**WINNING ELEVEN OF PUNAHOU**

**Collegians Beat Honolulu on Gridiron.**

**MORSE MAKES BRILLIANT RUNS**

**Athletic Club Team Develops New Material and Puts Up Strong Fight.**

With new blood and a determination to wrest victory from the invincible collegemen, the Honolulu Athletic Club football team went into Saturday's game on the Punahou campus with seeming chances for attaining their object, but thorough organization among the Punahous combined with the alert and at times phenomenal plays of individual players gave the palm to the Punahous after a desperately fought battle, the score ending 11 to 6. Two touchdowns and a goal for the Punahous and one touchdown and a clean punt over the goal for the Honolulu's tell the tale in brief, the game being witnessed by a big crowd.

The Honolulu developed two new players, Sullivan and Andrews, who aroused their rooters to an enthusiasm seldom displayed during the season and one of the coaches was led to remark that if he had the same team for another week they would be victorious. It seemed that the Honolulu's were bound to win on Saturday for at the end of the first half the score was six to five in their favor, but casualties on the field laying low two or three of the best men weakened their line, and the Punahous towards the end depended almost entirely on playing tandem through the center. Among the Punahous Morse displayed head work and a fleet pair of heels on several occasions and sent the buff and blue wearers wild with excitement. Fernandez, the doughty half of the Honolulu, with the assistance of Joy made probably the finest play of the day when he broke through the Punahou's center, slid, bucked and dived and finally emerged with the ball behind the college men, while Joy pulled him along until they had passed between the Punahou's goal posts. Such a play astounded even the Honolulu's for an instant and then pandemonium broke loose, which was increased when a clean goal was kicked.

The line-up at the start was as follows:

|              |              |            |
|--------------|--------------|------------|
| H. A. C.     | Position.    | PUNAHOU.   |
| L. End R.    |              |            |
| Crook        | Armstrong    |            |
| Joy          | L. Tackle R. | Walker     |
| John Lane    | L. Guard R.  | Fuller     |
|              | Center.      |            |
| Kauhane      | Robinson     |            |
| H. Cockett   | R. Guard L.  | Iaukea     |
| Houghtailing | R. Tackle L. | Waterhouse |
| Andrews      | R. End L.    | Anderson   |
|              | Quarter.     |            |
| Blaisdell    | L. Half R.   | Williamson |
| Fernandez    | R. Half L.   | Morse      |
| Sullivan     | Fullback.    | Marcellino |
| Long         |              | Hatch      |

The Honolulu chose the Waikiki side of the field and the Punahou kicked off, Fuller sending the sphere to the fifty-five yard line, the Honolulu gaining about ten yards on the return. Cockett made the heaviest gains for the Honolulu while the ball was being bucked back. After making twenty yards by a series of plunges through the Punahous, Joy unfortunately had the breath knocked out of him and the ball went to the Punahous, who fumbled a moment later and the Honolulu made a further gain of five yards losing the ball to the Punahous. Suddenly Morse broke away from behind his line with the ball tucked securely under his arm, and running around the Honolulu left, assisted by his tackle and guard, the Honolulu were thrown aside like ten pins until the doughty runner

was thrown hard after a run of twenty-five yards. This play gave the Punahous a glimpse of a touchdown line and they played hard for it, bucking their opponents with blows which sounded to the side lines. The Punahous began working on Joy and after weakening him by continued assault, found that they could make their gains there. Desperate attempts were made to break down the line altogether but Lane and Cockett closed in just when a gap seemed imminent and held the collegians hard to the line. A play around right end brought the Punahous within three feet of the goal and by sheer force of brawn they succeeded in shoving the ball over the line, the touchdown being made in four minutes and thirteen seconds. Fuller failed to score on his punt.

The ball was again put in play at center, the Honolulu sending it to the thirty-yard line, and was returned to the twenty-yard line by the Punahous where a series of bucks resulted in Morse again starting across the field toward the center like a scared rabbit. Dodging, driving and butting, he succeeded in carrying it directly to the center line, Joy making a pretty tackle there. The Punahous fumbled for a kick and the ball was taken by the Honolulu eight yards away. Sullivan here displayed evidences of being a first-rate player, although it was his first time on a field, by wriggling under a mass of humanity for a seven yard gain. The Honolulu now fancied they found weak places among the Punahou guards and tackles and broke through often, Long doing clever work. At last the tide turned and the Punahous secured the ball, sending it hurtling back to the five-yard line. Sullivan and Long ploughed through the guards time and again carrying it almost to the fifty-yard line when the Collegians returned it with a small gain. The Honolulu now had their dander up and when at last the ball was passed to Fernandez he leaped through the line like a shot momentarily being caught under the Punahous heavy guards and tackles but rising instantly on the other side with Joy tugging at his jacket. The bewildered Punahous attempted to stay the inevitable but Fernandez finally passed between the goal posts amid a wild chorus of applause from the Honolulu. A goal kick gave the Honolulu a score of six to the Collegians five.

The Punahous then kicked from center to the thirty-five yard line where it was caught by Blaisdell who carried it back on a long run of thirty yards, when time was called.

**SECOND HALF.**

Joy booted the pigskin to the Punahou fifty-yard line. The Punahou full back took it and carried it forward twenty yards when Morse again demonstrated his sprinting abilities by making a sensational run of thirty-five yards carrying the sphere across the line for five yards into his opponents' territory. This run was the greatest of the game, and in spite of the half dozen Red and Whites who directly undertook to block him Morse eluded them all, but it was his interference's support which gave him the opportunity to make himself famous. The Punahous took advantage of the next play to boot the sphere sending it for thirty yards whence it was returned by the Honolulu to the same point, the Punahous obtaining the ball, although there was some quibbling here over the decision which gave them its possession. The Punahous began to show their superior team organization here by forcing the ball steadily into the Honolulu territory. Hatch, however, failed twice to kick the ball for a gain, each time it being blocked as he dropped it.

The game now became a battle of brawn and the Honolulu settled themselves down to getting possession of the bag for a kick. It was sent back to center by Blaisdell when another long run by Marcellino around the Honolulu's right end was nipped down by Lane. The Punahous now formed a tandem and constantly broke through the Honolulu for small gains. It was a battle royal and bitterly contested by the losing side. Joy was knocked out two or three times, Rycroft was carried off the field, Sullivan had the breath knocked out of him and Kauhane had to ask for time to recuperate his wind. Yard by yard the ball was forced along toward the end line and sent across, defeating the Honolulu's chances in the game. The Punahous kicked a goal and sent their score up to eleven.

The Honolulu kicked off again sending the pigskin for forty yards, the Punahous returning it half the distance. A zig-zag course over the Punahou's territory followed until the Honolulu lost the ball on the thirty-five-yard line, Joy being numbered among the maimed and had to be carried from the field. Joy's loss was felt by the Honolulu and the Punahous forced the ball by big gains back towards the center line holding it eighteen yards therefrom at the sound of the whistle. Score, Punahous, eleven; Honolulu, six.

**HAWAII'S SENATE ENDS ITS SESSION**

**It Ratifies the Nominations of Good Men for the Three Departmental Vacancies.**

**Cooper Succeeds Boyd, Fisher Succeeds Austin and Kepoikai Takes the Place Which Missing Treasurer Wright Forsook.**

At precisely 11 o'clock Saturday morning the senate, after twelve days in special session, adjourned sine die. The last hour of the session was spent in a rush of business. The appointments by Governor Dole of J. H. Fisher as auditor, A. N. Kepoikai as treasurer, and Henry E. Cooper as superintendent of public works were confirmed by a unanimous vote, except in the case of Cooper, two Home Rule senators voting against him.

Immediately upon assembling Secretary Savidge read a communication from the Governor asking the use of the legislative hall on Monday in case the senate had not adjourned for the Eustis meeting, and inviting the attendance of the senators. Upon motion of Senator Dickey the secretary was instructed to reply that the senate would be out of the way before that time.

**BOARD OF HEALTH REPORT.**  
Honolulu, Territory of Hawaii, December 6, 1902.

Hon. Clarence L. Crabbe, President of the Senate:  
Sir: Your committee on the Health Department beg leave to report that they have made as complete an examination of the workings of the same as time would permit. The accounts are well kept and the system seems to be a good one. Your committee object seriously to the custom which prevails in this department as well as others of carrying in the cash bills for incidentals which have been paid by officials. The cash balance should be entirely in coin and cash drafts.

Your committee had a meeting with the full board of health and asked them questions on certain points which were satisfactorily answered. The leper settlement seems to be working smoothly and satisfactorily under the new management; the number of lepers is gradually diminishing and no complaints are registered against the present superintendent. The number of male children of lepers now in the settlement is 51 and your committee is of the opinion that these should be removed to a home as soon as possible. The last legislature appropriated \$20,000 for the maintenance of the children of lepers, but this is not available for building a home for the boys. The committee suggested to the board the advisability of their asking for a liberal appropriation for a boys' home in their estimate of expenditures for the coming period.

We were informed that in all the years since the establishment of the Kapiolani home for the daughters of lepers, only two girls have developed leprosy. They are always removed from the settlement as soon as possible after birth, never longer than six months after birth. The present board removes them immediately after birth. A complaint was lodged with a member of the committee that leper suspects had been taken from their homes directly to the receiving station without being first examined. The board denied this and said that all such cases were examined by three different physicians before being sent to the receiving station except in cases where they were sent down from the other islands, and then they had been examined by the government physician. Your committee thinks that in all cases the first examination of such patients should be at their homes.

Complaints have been made in regard to the working of the plumbing department but your committee has had no time to examine into them. They would recommend the appointment of a commission of three members of the senate to make a more thorough investigation of the department and report at the regular session. Your committee recommends the confirmation of all the appointments of the Governor in this department.

Respectfully submitted,  
H. P. BALDWIN,  
C. H. DICKEY,  
PALMER P. WOODS.

**THE HOME RULERS EXPLODED BOMBHELL.**

Senator Kalaokalani introduced the following resolution:  
Whereas, It is common report that H. E. Cooper, Secretary of the Territory of Hawaii, has obtained a large sum of money from Chinese leaving this country for China for certificates of identification for which should be a

government realization, now, therefore be it Resolved, That a committee of three be appointed to investigate the matter and report to the senate within one day, and embody in its report information on the following subjects: 1. Number of certificates issued. 2. Amount charged therefor. 3. Method of issuing the same. 4. By whom the same are prepared and whether the persons preparing the same are in receipt of pay from the government. 5. What disposition has been made of said moneys so collected by said secretary, if any?

Senator Brown rose to a point of order, explaining that the secretary of the territory was a federal official, with whom the senate had nothing to do, no more than to call upon the United States marshal or President for explanations. Mr. Cooper, he said, had expressed his willingness to explain anything that might be desired, but he did not believe the senate should require this.

The matter was finally disposed of by a ruling from the chair that the matter was not one to be properly considered by the senate, though he explained that the secretary was anxious for any investigation which the senators might desire to make.

**THE APPOINTMENTS.**

The following messages from the Governor relating to the appointments were presented:

A Message to the Senate of the Territory of Hawaii:

On the 24th day of September, 1902, Mr. W. H. Wright, treasurer of the Territory of Hawaii, having confessed to defalcations in his office, absconded from the Territory. I therefore appointed Mr. Henry E. Cooper as treasurer, who has conducted the office until the 2nd day of December on which date he tendered his resignation, which was accepted.

I therefore submit for your action the name of Mr. A. Noah Kepoikai for the said position.  
(Signed) SANFORD B. DOLE, Governor.

Executive Chamber, Territory of Hawaii, December 6th, 1902.

A Message to the Senate of the Territory of Hawaii:

I herewith submit for your action the following nominations for existing vacancies:  
Mr. Henry E. Cooper for Superintendent of Public Works.  
Mr. J. H. Fisher for Auditor.  
Very respectfully  
(Signed) SANFORD B. DOLE, Governor.

Executive Chamber, Territory of Hawaii, December 6th, 1902.

A vote was taken upon the three nominations separately, resulting in a unanimous vote for Fisher and Kepoikai, and of 13 to 2 for Cooper. Kaine and Kaohi voted against the confirmation, Kalaokalani, who introduced the resolution calling for an investigation of Cooper, voting in favor of his appointment.

Paul Isenberg, chairman of the committee on accounts, reported allowances of salaries as follows: William Savidge, clerk, \$150; John E. Bush, interpreter, \$120; Isaac L. Cockett, sergeant-at-arms, \$60; John Kalino, chaplain, \$60; S. Paawela, janitor, \$24, and David Kama, messenger, \$24. Report upon other expenses incurred during the session was deferred until the regular session.

Upon motion of Senator Achi the secretary was allowed seven days' salary after the adjournment of the senate in which to complete his journal.

President Crabbe appointed the following committees to complete the work of investigation started upon, and to report at the regular session in February:

Board of Health—Senators Dickey, Cecil Brown and Kalaokalani.  
Department of Public Works—Senators Isenberg, Cecil Brown and Kaine.  
Public Works Office—Senators McCandless, Dickey and Kaohi.

After a notification to the Governor that the senate was ready to adjourn and reply that he had no more business to offer for consideration, a final adjournment was taken.
