NEW BISHOP ARRIVES

Head of the Episcopal Church Is Here.

Welcomed at sea by representatives of the Church and of the order of Elks in which he has long been an officer, the Right Reverend H. B. Restarick arrived yesterday to take up his labors as Bishop of the district of Honolulu. After a sea trip which furnished rest and relaxation after the labors of breaking ties which had lasted for years the new Bishop first saw his future home under circumstances which gave him pleasurable anticipations and his first day in the city did much to confirm him in the opinion formed.

When the Peru had been given pratique E. Tenney Peck and Wray Taylor, representing the Cathedral congregation, went aboard from their launch and H. W. Lake, F. M. Brooks, Capt. Rennie and Fred West from the tug which bearing aloft the pennant of the Elks had met the ship away outside and shouted the fraternal aloha across the waters. Flowers for the ladies of the party there were in plenty and the Bishop was given the most hearty welcome to Hawaii. On the dock there were waiting delegations of church and lodge folk all of whom were presented and an informal reception was held. The party then went to the Hawaiian hotel where the bishop will reside for the present.

In the party are Mr. Restarick and the three children, Misses Constance and Margaret and Master Arthur; Mr. and Mrs. F. F. Fyler, Mr. Fyler having been for ten years clerk at St. Paul's priory at San Diego and recently secretary to the Bishop, the Rev. Arthur Evans, rector of the Church of the Ascension at Los Angeles, who with his wife comes for a month's stay; Deaconess Drant and Mrs. L. F. Folsom, Miss Charlotte Taggart and Miss Evelyn White, who will work in the priory here.

Bishop Restarick was taken to the cathedral by the clergy and looked over the ground, and the ladies at once inspected their future scene of labor. Later the Bishop was taken to drive and had a good look at the city. He expressed himself as greatly pleased. He said that after years spent in San Diego he was prepared for some tropical beauty but he had found the city even more beautiful than he had expected. He said he had been in touch with the churchmen here and had received the most cordial welcome. He could not speak of the future, as the problems would be taken up as they were presented. He intimated that he would serve as the rector at the cathedral for the present, at least. The deaconess who comes with him will be employed in visiting and teaching. The Bishop expressed his hope that there would be good work done for the church, and that everything would continue entirely harmonious in the future.

He will begin his ministrations tomorrow. There will be a celebration of the Holy Communion at 7 o'clock, a sermon by the Bishop at 11 o'clock and the Bishop will preach in the evening at St. Clement's church. In the evening the sermon at St. Andrew's cathedral will be delivered by the Rev. Arthur Evans, of the Church of the Ascension, Los Angeles.

SEC'Y COOPER AT SAN FRANCISCO

SAN FRANCISCO, July 29.—Henry E. Cooper, Territorial Secretary of Hawaii, was among the passengers who landed from the steamer Alameda yesterday. He is accompanied by his son, Alfred D. Cooper, who will enter the State University. Secretary Cooper expects to remain not more than a week and will then return to Honolulu. At present he is a guest at the Occidental. He had little of an interesting nature to impart concerning Hawaiian affairs when seen last evening.

"In spite of the low price of sugar," he said, "business conditions in the islands are generally prosperous and satisfactory and we are looking forward to even greater prosperity in the early future. The low price of sugar has prevented some of the sugar companies from paying the big dividends they have been in the habit of paying, but this fact has not appreciably affected the general prosperity. The one thing that surprises me is that our territorial bonds are being quoted at less than par. There has never been a Hawaiian coupon bond of any character that failed of redemption, and these Territorial bonds, guaranteed as they are by all the resources of the islands, ought to be classed as gilt edged securities. Considering the general prosperity of the islands I am at a loss to understand why they have fallen below par."

Former Queen Liliuokalani returned to the islands shortly before the departure of the Alameda, elated at the adoption of the Senate resolution which directs a committee of that body to inquire into her claim to the crown lands of Hawaii. Secretary Cooper, however, declares that the ex-Queen will never be able to realize anything on her claim.

"Liliuokalani has no interest in the crown lands," he said. "That question was settled long ago. The crown lands were an appurtenance of the monarchy and became an appurtenance of the republic when that government succeeded the monarchy. With the annexation of the islands to United States they became an appurtenance of the government of the United States. The crown-land question is a dead issue."

Evelyn B. Baldwin, the Arctic explorer, has returned to Norway and reports that enormous depots of condensed food have been established on roads leading to the north pole, which the daring explorer still hopes to find.
