

DR. JAEGER'S

Pure and Sanitary Wool Underwear

An ounce of underwear precaution is better than a pound of cough cure.

In buying Dr. Jaeger's Underwear you simply can't go wrong. It is made of pure unadulterated animal wool of natural color. It is of porous stockinet web, so soft as not to irritate the most sensitive skin and much less liable to felt and shrink than rectangular web of flannel.

It prevents ingress of draught at front or back and is of double thickness over the chest. It keeps the skin at an equable warmth.

In short it is the ideal undergarment and endorsed by the world's leading physicians.

LEWERS GOES TOMORROW

The four-masted schooner Robert Lewers is at Sorenson's wharf and will probably sail for Laysan island tomorrow. She will carry a small cargo of miscellaneous supplies for the laborers on the island. On her last trip the Lewers brought up the largest cargo of guano that she has ever carried amounting in all to about 1324 tons. The schooner was so deep in the water in consequence that the seas broke clear over her at times. One of her men stated last night that the birds on the island were the most wonderful sight that he had ever seen. There are seemingly millions of the feathered creatures and Mr. Schlemmer has been so careful to prevent any shooting that they are wonderfully tame, allowing a man to kick them with his foot without taking fright. The Lewers will take as passengers this trip Miss Ziegler, cashier in the grill at the Young Hotel and the daughter of Captain Underwood.

TALULA WILL BE PLEASURE CRAFT

The launch Talula, which was the property of the Inter-Island Live Fish Company, has changed hands and will now assume the role of a foreign pleasure yacht. Last Saturday she was to have been sold at auction but as none of the bids were of any respectable size the owners decided not to part with the craft. Yesterday Captain Stirling of the ship Great Admiral, which is in port from Newcastle with a cargo of coal, bought the Talula. He will take her with him to Sydney where his family reside and use her as a pleasure craft. The deck house will be cut down and a new gasoline engine installed, making a fine cruising yacht of the vessel.

**Spray Didn't Fly.**  
From reports received from Kauai H. E. Picker is in the society swim at the Garden Isle, his yacht Spray being the open sesame. At Nawiliwili last Sunday he took Editor Willard, Arthur Rice, Master Bishop, Dr. Wilkerson, Auditor J. H. Fisher and J. A. Palmer for a sail to Koloa. The outgoing voyage was accomplished in an hour and fifteen minutes but adverse winds brought them to port again after a voyage of six hours and a half.

**Whitney Sails Today.**  
The steamer Mikahala, which arrived yesterday from Kauai, brought 4,048 bags of sugar, 90 bags of rice bran, six barrels poi and 110 packages sundries. Purser Gruber reports the Ke Au Hou at Kilauea discharging freight. The Whitney had 26,350 bags of sugar aboard and expects to sail from Makaweli for the coast today. Fair weather was experienced on Kauai. The Kekaha mill has shut down for the week.

**Sugar on Kauai.**  
Purser Gruber of the steamer Mikahala reports the following sugar ready for shipment at Kauai ports: V. K., 700 bags; W., 500; M. A., 3,000; G. & R., 1,300.

**Shipping Notes.**  
The Mauna Loa is loading rice at the Inter-Island Wharf.  
A large part of the Coronado's cargo of hay and grain is being transferred

BUILDERS' EXCHANGE WILL HOLD IMPORTANT MEETING

One of the Principal Features of Tonight's Session will be a Report on the Education of Asiatic Children Here.

The Builders and Traders' Exchange will meet this evening at their quarters in the Elite Building to consider some important matters affecting the organization.

The Exchange has made a departure from its usual method of bringing up business, in that all business in future will be taken before the Exchange as a whole and only such matters as shall be referred to the board of directors may be handled by the latter. This gives each member the same responsibility as any member of the board of directors.

At tonight's meeting the following business will be considered:  
(a) Letter from Supt. of Public Works in re request of plumbers for

to the steamer Helene at the Irmgard wharf. Much of it goes to Paauhau.  
The S. N. Castle is lying at the Railway Wharf No. 2 awaiting cargo.  
The Likelike will make a special trip to Kahului this voyage with 200 tons of coal.  
The American will probably get away this afternoon for Delaware Breakwater via Kahului and Hilo.  
S. M. Kankanni who left on the Likelike yesterday goes to Pukoo where he is to attend to the building of a new wharf.  
On her trip to Delaware Breakwater the Nebraskan went along the Kona coast instead of on the east side of Hawaii after leaving Kaanapali. The Mauna Loa sighted her off Hoopuloa Wednesday afternoon.  
A Seattle dispatch states that A. M. Thomas of the Great Northern has become general auditor of the Great Northern Steamship Company with headquarters in Seattle. This probably means that Hill's new line of big freighters will soon be started.

DON'T LIKE THEIR LUNA

(Continued from page 1.)

a mule it is alleged that Suyehiro expressed little sorrow and even suggested that the departed had ill-treated the animal and that he had got his just deserts. This episode occurred about two months ago and only added fuel to the fire. Suyehiro, in addition to being a luna is also the proprietor of a store and it is alleged that he favors the men who patronize his store and does everything in his power to accomplish the ruin of others. This accusation Suyehiro, when seen today, emphatically denied.

Last week matters got to such a state that the sixty Japanese teamsters went in a body to the head luna and demanded that the cause of the grievance be removed. He referred them to Manager Ahrens who told them that as nothing had been proved against the man he could do nothing. The men went back and laid their grievance before the Japanese association. The head men of this body held numerous conferences with the manager and at last reported that nothing could be done.

At this juncture Suyehiro himself proposed to settle the trouble by handing in his resignation. This was taken by both sides as a settlement of the affair but at the last moment the luna balked and refused to resign claiming that the plantation managers would not let him go. This angered the men and the lead men sent word to the manager that they could do no more and that the men were determined to go out. The manager was firm in his position and the strike began.

When Mr. Shiozawa arrived yesterday morning he found some three hundred men congregated who expressed the sentiment that Suyehiro must go. He went to the manager and obtained a compromise proposition by which the luna was to be transferred to the overseeing of the Koreans and the teamsters who had been discharged were to be reinstated. This was the management's final proposition and if the men persisted in their determination to strike they were to be dismissed. Mr. Shiozawa reported this to the assembly at noon yesterday and they promised an answer at three o'clock. At that hour the speakers in the gathering waxed very eloquent. "Do you know why Japan is fighting Russia?" one of them said, "It is not from a selfish motive but to prevent her oppressing weak China and Korea. Does it behoove us then to shirk this combat by forcing the oppression of this Suyehiro on these poor Koreans?" The men then expressed their determination to accept no compromise but to strike.

Tonight everything is quiet. The man who was hurt yesterday is said to be a well known local gambler and his misfortune can only indirectly be traced to the strike. There is good reason to believe that Suyehiro will resign for good this morning in which event the whole matter will probably be settled.

NURSING MOTHERS

"A richer milk than milk" is good food for nursing mothers. Scott's Emulsion is the rich cream of cod liver oil, and contains ten times as much cream as milk does.

The nursing mother must eat with the purpose of producing good, nourishing milk for her baby. A little Scott's Emulsion is often a very wise addition to her daily diet. If through nervousness or weakness her milk is a failure, Scott's Emulsion will help make it a success.

The baby gets the benefit, too, when the mother takes Scott's Emulsion. The same remedy brings new strength and nourishment to both.

We'll send you a sample free upon request.

Rescued from Suffering and Death by PAINE'S Celery Compound THE GREAT MEDICINE.

MR. ALFRED BROWN,  
A Prominent and Popular Citizen, Says:  
"After the Use of Paine's Celery Compound, I Am Now in the Best of Health."

The greatest of modern physicians, Prof. Edward E. Phelps, M. D., LL. D., after years of long practice and close scientific study, gave to suffering and diseased men and women his marvelous, life giving prescription, with the conviction and positive knowledge that it had peculiar virtues and ample power to cure.

Thousands of the strongest testimonials from the best known and most reliable men and women of our country fully sustain the claims made by Dr. Phelps regarding his incomparable Paine's Celery Compound.

One of the most convincing proofs furnished, comes recently from a gentleman widely known in the capital city of the Dominion of Canada. We refer to Mr. Alfred Brown, 98 O'Connor St., Ottawa, Ont. Mr. Brown's letter fully demonstrates the fact that the greatest sufferer may cast off his or her burden of disease and become well, strong, and happy. It proves, too, that the great medicine maintains more fully than ever before its unexcelled place in the estimation of people of wealth and social standing as well as with the masses. Mr. Brown says:—

"I acknowledge with thankfulness and pleasure the fact that I have been cured of a very painful illness of eight years' standing by use of Paine's Celery Compound. I had, during the years of my illness, tried almost all the advertised medicines without deriving any good results. I was also treated by several of the best doctors of this city, hoping to find that one of them, at least, would understand my case.

"I was getting worse, and was told I was incurable. I was indeed in a critical condition. I could not go from the house alone, as I was liable to sudden collapse. I tried hospital treatment, but no relief or good results came to me. I could not sleep; anything that I ate increased my agonies; I was extremely weak, restless, tired, and despondent; was obliged to walk about with my hands pressed firmly into my left side to ease my pains; my feet and hands were cold continually; had inclination to vomit, had profuse, cold sweats, quick breathing, and would be racked with pain for hours at a time.

"After the regular use of Paine's Celery Compound for a time, I am now in the best of health, have good appetite, and can use any kind of food. Thank God I am my old self once more, all through the use of Paine's Celery Compound."
