

# LAXATINE.

THE KIND YOU HAVE ALWAYS bought has borne the signature of the Western Chemical Co. of Chicago, Ill., for years. Allow no one to deceive you with counterfeits. Imitations and "just as goods" are but experiments, and endanger the health of children.

## What is Laxatine?

LAXATINE IS NOTHING BUT THE FINEST CASTOR OIL, with its objectionable taste removed by our new process. LAXATINE is as pleasant to take as honey. Children like it. No trouble to get them to take it. It contains neither opium, morphine, nor other narcotic substances. It relieves teething troubles, cures constipation and flatulency; it assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep.—The Children's Panacea—the Mothers' Friend.

Prepared only by the Western Chemical Co., Chicago, Ills.

## Talks to an "Oregonian" Reporter.

Says President Dole is the Very Best Man for Governor of the Islands.

H. M. Whitney of Honolulu, formerly editor and proprietor of the Honolulu Commercial Advertiser, and now a prominent publisher, was in Portland yesterday, says a recent number of the Oregonian. He recently arrived in Vancouver, B. C., on the liner Miowera, and will leave tomorrow for San Francisco, where he will make a brief visit before sailing for home. Mr. Whitney says there is no truth whatever in the report emanating from Washington that there is likely to be an uprising of the natives against the United States Government. President Dole, he says, is exceedingly popular with both natives and foreigners, and has the Government well in hand. The natives are better off under the Stars and Stripes than they have ever been before, and the most of them realize it. All of them who can read and write will be given the franchise, which gives them a very considerable power, their voting strength being about 4,000 while the foreign voting population is not more than 2,500. A call for voters to qualify has been made. The regular election for the assembly will probably come off in September, but the date has not yet been fixed. Mr. Whitney regards President Dole as the very best man who could be selected for Governor of the Islands, and says it is the wish of the best class of foreign residents that he be appointed. He understands and speaks the native tongue, and is popular with the native tongue, and is popular with the considered essential for a successful Governor. He is a fine man, and has given the Islands a splendid administration. The exclusion of the Chinese by the United States will be a great benefit to the Islands, in Mr. Whitney's estimation. This and other benefits the natives have been quick to see, and while the Queen still has a small following, nearly all the Hawaiians are falling in line and will become first-class citizens. The census of the Islands will be taken by the Government next year. It is expected that it will reach 140,000, as many people have come in since the last census, which placed the population at 110,000. There are about 40,000 people in Honolulu alone, more than half of whom are natives. Mr. Whitney says that any industrious man, with enough money to buy a small place—\$2,000 or \$3,000—can do well in the Islands, and will be sure to be happy and contented, as the climate is healthful and the surroundings pleasant. Like any other country, Hawaii is no place for a poor man. It is expected that many improvements will be made as soon as the United States takes hold. The harbor, which is small, can be doubled in size by dredging, and this, it is expected, will be one of the first things that will be done. Mr. Whitney first went to Honolulu in 1856. He has been in business there since that time, making annual visits to the United States. He has frequently been in Portland, and has a large acquaintance here. The late W. A. Daly was an apprentice in his printing office in early days. Mark Twain used to make Mr. Whitney's office his headquarters when he was a newspaper correspondent in Honolulu, many years ago, and Mr. Whitney tells many pleasant anecdotes of the great humorist.

## His Time Nearly Up.

Thursday night at twelve o'clock Deputy Marshal H. R. Hitchcock retires to private life. His resignation which was tendered the Government some time ago was to have taken effect the first of August.
