

HALLOWEEN PARTY AT THE Y. W. C. A.

At 8 o'clock this evening the Y. W. C. A. rooms in the Boston block will be thrown open for the celebration of Halloween. Some of the old time Halloween festivities will be indulged in and the entire entertainment for the evening will be of the real old Halloween character. Gentlemen as well as ladies are invited and every member of the Association has the privilege of bringing any number of friends. A cordial invitation is also extended to any strangers who may wish to drop in. The affair will be informal and a good time is promised. Mrs. Dr. Mays is in charge of the committee of arrangements.

On Saturday afternoon from 3 until 6 o'clock, Mrs. Sanford B. Dole will receive the members of the Association at an afternoon tea at her home near Diamond Head, beyond Kapiolani Park. Mrs. Dole's hospitality is well known and undoubtedly a large number of the ladies of the Association will attend. As the membership of the Association is so large and it is only courteous to the hostess that some idea of the numbers who are to attend should be given Mrs. Dole, members are requested so far as they can, to notify the secretary before Friday. It is expected that an arrangement will be made whereby conveyances will run from the ends of the car lines to the Dole residence. The tea will be informal and invitations only are extended through the press.

At noon today Mrs. Dr. McDonald will sing at the usual noon song service commencing about 12:30.

At 4 p. m. today Jared Smith, Director of the Experiment Station, will talk on the care of house plants. All ladies who are interested in this subject will hear much that will be of value to them.

At 5 o'clock this afternoon Mrs. Uriah Thompson will give the first of a series of talks on health, her subject today being "Things We Ought to Know." The talk will deal with the protection of health in a community where it needs looking after.

COMMISSION CANNOT SAY

The Road Commission appointed by Special Agent Cooper to assess the damages of Waikiki road property does not intend to take upon itself the responsibility of answering the weighty legal questions involved in the present contest between James H. Boyd and Henry E. Cooper as to who is in charge of public works.

Yesterday at two o'clock was the time set for announcing a decision in the matter by the Commission, but instead an adjournment was taken until Monday, and the probabilities are that no opinion of any kind will be expressed. Chairman Brown said last evening that the commission had not passed upon the question, and probably would in view of recent developments not do so, and will simply wait until the courts have passed upon the matters involved.

The Queen Emma estate claim was set for yesterday afternoon but at the request of Cecil Brown the hearing went over.

The members of the commission are J. F. Brown, F. J. Testa and W. E. Brown.

Sergeant Hinton, the Salvation Army woman who has been assisting Ensign Underhill at the Salvation Army Rescue Home, has been taken to the Hospital where she may have to undergo an operation. The sergeant has been quite ill for several months. The entire work at the Home now devolves upon the Ensign, no relief having come yet from the coast.

CATARRH IS ALWAYS THE RESULT of a neglected cold. Chamberlain's Cough Remedy will not cure catarrh, but will cure the cold and so prevent that disagreeable malady. This remedy not only relieves the local irritation of the throat and lungs, but removes the causes of the diseased condition. It leaves the system in a natural and healthy condition. It always cures and cures quickly. Benson, Smith & Co., Ltd., wholesale agents, sell it.
