

LEGISLATIVE.

COLUMBIA, S. C., September 7.—In the Senate, Corbin intr...

Section 1st says if the Governor is unable to enforce the laws by judicial proceedings, he is empowered to call out the militia.

Section 2d. The Governor to order the insurgents to disperse by proclamation.

Section 3d. The militia in service are to be governed by the rules of the United States army, receiving the same pay and rations.

Section 4th provides penalties for disobedience.

Section 5th. The Governor is authorized to seize and control the railroads and telegraph lines as part of the military establishment.

Section 6th. The Governor shall organize in such manner as he sees fit.

Section 7th. The Governor is authorized to suspend the habeas corpus.

The Chatham Railroad bill has been made the special order for to-morrow, by a vote of fourteen to five, showing its probable success.

Corbin introduced a bill fixing the Attorney General's salary at three thousand dollars; no fees.

Rutland's resignation was accepted.

Corbin reported a bill regulating the admission of attorneys, which was amended by limiting the requirement of the oath to the attorneys hereafter admitted.

In the House, the bill codifying the laws was recommitted.

Bates, the negro insurrectionist, arrived here this afternoon—not arrested.

WASHINGTON, September 8.—Mr. Schenck, of Ohio, to whose discretion, conjointly with that of Senator Morgan, of New York, was left the question of calling Congress together in September, has written a letter deprecating a September session. The best informed parties state that there will be no session.

Gen. McClellan is expected in the Cuba which leaves England on the 19th instant.

The Louisiana senator's threat to burn New Orleans is regarded with horror by all parties here.

A Gorman Democratic Club has been formed at Charleston, with Gen. Wagoner as President, and eight Vice Presidents.

In the same city the Irish and Italian citizens have loqued together in a Democratic Club, with Jas. F. Slattery as President, and thirty-two Vice Presidents.

Attorney-General Evans has advised that a habeas corpus for Mull, Spangler and Arnold has been applied for in the Southern District of Florida.

The President takes ground that the constitution forbids the maintenance of standing armies in any shape, and that the act of 1865 disbanding and forbidding a militia and volunteer force is absolute in the South.

It seems generally conceded that it will be too late to arm Southern militia in time for the election, and there appears to be no other business, and a meeting is improbable.

UNIONVILLE, S. C.—A BLOODY AFFRAY BETWEEN WHITES AND BLACKS AT UNIONVILLE.—Bates, a negro preacher, who claims to be general of the militia of Union District, was foremost in the fight and flight.

The Georgia Legislature is trying to oust the colored members. Four Representatives, Beard, Belcher, Fyall and Davis, who have always passed for blacks, claim to be white.

ATLANTA.—In the House, Sims, negro, had the floor in defence of the eligibility of negro members. He was at the Democratic Convention in Charleston in 1860, and he was glad to see Mr. Yancey withdraw his delegation, for it was the silvery lining of the great cloud of liberty for the colored man.

A point of order was raised whether the fifteen minute rule was in force. The Chair decided that each member had unlimited sway.

Sims continued his speech, and said if they were turned out they would rally again; such a rally as the people of Georgia never saw before. "The Northern people love us, because we are citizens and of the same blood. If all the tribunals of Georgia sustain our expulsion it shall not stand." God would not, he said, allow the North to succeed in the late war until the negroes were declared citizens, and Chief Justice Taney's decision had been reversed by God.

Turner, negro, will follow Sims, and so on until twenty-seven negro members have made a separate defence, unless cut short by a vote of the House. It will take many days. At last accounts Mr. Davis and his family had not left Liverpool.

AUGUSTA.—The State Senate has unanimously passed a resolution authorizing the Governor to issue a proclamation disbanding all armed associations throughout the State. There are bands of armed negroes throughout Georgia, and in one county they have reelected the sheriff.

Georgia letters state that the Legislature will probably adjourn before deciding the eligibility of negroes.

NEW ORLEANS.—A white senator was ousted to-day and a mulatto installed in his stead.

WASHINGTON.—McCulloch has ordered several changes in the New York Customhouse, reducing the expenses \$98,000. Other changes are in contemplation that will reduce the expenses of collecting the custom \$1,000,000.

A movement has been commenced with a view to unite the United States, England and Russia in a grand expedition to solve the problem of the North Pole—that is, to reach it, if this be possible, and ascertain its surroundings.

NEW YORK.—The Vermont election has resulted in the success of the Republican party by an increased majority over last year. Returns from one-third of the State indicate that the Republican majority will be about 27,000 for Governor. Some make it 30,000.

The large expenditures of the War Department for the Freedmen's Bureau, &c., will increase the public debt several millions.

SAVANNAH.—The negroes on the outskirts of the city are causing trouble. They are armed, and drill nightly, stopping farmers on the roads leading to the city. The country folks are compelled to go in parties of ten to twenty when they go to market.

ATLANTA.—In the afternoon session, on the vote being taken, the negroes were declared ineligible by a vote of eighty to twenty-three, unseating twenty-five negroes. Four remain who claim to be white men. Their case is to be investigated. Turner walked out and brushed the dust from his feet; the other negroes bowed to the Speaker and waved their hats to the white members.

COLUMBIA, S. C.—House sustained Governor's veto of Charleston City Charter Bill.

Somebody has ascertained that the national debt, if piled in dollars, one row up, would be three hundred and ninety-eight miles high. It taxes every one in the country an average of \$14 yearly.

KANSAS CITY.—A Mexican train has been attacked by the Pawnees at a fork of the old Platte Road, seventy-three miles north of Fort Dodge. Sixteen Mexicans were scalped and hot bodies burned with the wagons. Another train with 75,000 pounds of wool was attacked within twenty-five miles of Fort Dodge. The escort fought until their ammunition was exhausted, when they abandoned the train.

OMAHA.—It is reported that a large body of Indians is moving north to strike the Pacific Railroad between North Platte and Julesburg.

The Chinese hold the office of school-teacher to be the highest in the world. All the people there are educated, and the instruction of youth is universal.

A negro member of the Alabama Legislature asserted his "civil right" to ride in the ladies' car on the Georgia Central Railroad the other day. He only submitted to the frightful outrage of a compulsory seat in the ordinary cars upon the suggestion of the conductor that a broken head would ensue upon a refusal.

An attempt was recently made to lynch a fellow in Kentucky who had the reputation of beating his mother, but he shot one or two of his assailants and discouraged them. His mother now writes a card, saying that it was all a mistake; that she sometimes fought with her son's wife, but never with him, and that it was all in the family at any rate.

HERTFORD, CONN.—George Hall, formerly of Savannah, Ga., but a native of this place, has died, aged 80, and leaving \$30,000 each to Hartford and Savannah for charitable purposes.

His Royal Highness Duke William of Wurtemberg, reviewed the cadets at West Point on Friday, in the presence of a large and brilliant audience.

FOREIGN.

ST. PETERSBURG.—Official advices from Bokhara state that the Emir has made a treaty with the Russians, accepting terms offered by the Imperial Government, and that the Russian troops have evacuated Samarcand.

LONDON.—Dispatches from Rome state that Rev. Dr. Henry E. Manning, Archbishop of London, is to be made cardinal.

The Paraguayans have been starved out of Humaita, leaving two hundred and fifty cannon.

The Patrie, of Paris, has advices from Paraguay, which explain that Humaita was abandoned because General Lopez had completed his new defensive line of fortifications on the Tejuicuari.

LONDON.—John Bright, in a letter accepting the Birmingham nomination, says the disestablishment and disendowment of the Irish Church would strengthen both the cause of Christianity and the constitution of the country.

A fearful earthquake took place in Callao on the 13th inst., which lasted seven minutes. No lives were lost, but many houses were injured. At 7 p. m. the sea retired for one hundred yards; on returning, the water rose ten feet above the usual level. Great fears were entertained that Callao would be completely inundated. At 12 o'clock the mole and wharf were completely covered, the sea rushing into the lower part of the city. The town was completely deserted, the population having fled, panic-stricken, to the interior. At last accounts (14th) the worst was over; but great alarm prevailed in the community for the safety of their property. Shipping had not suffered when the steamer left.

LONDON.—The Ariel, the first ship of the ten fleet from China, has just arrived in the Thames. She sailed from Foochoo May 28th, in company with ships Tapena and Sir Launcelet.

FLORENCE.—The Italian government is increasing the number of military posts on the frontier of the Papal States.

The number of ships now owned in Portland are two—previous to the war there were fifty-seven.

EPISCOPALIAN.

THE EPISCOPALIAN AND METHODIST.—The Protestant Episcopal Diocesan Convention of Western New York, at its recent session in Buffalo, adopted a resolution avowing satisfaction at the appointment by the last Methodist General Conference of a commission to confer with a similar commission on behalf of the Protestant Episcopal Convention with a view to the union of the two bodies, and expressing a hope that the General Convention will respond.

St. Louis.—The Episcopal Convention have elected the Rev. Charles F. Robinson Bishop of Missouri.

The Protestant Churchman (Low Church) notifies its contributors that it will not print the phrase "the Church," as applied to its own body, and requests them to write either "our Church" or the "Episcopal Church" instead. It says that the designation "the Church," even when the article is printed without emphasis, is, when applied to any one part of the Church of Christ, as absurd as unchristian.

METHODIST.

The Methodists resolved at their conference at Chicago to establish a Scandinavian Seminary. The Scandinavian Methodists have subscribed \$25,000 for this object, and the committee calls on the Church in general to increase this subscription with a contribution of \$25,000 additional.

The Methodist says: "Our papers continue to present the scope of the action of the late General Conference upon Lay Representation with great force and clearness." The Northwestern Advocate in a recent number says: "It was well understood at the time that the course adopted by the General Conference would not leave question just where it was left in 1860 and 1864, but would lift it to a much higher place. Its advocates were to be held in different estimation, and the questions was to go before the people at a great moral advantage."

The Northern Independent concludes an editorial in these words: "The sum of the argument is this: If the General Conference did not approve of Lay Delegation, they had no right to entertain the proposition, except to show their reasons against it. If they did approve of Lay Delegation, and prepare the way for its adoption, they had no right to go home and try to defeat it. These two propositions, we think, put the whole case in a nutshell."

METHODIST.—The Christian Advocate says: "According to present prospects, our theological schools will all be crowded the coming year. At the Boston Seminary it will be necessary to hire additional rooms for the accommodation of students. Applicants may be found men of family, full members of conferences, ordained men, some older than the acting president of the institution."

BAPTISTS.

STUDENTS AT GREENVILLE, S. C.—A large number of students are expected at the Southern Baptist Theological Seminary the coming year. At the Boston Seminary it will be necessary to hire additional rooms for the accommodation of students. Applicants may be found men of family, full members of conferences, ordained men, some older than the acting president of the institution.

The Minutes of the Twenty-third Convention of the General Synod in the United States, which we have received, furnishes us with the following items:

Hasselquist, Professor of Swedish, Rev. S. L. Harkey, Professor of English, and Rev. A. Venasz, Professor of Norwegian and German.

The Buffalo Orphan House held its Anniversary Festival on the 25th of June. The number of orphans has been, during the past year, increased by 35. A second home has been provided by purchase, price \$6,000.
