## HENDRY HUNTING FOR MARSHALSHIP

Petition Prepared and Sent On to Washington Making Application.

Friends of E. R. Hendry are allowing no grass to grow under their feet in the still hunt for the office of marshal for the present deputy, by brevet, marshal. Early yesterday morning the hunt was organized and a petition was framed, and during the day, according to one of those who affixed his name, was liberally signed.

This petition is to go on in the Sierra, as the intention is to make the fight for the place before members of Congress have learned there is a vacancy, and so perhaps secure a mortgage upon it. Several men who were approached, among them Delegate Wilcox, said that they were fearful that the fact that the place had been filled before by a non-resident, and that it was not one of those in the list assigned to the residents, would make it very difficult to secure it for the secretary of the Republican Territorial Committee.

It was said last evening where politicians gather that the petition would be carried on by Col. Samuel Parker, and that he would make a fight for the appointment of the acting marshal to the place. There are no other claimants in the field for the place so far, though there are plenty of men who would take it if they could get it. It was said by several politicians last evening that they would be surprised if an appointment was not made from the States, Minnesota being perhaps the most likely to have a man put into office here, on account of the services of Senator Davis and Congressman Tawney during the annexation fight.

## DRIVER NEARLY KILLS A MAN

Jap Hackman, Driving Heedlessly, Runs Down Aged Capt. J. C. Cluney.

Another instance of the criminally reckless driving of Japanese hackmen occurred yesterday at the corner of King and Bethel streets, about 2.30 p. m.

Captain J. C. Cluney, one of the best known kamaainas in Honolulu, was crossing King street when hack No. 52 approached, driven at a rapid rate. Mr. Cluney hesitated a moment in order to let the hack get past, but the driver pulled the wrong line and ran into him, knocking him down.

The wheels passed over Captain Cluney's arm and body, and the unfortunate man was picked up covered with blood. He was in a fainting condition, and was taken to his home at Kalia. Besides sustaining several cuts and bruises, he is thought to have received internal injuries which may result seriously, as Captain Cluney is a very old man.

The driver of the hack, Nakoa by name, was arrested and charged with heedless driving. Yesterday afternoon he offered to pay all damages, but he will be prosecuted and made an example. He is a comparatively new driver.

## TOURNAMENT IS POSTPONED

Beretanians Don't Want to Play Until Frank Atherton Comes Back.

The Beretania Tennis Club invitation men's singles tournament which was to have commenced today has been postponed until October 2nd.

This has been done out of courtesy to Frank Atherton. Mr. Atherton is a fine tennis player and the Beretania club thought that it would hardly be the thing to hold a tournament while he was at the Coast and therefore unable to compete for the fall championship. Atherton belongs to the Pacific Tennis Club and will be back in a week or so.

Entries for the tournament so far received are: John Waterhouse, E. R. Adams, P. M. Lansdale, C. S. Holloway, W. H. Babbitt, W. M. Alexander and D. Howard Hitchcock. A number of other entries will undoubtedly be received before the book closes.

The Pacific Tennis Club's invitation gentlemen's doubles tournament will commence next Wednesday.

## PRINCE CUPID AND HIS WIFE RETURN

Among the arrivals by the Sierra last night was Prince and Princess Kalaniana'ohi, who have thus at last returned from their extensive travels, which have covered a time of nearly two years. When Prince Cupid left he went to the Paris Exhibition and after staying in Paris for some time, he travelled extensively in Europe. From there he went to South Africa.

"I enjoyed travelling very much," said the genial Prince last night. "My experiences in South Africa were pleasant, but I was there merely as a tourist and a sightseer, not as a speculator at all. I bought a few diamonds over there though, but beyond that I did not

The Prince left South Africa for Australia where he travelled through Queensland and New South Wales. He expressed his joy at being back again to Honolulu. Prince David was at the dock to receive him when he arrived.
