BEAUTIFY YOUR LAWNS.

Phone Blue 291.
P. O. Box 767.

We have prepared a Special Fertilizer for Flowers, Ferns and Lawns. This Fertilizer is clean and without objectionable odor, and a trial will convince you that it will make your plants and grass green and vigorous. Profit by the experience of the sugar plantations. They use large quantities of fertilizers with greatly increased yields of sugar. Order a sample bag and we will deliver it at your door:—25-lb for \$1, 50-lb for \$1.75 and 100-lb for \$3.

REPAIRING THE ROADS

Supt. Boyd Gets a Report From Gere.

Supt. Boyd has received from Engineer Gere a report upon the damage done by the recent heavy storms in the Honokaa district, Hawaii. Plans for the repair of the damage have been made, and Gere estimates its total cost at about \$12,000. The necessary material for the work will be forwarded by the Public Works Department immediately.

Engineer Gere's summary of the damage and the cost of the improvements is as follows:

1. Neinei Gulch—Completely washed out; temporary crossing made, which will answer as long as it does not rain. A new sixty foot bridge is recommended to cost about \$350.
2. Branch of Neinei on Honokaa Landing road; old bridge is partly standing. New abutment and bridge are required. Will cost about \$750.
3. Ahulua Gulch—East end is all right; west end and portion of retaining wall washed out. The cost of bridge and new wall is estimated at \$1800.
4. Neinei Gulch crossing, mauka of railroad bridge—Old bridge washed out, temporarily repaired by the plantation men. New bridge and abutments are recommended, to cost \$700.
5. Paaupuu Gulch—Gulch is cleaned out, but west side still standing. It will have to come down. New stone work and retaining wall will cost \$2100.
6. Lyman Gulch—Washed out 18 feet deep and 30 feet wide, temporary crossing is being erected by the plantation men. Repairs estimated at \$300.
7. Katapa Gulch—East abutment washed completely away. The road board was authorized to build a new wall and bridge at a total cost of \$1600. The bridge is to be built in Honolulu and shipped to "Katapa Gulch."
8. Nakaalulu Gulch—Gulch washed out, no temporary crossing practicable. Bridge and abutments will cost \$850. The road board was authorized to do the work, and the bridge will be shipped from Honolulu immediately.
9. Opihiala Gulch—Arch culvert washed out; new abutment and bridge authorized to cost \$300.

Concluding, Mr. Gere writes: "Our progress has been slow on account of several long detours made necessary by washouts. The damage to the two plantations I have seen is considerable. The manager of Paaupuu has made no estimate, but says it will go into thousands. Mr. Lidgate says \$5000 will not put him straight. They lost one of their big bridges and two wagon bridges. Boulders weighing tons have been rolled out on to the flats below. Any tree anywhere near the bottom of gulches has been worn and torn by the boulders till they look ready to die."

Pioneer Mill's New Treasurer.

The meeting of the stockholders of the Pioneer Mill Company yesterday was given over almost entirely to the election of a treasurer to take the place of W. Pfotenauer, temporarily absent from the Territory. H. Schulze was unanimously chosen. There was some little discussion of the matter of the new bond issue for the plantation. It was shown to the stockholders of the company that the negotiations had not progressed further owing to the absence in the States of Mr. C. M. Cooke, who held the first issue of a half million, and through whom arrangements must be made for the proposed increase from that amount to one million. The plan is to retire the old bonds and make a new issue, which would be of the larger amount, and this will require the consent of the present first mortgage bondholders.

PRACTICALLY SUPERSTITIOUS.

He—"Are you superstitious about omens?"
She—"Well, I think it's unlucky to lose a chance of getting one."—Philadelphia Press.
