NOT INSANE BUT DRUNK

Supt. Galbraith Says Insane Asylum Is Crowded.

Dr. W. J. Galbraith, acting superintendent of the Insane Asylum, made a rather sensational report to the Board of Health yesterday regarding that institution. He said:

"The fact that nearly double the number of commitments have been made during the last month than during any other month in the history of the institution, demonstrates the imperative necessity of additional accommodations as every bed is occupied and many of the rooms contain two patients. I attribute the unusual number of commitments due more to the faulty method of commitment and hard times than to any increase of insanity as might be inferred. Patients have been committed during my short service, as insane, who might have been spared the humiliation if reasonable efforts of an insane commission had been exercised, and twenty-four hours' time had been given to sober up in.

"There are several cases in the institution at the present time who in my judgment could with propriety be transferred to the Hospital for Incurables. Some effort should be exercised in preventing this institution from becoming the dumping ground from all parts of the world of feeble minded and insane subjects."

Dr. Galbraith says his first act of reform was to provide additional fire protection. He says the health of the patients is remarkably good. Sanitary conditions are being improved and the occupation treatment being encouraged to its utmost limit. There is a lack of nurses and guards. Provisions and supplies are entirely satisfactory.

"Necessity demands," says Dr. Galbraith, "that some of the milder cases be given furlough at once in order that we may be able to care for the acute cases that are turning up."

There are now 145 patients in the asylum, fifteen of whom were committed in March. The report was referred to the Asylum committee.

KNOWLEDGE IS POWER.

"First class in general knowledge," announced the teacher. Heads long and short, colored and tanned, came forward and "toed the line." "Johnny Murphy, what is a lake?" "A hole in a tin can." "What is the capital of the United States?" "Ireland and Croker." "Who invented gun-powder?" "Guy Fawkes." "What was Caesar's occupation?"

WE ARE MARCHING ON.

It is strange, yet true, that most of the diseases of middle age and advanced life are efforts on the part of the system to purify the blood. Yet because of the feebleness of the liver, kidneys and bowels these well-meant efforts are often in vain, and lives come to an end which might have been prolonged for many pleasant years. There was, formerly, no remedy which could be depended upon to prevent or overcome this condition. But within the past decade we have been making progress. Truth is mighty and will prevail. The old notions and moss-covered superstitions must fall before new facts and new discoveries. Nothing thus far known to medical science is so effective in purifying the blood through its action on the excretory functions of the body, as WAMPOLE'S PREPARATION.

It quickly scatters and overcomes the following familiar and dangerous symptoms of impure blood and torpid circulation: The languid, tired feeling; pain in the head; dry skin; bad taste in the mouth; weak stomach with nausea, etc. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It relieves and cures many ailments that have been abandoned as hopeless. The reason is—its power over the digestive and assimilating process, its action in expelling impurities from the blood, and its consequent ability to vitalize and rebuild the whole structure. No slow or doubtful action. "You cannot be disappointed in it. The first bottle proves its virtue. Genuine is sold by chemists here and everywhere throughout the world.

"Pitching his camp several paces from the camp of the enemy." "Name the seven wonders of the world." "Shadrach, Meshach, and Abednego, John L., 'Billy' Patterson, Carrie Nation and the Douglas Patent Close." "Johnny" is in danger of being sent to the Philippines as an instructor.

IT'S ALL TALK.

Yes, But it is Honolulu Talk the Kind that Counts in Honolulu.

Talk that tells. Talk that's endorsed. Every day talk by people who know. City talk, kidney talk. Do kidneys talk? Well, yes, both loud and long. You should learn the kidney language.

Backache in kidney talk means kidney ache. Lame back means lame kidneys. A bad back is simply The kidneys talking trouble. Here's Honolulu talk and kidney talk: Mrs. Grace Dodd of 524 Young street, this city, informs us: "My sufferings were of a complicated nature; I had enlargement of the liver, according to the doctors' diagnosis, and besides this was troubled with severe pains in the right side, and a lame back. I had these backache pains for two years, and so severe were they at times that they prevented me from sleeping. All the medicines I tried were of no avail until I got some of Doan's Backache Kidney Pills at the Hollister Drug Co.'s store, and used them. The benefit obtained was wonderful; the backache was entirely relieved and I cannot be too grateful for this since I now enjoy good sleep—one of the chief of Nature's blessings."

It is important to get the same medicine which helped Mrs. Dodd—DOAN'S BACKACHE KIDNEY PILLS. Therefore ask for Doan's Backache Kidney Pills. Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

FATHER BAILEY JOINS MAJORITY

News was received yesterday of the death in Alhambra, California, of Father Bailey, one of the early missionaries to Hawaii. Father Edward Bailey celebrated his 89th birthday on February 24, 1903, and at that time he was enjoying his usual good health.

He was born at Holden, Mass., in 1814, and with a band of missionaries arrived at Honolulu April 9, 1837. He was stationed at Kohala, remaining there until 1840, when he removed to Lahainaluna, where he was a teacher. He was connected with the Wailuku Female Seminary from 1841 to 1849, and after that was engaged in teaching and the culture of sugar.

In 1855 he removed to California and has resided there ever since, with one or two trips to Hawaii. He married Caroline Hubbard on November 28, 1836. She died at Oakland, Cal., on June 11, 1894. They had five children, their sons being well known Hawaiians.

To Leave the Islands.

The following passengers have booked on the Korea for the Orient and will sail either Friday or Saturday: Mrs. W. A. Akers, Mrs. L. L. Terry, W. H. Rice and servant, K. J. Imanishi and wife, Waldau Rettig and wife, Mrs. N. G. Van Da Ventral, Mr. Scullin, Mr. Armstrong, St. F. Kellner, E. B. Hibernine, Gov. A. S. Cleghorn.

The following passengers have booked for the China, sailing for San Francisco April 14: Mrs. Corbett and child, Mrs. Henry Waterhouse, S. Krumman, wife and daughter, Miss N. A. Chamberlain, Miss Edith Dietz, E. A. Rowland, Mrs. T. W. Hobron and two children, Mrs. Lovekin and child, Mrs. W. L. Emory and two boys, Mrs. L. E. McMahan, Miss E. C. Le Mons, Mrs. T. F. Winant, W. R. Castle, Jr., and wife, C. H. Daniels and wife, Geo. E. Somers and wife, Rev. M. C. Harris, Mrs. C. C. Tisco, J. T. Cosby, E. R. Newman, Mrs. Frank Pixley and maid, Mr. and Mrs. H. E. Cobb and two daughters, W. F. Woodward and wife, O. Keck and wife, B. W. Harrison, J. N. Castle and wife, J. T. Moir and wife, Geo. Mackenzie, W. R. Douglas, Julia Wallport, C. N. Weaver, E. J. Benjamin, Mrs. E. K. Mehrten and child, Geo. H. Baldwin, Miss Alice F. Beard, Mrs. Henry E. Highton.

The Planters' Monthly for March contains a valuable article by R. C. L. Perkins upon the relations of birds to insect life in Hawaii, showing how certain birds are valuable pest destroyers; while others are destroyers of harmless insects which in turn destroy insects dangerous to plant life. It should be read by every one interested in agriculture in Hawaii, as intelligent action on the lines suggested by Mr. Perkins is vital to agriculture in this Territory.

CABLE STEAMERS COMING

(Continued from page 1.) Honolulu with all parts of the world by direct routes.

About April 22 the steamer Hanalei, of the Inter-Island Steam Navigation Company, will depart for Sand Island of the Midway Group, and Guam, carrying cable staffs for the stations, together with material for the erection of the station houses and quarters for the workmen. The cable men, who have been chosen for these two stations, are referred to as exiles by their co-workers. Superintendent Gaines of the local station completed arrangements last night with the steamer company for chartering the Hanalei, the vessel will be outfitted at once. On the Alameda arriving on April 17 there will be 90,000 feet of lumber, tools, provisions and all manner of material for the station houses on Sand Island and Guam. As passengers there are six cable experts as follows: For Midway—B. W. Colley, superintendent; D. Morrison, assistant superintendent; A. Reed, For Guam—D. Coath, superintendent; Messrs. Mills and Pimley. Nine carpenters will also arrive in the Alameda and these will be distributed at the two stations. Mr. Gaines will also send eight servants and four laborers from Honolulu. The servants are Chinese and six months provisions will be sent with them. A large supply of vegetable seeds and garden tools will be taken along. Sand Island is barren at present. Small shrubs and trees will also be sent along.

The Hanalei will proceed to Guam after leaving the experts, laborers and materials at Midway, and returning to Honolulu will touch at Midway and bring back the laborers. The Hanalei is one of the largest of the island steamers and has a capacity for 1000 tons of freight. She has been lying idle in Naval Row for some time.

Superintendent Colley has been with the Commercial Cable Company for eighteen years and is one of Superintendent Gaines' old co-workers. Mr. Reed has been doing work for the company on the small island stations, having been for several years at San Pierre de Miquelon Island, off the Arcadian coast, once in the Bermudas and Turk's Island.

ATHERTON FUNERAL

(Continued from page 1.) Swanzy were appointed a committee to draft resolutions. The Stock Exchange also adjourned.

The Anti-Saloon League, which was to have met this afternoon, has postponed its session for one week, and Oahu College will be closed in all departments so that the faculty and students may attend the services in a body.

Among the business houses which closed yesterday were Castle & Cooke, Ltd., Bank of Hawaii, Wilder's Steamship Company, Inter-Island Steam Navigation Company, C. Brewer & Co., Pacific Hardware Company, and E. O. Hall & Son. Flags were half-masted on almost every business structure, and the consulate flags were lowered in respect. Flags of all nationalities were observed fluttering at half-mast.

The services at the church will be conducted by Rev. W. D. Westervelt, assisted by the Rev. George L. Pearson and the Rev. Sereno E. Bishop. A quartette consisting of Mrs. Otis, Mrs. Cornelia Damon, Mr. C. E. Elston and Mr. Walter F. Dillingham will sing at this service, and Mrs. Annis Montague Turner will sing "Rest, Noble Heart."

The honorary pall-bearers are P. C. Jones, H. P. Baldwin, F. A. Schaefer, B. F. Dillingham, Henry Waterhouse, W. W. Hall, J. O. Carter, G. P. Castle, F. J. Lowrey, W. F. Allen, E. D. Tenney and W. A. Bowen.

If you want to rent a house, either furnished or unfurnished, call at the office of Will E. Fisher, room 11, Magazine building.
