

YOU CAN BANK ON ZEMO FOR ECZEMA!

A 25c Bottle Will Prove It Absolutely

Your skin will revel with joy the moment you apply the new remedy, ZEMO. "Glory, but isn't it great!" ZEMO is a liquid. You rub it on the affected part, it sinks right in, and then it's goodbye to all that terrible itching, to every eczema sore, eczema pain, pimples, blackheads, blotches, rashes, sores and prickly heat. Yes, they all go; they've got to go. And how clear, smooth and spotless it leaves the skin! Dandruff, dandruff, dandruff, too. ZEMO is safe, absolutely.

Use ZEMO for irritated, raw and inflamed skin; for cuts, sores and hives and feel the difference at once. Children especially who suffer from skin affliction will go wild over it. ZEMO is guaranteed to stop itching.

ZEMO is sold at drug stores, in 25-cent and \$1 bottles, or sent direct, on receipt of price, by E. W. Ross Medicine Co., St. Louis, Mo. The \$1 bottle contains six times as much as the 25 cent bottle.

Sold and guaranteed in Amarillo by the Randal Drug Co.

Martha Arnold, Antioch, Texas, says: "My children had a deep-seated cough which the doctor feared might result in pneumonia. He advised me to get a large bottle of Foley's Honey and Tar Compound, and keep them on it. The result was like magic and the cough was cured."

RANDAL DRUG CO. (Advertisement.)

It is indeed a happy circumstance that permits Alamosa Camp W. O. W. to secure an engagement with Ellen Beach Yaw for December 4th near her at the Grand Opera house.

Kwiterkikkin, Phone 22. Judge Bowers Drops Dead at Giddings

Mr. and Mrs. H. C. Pipkin left last night for Giddings, Texas, in response to a message bearing the intelligence that Judge Bowers, father of Mrs. Pipkin had fallen down from a sudden attack of heart disease. Judge Bowers, who was one of the prominent lawyers and jurists of that section, was stricken about 10 o'clock. The message contained no further details.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFIELD REGULATOR CO., Atlanta, Ga.

SELF-CRANKING SYSTEM PREVENTS BAD ACCIDENT

Nashville, Tenn., Nov. 28.—Quick presence of mind and the use of the electric self-cranking system on a 1912 Hudson car prevented a bad accident at Nashville, Tenn., this week.

A prominent citizen of Nashville who is the proud possessor of a new 5-cylinder Hudson car was nearing the N. & C. railroad crossing on the darding road when the headlight of an approaching automobile blinded him so that instead of following the road, which makes a turn as it crosses the railroad track, he drove straight on up the track itself for about thirty feet before he could stop his car.

Putting on his brakes too quickly he choked his motor just as an approaching train whistled for the crossing. It seemed as if there was no chance to escape a bad accident, but with quick presence of mind he touched the electric self-starter button and the motor immediately started. Quickly putting the car into reverse gear he backed the Hudson down the track and out into the road, clearing the track just one second before the train thundered by.

If this car had not been equipped with a reliable self-starter it would have been absolutely impossible to have gotten out, cranked the car, gotten back to the driver's seat and backed off the track in time to save the machine and probably his own life.

I. G. Mahan, 1921 Twelfth street, Fort Smith, Ark., says: "I cannot say too much in favor of Foley Kidney Pills. I had kidney trouble with a pain in my back that hurt so sometimes I had to go sit down. When I started taking Foley Kidney Pills I was bent over. But now I can work every day, the pain is gone and I feel fine."

BASKET BALL GAMES PLAYED AT CANYON

Special to Daily News. Canyon, Texas, Nov. 28.—Noteworthy features of Thanksgiving Day sports here were two basketball games, which were witnessed with keen interest.

The game between Canyon, the West Texas champions, and the Normals resulted in a victory for the former, score 35 to 4. The contest was fast and snappy. The Canyon team was better drilled than the Normals.

Moreland threw the only goal. The other two points were made on fumbles. Thad Lair threw nine goals, Tom Lair seven, Cavett one.

The line-up: Canyon—Tom Lair and Thad Lair, forwards; Cavett, center; Reeves and Hunt, guards.

Normals—Moreland and Black, forwards; Holden, center; Wallace and Reed, guards.

Another game, which was of keen interest, was between Amarillo and Canyon girls. The latter won, 15 to 3. The particular star was Miss Spires of the Normal, who threw a majority of the goals from fouls.

The line-up: Canyon—Misses Lair and Spires, forwards; Miss Stone, center; Miss Robbins, center; Misses Webster and Locke, guards.

Amarillo—Misses Aston and Sockwell, forwards; Misses Blackburn and Miltken, centers; Misses Vernon and Finkles, guards. Substitutes, Quynon, Misses Wilson and Turk; Amarillo, Miss Aston.

PLEASING PROGRAM IN PYTHIANS HALL

With Palo Duro Lodge, Knights of Pythias, and the Pythian Sisters as host and hostess, an evening of rare entertainment was provided at Castle Hall last night, when local Pythians and outside friends gathered for several hours of social contact.

A special and pleasing musical program was provided and short addresses which treated of the beauties and benefits of Pythianism were made. The evening proved one of genuine pleasure.

GALVESTON BREAKS EIGHT RECORDS THIS SEASON

Galveston, Texas, Nov. 28.—By teaching and passing the two million sale mark in cotton receipts twenty-five days earlier than in any previous season in the history of this, or any other port, Galveston has now broken eight records in the present season.

Counting the receipts of Thursday, Nov. 21, the total cotton receipts of Galveston since September 1 amount to 2,921,585 bales against 1,578,297 bales on same date last season. Total cotton receipts of all United States port up to and including those of Wednesday the 28th were 4,892,454 bales which would indicate that Galveston is not only the greatest cotton port of the world but this season so far she has handled and cared for nearly one-half of the cotton handled in the United States.

Of this vast amount of cotton, but very little is now in Galveston. It being cared for as fast as it is received by the steamers of the sixty-three lines that are entering the port. The records of the Galveston cotton exchange for Wednesday Nov. 28 indicated that stock on hand not cleared and in compresses and depots amounted to but 455,971 bales with a large percentage of this already on board ship but not cleared.

Dates on which the two million bale mark has been reached in previous seasons are as follows:

Table with 2 columns: Date and Bale Count. 1911-12 Dec. 15 1,910,111; 1910-11 Dec. 27 2,005,140; 1909-10 Jan. 24 1,908,900; 1908-9 March 27 1,906,700; 1907-8 Feb. 17 1,905,600; 1906-7 March 4 1,904,500; 1905-6 Jan. 26 1,903,400; 1904-5 April 24 1,902,300; 1903-4 May 19 1,901,200; 1902-3 May 31 1,900,100.

A crowded house will greet Yaw at Grand Opera House December 4th. 26-tfc

LOS ANGELES PLANS TO PUT BAN ON NOISE

Los Angeles, Cal., Nov. 28.—A new city ordinance regulating the use of automobile signals goes into effect today.

This is the result of efforts of the Automobile Club of Southern California and the Police Department here to reduce the automobile accident record and at the same time subdue the objectionable noise element among motorists.

The new measure contains several unique provisions. It demands the use of a truly adequate warning signal and defines such as one producing an abrupt note, sufficiently loud to be heard under all traffic conditions; but restricts its use to times when it is actually necessary as a warning of danger.

Preliminary to the enactment of the ordinance a test of auto horns was conducted by the traffic police. The results showed that the horn operated by means of a rubber bulb was inadequate to the demands of safety.

The new law is consequently directed against this type of signal device. Los Angeles is the first of the Southern California municipalities to take up this important question and it is predicted that the solution embodied in the new legislation will be adopted generally throughout this section.

If you fail to hear Yaw at the Grand Opera House December 4th, you must know you will be missing an opportunity not often enjoyed to hear one of the world's greatest singers.

SERVANT IN THE HOUSE PLEASES BIG AUDIENCE

With the hidden beauties and deeper meaning brought out by a capable cast, "The Servant in the House" met with approving reception at the hands of a large audience at the Grand last night.

The offering last night marks the second presentation of this beautiful sociological drama of Charles Rann Kennedy, but the story lost none of its effect for that reason.

Edmund Dalby as the Vicar appeared to good effect and Ella Burgett as the Vicar's wife, was equally effective. A. C. Winn proved powerful as the drain man, William F. Phillips offering a fairly creditable Manson. The girlish simplicity of Miss Crumrine, the niece of the Vicar, was perhaps the most artistic interpretation of the entire cast.

The offering as a whole was creditable and entirely pleasing.

GRAND INSTALLS LARGE ARC LIGHT

The management of the Grand Opera house has installed a 5000 candle power Alba flaming arc electric lamp as part of their attractive sign. This is the same type of lamp as is used by the government in lighthouses and when lighted, illuminates Folk street for several blocks to the disparagement of smaller lamps.

LITTLE GIRL IS FATALLY BURNED

CLOTHING OF ALMA McDONALD IGNITED BY RED HOT STOVE.

Alma McDonald, the seven year old daughter of Mr. and Mrs. E. T. McDonald, died at an early hour yesterday morning as the result of injuries sustained when her clothing was ignited from a stove in the home of her parents on Wednesday afternoon.

Mr. McDonald is employed as fireman at the Troy Steam Laundry, and Mrs. McDonald is also employed at outside work. The parents were away from home at the time the deplorable accident occurred. The child had been kept from school, on account of a slight indisposition, and a wood fire had been built by the father to keep her comfortable.

The heater became red-hot, and the child made an effort to throw the damper. In doing so her dress came in contact with the stove and was ignited. Screaming with fright and agony, the child ran from the home, which adjoins the laundry where her father is employed, screaming for help as she ran.

Reaching the gate and finding it fastened, the child, with blazing garments turned and ran in the opposite direction just as her parent rushed to her assistance. Mr. McDonald stated that he did not know that he was endeavoring to save his own child until he reached her.

The burns were of such severe nature that, despite all efforts to render relief, death resulted some ten hours later. Funeral services were held yesterday afternoon at 3 o'clock, at the family residence, 315 Harrison street, conducted by Rev. E. E. Robinson and Rev. W. I. Caughran. Interment followed in Llano cemetery.

RIVERS AND HARBORS CONVENTION NEARING

Washington, D. C., Nov. 28.—Judging from the lists of delegates appointed by governors of states, mayors of cities and chamber of commerce already received at the headquarters of the organization, the forthcoming convention of the National Rivers and Harbors Congress, which will be held in this city Dec. 4, 5 and 6, will be the largest in the history of the most potential waterway association in the country.

While the program is still incomplete in one or two particulars Secretary Thompson announced today that President Taft will open the congress on Wednesday morning Dec. 4, to be followed by the Peruvian Minister Federico Alfonso Pozet and Lieutenant Colonel W. P. Anderson, chief engineer of the Department of Marine and Fisheries, Ottawa, Canada, who will personally represent Premier Borden.

At the Wednesday afternoon session the following program will be carried out: George W. Norris of Philadelphia, "Delaware River Terminal"; illustrated lecture by Hugh L. Cooper, vice president and chief engineer Mississippi River Power Co.; illustrated lecture, H. McI. Harding, consulting engineer department of Docks, City of New York, "Ocean and River Terminals."

Third session Thursday morning December 5. Address, Hon. S. M. Sparkman, chairman Rivers and Harbors Committee house of representatives; Address Hon. Henry L. Stimson, secretary of war; Fred W. Donnelly, mayor of Trenton, N. J., and an address from one of the Pacific Northwest Senators.

Fourth Session: Thursday afternoon. Speech, Hon. Chas. E. Townsend, United States senator from Michigan; speech, Harold F. McCormick, Chicago; Mayor Fitzgerald of Boston; George P. Blow of Illinois; Hon. F. M. Simmons, United States senator from North Carolina, and Hon. T. S. Martin, United States senator from Virginia.

The session of Friday morning, Dec. 6, will be given over to committee reports, nominations and call of states for five minute speeches.

Senator-elect Jos. E. Ransdell of Louisiana, president of the National Rivers and Harbors Congress, will deliver his annual address at the opening session of the congress reviewing the work accomplished by the national legislature looking to the improvement of the waterways in past years.

IMPROVEMENT NOTES

J. Q. Dyer and his force of carpenters and excavators yesterday began the foundation of a six room, one story apartment house for David Long at the corner of Seventh and Fillmore streets, to be completed by January first.

Contractors Bone & Parr yesterday received the steel I-beams especially designed to support the front of the New Eberstadt building at the corner of Sixth and Polk streets.
