

For the Skin

You cannot have a clear and smooth skin unless the blood is pure. Blisters, eruptions, rashes, pimples, all show how impure the blood must be. Get all impurities out of your blood before you are seriously ill.

Miss Dorothy Maher, of Fitzroy, Victoria, sends her photograph and this letter: "I had a terrible eruption on my face, which was of a very irritating nature. I tried many blood medicines, but without relief. Friends told me to try Ayer's Sarsaparilla, as it was a most famous blood remedy. I did so, and after taking only two bottles I began to see a great change. By the time the third bottle was used the eruption had entirely disappeared, and without leaving a mark on my face. I am perfectly well now, and I owe it all to this great blood-purifying remedy."

AYER'S Sarsaparilla

There are many imitation Sarsaparillas. Be sure you get "Ayer's." Correct any tendency to constipation with Ayer's Pills. They are sugar-coated, easy to take, mild in action. A family laxative. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A. HOLLISTER DRUG CO., Agents.

THE NEW FRENCH REMEDY. THERAPION. This successful and popular remedy, used in the Continental Hospitals by Ricord, Boussier, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of this kind, and surpasses everything hitherto employed. THERAPION No. 1 maintains its world-renowned and well-merited reputation for damage to the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless. THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of joints, gout, rheumatism, & all diseases for which it has been too much a fashion to employ mercury, sarsaparilla &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body. THERAPION No. 3 for exhaustion, sleeplessness, and all distressing consequences of long residence in hot, unhealthy climates. THERAPION is sold by the principal chemists and druggists throughout the world. Price in England, 2s. 6d. and 4s. 6d. In order to state which of the three numbers is required, and observe that the word "THERAPION" appears on the British Government Stamp (the only letters on a red ground) added to every genuine package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

FINEST EQUIPPED BODY OF EXPERTS IN THE WORLD

Hawaiian Sugar Planters' Association Has Drawn Into Its Service Most Able Entomologists to War on Cane Pests.

With the acquisition of Entomologist Caw on its staff of experts the Hawaiian Sugar Planters' Association may now be said to have the finest equipped body of professional men to fight the pests which prey upon sugar cane, of any similar institution in the world. Entomologist Caw has been one of the most noted men in the scientific warfare which California has waged against fruit and field pests, and his acquisition by the Planters' Association is in the nature of a victory.

The Planters' Association is not only adding to its valuable staff in Honolulu to work at the experiment station of the association on Makiki street and Wilder Avenue—a sugar plantation in miniature—but it has in various parts of the world other experts, notably Professor Koebele, Prof. Perkins and Dr. Maxwell, who is now employed directly by the government of Queensland, Australia, who are searching for parasites to be sent to Hawaii.

Every pest that now preys on Hawaiian sugar cane will, under the research of Prof. Caw, be pitted against a parasite which the eminent entomologist hopes will destroy the pests and leave the cane to flourish without detriment.

In this connection the work of the United States Experiment Station established and conducted by Jared Smith has been a factor in determining the pests which have attacked agricultural products other than sugar cane, notably potatoes, melons, garden and orchard products in general. His staff of experts has been working in all parts of the islands and the results are apparent at the Federal Station on the slopes of Tantalus, back of Punchbowl.

With so much work being done in the entomological field the old question of the establishment of an Agricultural College at Lahainaluna is being revived. Superintendent of Public Instruction Atkinson favors the project and there needs only the stimulus of Federal or territorial appropriations or both to put the idea into practical form. The argument used for the establishment of an agricultural college is that Hawaiians could there be given every opportunity to learn scientific farming, while at the same time the staff of Federal or other experts could carry on original research work. It is of such a college that Director Jared Smith would desire to be of a high standard if it is ever to be established.

SUPPORT OF PRISONERS FUND NEARLY RUN OUT

High Sheriff Brown, under duress of the retrenchment policy, trimmed his estimates for support and maintenance of prisoners too close to the quick. This he has found out thus early in his experience of administering the appropriation. The expense under this head is, to a large degree, reproductive from the value of the labor of the prisoners. There is also to be credited moneys received for the care and detention of Federal prisoners and witnesses, which go into the treasury as government realizations.

The following correspondence on the subject has taken place between the High Sheriff and the Governor:

Honolulu, T. H., Aug. 12, 1904. Hon. Geo. R. Carter, Governor, Territory of Hawaii.

Dear sir:—I desire to call to your attention at this early date the almost absolute certainty of the appropriation for the "Support and Maintenance of Prisoners" for the Territory of Hawaii, as passed by the last Legislature, being overdrawn at the rate of about \$500.00 per month.

In my endeavor to economize I overstepped the mark in this appropriation and desire to let you know the exact situation at once.

All other appropriations of the Police Department as finally passed by the Legislature are in my opinion sufficient for the period ending June 30, 1905.

The large number of prisoners at Oahu Prison accounts for the large expense under this head.

The number of prisoners in that institution today is 297. There was collected at Oahu Prison for the twelve months ending June 30, 1904, the amount of \$6816.47 for the care and detention of United States prisoners.

The actual cost of maintenance, including every expense from the salary of the Jailer to the pay of Guards and Lunas, is 48 3/7 cents per day, which, in my opinion, considering the high price of food stuffs, clothing and shoes, is as low as it can be made.

I beg to remain, Very respectfully, A. M. BROWN, High Sheriff, Territory of Hawaii.

Aug. 15, 1904. A. M. Brown, Esq., High Sheriff, Territory of Hawaii.

Dear sir:—Your letter of Aug. 12th is received.

It is unfortunate that the appropriation for the support and maintenance of prisoners is inadequate, and I heartily approve of the plan of notifying the Administration at once whenever a Government official meets such an emergency.

You will please see that the strictest economy is practiced, so that the unpaid bills on being presented to the next Legislature will be as small as possible. I desire further to be informed when the appropriation is expended,

and to discuss the matter with you personally. Very sincerely yours, G. R. CARTER, Governor.

ANENT MEN'S DRESS.

One would know the "silly season" was at hand when a discussion of man's modern dress occupied a moment's attention. As somebody has wisely prophesied, "The present costume of men will never be changed; at least, never in America." Reforms are not needed in that direction, for we have been emancipated from the rule of velvets and satins and the follies such fabrics bred. True, there is monotony, even sameness, in the sartorial architecture of today, but there is also convenience, and his clothes fit. To be comfortable, an old duffer will declare, is not possible in this regulation uniform, dedicated to all climates and occupations; but believe him not! Better a "boiled shirt" in the business haunts of men than a jeweled turban or a toga in lotus lands where nothin's doin'. This is not the sculptor's day. When the world goes to sleep again, and the arts and the gods hobnob once more on Olympus, man's decent if ugly, coat and trousers can be annihilated, but at present let him freeze to them. He has never worn garments that so became the climate, to say the very least.—Boston Herald.

"The late queen of love and beauty of the Joplin (Mo.) carnival has acted within her rights and privileges," declares The Chicago Evening Post, "in bringing a suit for damages against the maid of honor who blacked her eyes during that gala period in an animated dispute touching certain matters of court etiquette. We admit that we are not perfectly conversant with the customary conduct of queens and maids of honor in countries other than our own, but we are quite sure that hereabout the eyes of queen of love and beauty are inviolate and may not be blacked by any women who pretends to occupy the position of a perfect lady. Of course these matters are a part of states rights, and we cannot answer for the prevailing rule in Missouri; still we are pretty sure that a queen in Joplin is entitled to every consideration, and that her person must be respected by her court attendants. In any event we think this offending maid is getting off with small punishment. What does she think would have happened in King Arthur's days if the lily maid of Astolat had swiped Guenevere across the face?"

As there is a law against burying in the city of Albany, the Bishop had to have a special act of legislature to be buried in the Cathedral. He was successful in having the act pass the lawmakers, but his friends were astounded and worried when they read its text. It began with the usual verbiage. The ending was something like this: "We do grant that Bishop Doane be buried within the precincts of the Cathedral at Albany." This act to take effect immediately."—Lippincott's Magazine.

EWAS WINE CLUB STIRS THINGS UP

Editor Advertiser: As a resident and taxpayer in the Ewa district, I wish, through the columns of your widely-read paper, to call the attention of the authorities to a flagrant nuisance in Pearl City. There is a so-called wine club situated some fifty or seventy-five yards from the depot directly opposite, and the way things are carried on there every Sunday is a disgrace to any community. Drunken men and women, yes and young school girls, can be seen every Sunday afternoon lying along the railroad track. Yesterday things got so rough that the gentleman in charge of the depot had to send for a policeman to remain on duty at that office all the afternoon, but although drunks were laid out all around no arrests were made nor any attempt to stop the sale of liquor in this joint. It is not at all unusual to see a policeman in the crowd apparently enjoying the fun as much as the others. The Deputy Sheriff has repeatedly been spoken to in regard to this place but all the satisfaction you can get out of him is a broad grin. The matter has also been brought to the attention of the High Sheriff several times and even to the Attorney General, but with no good results. Perhaps politics has something to do with the evident reluctance of the police to interfere (it is certainly not for want of evidence), but it should be borne in mind that white men have a vote here as well as a kanaka, and perhaps a little more influence. It is not a hard job at any time to induce a native to vote against the Republican party, and if things go on as they are a very strong influence will be used against the party next November.

Yours truly, A. VOTER.

ATTACKS OF COLIC, cholera morbus, pains in the stomach, dysentery and diarrhoea come on suddenly and so often prove fatal before a physician can be summoned, that a reliable remedy should always be kept at hand. Chamberlain's Colic, Cholera and Diarrhoea Remedy has no equal as a cure for these ailments. It never fails to give prompt relief even in the most severe cases. It is pleasant to take and every household should have a bottle at hand. Get it today. It may save a life. For sale by all Dealers. Benson, Smith & Co., Ltd., Agents for Hawaii.

The Eiffel Tower is to be equipped for wireless telegraphy, making much the loftiest structure from which messages can be sent. It will probably produce extremely interesting results. The French government is active in this use of the great tower for scientific purposes.

MEN, WAKE UP!

IS YOUR BACK WEAK? HAVE YOU DRAGGING PAINS? ARE YOU EASILY TIRED? HAVE YOU VARIICOCELE? Have you lost the fire and strength of youth? Have you "come and go" pains in your back and shoulders? Are you growing old too soon? If you have these symptoms or any other sign of breaking down of your nerves and vitality, you will find new life in Electricity as applied while you sleep.

Dr. McLaughlin's Electric Belt

Is made for you. It is the best way to use Electricity. It pours a gentle stream of life into the weak parts continually for hours every night. It refreshes the nerves, expands the vital powers, enriches the circulation and makes you feel bright, active and vigorous in one night's use. You get stronger each day, and in a few weeks you are a new man, stronger and younger in the fire of youth. It is grand, this method of mine, and every man who has ever used it is praising it.

WORTH TEN TIMES WHAT HE PAID FOR IT. Marshall, Cal., Dec. 26, 1903. DR. McLAUGHLIN—Dear Sir: I have used your Belt for about two months, and must say that it has cured me entirely. I feel like a new man now and can do a hard day's work easily. There are no more pains in my back and arms, and that tired feeling has gone. I am sure that the Belt has been worth ten times more to me than I paid for it, and if you wish you may use my name, for I will be glad to recommend the Belt. Gratefully yours, ARNOLD F. BERRIL. Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor. Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. Send for my beautiful illustrated book, telling about my method. I send it, sealed, free. I have 50,000 cures. Write today. Send this ad. DR. M. G. McLAUGHLIN, 906 Market St., San Francisco.
