WOMAN'S WORK AND LOAN EXHIBIT

Plans for Bazaar at Which Local Products Are Shown.

There will be an exhibition of Woman's Work and Loan exhibit, a sale of such products of women's skill being a feature of the two days' display, at the Elk's Hall, continuing during November 21st and 22nd.

In the announcement of the exhibition the object is set forth as to enable the women of the islands to help themselves by providing an opportunity for the sale of plain sewing, plants, candies, jams, jellies preserves and art work.

The rules for the exhibition provide that all work contributed for sale must be made in the Hawaiian Islands; contributions to be received without prejudice as to creed or nationality of the contributor; no restrictions on the number of articles from each contributor; articles to be sold anonymously; committee does not guarantee the sale of any work; contributors to price the articles they wish to sell; articles sent for exhibition only, to be clearly marked with owner's name.

The Elks having generously donated their hall, there will be only the very slightest charge to be taken out of each sum received, for the payment of expenses. This will be based on the advertising and care charge and the services of experts in some lines. Generally speaking there will be no expense as the ladies are working from philanthropy. The patronesses are: Mrs. S. B. Dole, Mrs. Morris Estee, Princess Kawanaakoa, Princess Kaulanaloa. The committee consists of Mrs. H. H. Williams, president; Mrs. Kiteat, secretary; Mrs. Walter Hoffman, Mrs. Murphy, Mrs. Iminishi.

FALSE CLAIMS FOR THE DELEGATE

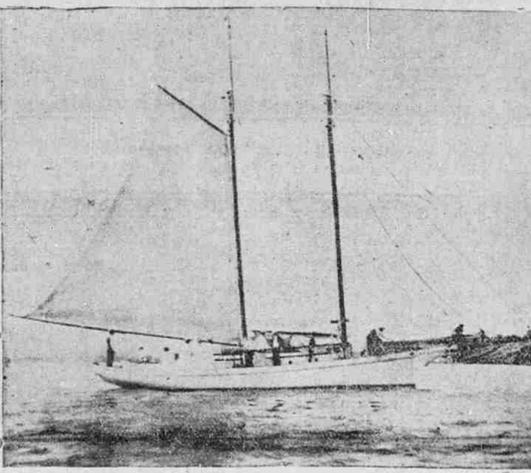

Editor Advertiser: In making inquiries amongst the Hawaiians as to what is the strongest predilection they have as to who shall be Delegate from the Territory to Washington the majority do not hesitate to declare it is Wilcox. Of course this is not universal as it is well known that many of the younger and more enlightened element as firmly deny any attempt to have him again sent to Congress on account of the glaring failures he has made in any matter which he has attempted.

In seeking for a reason why the Hawaiians should support him the enquirer is informed that he obtained the free suffrage for them in the face of opposition from some local politicians who attempted to secure the passage of an Organic Act which would limit the elective franchise to men who had a mere money qualification. As a matter of fact this is Wilcox's claim continuously expressed at his various meetings. Notwithstanding the fact that the natives, under the monarchy, had nothing but a limited franchise, not being allowed to vote for members of the upper house, who were always appointed, under American laws they rightly expected an open franchise.

That Wilcox had anything to do with securing that blessing for the Hawaiians was as far from the truth as that he secured the flowing of the Nuanu stream. All of the Territories carved out of the Louisiana Purchase, out of the Northwest Territory and out of the Mexican Concession were organized as Territories under one uniform scheme. That was that the executive and judicial officers should be appointed by the President and that the citizen inhabitants of those territories should elect their own assemblies. This scheme could not have been changed on the organizing of Hawaii into a Territory no matter how desirable some of its inhabitants might have thought a change in the polity of the United States necessary. Had Wilcox been smothered in the proverbial "gas tank" the free suffrage would have come just the same to those who were citizens and could read and write.

Hawaii was annexed by the United States because it was needed in the war business and it had to go through its initiatory period as a Territory in the same manner and according to the same scheme as other Territories that have now become States. Campaign speakers should never fail to attempt to disembody the minds of their native

YACHT PALOMA CHALLENGES ONE AND ALL FOR A RACE

The yacht La Paloma which has issued a challenge to race any yacht in these waters. This picture shows her as she appeared before her rig was changed from schooner to sloop.

The yacht La Paloma, which lost the local championship to the yacht Gladys, is again in the field, and challenges all comers for a race that is to come off on Saturday, September 13. Forty thousand dollars worth of yachts lie rotting in the row of Honolulu harbor, seldom used for pleasure or anything else nowadays, and efforts are being made to revive the sport.

Yesterday George Turner, for the yacht La Paloma, put up his challenge, and it was no sooner uttered than it was taken up by the Gladys. Commodore Hobron has an idea that his craft can still beat anything around these waters. The race will be for a purse of \$75. The crews of the competing yachts are to be limited to the number prescribed by the rules of the Hawaii Yacht Club, but yachting skippers will be allowed to crowd on all the sail they see fit on their craft. Each yacht entering will post \$25, to go toward the purchase of

the trophy which is to be given to the winner.

The course will be from the light-house around Rabbit Island and back to the outer buoy, where the race is to finish, covering all told a distance of about 50 miles. A time limit of nine hours will be set.

The race will be by no means a snap for either the La Paloma or the Gladys, as it is said that the course will be favorable to any of the boats likely to enter. The Bonny Dundee, the Gladys, the La Paloma, the Dewey, the Helene, the Hawaii, and the Healani, will probably be seen in the race, and it is expected to be the most lively one ever held here. The La Paloma is now sloop-rigged and it is said has got in condition to race much faster than heretofore, while a newcomer has chartered the Bonny Dundee and it is said that he intends to beat everything in Honolulu. It will probably be a most interesting contest.

hearers of the absurdity of Wilcox's claim of having procured for them this inherent right of all Americans.

All who heard ex-Senator Thurston's speech went away fully impressed with the importance of Hawaii being represented in Congress by a Delegate elected by the Republican party if it would aspire to obtain from Congress the appropriations for public improvements so urgently needed. I do not take a sombre view of the situation and know that the Hawaiians are just as capable of comprehending the value of being represented by a representative of the Republican party as any other class of voters. Also that they are as open to conviction as any other class of voters. If it was true that Wilcox prevented them from being disfranchised I would honor them in adhering to him until Hawaii turned into a wilderness for lack of Congressional appropriations. Knowing that he was no factor in the matter they will not hesitate to vote for

the Republican candidate when such a course only can bring prosperity to the country. As a matter of fact Hawaiians are generally believers in republican principles and when once disenfranchised from the erroneous belief that they are indebted to Wilcox will vote for a Republican Delegate to Congress, no matter how they will vote for the local assembly.

Yours truly, JAS. W. GIRVIN.

Viscount Watanabe Coming.

Viscount Watanabe, ex-minister of Finance of the Empire of Japan, and one of the foremost of its public men, is expected by the Japanese community of Honolulu to arrive in the Korea en route home from a tour of the world. While in the city the Japanese will entertain the distinguished visitor.

"I have only the most distant relatives." "Has the family run out?" "No; they have all become rich."—Indianapolis News.

YACHT CLUB MEN WILL DISCUSS RACE

The Plans for Regatta Day May Be Settled at Called Meeting.

When the Hawaii Yacht club meets this afternoon there will be settled the question of the action of the club in regard to Regatta Day. While there has been some feeling as to the action of the committee in seemingly ignoring the Yacht club it has been discovered that in fact the committee has had for some time a representative who will be present at the meeting of the club to find what the club wants in the way of representation on the committee and time for races during the day.

S. E. P. Taylor, chairman of the committee on the day's sports, will attend the meeting of the club and there will be full explanations made as to the action of the Regatta Day Committee. It is probable that there will be usual trophy races of the day and it may be that either the start or finish of a match will be arranged to occur during the 30th.

Ralph Turner has backed the Paloma for a race from the harbor around Rabbit Island and return, offering to give a \$75 cup if the vessel is defeated. This match has been made on the part of Hobron for the Gladys and it is probable that other yachts will come out for the day's races.

MYSTERIOUS FIRE IN MAGOON BLOCK

High Sheriff Brown has been kept busy in the past few weeks calling together juries of representative business men to investigate the causes of various fires, some of them bearing sign of incendiaryism. Three such fires have been investigated under the direction of the High Sheriff, and a fourth fire occurred early yesterday morning in a Japanese restaurant in the Magoon Block, corner of Queen and South streets, which has also caused the empanelling of a jury.

An alarm was turned in at 2:45 a. m. from box 27 and the department responded quickly, but the blaze was extinguished before the apparatus arrived. A bucket brigade had done excellent work. Investigation by the fire chief showed that the fire started under the lower veranda at the rear of the long tenement structure close to the kitchen of the Japanese restaurant. The blaze was just getting headway when a Japanese woman from the restaurant happened to go out to the veranda and discovered it. A quick response from people in adjoining rooms was made and they went to work with a will to save the building and their household goods.

Where the fire started a lot of empty oil cans, and a quantity of wood used for the kitchen stove were piled up. The impression was that an incendiary had been at work. At that hour of the morning few people in the big tenement were stirring, and there had been no fire in the kitchen stove nearby since early in the previous evening. Had the fire gained much headway the lives of scores of people would have been jeopardized as the tenement is a hive of humanity.

SIGN FOR WILCOX AND GET BOOK

"Sign the precinct roll and take one." If the Home Rulers followed the methods of the mainland storekeepers who place a table covered with advertising pamphlets before the passing throngs surmounted by the familiar placard, "Take One," such a sign as the above would decorate a desk in their headquarters near which is a great pile of heavy books bearing the title, "Yearbook of the Department of Agriculture, 1901."

For several weeks Hawaiians who can read and write English, and Hawaiians who know no language but their own mother tongue, have been the recipients of copies of this valuable volume by going to Wilcox's headquarters. If a man was known to be a good Home Ruler he would get the book for the asking. If he was not, a register was placed before him and he was required to sign his name and give the precinct in which he lived. The same plan is still pursued. After signing his name and obtaining a copy, the recipient is asked to attend the next meeting of the Home Rulers in his precinct. It is only one of Wilcox's many plans for getting votes.

The book which Wilcox is doling out for electioneering purposes came off the government presses at Washington, and is a handsomely illustrated volume, with valuable papers on a large number of subjects.

To the Public. In order to accommodate children who wish to be admitted to the Kona Orphanage a new building should be erected. There are not sufficient funds to buy material. Five hundred dollars is needed. Those wishing to assist in raising this sum can leave the money at Bishop's bank.
