This successful and popular remedy, used in the Continental Hospitals by Ricord, Rostan, Jobert, Veipeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION NO. 1 maintains its world-renowned and well-merited reputation for derangements of the kidneys, pains in the back, and kindred ailments, affording prompt relief where other well-tried remedies have been powerless.

THERAPION NO. 2 for impurity of the blood, scurfy, pimples, spots, blotches, pains and swelling of joints, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, etc., to the destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION NO. 3 for exhaustion, sleeplessness, and all distressing consequences of dissipation, worry, overwork, etc. It possesses surprising power in restoring strength and vigor to those suffering from the enervating influences of long residence in hot, unhealthy climates.

THERAPION is sold by the principal Chemists and Merchants throughout the world. Price in England, 2s. 9d. and 4s. 6d. In ordering, state which number is required, and observe that the word "Therapion" appears on the British Government Stamp (in white letters on a red ground) affixed to every genuine package by order of His Majesty's Hon. NINTH IS AFTER CASH

Committee Calls Upon Supt. and Talks to Him.

The Ninth Precinct of the Fifth District is anxious to get as much for improvements from the public treasury as possible, and to that end Representative Waterhouse and a special committee made a call yesterday afternoon on Superintendent Holloway and presented two letters voicing their needs. It is understood that the Superintendent's lump estimates out of the current fund proposed for the Fifth District have been cut by the Governor 40 per cent, and the Ninth wants as much of the remainder as possible. The letters received by Superintendent Holloway were as follows:

Honolulu, H. T., Feb. 10, 1905. Hon. C. S. Holloway, Superintendent of Public Works, City.

Sir: We beg to advise you that at a special meeting of the above club held last evening, it was unanimously voted to endorse your recommendation to the Governor for appropriations for our precinct, to wit:

Extension Judd street to Asylum road. Repair and macadamizing Nuuanu and Liliha streets. Repair and macadamizing Judd street.

Repair, guttering and macadamizing Wyllie and Puunui Avenue.

Also that the club unanimously voted to ask for the macadamizing of the old Pali road from the lower end to the reservoir for the accommodation of the homesteaders resident thereon, the same being now in very bad condition for vehicles.

The undersigned were last evening appointed a committee to confer with you in respect to said appropriation recommendations.

By order of the Ninth Precinct Republican Club of the Fifth District. (Signed)

J. D. AVERY, EDGAR HENRIQUES, A. ST. C. PHANALIA. Committee.

Endorsed: (Signed) F. T. P. Waterhouse, Representative, Fifth District.

Honolulu, H. T., Feb. 10, 1905. Hon. C. S. Holloway, Superintendent of Public Works, City.

Sir: The above club, in addition to the matters acted on and referred to in our other communication of even date, also last night voted to request of your department the following matters, which we were instructed to bring to your attention:

In order eventually to have a second Nuuanu valley drive and one safe from street cars, the club would like to see Puunui Avenue extended makua to the present Pali road near the Electric Light power house, and makai to Judd street, where it will connect with the extension of Judd to Asylum road already recommended by you and endorsed by this club.

We ask for this Legislature simply a survey and estimate of cost.

Some of the lights near lanes privately owned but publicly used could be better placed so as to light the lanes. We also ask for a few extra lights in the longer lanes.

We would ask for a survey to be made to reconnect the old pali road with the new one by an 18-foot road along the bank of the reservoir, also estimate of cost. The upper end of the old road at that point is now physically impassable.

The club asks for a survey and estimate of the extension of Waiakahu line about 100 or 200 feet to come out on Kuakini road.

The club further requests a small pipe line (2 ft. or 4 ft.) to run from the end of Puunui avenue or the street just makai along that street toward the stream to accommodate those who otherwise can not obtain water. About 600 to 1000 feet will be ample.

Also that you instruct the Puunui-Kalihi Water Commission to also investigate the advisability of the government obtaining all the water rights in Nuuanu valley as a sanitary measure and for the public good.

Also that the government acquire title to all private lanes.

By order of the 9th Precinct (Fifth District) Republican Club.

Very respectfully, (Signed) J. D. AVERY, EDGAR HENRIQUES, A. ST. C. PHANALIA.

Endorsed: (Signed) F. T. P. Waterhouse, Representative 5th District.

NEGLECT ALWAYS DANGEROUS.

To the average man it seems childish to doctor a cold, and unless it becomes particularly annoying to him, little or no attention is given it. Often, a cold contracted in the winter is allowed to run until the opening of spring. This is a grave mistake, as even though the warm weather may bring relief, the system is thereby weakened and rendered susceptible to disease. A cold should never be neglected, whether it be a child or an adult who is afflicted, as health and often life is risked. A bottle of Chamberlain's Cough Remedy, costing but a small amount will bring speedy relief and by its use all dangerous consequences will be avoided. THE BAND WAGON IS BEGINNING TO MOVE

(Continued from page 1.)

it to be true, the situation upon analysis begins to clear a little. In the first place, although it is perhaps not of the very first importance, Mr. Coelho has modestly eliminated himself from the field of possible gavel wielders, and outlined a program of economy and reform. That, all things considered, is creditable, very creditable indeed, as well as being discreet. Mr. Coelho's aspirations for the leadership of Maui, in fact, do not seem to extend, according to his own statement, beyond the floor.

Whether it extends to the swinging of the Maui delegation for Carlos Long, whether it even extends to the swinging of the Maui delegation at all, is a question that some other statesmen from the middle island will perhaps have something to say to when it comes to a show down. Maui wants to get into the band wagon—and the indications seem to pile up that the band wagon is not going to go so close to the Long road as some of that statesman's friends would like to have the public believe.

The members of the legislature will not be in Honolulu, that is all of them will not be in Honolulu until the arrival of the Claudine from Maui and until the Hawaii men come up on Saturday, and so if statesmen are to observe the Sunday law, as they should, it is not at all likely that there will be a caucus of the full house until Monday. Nevertheless, the developments so far make it possible to get some kind of line upon what will probably be done when the caucus does meet.

The Hawaii delegation, as was stated by Carl Smith yesterday, is absolutely unpledged, to Holstein or anybody else. It is for nobody, and against nobody for the Speakership. That is a block of seven votes that are to be won by the man who can make the best case in the minds of the delegates. The Hawaii delegation—and, it is believed, most of the other delegations, want to do what is for the best interest of the Territory, and in that view will in all probability swing for that man for Speaker who, while he will wield the gavel ably and discreetly, will present the prospect of the cleanest administration—the man, in a word, with whose name no taint of graft can possibly be associated.

And that is the public interest in the Speakership contest. The friends of Hawaii do not want to witness the spectacle that was presented to the world by the House two years ago. The good men in that body were absolutely helpless in the hands of a lot of reckless grafters who cared for nothing at all but the loot they were enabled to get away with.

The Hawaii delegation is unpledged. That is seven votes. The Maui delegation is unpledged, likewise, whatever may be asserted in behalf of Coelho or Carlos Long. The Kauai delegation, as everybody knows, is for Knudsen—a man as clean and honest as there is in the House. There are eight Oahu votes for Harris.

That is to say, there are thirteen votes out of twenty-nine not pledged to anybody—or, eliminating Coelho on Maui, there are twelve votes from Maui and Hawaii unpledged. There are eight on Oahu for Harris. There are four on Kauai for Knudsen, but not unfriendly to Harris. That leaves but five of the Republican twenty-nine in the possible Long column. From the unpledged and the pledged, it does not seem possible to figure this in any other way.

If Holstein had the seven of Hawaii solid for him he would be a factor in the situation, but he has not got them. There are in fact, probably three on Hawaii who would not be for him in any event. There is at least one on Maui who would not be for either Long or Coelho, in any event. Really, if Maui wants to get into the band wagon, it is coming close to the time to climb aboard.

A caucus of Fifth District representatives was held last night, and it was agreed by the representatives to put Fred Waterhouse in the race for the Speakership. Whether this is a serious movement, future developments will show. If it is, it complicates the situation. For the present, however, it tends to unify the delegation for other purposes—and that may be all that it is designed to accomplish. A second caucus of the delegation will be held tonight.

That is the situation as it stands at this writing. As to the minor positions in the organization, those wait upon the Speakership contest. From the way that matters look, however, it is more than likely that the whole session will be a clean one and that the legislature of 1905 will be one whose record may be looked back upon with pride by the people of the Territory. Of course the Speaker-elect, whoever he may be, will have something to say as to the balance of the organization, and the complexion and character of the committees will be entirely his work. In the naming of the committees lies the most of his power for good, and evil. The roll of membership of the two houses has been made up, and is as follows, the members all being Republicans, save where otherwise indicated:

Table with columns: Names, District, Island, P. O. Address. Lists Senators including Achil W. C., Bishop, E. F., Brown, J. T., Dickey, C. H., Dowsett, J. M., Gandall, J. K., Hayselden, A. HONOLULU MEN ARRESTED FOR HELPING REGO

(Continued from page 1.)

months ago; during the whole of two years there was no examination of the books. "It is a surprising fact to me that no examination of the books was made at that time. Why, the idea of \$27,000 being taken inside of three months! If I had taken the money I certainly would have skipped the country."

That, however, might not have been quite so easy to do as Mr. Rego would seem to think. Uncle Sam has very long arms indeed, when it comes to reaching after evil doers.

"Another thing about which there seems to be a wrong impression," Rego is quoted as saying further, "I have not made any of my property over to my wife. I am worth about sixty thousand dollars. I did purchase, at one time, a piece of real property on this island, with my brother, each of us taking half interest, but I have made over none of my property."

"When Postal Inspector Hare came to the conclusion that there was a shortage he told me that if I would give him my check for the amount of what seemed to be the shortage he would call it all off; that everything would be all right. He wanted me to come to Honolulu to go around among my friends to see if I could raise the money to deposit against the checks, so that, as I understood him, everything would be all right and settled up without further difficulty."

"As to that," said Postal Inspector Hare when his attention was called to this statement, "it is absurd to say that I promised Rego clemency, or that there would be no prosecution of the charges against him under any circumstances whatever. I had no power to make any such promise, nor to perform it if I had made it."

It is a fact that Inspector Hare holds Rego's checks for \$27,000, given to cover the shortage, to meet which checks Rego had but a few hundreds of dollars in bank. And he knew that he had but a few hundreds to meet it when he gave the checks. This fact was established by the testimony of Inspector Hare, given at Rego's preliminary examination.

And Mr. Hare is right in the statement that he had no power to promise Rego that there would be no prosecution in case the shortage were made good. The United States Postoffice Department does not do business in that way. It prosecutes, and sees that the shortage is also made good if possible. But it always prosecutes. That is a fact which cannot be too strongly borne in mind by gentlemen who are inclined to juggle public funds.
