## BUILDING NEW RESIDENCE NORTH OF CROSSVILLE

Esq. G. W. Davenport to Become Resident Near Cumberland Mountain School Very Soon.

Esq. G. W. Davenport has bought 70 acres of land adjoining the March farm on the north and is now starting work on it with the view to developing it into a farm. He will first erect a smoke house in which he will temporarily live while building his residence. The new home will be an eight room two-story structure.

He was prompted to buy and develop the farm so as to be in close proximity to the Cumberland Mountain school, which is one mile east of his new home. Practically the entire tract is in the woods, but he is now working on it and will erect the first building as soon as possible.

Esq. Davenport is a most excellent citizen and our people will be glad he is to locate in this section. He will continue to maintain a home on his farm in Grassy Cove, for the present at least.

## NOT TO VOTE ON THE AMENDMENT THIS TIME

Attorney-General Frank Thompson has rendered an opinion to Secretary of State E. N. Haston setting out that the amendment to the state constitution cannot be legally voted upon at the coming election because the amendment was not published six months before the meeting of the last legislature.

For that reason the amendment should not appear on the ticket next Tuesday.

## ATTENDING BANKERS MEETING AT COOKEVILLE TODAY

President J. W. Dorton and Cashier J. S. Reed are attending the Bankers' Meeting of Groupe three of the state association, at Cookeville, to-day. Mr. Dorton is on the program for a response to the address of welcome, which will be delivered by Hon. O. K. Holladay, Cookeville.

## HAVE CONTRACTED FOR ONE HUNDRED ACRE FARM

Prof. R. R. Paty and Prof. E. H. Elam have contracted with Jas. Smith for the purchase of a 100-acre farm laying about four miles north of Crossville. It is what is known as the Hiram Proctor farm and is where Dug Burnett lived before moving to the March farm. The purchase price is \$800. They plan to improve the farm as an investment.

Miss Dorthy Hamby arrived home last week from Milligan College.

The Ladies Aid society of the M. E. Church will meet with Mrs. P. V. Widener at two o'clock Thursday afternoon. All members are urged to be present as business of importance is pressing for attention.

Mr. and Mrs. Fred Brown and little daughter have recently moved back from Daysville where Mr. Brown had been working for E. P. Melvin.

W. E. Anderson is making extensive improvements on his residence near the T. C. depot.

It is very probable there never has been a time when carpenters were more in demand in Crossville than at this time. Numerous persons are making improvements to their property and several others are desirous of building residences. All complain of the slow progress because of shortage of carpenters. There are numerous inquiries for residences, but every house is occupied.

Mr. and Mrs. W. H. Jackson are here from Oklahoma visiting with relatives of Mrs. Jackson, the Bandys and others.

Dry Cleaning and Pressing—in Potter Building. Ladies suits given special attention. Nimrod Hendley.

## THE TICKET YOU WILL VOTE TUES, NOVEMBER 7

Study the Names Here Shown So You Can Vote for the Men of Your Choice.

Before another issue of the Chronicle reaches its readers the great battle of ballots will have passed and the victories will be eagerly read by many.

In keeping with the usual custom we are publishing the ticket showing the offices for which the several candidates are running. In order that all may know which are republicans and which are democrats, we are placing an (X) after the republican names. Study the names carefully so that you may get them clearly fixed in your mind and when you go to vote you will be able to vote for the men of your choice.

It is probable that arrangements will be made to get the telegraphic reports here at Crossville Tuesday night of the election. The Chronicle office will remain open until after twelve o'clock and we expect to have a better report than any daily paper can possibly give you Wednesday morning. The Chronicle will issue Wednesday morning as usual and you may expect news up to twelve o'clock Tuesday night or possibly later.

The Chronicle was not aware that E. G. Tollett, Jr., of Bledsoe county, was a candidate for representative in this eleventh district when we issued last week. Since that time Chairman G. W. Davenport brought the names of all the candidates for office in the coming election to us and it was then we learned of the candidacy of Mr. Tollett.

## GEORGE ELMORE CAUGHT BY DEPUTY BARRINGER

Bound to Court for Robbing A. G. Green's Store, Rinnie; Escaped Soon After.

It will be remembered that George Elmore was tried before Esq. O. B. Rector, May 30 on the charge of having robbed the store of A. G. Green, at Rinnie. The evidence was sufficient for Esq. Rector to bind him to court under a bond of \$1,000, which he was unable to make and he was placed in jail. A few weeks later he escaped and carried away with him one of the jail keys. It was later returned to Sheriff Walker by the mother of the boy, who sent it by some person passing.

Sunday Deputy Sheriff Isaac Barringer arrested Elmore in the neighborhood of his home and brought him to Crossville and he was again lodged in the county jail.

## HARRISON MOTOR COMPANY SELLS TO WAREHOUSE CO.

The Harrison Motor Company has sold its business to the Crossville Warehouse Company and they will take charge today.

The reason for selling is that Cosby Harrison, who has been in charge of the business mainly expects to go to Valparaiso, Indiana, between now and the first of the year to enter Northern Indiana College for a four-year course. The father, G. E. Harrison, has other business that engages his time so fully that he does not wish to have the care of the Motor Company business during the absence of his son.

## ESQ. J. L. ANDERSON SICK CONFINED TO ROOM FOR WEEK

For a week Esq. J. L. Anderson has been confined to his room at his home near Clifty. The attending physician thought it probable that it would be necessary to take him to a hospital for treatment, but he has grown so much better in the past day or two that it is not now probable he will have to go to a hospital.

A few Crossville friends went to his home Monday afternoon and found him cheerful and considerably improved. He is suffering from kidney trouble.

## N. V. SPECK SELLS GROCERY BUSINESS TO J. P. VANHOY

J. P. Vanhoy has purchased the grocery business owned by N. V. Speck and took charge today. Mr. Vanhoy will also put in meats, which he hopes to have ready to serve the public by Saturday.

## TWO BOYS TAKEN TO STATE REFORM SCHOOL, NASHVILLE

Arnold Tabor, Aged 16, and Ralph Fisher, Aged 15, Taken to Nashville Saturday.

Saturday morning County Clerk W. D. Hedgecoth and County Chairman J. F. Brown, left in a car for Nashville with Arnold Tabor, son of Peter Tabor, who lives near Mayland, and Ralph Fisher, for Nashville to put them in the State Reformatory.

In order to get the two boys into the Industrial school, it was necessary for them to take Bettie Hall, daughter of J. C. Hall, from the Industrial school to the State Vocational school at Tullahoma to make room for both the boys. The county was entitled to put one boy in the Industrial school, but not two.

Each of the boys was tried before J. F. Brown, county chairman, who is also judge of the juvenile court. He ordered that they be sent to the Industrial school for two years each.

The mother of Ralph Fisher had him tried as he had become so generally unruly that she was unable to longer control him.

The Tabor boy seems unusually bright, but was inclined to be somewhat vicious as he was constantly fighting and would not attend school.

It was due to the efforts of Truant Officer R. S. Woody that the boys were brought within the toils of the law. He says there are several other boys over the county that are likely to be handled in the same way unless their parents keep them in school.

## REV. R. E. NEWTON LEAVES FOR NEW FIELD OF LABOR

Rev. R. E. Newton and family left in their car for his new field of labor at Williamsburg, Ky. They were accompanied as far as Rockwood by Mrs. Nancy Taylor. They expect to reach their destination in about two days.

Rev. Newton has been pastor of the Congregational churches at Crossville and Pleasant Hill for some six years or longer and during that time he has won many friends who deeply regret to see him and family leave. The new field is a more active one than this and presents fully as good an opportunity for performing useful and helpful service in his calling. Our people here will generally wish for them every good thing that can come to faithful and persistent effort.

## HON. LESLIE M. SHAW MAKES SPLENDID TALK

Court House Crowded to More Than Seating Capacity; Spoke for Hour and a Half.

The address of Hon. Leslie M. Shaw, who was secretary of treasury under Roosevelt, here Friday, was generally admitted to be the most able political address ever heard in Crossville.

He talked for an hour and a half and practically all his audience that more than filled the seating capacity of the circuit court room, remained to the last. In the audience there was a generous sprinkling of democrats.

His talk at no time was bitter or intensely partisan. The only statement he made that might be called severe was when on three occasions he made the flat statement that National Chairman Cordell Hull had made statements that were not true and that Mr. Hull knew the statements were not true when he made them.

Mr. Shaw showed conclusively that a protective tariff is just what it purports to be in that it protects American industries from the pauper labor products of Europe and enable American factories to operate all the time, thereby furnishing a steady wage for American laborers and enable our people to buy more heavily than any nation in the world, thus bringing about a continuous era of prosperity such as no other nation enjoys. He showed by facts and figures that more revenue comes to the government under a protective tariff than under the low tariff for revenue of the Democratic party, while bringing greater prosperity to the country.

He showed instances where southern senators and congressmen voted for the protective tariff on southern products and immediately voted against similar protection of articles produced in the northern and eastern states. He stated that the time is rapidly drawing near when southern senators and congressmen will be forced to vote for more and more protective rates because of the great enlargement of manufacturing throughout the south.

He was escorted from the Taylor house to the court house by a delegation of leading republicans of the county. He went from here to Watertown where he spoke Saturday.

## FORMER COUNTY MAN NOW IN FUR BUSINESS

S. O. Kerley, Formerly of This County, Manager of Boise Fur Company, Boise, Idaho.

In this issue will be found an address addressed "To the Trappers and Fur Dealers." S. O. Kerley, who is well known to many of our people, is manager of the Boise Fur Company, Boise, Idaho, with business connections in New York City. Here is what Mr. Kerley says about his business.

"We want the business and can prove to the shippers that they can get better returns by shipping to our firm in New York. This is a Boise firm organized by me. I made a trip to New York last winter and made arrangements with the New York house. I shall see to it that all my old Tennessee friends get a square deal from us. We expect to do a million dollar business this season. I have been manager of this firm for ten years and we are getting a fair share of the business of the North-Western States and a fair business from as far north as Edmonton, Canada.

Give all my old friends in Tennessee my kindest regards and best wishes.  
Very truly,  
S. O. KERLEY.

## CONFERENCE PROVES HEARTY TIME OF CHRISTIAN CHEER

The conference of Congregational churches here last week proved a very pleasant and soul-cheering time for the delegates and a real pleasure for those entertaining the delegates.

The program was carried out and splendid sermons were delivered, especially by Rev. Gillam, of Atlanta. Thursday morning the delegates went in a body to Pleasant Hill and completed the program there. They inspected the new Sanatorium, Uplands, and were much pleased with the very attractive location and the splendid progress the institution is making in relieving suffering among the people of this county. The afternoon trains carried all on their homeward journeys.
