KING EDWARD TO RECEIVE NEW YORK MONEY MAGNATES

NEW YORK, May 30.—A dispatch to the World from London says:

King Edward has expressed through Ambassador Coate a wish to receive the delegates of the New York Chamber of Commerce before they separate after next week's festivities.

It was not contemplated in the program, and as it comes from the King entirely on his own initiative, it is keenly appreciated by the delegates, because of the kindly feeling toward Americans it indicates. Kenric B. Murray, the secretary of the London Chamber of Commerce, who has in his hands all the arrangements for entertaining the New York delegates, hopes to fix next Friday or Saturday for the royal reception, which probably will be held in Marlborough House. The program for next week is a full one, and the thirty-four delegates under President Morris K. Jessup, will have their hands full to keep pace with the multifarious hospitalities to be extended to them.

On Monday night there will be a conference between the New York and London delegates.

From 10 to 12 o'clock on Tuesday night Ambassador Choate will give a grand reception at Carlton House Terrace. Lord Salisbury, Colonial Secretary Chamberlain, Arthur Balfour, James Bryce, Sir Henry Campbell-Bannerman, Sir Michael-Hicks-Beach and well-known social leaders, artistic

and literary celebrities, will be there, and the bench, bar and stage will be well represented.

On Wednesday the delegates will be the guests of the London Chamber of Commerce at a banquet in Grocers' Hall. On Thursday Lord Brassey will give a garden party.

On Friday the Duke of Sutherland will entertain the delegates at luncheon at Stafford House. This probably will be followed by the reception by the King.

At Wednesday's banquet the principal American speakers will be President Jessup, Levi P. Morton, Senator Wolcott, Mr. Griscom (who is coming over on the St. Paul, and will find a special train awaiting him at Southampton to bring him straight to London), and Andrew Carnegie (who will return from Scotland specially to attend the banquet).

J. Pierpont Morgan, who also has arrived in town, has been in conference with the other delegates here, but when pressed to make a speech at the banquet, he answered:

"I am no talker," in such a way as to indicate that he must not be asked further.

The reunion promises to be an event of high importance. Despite the bogey of American invasion now haunting this country, nothing could exceed the cordiality with which the delegates are treated.

an option on her interests when the litigation was settled. Mr. Wheeler was one of the founders of the city of Aspen. One of the large claims which Wheeler had to settle was that of the lawyers in the case. Young Grace went to Durango and made contracts with some attorneys to conduct the suits for one-half of what they could save out of the property. Mrs. Grace filed an objection that her son had exceeded his authority in making any such contract.

Millionaire Pearson Coming.

NEW YORK, May 30.—The World says: C. Arthur Pearson, the millionaire newspaper and magazine proprietor of London, is coming to the United States to study American newspaper methods. Mr. Pearson owns about thirty publications, dailies, weeklies and monthlies. He has engaged passage on the White Star liner Oceanic, which will sail from Liverpool on June 5th. He will spend only a week in the United States.

ANTI-AMERICAN PROPOSALS

The London Times States the Position of Great Britain.

LONDON, May 30.—Commenting editorially this morning on the agitation in Germany and Austria for a combination against American commercial competition, the Times says:

"The sole hope for Pan-Europe, according to these writers, is to imitate Napoleon and introduce the Continental system against the United States. It must be owned that the precedent is rather disheartening. If the Continental system failed in Napoleon's iron grasp, it could hardly succeed in the hands of our old friend, the concert of Europe.

"But it is quite certain that the concert of Europe could not be got to adopt it and, if by any conceivable infatuation, any or all of the Continental powers were to combine to such an end, the British empire would leave them to their fate and would continue to trade with its American kinkfolk. Our interests, traditions and inclinations all dictate that course to us.

"With the markets of Great Britain and her colonies remaining open, the suggested wealth boycott against America does not wear a hopeful aspect. The scheme is preposterous and impracticable, on the face of it, but the editorial articles which propose it deserve attention as a revelation of the acute, continued jealousy and fear of American greatness and prosperity which prevail in certain quarters of the Continent."

By a recent police regulation of San Francisco, policemen are prohibited from dying their hair or whiskers.

THE CZAR AND CONTINUED PEACE

His Majesty Talks in the Spirit of the Hague Proposals.

ST. PETERSBURG, May 30.—Frederick W. Hollis of the International Court of Arbitration, left for Warsaw after having been received in special audience by Emperor Nicholas. The conference was extended and most cordial. It is understood that the Emperor thanked Mr. Hollis for his history of the peace conference, dedicated to His Majesty, and expressed the deepest gratification over the cordial support from the American people and the United States Government, declaring that he wished to thank the various American organizations, such as churches and chambers of commerce for their enthusiastic effort in behalf of peace.

It is also understood that the Emperor spoke warmly of the excellent relations, historical, traditional and actual, between the United States and Russia, and expressed a hope that both powers, with their great resources, would continue to stand for peace and the strengthening of The Hague tribunal and the bloodless adjustment of international difficulties.

His Majesty expressed a conviction that the peace conference marked an important step in advance, but that the tribunal must seek support first and foremost in the intelligent opinion of the world, adding that in this matter American opinion was universally recognized as leading. Without the backing of the American Government and people, the Emperor observed, the conference could not have been such a success.

His Majesty charged Mr. Hollis with a personal message of good-will to President McKinley, and with congratulations upon the recovery of Mrs. McKinley.

The reception was absolutely informal. The young Prince of Oldenburg ushered Mr. Hollis into the Cabinet, where the Emperor was.

Mr. Hollis is said to have been greatly impressed by the Emperor's grasp of the subject, and by his reserve mental force. During his ten days' stay he was warmly received by Count Lamsdorff, de Witte and M. Pobedonosteff, procurator of the Holy Synod, and by other prominent men. One of the most influential statesmen he met while here told him that Russia would not only wage an aggressive war, but would do all that was possible to prevent war between other powers.

HILL-MORGAN COMBINE

Peace Patched Up Between the Contending Parties.

NEW YORK, May 30.—Peace has been patched up between the Hill-Morgan combination, according to the World, and the Harriman-Kuhn-Loeb syndicate in the struggle for the control of the Northern Pacific road. The friendliest feeling now exists and an agreement has practically been reached which will prevent any renewal of the strife.

The amicable understanding was brought about through the friendly offices of George Gould and William K. Vanderbilt.

Each side has ceased talking about its respective holdings in Northern Pacific stock. It is said that the Union Pacific Railroad owns over \$50,000,000 in securities of the Northern Pacific.

James J. Hill, president of the Great Northern, is in the city. He has been in conference with representatives of the Northern Pacific and Union Pacific ever since his arrival. He refuses to say anything for publication, either in regard to Northern Pacific affairs or the conflict with the Union Pacific interests.

Catholic Grievances.

NEW YORK, May 30.—The Rev. J. H. Cushing and several priests from Denver have arrived in the city en route to Rome to lay before the Pope their grievances. They have been at work among the Indians for a number of years in Arizona, New Mexico and elsewhere, and say that when application was made to Bishop Matsui of Colorado to return with them to their diocese, he declined. They attempted to have their differences settled by Cardinal Martinielli, but Saturday they were refused an audience. The party will sail on Saturday.

England's Lost Monopoly.

NEW YORK, May 30.—A dispatch to the Tribune from London says: Andrew Carnegie has an article in "The Nineteenth Century" on the industrial outlook in Great Britain. What is gone from England, says Mr. Carnegie, is its monopoly. There has been no retrogression. Altogether, the article is a rebuke to many British pessimists who have written on the same subject.

CHURCHES FORM A MODERN TRUST

They Unite Now to Do More Effective Work in Toledo.

CHICAGO, May 30.—A special to the Tribune from Toledo, Ohio, says:

The "Church Trust," of Toledo, now is a fact, the formal organization having been completed at a meeting held last night. Under the name of "The Federation of Church and Christian Workers in Toledo and Vicinity," a close union has been formed, the object of which is to extend religious work into every home in the city. A constitution setting forth the objects of the Federation was adopted and the work outlined in a general manner.

The intention is to invite every resident of Toledo and vicinity to join one of the churches. Special efforts will be made to attract those who profess no religion, and to secure them as members of some body affiliated with the federation. Entertainments, more elaborate and ambitious than any possible for one church, will be given and the strangers in the city and non-church goers will be invited and given a chance to become acquainted.

United work for municipal reform also is one of the objects of the Federation.

The churches represented at the meeting and, accordingly, charter members of the Federation movement, are: Plymouth Congregational, First United Presbyterian, First Baptist, First Presbyterian, Grace Reformed, Epworth M. E., Broadway M. E., Monroe Street M. E., Central Congregational, St. Paul's Episcopal, Evangelical Association, Salem Evangelical, Third Presbyterian, Detroit Avenue Evangelical and St. Paul's M. E. The Fifth Presbyterian and the Y. M. C. A. were represented by proxy.

Officers for the first year were elected as follows: President, the Rev. Dr. W. A. Powell, First Presbyterian; vice president, Thomas Tracy, St. Paul's Methodist Episcopal; secretary, the Rev. C. B. Wiltzie, Monroe Street Methodist Episcopal; treasurer, Alfred Milmine, First Baptist.

Another meeting will be held in the near future, when further work of the Federation will be taken up.

DOOM OF THE TROLLEY.

An Opening for Damage Suits on Account of Electrolysis.

CHICAGO, May 30.—The doom of the single overhead trolley system in the United States was apparently foreshadowed by Special Master in Chancery Frank I. Wean, when he filed his report in the noted "Peoria Electrolysis" case, with the clerk of the United States Circuit Court.

Should Judge Grosceup approve the findings of the master in final hearing, the street railway companies of Peoria directly and all traction lines operating the single trolley system indirectly, will be compelled to substitute a double wire, giving a return circuit without using the earth as a medium.

Master Wean, after an exhaustive investigation and hearing of about three years, during which testimony was taken in many of the larger cities of the United States, rules that the current from the single trolley wire escaping into the ground, causes the decomposition of water pipes and that the Peoria Water Works Company therefore has good grounds for damages. He recommends that the injunction prayed for be issued.

Heirs to Eighty Millions.

NEW YORK, May 30.—According to the Press, one of the heirs of the James Wood estate—\$80,000,000—in England, is Mrs. M. E. Patterson of Newark, N. J. She is looking up papers which she thinks will supply a missing link and provide for a distribution of the money. There are about 200 heirs, each to receive, according to the lawyers in the case, about \$400,000. Wood died in England in 1838, leaving vast estates. There was a will but there were so many heirs, many under age, that in a settlement of the estate there was great delay. The English Probate Registry Court took charge and the money has been accumulating interest for fifty-five years.

Mexican Mining Deal.

NEW YORK, May 30.—A special to the World from Syracuse, N. Y., says: Mrs. Mary D. Grace, principal of Tompkins School, is in Durango, Mexico, on business connected with her mines. Word has been received that she has sold the mines to B. Clark Wheeler, a former Senator of Colorado, who paid her \$150,000 for them. He has been putting up the money with which Mrs. Grace has been fighting her case. This he did with the understanding that he was to have
