**Nahiku's Collapse.**

The closing of Nahiku as a sugar plantation does not argue unfavorably against the sugar industry on Maui, but simply demonstrates the folly of trying to start a plantation without proper financial backing. Maui will not suffer by the lapse of Nahiku, as the water supply of Nahiku will doubtless be made available for the irrigation of the vast plains of central Maui, where there are thousands of acres of excellent cane land, simply waiting for the magic charm of water.—Maui News.

**Wants Carbolized Drugs.**

Now that the ukase has been issued requiring the use of carbolized rosewater preliminary to osculation, the urgent need of a drug store at Walluku becomes painfully apparent. It was to avoid such a contingency as this that the News so strenuously advocated the establishing of a drug store here, and the matter will probably not be delayed much longer.—Maui News.

**Mr. Dillingham Pleased.**

President Dillingham has spent the past week going over the line of the Hilo railway, visiting Puna and Oahu Plantations, and in making a general tour of inspection. He expresses himself as well pleased with the progress made, and is enthusiastic over the outlook of the plantations. He will remain here with his family for another week.—Hilo Herald.

**To Buy . . . . . Plumbing Material**

WITHOUT A PLUMBER to put up the articles in first-class style is of very small advantage to the average householder. The people of Honolulu have been "cinched" so often by plumbers that they are afraid to set one onto a job by day's work.

BAILEY'S PLUMBING SHOP will put your plumbing in condition and connect with the sewer for a very low figure. And guarantee the job will PASS INSPECTION by the GOVERNMENT officials. And also guarantee that day's work by honest men is cheaper than contract. Contracts are taken, however, and promptly filled by
