CASH FOR TEACHERS

Back Salaries Payable At Once.

A YEAR OLD ACCOUNT

Sum of \$2295.50 to Be Given Out-- Four Months Additional Salary Still Due.

After many months of waiting a number of teachers in the public schools are to receive at once the money that has been due them ever since the general advance was made in salaries last September. At a meeting of the Board of Education it was decided to pay at once the additional salary for the eight months beginning January 1st and ending August 31st, 1908.

This will amount to a considerable sum in many cases, the total amount to be paid out being \$2,295.50. There still remains four months' additional salary due the teachers, which it is expected will be paid them after the next meeting of the Legislature, when a special appropriation will be asked to pay this indebtedness.

It is understood that it has also been decided by the Board to do no more work on the plans for the Royal School. The preliminary plans for this institution were prepared some time ago, but for the present no more work will be done on them.

Following is a schedule showing the amounts on back salary which is to be paid the several teachers. These sums will be paid the teachers as soon as warrants can be drawn for them by the Auditor General:

THE DAY IN THE COURTS OF HAWAII

Litigation Grows Dull Approaching the Change of the Government Here.

Joseph Lopez has filed a petition in the Circuit Court asking that he be appointed guardian of his children, Mercedes Lopez and Joseph Lopez, Jr. Lopez asserts in his petition that he is paying the mother of the children, Mrs. Lena Lopez, \$15 per month for the support of the children and that she neglects them.

Fred Meyer is suing John A. Baker and Ane Baker in the Circuit Court on a promissory note for \$100.

C. F. Jenne brought suit in the Circuit Court yesterday against James Campbell and Thomas A. Pettus, with W. G. Irwin & Co., Claus Spreckels & Co., Henry Waterhouse, C. W. Diekey and the Hawaiian Automobile Company associated as garnishees, on a promissory note for \$8000.

W. O. Smith and S. W. Wilcox have brought suit against W. H. Winchester to foreclose a mortgage given on 6,000 square feet of property on Quarry St., to secure a promissory note for \$2,400.

Sidney Smith has applied to the Circuit Court for letters of administration on the estate of Thomas E. Kavanaugh. The heirs are four uncles, an aunt and nine cousins, the estate being valued at \$2,038.

Judge Stanley has approved the sale of the Cunha property in Nuuanu valley to Mrs. A. B. Wood for the sum of \$15,200.

The Hawaiian Trust and Investment Company has been appointed guardian of the minor children of the late J. K. Kahoakano, under bonds of \$3,500.

The Seamen's Club.

The Magic lantern show at the Seamen's Club last evening was well attended. Island views and Cuban and Manila war pictures were enjoyed by all. Mr. MacAvoy of the M. A. Watson

entertained the boys for half an hour with solos on various instruments, and clog dancing. He used a genuine pair of heavy clogs in good shape, imitating railroad trains, etc., as only a seaman can.

Rev. A. E. Cory's Sermon.

Rev. A. E. Cory's sermon at the Christian Church last night on "Living for Others" drew one of the largest and most interested audiences of the series of meetings. His discourse was of a practical nature throughout, and dealt plainly with the duties of everyday life. The meetings continue, and the subject to-night will be "The Governor's Question."

A Great Merchant Gone.

The death of a great New York merchant, like James M. Constable, is a matter of more than local note. The dry goods firm of Arnold, Constable & Co., of which he was, at his death, senior partner, antedates even Stewart's; when Mr. Constable came over from Sussex, England, in 1836, being then 24 years old, he found Aaron Arnold a leading merchant near the foot of Broadway. He became junior partner, married Mr. Arnold's daughter and the firm name was then changed to its present style. At 33 years of age or nearly, he was a man of splendid physical appearance, was at his office at 9 a. m. every day, but he yielded to a few days' illness from what seemed a slight cold. Very few of his early companions in business survive him.

Public Lands Revenue for Them.

Inspector General Townsend Interprets the Newlands Resolution in That Spirit.

Editor Advertiser:—The Newlands resolutions provide that the revenue derived from the public lands of Hawaii shall be used for the benefit of Hawaii, "for educational and other public purposes." Does this signify simply "public purposes?" If so, why were educational purposes specified? Is it not a fair inference from the use of this language that such revenue is not to be considered as ordinary revenue to be used for the general purposes of the government, but for educational and similar purposes?

If any such inference is justifiable then that inference must forever stand, even though there is nothing in subsequent legislation to affirm such a purpose. The Newlands resolutions were based upon the annexation treaty which had been made between the diplomatic authorities of the two governments of Hawaii and the United States, and which had been ratified by Hawaii to the full extent possible under our laws. In fact they took the place of such treaty, and accordingly were in the nature of an agreement which Congress could not honorably repudiate even if it so desired. But evidence of any desire to repudiate this agreement is entirely lacking. Is it not sufficiently clear that the revenues from the public lands of Hawaii are to be regarded as a special fund to be used for a particular class of public purposes?

Now the use of such revenue merely for the purposes of the current expenses of the work would simply relieve the general appropriation bill and thus the purpose to make of this a special fund would be defeated. The use of this money to create a permanent school fund, such as most of the States possess, seems to me to meet the requirements of the resolutions, and at the same time to be in line with good policy. The income derived from this fund could be used for the more extraordinary expenses of the schools, such as libraries, apparatus, industrial enterprises to be conducted for the educational benefit of the pupils, shops, gardens, etc. Not many years will pass before we shall wish to establish an agricultural college, and this would seem to be a proper charge upon the land fund. Of course land now under lease and producing income would be regarded as an investment, the income being immediately available for proper purposes.

The need of such a permanent fund to tide us over the stress of new expenses incident upon keeping up with the advancing educational needs of the country will be apparent to anyone giving the subject careful attention. The need for an agricultural college, as hinted above, would cause a heavy drain upon the current revenue of the country, if the expenses of such an institution had to be met from this source. I am in, therefore, for the setting aside of the bulk of the public lands for school lands, in accordance with the custom in other Territories and States, and in accordance with the spirit of the Newlands resolutions.

HENRY S. TOWNSEND.

Rapid Transit Matters.

In the consideration of the Honolulu Rapid Transit and Land Company's application to the Executive Council to have the lines and grades defined upon which it proposes to lay its track, it was suggested yesterday that the Minister of the Interior write a letter to the company stating that the Executive approves of all the routes except the one running through the park and that this proposition must first receive the approval of the Honolulu Park Commission for a location before the Council can act. The Government will accept the company's proposition to run their line on the streets that are not graded for the time being, and they agree to change such line when the streets are graded.

A Wyllie street gang of crap players was raided yesterday morning by Detective David Kapaa. They are said to have robbed the alligator pear trees of the Waterhouses, the Jordans and others.

The marriage of Katharine Ringert of Laramie, Wyoming, to Lieutenant H. Lee Clotworthy, of Los Angeles, has been announced. Mr. and Mrs. Clotworthy will reside in Baltimore.
