RETURN ON MILK

But Little Fault Found With the Article.

THE CONTAINERS WERE CLEAN

What Made Soldiers Sick Not Clear. Inspection—Oleomargarine. From Doctors.

President Smith, Dr. Day, Dr. Emerson, Dr. Wood, George W. Smith, Theo. F. Lansing, L. D. Kelliop, Agent Reynolds and Secretary Wilcox were present at a meeting of the Board of Health held yesterday afternoon. Dr. Monsarrat's report was read. Out of 202 cattle, from Hawaii and Molokai, killed only three had fluke liver.

For the past week Inspector Kelliop reported 59,825 fish examined at the public market.

Food Inspector Johnstone submitted a report giving a list of numerous letters and publications received from various health boards and officials in the States. It was recommended that certain ones, notably those relating to milk and common foods, be compiled, published and put into immediate use. Dr. Day and George W. Smith were appointed a committee to make these compilations.

Further along in the report was a statement of the condition of milk used at Camp McKinley on October 12 when a whole company was made sick. The milk came from the Star Dairy and the Dairyman's Association. Milk stands and containers were found to be clean. One sample of milk was slightly diluted with water; another contained slightly too much fat. Further than this there was no fault to be found with the milk at the camp.

The Inspector reported over 12,000 pounds of oleomargarine imported during the month. Butter in Chinese restaurants had been examined, and found to range all the way from good butter to indifferent oleomargarine.

President Smith brought up the matter of systematizing milk inspection. It was important that samples be taken regularly and thoroughly examined. On vote the Inspector and Agent Reynolds were empowered to employ a man in November for this work.

President Smith asked the physicians if good oleomargarine was injurious to health. "It is not," replied Dr. Day. "The objection to it is the fraud practiced in its sale. As the system now is a man does not know whether he is buying butter or oleomargarine." Mr. Johnstone suggested that in the preparation of labels for adulterated coffees the per cent of chicory or adulterants be stated. Deferred.

Report of Malulani hospital showed the following: Patients on September 1, 10; admitted in month, 13; at

end of month, 15. Receipts \$115.60; disbursements, \$288.72.

Hilo hospital—Patients on September 1, 4; admitted during month, 7; patients on September 30, 5. Receipts, \$151.50; disbursements, \$183.52.

Waimea hospital—Patients on July 3, 2; admitted during quarter, 9. Receipts, \$316.60; disbursements, \$237.90.

Kaplanani Maternity Home—Cash on hand August 1, \$2,753.89; receipts for month, \$677.80; disbursements, \$241.40.

Dr. W. E. Taylor was granted a license to practice medicine.

Leprosy Committee recommended that a number of patients at the settlement who have remained in about the same condition for several years be brought back to Kailhi for re-examination. Twenty-five names were submitted by Dr. Oliver. Matter deferred until the visit of the Board to Molokai.

Dr. Hildebrand reported 970 girls examined in the various schools of the city since the term opening.

Dr. E. S. Goodhue wrote from Boston that he would start at once for home. He will go back to Walluku.

Application from Hilo hospital for supplies was referred to Dr. Wood for investigation and report.

Dr. Mouritz reported all school children on Molokai vaccinated. Health condition in the school was good. Dr. Hugas submitted a similar report from Kauai, and Dr. Weddick a statement from Hamakua.

Dr. Rokaku reported that beyond the prevalence of dysentery there was nothing in the sanitary condition of Japan to report.

Dr. Jordan reported the health of Hong Kong was satisfactory.

Attention of the Board is called to the fact that private schools are not living up to regulations respecting examinations and vaccination. If action is not taken an example will be made of some of them.

May Use Electricity.

Fred. J. Cross, an electrical expert who hails from Buffalo, N. Y., made a professional visit to the plant of the Hawaiian Fertilizer works yesterday. Manager Frank A. Cooke is figuring on the use of electricity at the place both for power and in disintegrating material brought for reduction and use. Mr. Cross made a careful examination of the place and will submit a complete report on cost, appliances, etc. The electric current is used very largely and effectively in a number of the monster fertilizer establishments abroad.

Capt. White Declines.

E. O. White yesterday addressed a note to the secretary of Company B, declining the office of captain, to which he was elected Tuesday evening. He expressed himself as thankful for the honor conferred but as wholly unable, for business reasons, to devote the necessary time to the office. Another election will therefore have to be ordered.

MONEY FOUND IN HONOLULU.

One of the most pleasant men in the city, judging from the smile on his face, was heard to remark "The money I save by trading at L. B. KERR'S is just like finding it."

REAL ESTATE.

The market continues firm. Transactions in large amounts have been few, the active demand for residence lots still continues. The releases of mortgages in the past fortnight have been greater than the mortgage indebtedness incurred in the same space of time.

Leases of rice and taro lands still continue to be made, 26 being recorded since the 1st instant. The predicted boom has not yet arrived, values being controlled by the demand, which is good.

Recorded instruments have been as follows:

Number.	Amount.
Deeds 123	\$ 89,271.86
Mortgages 43	116,962.75
Leases 26	
Releases 49	116,883.00

Portuguese Affairs.

There has been a final refusal on the part of John M. Vivas to journey to Washington for the purpose of representing the Portuguese colony in the Islands during the discussions in Congress, and by committees of the report of the United States Commission recently sitting here. Mr. Vivas was the unanimous choice of the people of his nationality for the mission and liberal provision for expenses was made. However Mr. Vivas could not see his way clear to leaving his affairs here for half a year or more. Another arrangement is to be made. There is located in Washington a gentleman who has been well recommended to the Portuguese colony to act as their special attorney. He will be given credentials and will be provided with statistics and the views of the colony here.

Thanks to Captain Kenake.

At the meeting of B Company, N. G. H. on Tuesday evening there was a large attendance for the election. Capt. L. T. Kenake, the retiring commander was present as a spectator. He gave up the place much to the regret of all the men and solely for business reasons. A vote of thanks to Capt. Kenake for services in the past was offered by Sergt. Walter C. Weedon. It was carried with a whoop. Every man rose to his feet to express approval of the resolution and three cheers were given that were heard down town.

Official Notice.

Following is the translation of the notification of the death of ex-Consul Fujii sent to a number of newspapers and citizens of Honolulu:

We, the undersigned, hereby notify that Mr. Fujii Saburo, Jushii, fourth order of Imperial Treasure, died on this twenty-sixth September, 1898.

Soldier Funeral Today.

The funeral of Private Timberlake, 18th Infantry, will take place from St. Andrew's Cathedral at 10 o'clock this morning. The time was changed from 4 this afternoon in order that the band might be present. Chaplain Swartz, of the First New York regiment, will conduct the services. The remains will be interred in Nuuanu cemetery.

CHINA PAINTING.

Miss Hofman, of Oahu College, has an exhibit of painted china at DIMON'S. Classes are being formed for Tuesday and Thursday afternoons and Friday mornings.

HOTEL WAIALUA.

This is Roberts' reproduction of Architect Traphagen's sketch of the new Hotel Waiialua, now in process of construction at Waiialua, this Island. This place is a health resort on the Oahu railway and the railway company is to build the hotel, which will have

a group of cottages, tropical grounds and a recreation park. Maj. Curtis P. Iaviea will be manager of the hotel, which will cater to tourists, but will have special accommodations for families. The hotel will be opened soon after the beginning of next year. Waiialua is a most delightful place, with fine fresh and sea water bathing, with

mountains close in the rear and with much historical lore. In the neighborhood is a large sugar plantation and, of course, the railway trip carries the passenger through three other plantations and along the sea coast and around Barber's Point. The Hotel Waiialua is bound to be a popular resort.
