## W. W. DIMOND.

If the Jewel stove had not met with popular favor in Honolulu, we would not have ordered the second time. Since we opened business in our present quarters, less than fourteen months ago, we have sold 400 Jewel stoves. By the W. H. Dimond which arrived on Thursday, we received 120 of different sizes. It constitutes one car load direct from the factory; another lot will be here in a week.

This is without exception, the greatest fuel saver that has ever been imported to the Islands. The JEWEL is made on the best stove principles and saves money to the purchaser. They are low in price and made to wear—every piece of the stove may be duplicated and in this way it will last forever. It is cheaper to buy a single casting than a whole stove.

We sell them for cash, allowing 5 per cent. discount. We also sell them, as before, on the contract system, the purchaser paying one-third in cash, the balance in five equal monthly payments.

## KAHUNA CUNHA

Portuguese Citizen of Maui Adopts Ancient Methods.

Chinese in Mob Force Attack Police.

Teachers Discuss Methods of Discussion—Leah's Wreck Still in Evidence.

MAUI, April 10.—When closely associated, one race will inevitably assimilate some of the characteristics of another. The case in point is that kahunaism has gained a hold among the Portuguese of Hawaii nei. On Friday, the 9th, Joe Cunha, a shipped man at Hamakua, was fined \$5 and costs by the district magistrate of Makawao for practicing medicine without a license.

His patient or rather victim was Mrs. John Sylva of Makawao, who suffers much from spells of insanity. The remedies for the cure of this insanity as used by Cunha were applications of vinegar and mustard on the back of the head and on the limbs, the burning of garlic and weeds inside of the house, and the scratching of a knife on a board. The last is used much for the same purpose as the Chinese use paper bombs—to frighten away the devils. "Kahuna" Joe received \$32 in all from the husband of the unfortunate woman.

Cunha practices his incantations during the late hours of night and among other mystic accomplishments he pretends that he has power of causing cows to give more milk. In this case his "modus operandi" is to kneel beside the animal under whose nose a bunch of weeds is burning and pray long and earnestly.

Fourteen police under Deputy Sheriff Scott made a raid upon some Chinese gamblers Friday night at Camp 5, Spreckelsville. They captured nine and placed them under guard in a room in one of the houses. Then the gong sounded, and a mob of Chinese (several hundred of them so it is reported) armed with hoes and sticks made an attack upon the house for the purpose of rescuing their friends. Some of the police immediately jumped on their horses and with black-snake whips dispersed the excited crowd. Several of the attacking party bore marks of the whips on their faces. It is rumored that several shots were fired by the police but no one was injured.

Monday afternoon, the 5th, the monthly meeting of Makawao teachers was held in the Makawao school house. D. D. Baldwin, presiding, Inspector-General Townsend gave an instructive discourse upon methods of conducting teachers' meetings and Mrs. Townsend explained apperception in a most interesting way. There were 24 in attendance. Mr. Townsend stated that probably Col. Parker would be present at the summer school to be held in Honolulu in '98.

Mr. and Mrs. Townsend returned to Hilo by Tuesday's Kinau. The April meeting of the Makawao Literary Society will take place at the residence of Mr. and Mrs. D. D. Baldwin of Haiku during the evening of the 16th inst.

Wednesday, the 7th, W. H. King of Waikuku celebrated the 75th anniversary of his birth by a luau.

The ladies of the Thursday Club discussed Rudyard Kipling at the residence of Mrs. B. D. Baldwin of Hamakua, Thursday afternoon.

W. G. Ogg of Makawao has been the guest of J. W. Colville of Paia, recently.

Three gentlemen bagged 51 plover on Friday in the vicinity of Kapalaia, Makawao.

A piece of the Leah's stern still decorates the reef to the windward of the harbor—"simply this and nothing more."

Weather:—A shower Friday moistened the dry earth a trifle.

Saturday's Cricket Match.

A cricket match was played on the old baseball grounds last Saturday afternoon between the married and single men of the H. C. C. Owing to the departure of the Mariposa that day, many of the players on both sides were unable to play.

The game resulted in a victory for the married men as will be seen from the following score:

## SUGAR BEET INDUSTRY.

An Immense Plant Proposed in Nebraska.  
CHICAGO, (Ill.), March 26.—The Times-Herald says: Advice from New Carlisle, Ind., reached the city yesterday that Nelson Morris of this city has associated himself with an Indiana syndicate which has purchased a large tract of land in the Kankakee region for the development of the beet-sugar industry. It is proposed to build an immense plant and reclaim several thousand acres of the land in the vicinity to open a vast area for this industry.

Morris is not in the city at present and will not return from a pleasure tour for several weeks. His son Herbert admitted last evening that the deal was being negotiated, but he preferred not to say anything until his father returned to the city. He said that the land was at present under water, but could be drained and converted into a splendid acreage for sugar beet culture.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels.
