

WE ARE MARCHING ON.

It is strange, yet true, that most of the diseases of middle age and advanced life are efforts on the part of the system to purify the blood. Yet because of the feebleness of the liver, kidneys and bowels these well-meant efforts are often in vain, and lives come to an end which might have been prolonged for many pleasant years. There was, formerly, no remedy which could be depended upon to prevent or overcome this condition. But within the past decade we have been making progress. Truth is mighty and will prevail. The old notions and moss-covered superstitions must fall before new facts and new discoveries. Nothing thus far known to medical science is so effective in purifying the blood through its action on the excretory functions of the body, as **WAMPOLE'S PREPARATION**. It quickly scatters and overcomes the following familiar and dangerous symptoms of impure blood and torpid circulation: The languid, tired feeling; pain in the head; dry skin; bad taste in the mouth; weak stomach with nausea, etc. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It relieves and cures many ailments that have been abandoned as hopeless. The reasons are—its power over the digestive and assimilating process, its action in expelling impurities from the blood, and its consequent ability to vitalize and rebuild the whole structure. No slow or doubtful action. "You cannot be disappointed in it. The first bottle proves its virtue. Genuine is sold by chemists here and everywhere throughout the world.

THE DOCTOR IS UPHELD

Little Kau Breeze About Alleged Nuisance.

Lunalilo Home Cannot Receive Molokai Kokuas.

Board of Health Meeting Is Protracted to Open Bids for General Supplies.

The major part of the order of business at yesterday's Board of Health meeting related to tenders for supplies to various institutions. Dr. C. B. Cooper, president, was in the chair, with him being present: Dr. W. S. Mays, Mark P. Robinson, S. K. Ka-ne, E. C. Winston and Fred. C. Smith, besides Dr. Pratt, executive officer; C. Charlock, secretary; Miss Mae Weir, stenographer, and C. H. Tracy, city sanitary officer, in attendance.

NO ROOM FOR KOKUAS.

President Cooper stated he had seen W. O. Smith relative to the admission of kokuas from Molokai to the Lunalilo Home, and been informed by him that the institution was crowded so that it would be impracticable to admit those people.

KAU TROUBLE.

Letters were read from Deputy Sheriff H. K. Martin and Dr. L. S. Thompson of Kau with regard to a case of nuisance in that district, over which a difference between the two officials had arisen. It was requested by one of the writers that the details of the dispute be not published. The alleged nuisance was in the keeping of a stable and the Government physician opposed the prosecution before the district magistrate. There was no personal ill-feeling between the physician and the deputy sheriff. Dr. Thompson maintained that it was a mere family row between the complaining witness and the defendant.

Dr. Cooper stated that formerly the deputy sheriffs had full powers as agents of the Board of Health. Owing to friction occurring in various localities from the system, latterly the powers of the deputy sheriffs had been held as less comprehensive. Their duties as health agents were now taken to be confined to the apprehension of lepers. It seemed to him that the government physician ought to be sustained.

WANTS A TRANSFER.

Dr. Atcherley petitioned the Board to be transferred from North Kohala to North Kona, saying he owned land in the latter district and regarded it as his home.

The petition was laid on the table, pending the development of certain matters to which the Board's attention had been called.

GRANDMOTHER'S PETITION.

A petition was read from Kaahiki, grandmother of a child whose parents at the Leper Settlement had petitioned to have sent to them. She opposed the granting of their request, desiring to retain the care of the child. The president was tacitly sustained in the suggestion that the child should remain with her grandmother as her natural guardian.

WANTS MAN DISCHARGED.

Dr. Goodhue, physician to the Leper Settlement, appeared to state the case of Charles Crabbitt. This subject was

SAN FRANCISCO'S NEW HOTEL

ST. FRANCIS HOTEL, SAN FRANCISCO.

committed to the settlement some years ago, but it did not appear to the doctor now that he had the disease. It was desirable to have him examined and, if found clean, discharged.

On motion of Dr. Mays, the case was left for examination when the contemplated visit of the bacteriologist to the Settlement is made.

SUPPLIES.

Tenders for supplies were then opened and contracts awarded, the process occupying more than two hours. It was stated that the lists would not be tabulated for notification of the successful bidders sooner than this afternoon.

Ordinary supplies such as building material, provisions, etc., as usual were distributed among the large mercantile houses according to the lowest bids.

The Parker Ranch was again the only bidder for beef cattle for the Leper Settlement and received the contract.

Drugs and medicines, the last series opened, took more than an hour for checking the lowest bids. Each article in the selected pharmacopoeia was the subject of a separate tender by each competitor.

CHANGE OF WATER often brings on diarrhoea. For this reason many experienced travelers carry a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with them to be used in case of an emergency. This preparation has no equal as a cure for bowel complaints. It can not be obtained while on board the cars or steamship, and that is where it is most likely to be needed. Buy a bottle before leaving home. Benson, Smith & Co., Ltd., wholesale agents, sell it.

BAD MONEY.

A Japanese rushed into the Police Station yesterday with a sackful of what he claimed were counterfeit halves. The disturbed Oriental stated that the "spurious coin" had been given him by a party who had spent the evening in his establishment and eaten up his stock of watermelons. The Jap operates a fruit store and the legend above his shop tells the passing show that he has "Tobacco, cigar and many other fruit for sale."

An inspection of the "spurious" was made and the examining committee raised a smile. The round, shining pieces bore the words, "Buy The Douglas Patent Closet from Bath, the Plumber." The Jap was arrested for disturbing the peace. Ask Bath for a sample half.

The Chronicle says: It is almost certain that the St. Francis Hotel will be enlarged so as to include all of the site of the former Cosmos Club on the north of the building now nearing completion. This lot has the general dimensions of 77.6 by 63.9, and was purchased by the trustees of Charles Templeton Crocker and Jennie A. Crocker in 1902 for \$220,000. Negotiations for the extension of the hotel over this ground were under way some months ago, but at that time fell through, owing to failure of the representatives of the Crocker children and the Crocker Hotel Co., the lessee of the St. Francis, to agree upon terms. The owners of the former club site then announced it as their intention to erect a four-story business building on the lot. Since then, however, circumstances have greatly changed. San Francisco is growing and at such strides that it is the judgment of those best informed on the local hotel situation that neither the St. Francis nor the Fairmont, nor both when finished, will meet the wants of the resident and traveling public. This judgment is based partly on the present demand for the best kind of hotel accommodations and partly on the expressions of delight with San Francisco from our numerous visitors this winter and spring.

In the case of the St. Francis this demand is already being felt. Although it cannot be opened before January 5th next, the demands for permanent quarters in the building on the northwest corner of Powell and Geary streets is so great that it could be filled at once. As yet the management is renting no apartments, but the pressure on it for place has been such that the Crocker Hotel Company has resumed negotiations with the Crocker trustees at the point where they were suspended for the erection of the addition on the adjoining available space

and its lease for a term of years. These negotiations have not been completed, but have reached such a stage of progress as to indicate their success. The idea is to build the addition on the same plan and to the same height of twelve stories as the original structure. As now built on plans by Bliss & Faville, the St. Francis is in the shape of a gigantic capital H. This same idea will be carried out in the extension by leaving a recess on the north side of the building, and beyond that erecting a wing similar to those in the present building.

When the St. Francis opens next winter it will have 450 guest rooms, while the addition will provide about 250 more, making the total number 700 rooms. By the adoption of the capital H plan every room in the hotel has an exterior exposure, and the same condition will obtain in those in the addition. Every one of these 700 sleeping apartments is to have its bathroom attached, and, with few exceptions, these bathrooms will have outside exposures. The dining-rooms and the other public apartments are to be perfectly ventilated by an automatic arrangement by which fresh air will be forced into the rooms and the exhausted atmosphere will be pumped out. These rooms will be heated by hot air, while all of the others will be heated by steam. One of the features of the building very important to the health of those who shall dwell beneath its roof will be the installation of a perfect system of filtration for drinking water. The cost of the original portion of the St. Francis has been stated to be about \$1,300,000, and it is probable that, with the expenditure for the addition, the total will be increased to between \$1,800,000 and \$2,000,000.

New and second hand bicycles for rent and for sale at Yoshikawa on King street, opposite Young building.

BY AUTHORITY

AN ACT

MAKING SPECIAL APPROPRIATION FOR THE IMMEDIATE USE OF THE TREASURY DEPARTMENT.

Be it Enacted by the Legislature of the Territory of Hawaii:

SECTION 1. The sum of Four Thousand Dollars (\$4,000.00), is hereby appropriated to be paid out of all moneys in the Treasury, received from all current receipts of the general revenue of the Territory, for the purpose of defraying the expenses of the Tax Bureau to June 30th, 1903, under the head of:

"INCIDENTALS TAX OFFICE."

SECTION 2. This Act shall take effect and become law from the date of its approval.

Approved this 17th day of June, 1903.

SANFORD B. DOLE,

Governor of the Territory of Hawaii.

FREE TO MEN! A BOOK FULL OF FACTS ABOUT

Dr. McLaughlin's Electric Belt for Weak Men

I KNOW THAT NO MAN REMAINS A WEAKLING BECAUSE he wants to; I am sure, that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe -- and I want you -- have my book in which I describe how I learned that many strength was only electricity and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

A HAPPY MAN

Dear Sir: Having used your famous electric belt for thirty days, I have received the greatest benefit that a man could gain—that is, health and strength. The tired, despondent feeling has gone. I feel the beginning of a new life, and am ever your debtor.

P. O. Box 482, Tucson, Arizona. W. E. CLARK.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells, varicocele or any ailment of that kind that weakens you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed free, if you send this ad. Call for free consultation.
