KOREA TO CALL AT HONOLULU

F. W. Klebahn, of H. Hackfeld & Co.'s steamship agency, received a cablegram yesterday from the head office of the Pacific Mail Steamship Company, at San Francisco, announcing that the steamship Korea would call here on the homeward trip.
No other particulars were received as to the whereabouts of the vessel at the present time, or the date she will arrive here. This indicates that a sudden change of the plan to cut out Honolulu has been decided upon. The above announcement will be good news to many intending passengers whose plans for departure were seriously upset.

LIKELIKE HURRIES TO KAWAIAHAE

The departure of the steamer Likelike yesterday morning for Kawaihae, Hawaii, forms another chapter in the exciting incidents attending the Eben, Low-Carter controversy at the Parker Ranch, Hawaii. The presence of A. W. Carter, one of the counsel for Fred. Carter, the deposed Parker Ranch manager, is desired in court here on Monday. A. A. Wilder also of Carter's counsel, who departed for Hawaii on the Helene on Friday evening, had the Likelike chartered to go to Kawaihae yesterday, arriving there this morning. A. W. Carter has been notified to be ready to board the steamer for immediate return.

Korea May Make Speed.
According to a telegram received from Japan, stating that the Pacific Mail liner Korea had been sent into quarantine at Kobe, and would be delayed ten days, the steamer will be several days late in arriving here. Her schedule time to arrive is June 21st. It is quite probable that Captain Seabury will be authorized to make time on the homeward run across the Pacific, in which event the Korea could gain several days over the ordinary trip, bringing her into port, despite the delay at Kobe, only three or four days behind time. On a previous occasion the big liner made the run from Yokohama to this port in a few hours over ten days, but Honolulu was cut out of the schedule on that trip.—Call, June 3.

Shipping Notes.
The schooner Elsie Buhne departed for Honolulu from San Francisco on May 29 with 288,000 feet of redwood ties.
The following sugar on Kauai is reported ready for shipment: K. S. M. 8300 bags, Mak. 31500, G. & R. 300, McB. 6361, K. P. 420, H. M. 4544, P. 37.
The steamer Nevada was to sail yesterday at 5 p. m. from Kahului for San Francisco carrying Honolulu mail which was sent to Maui on the Mauna Loa on Friday.

In Passing, Stop!
It is remarkable how quickly people realize the fact of genuine honest business dealing. It has proven, through our Lucky Day feature, that to succeed with the public you must live up to your promises.
During the past week, we have, on presentation of the cash sale check, returned to the customers the amount purchased on the Lucky Day of the week previous (June 1st).
On Monday, June 13th, will be announced in the newspapers, also a notice will be posted in our window, the Lucky Day of last week.
The question is, have you taken advantage of the offer of E. W. Jordan & Co., Ltd? Are you going to let slip this opportunity to get something for nothing?
Take this under consideration.

"So you have quit selling gold bricks and conducting bunco games," said the old-time pal. "Yes," answered Mr. Conne; "It is foolish to run around the streets picking up a thousand here or there. The thing to do now is to open an office and have people send you the money by mail."—Washington Star.

THINGS DOING AT HALEIWA HOTEL

The Oahu Railway got very "busy" yesterday—not that it is ever idle, though—in carrying the hundreds of people who went to some point or other down the road. The Methodist Church picnic at Moanalua and the Christian Church picnic at Pearl Peninsula formed big and jolly crowds carrying smiling faces, flowers, cooling drinks and "groaning" lunch baskets. They all had a jolly time—I sincerely hope so, at least—but I was with another big and good-natured crowd off for a wholesale luau at Waiialua, and for a taste of the good things at near-by Haleiwa.

The "Haleiwa habit" grows upon people, and I guess I have got it incurably. The increasingly-popular resort is full to overflowing today with guests, and Manager Church is radiant and solicitous as ever. It seems to be the same crowd I saw here on my last visit—same for jollity, anyway—only, yes there are many new faces, with a goodly sprinkling of Honolulu people who can't keep away. The same jolly crowd only a different one—and some of them are Irish and proud of it.
There has been little time for observation, but I notice that while there is plenty of grass at Haleiwa, Manager Church doesn't allow any of it to grow under his feet. The garden and chicken yards are now supplying the hotel table with vegetables, eggs and poultry. Pigeons have been added to the stock and will shortly be supplying the table with squabs. Monday work will commence on a frog pond which will be stocked with frogs from Hilo.

Entries so far for the Golf Tournament are as follows: Messrs. Woods and Sheldon, W. W. Thayer, George Angus, W. L. Rawlins, Judge Archie Mahalu, F. J. Church, Dr. Knudsen, Charlie McCarthy, E. M. Boyd, Mr. Mousell, James Dougherty, Geo. Paris, H. H. James, F. C. Smith, Dr. A. C. Wall, Geo. B. Dennison, B. G. Holt, C. A. Brown, F. E. Thompson, together with several from Waiialua Plantation. The handicapping will be arranged by a committee appointed by the Honolulu Golf Club members who are entered. On Saturday next D. W. Anderson, Jamison, McKinnon and a number of the Moanalua players will be down, as well as a large number of players from the new Golf Club. Handicaps will be based as far as possible on previous performances of the various players. An entry fee of one dollar will be charged, which with a sum added by the hotel, will be devoted to first and second prizes.

The Haleiwa Flyer, which will make its initial trip tomorrow (Sunday), leaves Honolulu at 8:22 a. m., making the run in about two hours time. Returning it will leave Haleiwa at 8:10 p. m., giving excursionists nearly ten hours at Haleiwa. Of course the Flyer will be a success and be continued indefinitely, because Honolulu people know a good thing when they see it—and an outing of that kind for a moderate price is certainly a good thing.
Following are the registrations at the Haleiwa Hotel for the six days ending June 11: Dr. P. S. B. Pratt, wife and child, Honolulu; E. J. Walker and wife, Honolulu; J. K. Burkett, Honolulu; Mrs. Churchill, Mrs. L. Smith, Miss Mary E. Clark, Mr. Ome, Mr. J. Little, E. K. Ellsworth, Waiialua; Roy H. Chamberlain, W. F. Drake, Geo. H. Paris, D. L. Austin, F. A. Schaefer, Mrs. F. A. Schaefer, H. Renjes and wife, Weisbaden; H. H. James, Mrs. W. T. Rawlins, Honolulu; Mrs. James D. Dougherty, Punahou; Mr. and Mrs. H. Munsell, James D. Dougherty, William T. Rawlins, Chas. A. Brown, J. D. McInerney, Wm. C. Parke, B. Griggs Holt, H. H. Walker, H. L. Hudson and wife, J. G. Rothwell, Leverett H. Mesick, P. Maurice McMahon, Alford C. Wall, F. C. Smith, Honolulu; F. M. Coxie, Miss Mabel B. Coke, S. F.; Geo. D. Gear, Kaimuki; George Angus, Mrs. Geo. Paris, Miss De La Ligne, Mr. and Mrs. Corrie Kincaid, Petrie and Cowan from Castle & Cooke, Mrs. F. C. Smith.

SUNDAY SCHOOLS ENJOY OUTINGS

More than 1200 children of the Sunday School department of Central Union church, including Palama Chapel and the Kakaako mission, yesterday romped over the lawns beneath the shade of the big trees at Oahu College. It was the annual picnic of the Sunday schools, and a more perfect day upon which children could enjoy themselves to the fullest extent could not have been chosen. From early forenoon until late in the afternoon the happy children played all manner of games, drank immeasurable quantities of soda pop and ate prodigious numbers of sandwiches, cakes and sweetmeats sufficient to keep them all in bed today and make the Sunday school classes look like the depleted ranks of a war-worn regiment.

It was not only a day of enjoyment for the young people but the older ones who had charge; the mothers, older sisters and brothers had just as good a time.
The cars which carried the youngsters to Punahou seemed animated streaks of lightning. The disembarkations at the Punahou gates took but a short time and the young people streamed through the entrance and onto the lawns without wasting a minute. Here was a big tent beneath which on tables were piled high the good things for the luncheon which was served at 12:30. Sandwiches and cakes towered into tempting heights and much of the game playing during the forenoon went wrong. Hundreds of pairs of eyes would wander in the direction of the tent. The soda water section, presided over by Charles Atherton, was the most popular rendezvous of the day and the pop disappeared by tens of dozens.
Smooth boards laid from the landing of Pauahi Hall to the grass below and upon various grassy slopes afforded unlimited fun for the smaller children. Then there was a game of basket ball by Oahu College teams, story telling, rings, teeter-boards, swings, baseball for girls and baseball for boys and in the afternoon were various kinds of races, including the time-honored picnic three-legged race.

Admittance to the grounds was by ticket and of these about 1100 were taken in at the gates and it was estimated that at least two hundred others came in without cards.
PORTUGUESE OUTING.
Nearly two hundred of the scholars of the Portuguese Sunday-school passed a jolly day at Moanalua on the estate of Mr. S. M. Damon, occupying the grounds about the polo ground and the cottage ordinarily used as a polo stable. Wagonettes were used to convey the children and those who had charge of them, from town to Moanalua. The breaking down of one of the wagons caused some delay but once out on the grounds the throng waxed merry and indulged in all sorts of games and at noon enjoyed a hearty luncheon. Judge Dickey was master of ceremonies and did his part well. W. A. Bowen assisting in keeping matters moving at a lively pace.

PROBLEM OF PORT ARTHUR.
(Continued from page 1.)
Moukden and Hai Cheng make it clear that the Japanese plan of campaign is directed against both of General Kuro-patkin's flanks.
The Nagasaki correspondent of the Press says, although nearly 200,000 men, more than 400 guns, thousands of horses and wagons, and tons of supplies have left Japan in the last three months, there is not the slightest sign of a reduction in the rate of exodus. Transports leave every Western port daily, each carrying an average of 1000 men. There is every indication that this rate can be maintained for months.
The available troops, including reserves, are far from exhausted. The work goes on without a hitch. A large proportion of the troops dispatched during the past week are intended to reinforce Oku outside of Port Arthur. A dispatch to the Chronicle from Tokio says the Russians have completed eleven fortresses at Liao Yang and have laid mines within a radius of 5000 feet from the town.

It was rumored yesterday that George Davis had received a letter from the Department of Justice at Washington bearing on his disbarment matter, confirming the special cablegram received by the Advertiser last week from its Washington correspondent.

An electric car on the Waikiki route hit the pole of a sand wagon driven by a Japanese, which came abruptly out of a lane, ripping out some of the wood-work at the rear of the car. The pole snapped. Mrs. Lee Gilbert, a passenger, had a narrow escape from being struck by the pole.

Woods gave his proxy to Judge Galbraith, who was elected as an alternate, and, according to an evidently inspired news article in the Star, Woods is condemned by both factions—Heard instructionists and non-instructionists presumably—for giving his proxy without consulting anybody.
