ASSOCIATED CHARITIES
Will Remove Next Month to New Quarters.
MEETING HELD YESTERDAY
Association Has Secured Desirable Rooms in New Building on Alakea Street.

The regular monthly meeting of the Associated Charities was held yesterday afternoon at the rooms of the association on Hotel street, Rev. A. Mackintosh, president, presiding, and all officers, with the exception of Treasurer George L. Carter being there.
Mrs. E. F. Berger, manager, who has been away for a six weeks' vacation in California, returned yesterday by the Ventura at the noon hour, and so was able to attend the meeting. She reported a very pleasant trip and is feeling much benefited in health, so that she will be enabled to resume the duties of her office with renewed energy.
Mrs. L. Luther, who has acted as manager pro tem during the absence of Mrs. Berger, handed in a report covering the past two weeks, which is given herewith. By unanimous vote a resolution of thanks and appreciation was tendered Mrs. Luther for her efficient work.
Mrs. Dr. Whitney, secretary, read the minutes of the last meeting, which was held on May 15, reporting that the June meeting was not held on account of Mrs. Berger's absence.
After attention had been given to small business details, the principal matter to be considered came up for discussion. This was the question of a new office for the association, Mrs. Whitney, the secretary, having been notified some time ago that the building now occupied is to be torn down and that the association must vacate by August 1. Mrs. Whitney reported that she and also Mrs. Luther had sought diligently for a desirable location and had spent considerable time considering the matter. They had had an offer from the owner of the new building now being built on Alakea street, near the Pacific Club house, the terms being satisfactory and the rooms being desirable in every way. After some discussion it was decided to accept the offer and Mrs. Whitney was authorized to arrange for the rooms in question by lease.
Treasurer George R. Carter being absent, there was no financial report, but as there was, according to the last report, over \$700 on hand and the expenditures reported by Mrs. Luther were light, the association is financially in a prosperous condition.
Mrs. Luther's report was as follows: "I submit my report of the work done by the Associated Charities for the months of June and July.
"There were 38 new applications and 4 recurrent cases, making a total of 42 persons applying; 10 applications for work and situations found for 5. Cases sent to Queen's Hospital, 5; Victoria Hospital, 1. Fifty-four meals were furnished, and there were 176 office interviews. Visits were made and cases investigated. Many gifts of clothing came into the office, and many calls for clothing were made, but the supply has been equal to the demand. Among the cases of need a large per cent were chiefly due to lack of employment and insufficient earnings. Generally speaking there is no lack of work for those who are fitted to do good work. But unskilled labor finds it very hard to support itself. Industrial training would furnish competent and efficient workmen, and then a great part of the poverty problem would be solved. Most people like to do that which they can do well, and a competent man is not likely to be shiftless or lazy. The class of persons who apply here seem willing to work but a large number are foreigners and unskilled. I am glad to report the affiliation of the Spanish Benevolent Society. Dr. Alvarez, the manager, wishes it to be understood that the object of the society is only for relief of Spanish people, and not Porto Ricans. I thank you for your courtesy and help during the manager's absence."

THE TABLES WERE TURNED
There is as great need today in Honolulu for Mrs. Helen Wilder Craft, as the agent of the Humane Society, as ever in the past. Since Mrs. Craft's departure for the States almost a year ago there have been numerous instances of brutality to animals which have gone unavenged, as there has been no one actively working in her behalf.
One of the most flagrant abuses of the law against cruelty to animals took place yesterday forenoon in the cellar excavation of the new building to be erected Ewa of the Elite Building on Hotel street. The incident was not without its humorous side. A Japanese driver was in command of a hard working mule attached to a dirt cart and was trying to make the animal draw a heavy load up the incline from the cellar to the street. The incline is covered with soft earth and even had there been two mules to the cart instead of one, the brutes would have been hard set to perform the task. The Japanese whipped the poor beast, finally striking it on the head with a heavy stick of wood. He struck heavy blows until the performance attracted the attention of a passer-by. Taking in the situation at once, he turned the tables on the Japanese by throwing a heavy clod of earth which struck the driver squarely on the head. The Japanese uttered a cry of pain and dropped his stick. He then turned upon the man who was responsible for the blow and cursed him. The passer-by told the Japanese that if he persisted in striking the mule he would have him arrested. The Japanese thought better of his action, and securing a second mule, pulled his cart out upon the street and went his way.

NEW HEALTH SECRETARY
C. H. Charlock to Succeed Wilcox.
ROBT. HENDERSON IS REGISTRAR
Property Owners Object to a Nuisance—Dr. Myers Obtains Leave of Absence.

C. H. Charlock, registrar of births and deaths, and lately temporary secretary of the Board of Health, was yesterday appointed secretary, to take the place made vacant by former Secretary Wilcox. The election of Mr. Charlock was unanimous, he having demonstrated during a probation of four weeks that he is capable of filling the important position with credit to the department. Mr. Charlock has been connected with the health department for a number of years, and his services have been greatly appreciated by past boards. Upon the retirement of Wilcox as secretary several weeks ago, Mr. Charlock was advanced to the position of temporary secretary.
The position made vacant by Mr. Charlock will be filled by Robert Henderson, the only applicant for the office. In his letter of application Mr. Henderson stated that he had resided in Honolulu since 1895, with the exception of fifteen months while he was in the Philippines, as a member of the Tenth Pennsylvania Volunteers. He has also been employed here as a customs guard, and was with the internal revenue department as deputy collector. Of late he has been with the Metropolitan Meat Company. He was recommended by Collector of Customs Stackable, Representative Hoogs and others. A motion was made that he be appointed registrar, and if necessary to make a change in reason of unfitness for the position the board could do so. Mr. Dole pointed out that such a course would not tend to give an appointee an opportunity to perform his duty, and he said that if an appointment was made it should be with the idea of retaining the man in the office to which he was appointed. This course prevailed when the matter came to a vote. Henderson will enter upon his duties at once.
The board meeting yesterday afternoon was attended by President Slaggett, Messrs. Dole, Smith, Mott-Smith, Auld, Dr. Pratt and the new secretary. A vote of thanks was tendered Superintendent of Public Works Boyd for giving the health department use of government land at Iwilei for the purpose of burning garbage.
A letter from Dr. Goodhue, government physician on Kauai, was read, in which the physician said that there was an unwillingness on the part of certain people whom he had approached relative to occupying the buildings of Lele Hospital, while the same was a hospital. Those who would tenant it would not stipulate to keep the place in repair. The board decided to deny the request for tenancy except this condition be complied with.
Complaints of an angry nature from property owners residing in the vicinity of the Hawaiian Soda Works on Emma street, near Vineyard street, were read, in which the works were characterized as being in a most insanitary condition. Certain of the complainants said that the odors emanating from the works were so foul that they were nauseated. One said that the windows of his residence were within twenty-five feet of the place, and the odors were unbearable. It was stated that the company had been ordered by the health department about a year ago to put a standpipe in the cesspool, and that it be cemented over. The neighbors say that the company has failed to comply with the order. The board referred the matter to the city sanitary officer for special report.
The board of examiners recommended that a physician's license be granted to Dr. Alexander Atherton, and the matter will go through the usual channels for issuance. Dr. Atherton is a graduate of Johns Hopkins, 1901.
Dr. R. P. Myers, city dispensary physician, asked for leave of absence for sixty days, from August 6 to October 6. He said that during his absence Dr. Peterson would take charge of the dispensary. The request was granted. Dr. Myers may take a trip to Australia.
The request of Mrs. Jones for permission to go to Molokai to act with the Catholic Sisters there, was granted.

MAJOR ENNIS AT FORT HENRY
Major William Ennis, Artillery Corps, U.S.A., who has been in command of the Honolulu garrison of a battalion of the former Sixth Artillery, has been transferred to another post on the Mainland and will not return to Honolulu. His office as commander of the local garrison will fall to the lot of Captain Davis, who will come to Honolulu on the next transport.
Major Ennis has written to a friend here from Newport, R. I., that he has received orders for station at Fort Henry, near Baltimore, Maryland. He is to be the district commander and will have a certain supervision over five forts which constitute the water defenses of Baltimore. He says it is a much larger command than he expected to get and, although regretting that he will not again see Camp McKinley or Honolulu, he is glad to be stationed where he can be with his family.
Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured, and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing (Ia.) Journal. For sale by Benson, Smith & Co., wholesale agents.

Why not look young? There's genuine pleasure in holding back Father Time fifteen or twenty years. You can do it easily with Ayer's Hair Vigor, for it gives all that dark and rich look to the hair which belongs to young life.

Ayer's Hair Vigor

You know the story—how good Queen Bess, pointing to the beautiful hair of a peasant girl, said, "There's a real royal crown. I would trade my golden one for it." That was long ago. Now you can have a "real royal crown" of your own, simply by using Ayer's Hair Vigor. It makes the hair grow thick and long and stops it falling out. When your hair is rich and heavy, and when the closest inspection fails to detect a single gray hair, you will certainly look a great deal younger, and you will be much better satisfied with yourself, too. Isn't that so?

Hilo Hawaii.

Hilo, Hawaii, June 1, 1901.
Dear Sirs—In my innocence I chased here in Hilo a jar of your PIN-MONEY PICKLES (put up by Mrs. E. G. Kidd, Richmond, Virginia.)

It brought me great trouble, and of three things must occur:
1. You must stop making them;
2. I must get them at less expense;
3. I'm a ruined man.

Since my first venture I've had "jars." My family from early a berry "Pickles;" neighbors ring the bell and shout "Pickles;" relatives me in expectation of "Pickles;" pickles are my Nemesis. Please, Sirs, quote them by the keg, by the hogshead, ton or shipload, and serve' me. Yours very truly,
