THEIR BOY RELEASED

Baby Flaucon Saved From Reformatory.

JOY OF HIS PARENTS

Eight-Year-Old Condemned to Two Years in Prison for Trivial Offense.

To right the wrong inflicted upon Johnny Flaucon by a native judge of a rural district of Hawaii, a half dozen prominent officers of the Territory were kept busy yesterday. The end of it all was the release of the youngster from the reformatory, whither he had been sent for a two year term for alleged malicious mischief, and his restoration to the parents who had followed him to Honolulu.

The case is one of the most pitiful that has been brought to public attention in the Islands for some time. A week or more ago Johnny Flaucon, a little Galician lad who has just turned eight years of age, went with a party of his school fellows to the school house after hours, and in a spirit of mischief they took therefrom a few books.

Johnny Flaucon was immediately arrested for malicious mischief and taken before Judge Waipulani. Despite his extreme youth, the judge treated him with the utmost severity and sentenced him to serve two years in the reformatory.

The boy's parents were heartbroken. They are employed on the Pahala plantation, and when they learned that their boy must come to Honolulu they decided to come to this city that they might be with him or near him during his term of imprisonment. Much feeling was stirred up over the case at Kau and a petition signed by a large number of the residents of the district of Kau was addressed to the Board of Education, asking that it take action in his case.

The little fellow was brought to this city on the Kinau on Saturday and as there was no defect in the papers committing him to the reformatory, he was taken immediately to that institution. But the boy's parents came with him, and they set at work at once to secure his release.

High Sheriff Brown took an immediate interest in the boy's case. His extreme youth and the fact that the offense with which he had been charged was one due more to a spirit of boyish mischief than any criminal intent, appealed to him, and he was reluctant to even send him to the reformatory without first investigating the matter.

F. A. Schaefer, the Austrian Consul, of which government the parents of the boy are subjects, became interested in the case and both he and High Sheriff Brown signed the petition for his release that his parents had brought with them.

This document was presented to the Board of Education by Mrs. Flaucon. It sets forth that the boy had always been well behaved and had never given his parents any trouble up to the time this matter came up. As soon as it was known that he had papers in his possession that had been taken from the school his mother caused them to be returned, and made every restitution possible. Both of his parents, the petition says, are perfectly able to care for him, and they believe that if he were kept in the reform school for two years that it would do much to injure his character and prove a bad influence upon his after life.

The matter was taken up at once by the Board of Education. As soon as he received the petition Superintendent Atkinson sent it to the other members of the Board. Commissioners E. A. Mott-Smith, E. Van C. Hall, A. C. Jordan and H. M. von Holt all signified their willingness to have the boy released, and Superintendent Atkinson sent an order to W. G. Needham, superintendent of the reform school, commanding that he be freed in accordance with the powers granted the Board in cases of the kind.

So it turned out that after but a little over two days in the reform school Johnny Flaucon was restored to his parents. Within a few moments after the word had been received at the reformatory ordering him released he had been informed of the good news and before an hour had passed he was on his way down town to the office of High Sheriff Brown. There he sat for some little time, the observed of all who came into the place, until his mother arrived. Then there was a joyful reunion and the two went away together happy.

The Flaucons will not return to Hawaii, but intend to make their home in Honolulu henceforth.

HEALTH BOARD REORGANIZED

None of Its Members Willing to Assume Presidency.

The Board of Health has been reorganized since it came under the Territorial law and Attorney General Dole now takes the place of H. E. Cooper by virtue of the latter's retirement from the office of Attorney General to assume the Secretaryship of the Territory. The Board is now made up of the following members: Dr. C. B. Wood, Dr. N. B. Emerson, George W. Smith, F. J. Lowrey, Dr. C. B. Cooper, E. C. Winston and Attorney General E. P. Dole. Since the resignation of Dr. Wood as president of the Board there has been much speculation as to the identity of his successor, but none has yet been chosen and none of the present members is anxious to take up the work of the office.

Stables to be Enlarged.

It has been found necessary to increase the size of the stables of the Board of Health so as to accommodate the additional stock that will be needed for the new excavators. Six of the new excavators are now in use and the other six will be put on the streets in a few days. The old excavators are to be turned into sprinklers and one is now in use for that purpose.

And any blend that the most fastidious taste may demand. To some unfortunates any hot discolored decoction of withered leaves is "Tea." Tendering our profound compassion to this class of persons, we appeal to those who love a good cup of real tea.

Few good judges of tea are entirely satisfied with the qualities possessed by any one brand of tea, and seek to supply deficiencies by a mixture of different teas, technically called "blending."

With our experience of teas we can do this better than an amateur consumer, our large knowledge of teas guiding us with comparative certainty, when the mere amateur blunders. If you are still looking for a tea that suits you, let us help you. We carry the most complete line of choice teas in the country.
