NEW HEALANI BOAT ARRIVES

Items of Interest Relative to Local Sporting Matters.

The new four-oared shell recently purchased by the Healanii Boat Club from the Olympic Club of San Francisco arrived safely per the Mariposa and is now installed in the club house. Interest is growing daily in the athletic meeting to be held next Saturday afternoon at Kapiolani park between Oahu College and Kamehameha School. Both teams are very strong and an exceptionally exciting contest should result. Local athletics will be somewhat quiet until the arrival of H. M. S. Icarus next month, when another full week of live sport is promised. Meanwhile a scratch association football game or two will be played for the sake of keeping in trim for the visitors. A cricket practice will start in earnest next week. The reputation of the Honolulu Cricket Club can't stand many experiences of the Warspite nature. G. S. McKenzie, manager of the Velviano Stables at Hilo and owner of that good race horse Socialist, returned from the Coast on the Mariposa. George Thomas, the jockey and trainer, came up from Hilo on the Kinau. He brought his horse, Watossa, with him. Last Saturday afternoon was the first time for several months that the last day of the week has not been marked by an athletic or racing event. Sport on Saturday was a dead letter but for a polo practice. The past week was a busy one, however, and the spell of rest was not unacceptable. Stanford University will be represented by W. Roth and Dick Adams in the Inter-Collegiate tennis tournament this month. Healanii minstrel affairs are progressing favorably and end men have been chosen. A mandolin club of twenty-two has been formed. Thirty-five members will take part in the olio.

Miss Killean Returns.

Miss M. E. Killean, who returned from the Mainland by the Mariposa, has brought back with her a new and attractive line of goods for the Hotel street store. The lines that have heretofore been carried by the firm have been broadened and enlarged and the new stock offers a matchless variety in novelties—gloves, ties etc., being a special feature of the last consignment from San Francisco. Miss Killean personally selected the goods and her artistic eye may be trusted to have chosen the very latest in all lines. A grand opening will be announced within a few days, as soon as the new stock can be arranged, and ladies who intend making purchases will do themselves much favor to await the announcement. The exquisite display will be sure to please and will contain exactly what the shopper is seeking for.

Free Poi For Shriners

WE OFFER ALL VISITING SHRINERS A FREE SAMPLE OF TAROENA FOOD. This package will make two pounds of poi, the great Hawaiian food. TAROENA is prepared from taro, is thoroughly cooked and ready for immediate use, is highly concentrated and will keep in any climate. Take a package home and give your friends a chance of seeing and tasting poi, the great Hawaiian dish. While TAROENA is used for making poi, it is far more important as a food for invalids, dyspeptics and infants. Our food is particularly useful to seafaring travelers, for it will "stay down" when all other foods are rejected.

Mr. M. E. Meyer of Los Angeles, Cal., says:

My mother had been suffering with indigestion for many years, which continually grew worse. By good luck we got hold of TAROENA, and mother tried it with milk. It caused her no distress, and she actually lived on it for two years. She got stronger and can now eat ordinary food. We ascribe this great change to TAROENA.

Regular Packages 50cts.
