressing to each hill of corn, and a tea-spoonful to each stalk of cotton—and the last as late in the season as the 18th of July. Some of the weed grew to nine feet high, with six feet branches, covered with bolls, while the unmanured was not half so good. It is my intention next year, to test it more fully. Very Respectfully, Your most obt. serv't, M. C. M. HAMMOND.

UNION POINT, (G. R. R.) Nov. 28, 1859. Messrs J. A. ANSLEY & Co. Gents—I bought a ton of Rhodes' Super-Phosphate in Baltimore, last Spring, Mr. H. D. Letter, of Berkeley, to test its value as a manure. I put about 125 lbs. on an acre of cotton, in the drill, on land that would not make over 75 to 100 lbs. of seed cotton per acre, without Manure. The result is entirely satisfactory. I have made at least from 450 to 600 lbs. to the acre on this very poor land. I expect to purchase from 2 to 8 tons for my Spring crop. My Overseer wishes to put his name to this also. Yours, in great haste, P. W. PRINTUP, WILLIAM FOSTER. De. 24, 1860 34 ft.

CHEROKEE REMEDY. One to Three Days. Cures From

An Infallible Cure for Gonorrhoea, and all Diseases of the Urinary Organs. This Remedy cures when all other preparations fail. It is entirely unlike every other compound, containing no mineral poison or noxious Drugs, as it is prepared solely from Roots, Herbs and Leaves, and has been tried by thousands from one generation to another by the Cherokee Indians. It is offered to the public on its own intrinsic merits. It performs its duty quickly and thoroughly. The unfortunate of either sex will be relieved by its use, instead of passing themselves at the mercy of some Quack or Professor. This Remedy strikes at the very Root of the disease; its tendency is not simply to suspend this poison, but to remove the cause on which it depends—Foul Blood or Impure Urine, by forming a compound each bottle.—The speedy and permanent relief afforded by this Remedy, in all cases of Gonorrhoea, Gleet, Gravel, Stricture, Pains of the Bladder, (which in Females,) and all Diseases of the Urinary Org
