**CHILLINGWORTH BETTER.**

His Sickness the Result of Long Period of Overwork.

Deputy Sheriff Chillingworth was reported somewhat better last night. It will be some time before he can leave his bed, however, as he is suffering with an attack of the grip and was threatened for a time with an attack of pneumonia.

Chillingworth's sickness is the result of a long period of overwork. He has successfully discharged the duties of deputy sheriff, coroner and prosecuting attorney for some time past. He has worked both night and day and has sacrificed the hours when he should have been at rest to hard work. In any other city two or three men would do the work that Chillingworth has been expected to do. When there was a raid to be made, Chillingworth would lead it. When there was detective work to be done, Chillingworth would do it; he is in fact the only detective in this city to look after all such matters.

Chillingworth is a deservedly popular man and a most energetic and competent officer. How the department will manage without him while he is sick is a problem.

**LETTER FROM WILCOX.**

Says that Legislature Must Refrain from Radical Action.

Delegate Wilcox has written to one of the leaders of the Independent Home Rule party in this city that not many bills of interest to Hawaii had yet come up before the House, but probably would in the near future. He also stated that the Senators and Representatives should understand that it will be to their best interests to refrain from too radical action in matters pertaining to the Government of the Territory of Hawaii.

Mr. Wilcox had not at the time of writing received the names of the two boys selected to take the examination for West Point, but as soon as he does will communicate with the head of the military department.

The Blue Ribbon Club of the boys at Camp McKinley will hold its first special next Friday evening. The club was organized during Francis Murphy's stay in Honolulu, and already has a large membership. The socials will be given monthly in the hall of the barracks. Mrs. Andrew Fuller will have charge of the entertainment, assisted by Mrs. James B. Castle, Mrs. William Morris Kincaid, Mrs. H. C. Coleman, Rev. E. C. Cory and others. A fine musical program has been arranged, and the boys are very enthusiastic. Mrs. Watkins is president of the club, and has been working very hard during the past two weeks in completing the organization.

**THE ANGLE LAMP**

**The Angle Lamp**  
 ALSO CARRY A GOOD STOCK OF HANGING STAND AND HAND LAMPS

It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the island people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people), but, besides being inferiorly cheaper, it is more brilliant and more reliable in the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light from every standpoint. We carry these lamps from \$1.80 up.
