**Hawaii's Rippling Language.**

The language of the Hawaiian Islands, as every one knows, abounds in vowels, and therefore ripples deliciously in the mouth. It is only necessary to pronounce such names as Honolulu, Oahu, Kilauea, Hilo, Mauna Loa, Kamehameha and Liliuokalani to discover this. A young Presbyterian clergyman of Brooklyn, who visited the islands two or three years ago and prepared a lecture on them on his return, declared that there was only one place on the islands which possessed a name lacking in euphony. That place was Spreckelsville. This euphony of the Hawaiian tongue was productive of one of the jokes of his lecture. The first time he gave it he remarked incidentally that he "took the steamer Wy-willy-willy" to go to the town of Na-willy-willy." A laugh followed the remark, and thereafter he always included this phrase in his lecture. It invariably produced the same result when used.—N. Y. Tribune.

**A New Club.**

The first meeting of the Hawaiian-American Club was held at their club house last evening and the following officers were elected: Col. J. W. Lake, president; Harry Howard, secretary; George Lake, treasurer.

The club starts out with a few well-selected members composed chiefly of clerks, salesmen, carpenters, masons and mechanics of all trades. Their rooms are being fitted up in a cosy manner, with billiard hall, assembly room, bar room, reading room, kitchen and dining room. A smoker will be held at their rooms on Saturday evening when all members are requested to be present, also those desirous of joining the club.

**Resigned From Ticket.**

L. K. Kentwell, a Home Rule candidate on the representative ticket for the Fourth District, has tendered his resignation as such to the Executive Committee of his party. This step is taken on the grounds that he is not yet a full fledged citizen. It will be some two months yet before he can become one, although he was allowed to register by the Board of Registration, and probably it was on a misunderstanding.—Independent.

**The Weir Self-Sealing Stone Fruit Jars**

These jars have been on the market for a number of years, and have given the best of satisfaction. They are a perfect SELF-SEALING JAR, are practically unbreakable, will exclude the light as well as air, and you can tell in advance whether fruit will keep. The jar can be opened and closed by a child without burning of fingers or scalding of hands—no slivers of glass can get into the fruit—no metal comes in contact with the fruit—no corrosive substance can gather in the lids or threads of the jar. The most perfect sanitary jar made. These jars make an excellent container for milk and butter as they can be placed in the refrigerator and the contents of the jar are absolutely protected from taint.
