Bismarck Planing Mill! Manufacturers of STORM SASH, SASH DOORS AND BLINDS, MOULDINGS, BRACKETS, DESKS, LATHING, MILL WINDOW AND DOOR FRAMES.

A Midnight Blaze. Fire was discovered at 11:30 last evening in the dry room of the Troy Laundry, corner of Third and Meigs streets.

George Elder and a TRIBUNE reporter broke in the front door and found Mrs. Albertson and Martha Anderson in their night dresses wandering about in the dark...

The Troy Laundry occupied a two story building owned by John Gannon. Next to the laundry was a vacant one story building, also owned by Mr. Gannon...

Mr. Albertson, owner of the laundry, was partially insured and will lose but little, aside from the damage to furniture and household effects.

It ever a town was fortunate, so far as fire is concerned, that city is Bismarck. She has had but few large fires. Scores of blazes have visited different portions of the city...

Rev. Plannet received a severe cut on the wrist by a piece of glass while reaching through a window after a bucket of water.

John Carpenter fell from the porch of the laundry and received several bruises, from which he will suffer more or less for a couple of weeks.

L. J. Sprague, an old time fireman, while fastening a hook, was pulled from the roof and received a savage cut on the left hand and elbow...

Emms Bartch, Mary Olson and Mary Thompson would have been upstairs but for the fact of their being at the dance.

Mr. Albertson was absent. He left at 6 o'clock for his farm eight miles southeast of Menoken.

Samples for New Orleans. For several days past Ed. Sloan and others have been busy, packing ready for shipment the samples gathered in Burleigh county for the New Orleans exposition.

In what there are a dozen varieties, including French Imperial, White Russian, Scotch Fife, Hedge Row, Red Sea, California Purple Straw and Sacatchewan.

The best samples of oats are the White Russian, Barley, White Common and Excelior Hulls.

In grasses there is the Buffalo, Timothy, wild and tame, Blue Joint Red Top, Wild Pea, Wild Oats, Wild Wheat, Silver Top Slew, Meadow, Hungarian, Millet, Red Clover, Bunch, Bull Run, Alpalpa Clover, Joint and numerous other varieties.

In the vegetable line the variety is simply innumerable. Cabbages weighing from thirty-five to forty-five pounds each; turnips weighing from twenty to forty pounds; potatoes of all kinds, squashes weighing from thirty-five to sixty pounds; pumpkins weighing from forty to eighty pounds each; sweet potatoes; egg plant, red peppers, cucumbers, etc., etc.

Twelve different varieties of soil will be shown and a glass case will show the soil of the Missouri slope in layers, just as it actually is to a depth of two feet.

gathered in this region, and will fill at least two or three cars. Probably twenty cars of samples will go from Dakota.

The Combination. In speaking of the course pursued by the Missouri slope, or Dr. Bentley, contingent at Pierre, the Sioux Falls Press says: "There was no ulterior advantage whatever for Bismarck taken into the calculation."

Mr. Thomas Hennessey, the master plumber, says the ventilation arrangement is a new but well tried invention, making it impossible for any poisonous gases to escape in the building. The plumbers have finished their work for this season, but will put in the steam heating apparatus next spring.

A Deserved Promotion. Under the above caption the Ohio State Journal of the 22d says: of Lieutenant Burns, well known in this department:

First Lieutenant James M. Burns, Seventeenth U. S. Infantry, for a year past acting adjutant at Columbus Barracks, has been relieved and ordered to report to Brigadier General D. S. Stanley, at San Antonio, Tex., for duty on his staff as aide-de-camp.

As a Fisher's residence is nearly completed, Mr. S. Newton, foreman of the carpenter work, says he will finish next week. The black walnut trimmings and casings are the finest and most costly in the city.

The Capitol Building. The capitol building is practically finished, except as to the heating and lighting apparatus.

The merchants of the Hebrew persuasion closed their stores Monday, it being the celebration of the first day of the Jewish calendar. On this day, in all synagogues, the ritual commemorates the dispersed state of the Jews, and the prayers offered by the rabbi have special reference to their restoration.

Democratic Convention. At the same convention of the democrats of Burleigh county held at the court house, Monday, Dennis Hannifin was chosen chairman and Major Fonda secretary.

GREATEST ON EARTH. CUTICURA REMEDIES are the greatest medicines on earth. Had the worst case Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe CUTICURA would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the CUTICURA RESOLVENT, internally, and CUTICURA and CUTICURA SOAP, externally. J. W. The penitentiary is surely a model of convenience if not of comfort. The plan of supplying the building with water is very simple. There is one large three inch pipe running through the kitchen and through the floor to the third story, with hydrants on each floor, to which is attached a hose for emergency in case of fire.

The Good Work Goes On. The grading of Fourth and Sixth streets leading to the capitol building is being pushed. R. B. Mellon is giving the matter his personal attention, which is sufficient guarantee of the success of the work.

A Model Residence. Mr. S. Newton, foreman of the carpenter work, says he will finish next week. The black walnut trimmings and casings are the finest and most costly in the city.
