

ALWAYS IN SIGHT

Crowded street. People passing by. Old and young. All eager about their own affairs and always somebody in plain sight who needs Scott's Emulsion.

Now it's that white-haired old man; weak digestion and cold body. He needs Scott's Emulsion to warm him, feed him, and strengthen his stomach.

See that pale girl? She has thin blood. Scott's Emulsion will bring new roses to her face.

There goes a young man with narrow chest. Consumption is his trouble. Scott's Emulsion soothes ragged lungs and increases flesh and strength.

And here's a poor, sickly little child. Scott's Emulsion makes children grow—makes children happy.

THE KOKUAS MUST LEAVE

Twelve to Be Sent Away at Once.

Most of Them Do Nothing But Draw Their Rations.

Useless Expense to Be Done Away With—McVeigh Reports on Morals Also.

Useless Kokuas must leave the Leper Settlement. Supt. McVeigh sent down a list of twelve yesterday whom he was ordered by the Board to deport immediately and another list of fifty whose services can be dispensed with was also submitted but will not be acted upon until the return of McVeigh to Honolulu.

The list of a dozen whom McVeigh wanted removed immediately were in his opinion "neither useful nor ornamental" and did nothing but draw rations and add a large expense to the workings of the settlement. The Superintendent submitted strong reasons why there was no further use for these particular kokuas at Kaulapapa. Most of them were sent in the first place as helpers to wives and husbands who had since died. Some of these had married again. One had married a kokuas and had a child who was also clean. McVeigh wanted the whole family removed.

One woman had been sent up to assist her husband, a leper. He died and she married another leper, a Chinese. Her second husband died and she was again married.

Another is now a police officer and he has married a kokuas. Besides he had become quarrelsome and had been arrested for drinking and fighting. Another man who had been sent up as kokuas to his wife, had since deserted her and was living with another woman. Still another was an insubordinate swifter drinker who was not needed by his wife whom he had been sent to assist. The last man McVeigh referred to as "a lazy cuss" who wouldn't work and had petitioned the legislature to pass a law so that no kokuas need work.

Supt. McVeigh reported also that of five lepers who had been declared so, since coming to the settlement as kokuas, three were found to be clean by Dr. Goodhue. None of them had ever been examined by the Board of Health and he recommended an investigation. Supt. McVeigh also submitted a list of fifty more persons in the settlement whom he said were not needed there. Upon motion of E. C. Winston the superintendent was authorized to get rid of the twelve persons he wished to deport immediately, and the other fifty names will be considered at a future meeting.

MORALS OF LEPERS. Supt. McVeigh also submitted a report upon the question of unlawful cohabitation among the lepers, something which was strongly denounced by the Mitchell Commission.

He said that in accordance with the resolution of the Board he had made a careful study of the subject and found that it was about the hardest problem yet tackled by the Board of Health. He said he had interviewed the guilty parties and found a willingness among most of them to give up the unlawful practice and marry if they could legally do so. The difficulty, however, was that most of them had either husbands or wives living outside, and therefore could not legally marry. Unfortunately, also, they did not have the funds to employ counsel or to pay court cases. Supt. McVeigh recommended that the secretary furnish to the Attorney General a certificate that the people had leprosy.

HERPICIDE BEAUTY IS NEVER COMPLETE without a thick, luxuriant head of soft, glossy hair which is in truth a woman's crowning glory. The faithful use of Herpicide never fails to produce hair of this character, for, by destroying the deadly germs that feed upon the oil of the hair root, it makes dandruff, falling hair and all scalp diseases impossible. It then promotes a new and thick growth of hair, brittle hair. One bottle will verify these statements. For Sale at all First-Class Drug Stores.

which was a ground for divorce, and that the Attorney General then bring action for divorce without costs. McVeigh said that if the lepers then persisted in unlawful cohabitation, he would take means to prosecute them under the law, and added that he would do everything in his power to elevate and improve the morals of the lepers. The letter was referred to the Attorney General and S. K. Kane to ascertain what could be done by way of carrying out McVeigh's recommendations.

REPORT OF CITY SANITARY OFFICER

City Sanitary Officer Tracy yesterday made a report to the Board of Health telling of health conditions during the month of April. He reports that permits were given for lodging houses capable of accommodating 1312 adults during the month.

In conclusion the sanitary officer says:

"One arrest and prosecution was made of a fish vender selling fish at a place other than the fish market. He was reprimanded and discharged. We caught three others and found in each case that the fish were not fresh and condemned the lot. These vendors, as a rule, knowing that their fish will not pass inspection, try to realize on them and consequently peddle them about town, and if caught, except in the act of disposing of the fish, claim that they are merely delivering fish which have been ordered. If housekeepers would report to the inspectors the visits of these fish sellers we could more easily ensure a pure and fresh food supply to the people.

"There has been fifty-four days of special work done this month by the inspectors which accounts for the meager reports from some of the districts, for this special work is not included in these reports.

"The old ditch between the Government wash houses and the fertilizer works has been filled by the Garbage Department with ashes from the dumps so that this menace to health is no longer in existence."

PAID WARRANTS TILL STOPPED

Technically speaking, there is a little hole which it will take \$1,000 to fill, in the Territorial treasury. Not that the money has gone astray but that it has been paid out and, in the opinion of Judge Kepoikal, there was not the proper warrant for the payment. The money came out of the \$1,800 balance which was left by the first session of the Legislature, and the payments were made after the adjournment of that body, which in the opinion of the Treasurer was not in accord with the law.

The story became somewhat current last evening, it being said that Judge Kepoikal had made the statements in general in the presence of several people. The facts are alleged to be that the drawing of warrants went on after the regular session of the legislature quit, and the payment of these, as well, proceeded. This until the Treasurer found it out and then he decided that there was no right to carry on payment after the adjournment of a session, and so stopped the outgo.

Meanwhile he will try and discover some way to cover up the discrepancy, adhering to his view that the warrants which show for the cash, are not in his possession rightfully. There are still unpaid bills.

CODE COMMISSION GETS TO ITS WORK

The Code Commission which has already got down to work has before it a long task, and one which it is likely will occupy the time for the next year. The commission has organized by the selection of the Chief Justice as chairman, and the first thing done thereafter was the outlining of the branches of work for which each member is to be held responsible.

It was decided by the members of the commission that in each case the law should be traced to the original, the code of 1859 of course being taken as the first source for all enactments prior to that, but for everything since there will be a tracing to the session laws. This will mean that there will be an immense amount of work to be done by the members of the commission and the three men are already hard at it.

Another feature which crops out is that there will be a lot of work which will fall upon the members before they can use economically any clerks. They will do all their first work and the outlook is that there will be no expenditure for clerks for several months yet.

RECEIVER FOR CASPAR WHITNEY

NEW YORK, May 2.—Because he has not paid a doctor's bill, the business affairs of Caspar Whitney, sporting writer, editor of Outing and clubman, were placed in the hands of a receiver today in the City Court. The judgment upon which a receiver was appointed was in favor of Dr. Charles McBurney, the surgeon who operated upon President McKinley. It was given in November, 1901, and amounts to \$75.38. Max S. Levine of the Bowery Bank building is the receiver. Whitney was adjudged in contempt of court several months after judgment against him was given for having expended \$500, which, it is said, he received from a publishing firm; but the contempt proceedings were reversed on a legal technicality and the receivership was substituted. He is a member of the Larchmont Yacht and Racquet clubs, the Century Association and several other social organizations. His income is said to be \$8000 a year.

A number of saddle horses will be sold tomorrow at noon in front of Morgan's auction rooms on Queen street.

WILL SUE H. E. COOPER

Attorney General Holds County Act Valid.

Territorial Board Has Recourse to Courts.

Mandamus Proceedings Will Now Probably Be Brought Against Cooper.

Mandamus proceedings may be brought at once to compel Superintendent Cooper to turn over to the Board of Public Institutions, the wharves and lighthouses and the judiciary and capitol buildings as required under the County Act. This action was decided upon at the meeting of the Territorial Board yesterday morning when Attorney General Andrews submitted an opinion to the effect that the county act was valid notwithstanding the objections of Cooper.

This opinion was as follows:—

May 13, 1903. To the Territorial Board of Public Institutions, Honolulu, T. H. Gentlemen:—

IN RE VALIDITY OF THE BOARD OF PUBLIC INSTITUTIONS:

In answer to your request of May 6th, as to the questions raised by correspondence between the Superintendent of Public Works and this Board, after investigation would state:

In answer to the first point, as set forth by him, I would say, that while he, as Superintendent of Public Works, was placed in control of the various matters recited, such matters were taken from under his jurisdiction by Act 31 of the Legislature of 1903, and vested in your Honorable Board.

In regard to his second point I would say, that this Board is not such a Board of public character as meant or understood by Sec. 80 of the Organic Act, and does not come under its provisions, and that in my opinion the Government should take the stand that the provisions in the act constituting the Board of Public Institutions is germane to the general subject of county government.

In regard to the third point, I do not believe that Act 31, aforesaid, would be construed as being illegal in its entirety for any of the reasons stated therein.

Respectfully submitted, LORRIN ANDREWS, Attorney General.

Upon motion of Secretary Carter the Attorney General was instructed "to take such steps as are necessary to take immediate possession of the property under the Superintendent of Public Works as has been demanded by this Board."

GREAT GRUMBLERS

Grumbling Will Cease if Honolulu People Follow This Advice.

Backache is the first grumbling warning. The kidneys give it, if you heed it not.

Look out for trouble, it will surely come.

Urinary trouble, kidney trouble and many miseries. Doan's Backache Kidney Pills are made for kidneys only. They cure every form of kidney ill. The experience of Honolulu people proves this.

Here's a case in point. Mr. F. Metcalf, of this city, gives us the following information: "I was afflicted with a painful feeling in my back for over five years. The various remedies resorted to did me no good, until, falling in with the advice of a friend (Mr. W. J. Maxwell), I procured at the Hollister Drug Co.'s some of Doan's Backache Kidney Pills. I had hardly finished taking them when the pain left me altogether, and I now feel that I have been completely cured of the terrible suffering I underwent formerly. By keeping a box of the pills in the house I am fortified against any possible return of my complaint at future times. It seems almost miraculous that the pains should have vanished so speedily. All sufferers from backache should get some of Doan's Backache Kidney Pills." Doan's Backache Kidney Pills are sold by all druggists at 50 cents a box, six boxes for \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Wants Pay for the Sand.

There is a place on the Oahu railroad where sand blows from a bluff onto the track and blockades it. The railroad people have to move the sand away in flat cars and now the owner demands pay for it as so much a carload. Litigation may follow.

BICYCLISTS should never start out without a bottle of Chamberlain's Pain Balm in their tool bags. This liniment is excellent for all flesh wounds and sprains. One application gives relief. Try it. All Dealers and Druggists sell it. Benson, Smith & Co., Ltd., Agents for Hawaii.
